Join the conversation Introducing the new Bachelor of Social Justice Studies 11am - 12pm Building: 201 Floor: 3 Room: 65		

Medical & Health Sciences

Vision 20:20 Learn about support available to Māori and Pacific students All Day Building: 505 Floor: G Atrium	Lab tour Visit a lab to see where you could study All Day Building: 505 Floor: G Atrium	Optical illusion game Test your eyesight with our vision game All Day Building: 505 Floor: G Atrium
MEDx Talks Hear from our students about studying Nursing 10am, 12pm Building: 505 Floor: G Atrium	MEDx Talks Hear from our students about studying Health Sciences 11am, 1pm Building: 505 Floor: G Atrium	#Notjustawhitecoat Discover the changing role of pharmacists in health today All Day Building: 505 Floor: G Atrium
Nursing careers Speak to our experts about our Bachelor of Nursing All Day Building: 505 Floor: G Atrium	Health sciences Discover where the BHSc can take you All Day Building: 505 Floor: G Atrium	Explore medical sciences Learn about study options in Pharmacology, Physiology, Nutrition/Dietetics All Day Building: 505 Floor: G Atrium
Medicine matters Speak to our experts about our medical degree All Day Building: 505 Floor: G Foyer: Atrium	Discover medical imaging Stop by and chat to our Medical imaging experts All Day Building: 505 Floor: G Foyer: Atrium	The human body Learn how the human body fits together All Day Building: 505 Floor: G Foyer: Atrium
Student hub tour Visit Grafton Student Hub and our specialist medical library All Day Building: 505 Floor: G Atrium	Vision bus Check out our Vision Bus which provides mobile eye care All Day Building: 505 Floor: G Atrium	Surgical challenge Test your skills in our giant game of Operation All Day Building: 505 Floor: G Atrium

Engineering

Engineering talks Talks exploring the work and research of the Faculty All Day Building: 405 Floor: 4 Room: 460 & 470	Engineering degree advice Talk with our programme advisors about requirements and pathways All Day Building: 401 Floor: 4 Foyer	Engineering clubs zone Get hands on with our Engineering clubs All Day Building: 405 Floor: 3 Foyer
Meet a student Talk to current students about what it's like in Engineering All Day Building: 401 Floor: 3 Foyer	CHEMMAT discovery zone Discover how resources and materials are transformed into products All Day Building: 401 Floor: 3 Foyer	CHEMMAT candy floss How does sugar become floss? All Day Building: 401 Floor: 3 Foyer
CHEMMAT popcorn What makes a kernal pop? All Day Building: 401 Floor: 3 Foyer	CIVIL creation zone Experience how we're engineering better buildings, infrastructure, & environments All Day Building: 401 Floor: 3 Foyer	CIVIL hydraulic flume Experience how we're engineering better buildings, infrastructure, and environments All Day Building: 401 Floor: 3 Foyer
CIVIL liquefaction tank Why does some soil liquify during an earthquake? All Day Building: 401 Floor: 3 Foyer	ECSE tech zone Explore how electrical, computer, and software engineering advance the world All Day Building: 405 Floor: 3 Foyer	ECSE smart cars See how wireless power transfer takes place in smart cars All Day Building: 405 Floor: 3 Foyer
ECSE renewable energy Come and check out our renewable energy demo All Day Building: 405 Floor: 3 Foyer	ESB breakthrough zone Utilising technology to further understand, plan, and optimise our world All Day Building: 401 Floor: 4 Foyer	ESB biomechanics Bone shape modelling, joint replacement surgery simulation, and video analysis All Day Building: 401 Floor: 4 Foyer
ESB gut pseudo-hologram Witness various simulations of your gut in action All Day Building: 401 Floor: 4 Foyer	ESB interactive heart An interactive simulation of the various cardiac electrical abnormalities All Day Building: 401 Floor: 4 Foyer	ESB optimisation game A game exploring the powers of optimisation All Day Building: 401 Floor: 4 Foyer
MECH movement zone From robots to 3D printing, we're engineered to move All Day Building: 405 Floor: 4 Foyer	MECH additive manufacturing Harnesses the power of plastic through 3D printing All Day Building: 405 Floor: 4 Foyer	

Architecture

Architecture Q&A Chat with our students and staff All Day Building: 401 Floor: 4 Foyer	Lightning talks The BAS programme: A design showcase 10am-10:30am, 12:30-1pm Building: 401 Floor: 4 Room: 401	Guided tours Take a tour to the School of Architecture and Planning Departs 10:30am, 12:30pm, 1pm, 2:30pm Building: 401 Floor: 4 Foyer
Design Q&A Chat with our students and staff All Day Building: 401 Floor: 4 Foyer	Lightning talks Design as an essential 21st century skill 9:30am-10am, 12:30-1pm Building: 402 Floor: 3 Room: 320	Guided tours Enjoy a tour of the Design studios Departs 10am, 1pm Building: 402 Floor: 3 Room: 320

Urban Planning

Urban Planning Q&A Chat with our students and staff All Day Building: 401 Floor: 4 Foyer	Lightning talks Urban Planning can take you from your house to the world 11am-11:30am, 1:30-2pm Building: 401 Floor: 4 Room: 401	Guided tours Take a tour to the School of Architecture and Planning Departs 11:30am, 2pm Building: 401 Floor: 4 Foyer
--	--	---

Science

Mystery dice Pair up for a game of statistics and probability All Day Building: 301 Floor: G LAB: 40	ABC blitz Can you handle this fast-paced alphabet game? All Day Building: 301 Floor: G LAB: 40	Life of Americans A dynamic visualisation of the average day of 1,000 Americans All Day Building: 302 Floor: G Foyer
Ghost girl Witness a ghost in the reflection of a mirror All Day Building: 303 Floor: G LAB: 03	Environmental virtual reality Observe geological landscapes using the power of virtual reality All Day Building: 302 Floor: 1 LAB: 130	The sand box Learn about a variety of physical geographic environments using sand All Day Building: 302 Floor: 1 LAB: 130
Drones in action Discover how drones are used for environment studies All Day Building: 302 Floor: G Foyer	Bobas-worms Discover bubble tea science by making your own boba-worm All Day Building: 302 Floor: G Foyer	Vitamin C showdown Use chemistry to discover which fruit has the most vitamin C All Day Building: 302 Floor: G Foyer
Light speed Test your speed and compare your time with elite athletes All Day Building: 302 Floor: G Room: 16	Skater spins Feel the forces of sport with a turntable and gyroscope All Day Building: 302 Floor: G Room: 16	Slam dunk Compare your power with the pros in this verticle jump test All Day Building: 302 Floor: G Room: 16
Meowbitz Put your personal touch on a videogame and play it All Day Building: 302 Floor: G Room: 13	Research projects Explore research projects from the School of Computer Science students All Day Building: 302 Floor: G Room: 14	Marine science Dive in and explore your options with marine science experts All Day Building: 302 Floor: G Foyer
Test your strength Get to grips with this hand-strength test All Day Building: 302 Foyer Room: G60	Banding birds Try out some fieldwork techniques like banding birds All Day Building: 106 Floor: 1 Room: 100	McGregor museum Check out displays documenting the evolution of the animal kingdom All Day Building: 106 Floor: 1 Room: 112, 113, 114
Planet ocean Explore Marine Science study options and career opportunities 9:30am-9:50am, 12pm-12:20pm Building: 303 Floor: G Room: 23	Lab to community Learn how chemistry has made a difference in the world 10:30am-10:50am, 1:30pm-1:50pm Building: 303 Floor: G Room: 20	Applying psychology skills Psyched about Psychology? Talk theory and application with subject experts 9:00am-9:20am, 12pm-12:20pm Building: 303 Floor: G Room: 20
Computer science explained Computer science at UoA - why we're the best! 10am-10:20am Building: 303 Floor: G Room: 23	Maths is fun(damental) Discover real-world research happening in the Department of Mathematics 10:30am-10:50am, 12:30pm-12:50pm Building: 303 Floor: G Room: 23	Marvel at nature Learn what makes hummingbirds and their heart rates interesting 11am-11:20am, 1:00pm-1:20pm Building: 303 Floor: G Room: 20

Food, nutrition & health Making sense of a tangled web 11:30am-11:50am Building: 303 Floor: G Room: 20	Witness evolution Can you match the species name with the fossil? All day Building: 302 Floor: 2 Room: 48	Archaeological taonga Have fun analysing some historical artefacts All day Building: 302 Floor: 2 Room: 48
--	---	--

Auckland Bioengineering Institute

Make a difference!

Where can a rewarding career in bioengineering take you?

All Day
Building: 405
Floor: 4
Foyer

Perpetual motion device Watch how a ball defies the conservation of energy All Day Building: 302 Floor: G Foyer	Superconductor levitation Superconductor levitation around a circular track All Day Building: 302 Floor: G Foyer	Tornado machine See a captured tornado and touch it All Day Building: 303 Floor: G LAB: 03
Thermal remote sensing Experience the use of thermal imagery in remote sensing applications All Day Building: 302 Floor: 1 LAB: 130	Soils Join in with activities based on soils in Environmental Science All Day Building: 302 Floor: 1 LAB: 130	Real-time earthquakes Create your own mini earthquake All Day Building: 302 Floor: G Foyer
Escape room Use your knowledge of acid-base chemistry to escape the lab All Day Building: 302 Floor: 1 LAB: 140	Max power What happens when your body is pushed to its limits? All Day Building: 302 Floor: G Room: 15	Virtual fitness lab Check your squat technique using this virtual reality training system All Day Building: 302 Floor: G Room: 15
Human tetris Twist and turn your body to fit the tetris mould All Day Building: 302 Floor: G Room: 13	Actigaze Glimpse into the future, surf the web with your eyes All Day Building: 302 Floor: G Room: 13	Interactive VR display Immerse yourself in the extraordinary world of virtual reality All Day Building: 302 Floor: G Room: 13

Maths games Challenge your math skills with these exciting games and puzzles All Day Building: 302 Floor: G Foyer	Psychological secrets Unlock the secrets of motivation and enhance your studying skills All Day Building: 302 Floor: G Foyer	Good vibrations Trick your muscles with these kinaesthesia vibrators. It's trippy! All Day Building: 302 Foyer Room: G60
Fish tails Find out why some fish are fast swimmers All Day Building: 106 Floor: 1 Room: 113	Microscope madness Have fun with microscopes All Day Building: 106 Floor: 1 Room: 114	VR biosphere Build and break DNA molecules inside a cell! All Day Building: 106 Floor: 1 Room: 112
Exercise, health & performance Discover how physical activity transforms human health and performance 9:30am-9:50am, 12:30pm-12:50pm Building: 303 Floor: G Room: 20	Tuākana in science Empowering Māori and Pasifika students for academic success and celebration 10:30am-10:50am, 1:30pm-1:50pm Building: 303 Floor: G Room: 02	Environment matters Explore sustainable solutions to geological, environmental and societal challenges 11am-11:20am, 2:30pm-2:50pm Building: 303 Floor: G Room: 20

Who's a physicist? With a physics degree, a world of opportunities opens up 9am-9:20am, 11:30am-11:50am Building: 303 Floor: G Room: 23	Study Science at UoA 5 great reasons to choose NZ's leading Faculty of Science 10am-10:20am, 1pm-1:20pm Building: 303 Floor: G Room: 20	Biomedical Science What is Biomedical Science and where can it take me? 2pm-2:20pm Building: 303 Floor: G Room: 20
Aotearoa's archaeology Learn how we research and teach about Aotearoa's past 1:30pm-1:50pm Building: 303 Floor: G23 MLT1	Field course Take an archaeological field course via an exciting video 2:30pm-2:50pm Building: 302 Floor: 2 Foyer	Human evolution What does the latest anthropological research tell us about ourselves 2pm-2:20pm Building: 303 Floor: G23 MLT1

Considering science?

Explore student life essentials with faculty insights
Building: 302
Floor: G
Room: 20

How to read room numbers

Example: 260-416

260 Building Number	4 Floor Number	16 Room Number
------------------------	-------------------	-------------------
