## **PUBLIC EXCLUSIONS**

**The Chancellor moves** that the public be excluded from Part B of this meeting.

The general subject of each matter to be considered while the public is excluded, the reason for passing this resolution in relation to each matter, and the specific grounds under section 48(1) of the Local Government Official Information and Meetings Act 1987 for the passing of this resolution are as follows:

General subject of each matter to be considered:

Item No. 1.1	Council Meeting Minutes (Part B), 16.03.2020
Item No. 2.1	University of Auckland Animal Ethics Committee Membership Report
Item No. 2.2	University of Auckland Biological Safety Committee Membership Report
Item No. 2.3	University of Auckland Human Participants Ethics Committee Membership Report
Item No. 2.4	Guiding Principles for Conducting Research with Human Participants
Item No. 4.1	EFTS Forecast 2020-2021
Item No. 4.2	Amended Shareholder Expectations for UniServices Limited

Reason for passing this resolution in relation to each matter:

The protection of the interests mentioned below.

Grounds under section 48(1) for the passing of this resolution:

Those in Section 9 of the Official Information Act 1982 namely:

- i) To protect the privacy of the persons referred to in the recommendations and to maintain the confidentiality of those recommendations;
- ii) To enable the University to carry on without prejudice or disadvantage negotiations; and
- iii) To prevent the disclosure or use of Official Information for improper gain or advantage.

AND THAT Adrienne Cleland, Professors Metson and Morrow, Peter Gudsell, Pamela Moss, Todd Somerville, Bridget Fitzpatrick and Wendy Verschaeren be permitted to remain for this part of the meeting, after the public has been excluded, because of their knowledge of, or need to be briefed about, the matters to be discussed. This knowledge, which will be of assistance in relation to the matters to be discussed, is relevant to those matters because they relate to aspects of the administration of The University of Auckland for which those persons are responsible.

<b>8. COUNCIL MEETINGS</b>	6.1 <b>Council, Draft Minutes (Part A), 09.12.19</b>	<b>RESOLVED</b> (Chancellor/Mrs Dunphy): that the Minutes (Part A) of the Council meeting held on 09.12.19 be taken as <b>read and confirmed.</b>
	6.2 <b>Matters arising from the Minutes (Part A), 09.12.19</b> not elsewhere on the Agenda.  With regards to item 7: in response to the query of Ms Newsome, an update about the Auckland Online strategy had been sent to her.	<b>RESOLVED</b> (Chancellor/ Mrs Dunphy): that the matters arising from the Minutes (part A), 09.12. 19 be <b>noted.</b>
<b>9. VICE-CHANCELLOR'S REPORT</b>	The Deputy Vice Chancellor (Operations) & Registrar presented this item. She drew Council's attention to the following:  <b>With regards to point 5</b> , student numbers: with the uncertainty about COVID-19, it was too early to give a realistic forecast for the rest of the year. However, the enrolment of domestic school-leavers had been lower than expected in Semester One. International student numbers had continued to grow, but with the current travel ban, it was likely that the University would lose a number of these enrolments. The date for student withdrawals had been extended until 9 April and a more detailed forecast would be made at that time.  <b>With regards to point 3.1</b> , because of coronavirus the decision had been made to postpone the Distinguished Alumni Award Dinner, originally scheduled for 20 March until a later date.  <b>With regards to point 5.11</b> , the University had proposed an amendment to the Media, Public Communication Statements Policy to include statements to the media made by students and staff in their private capacity.  Council noted that the hyperlinks in the report did not work.	<b>RESOLVED</b> (Chancellor/Mrs Dunphy): that the Vice-Chancellor's Report be <b>noted.</b>
<b>10. REPORTS OF COUNCIL COMMITTEES</b>	10.1 <b>AUDIT AND RISK COMMITTEE</b>	<b>RESOLVED</b> (Chancellor/Ms Dawson): that the Audit and Risk Committee Minutes (Part A), 06.03.2020 be <b>received.</b>  <b>RESOLVED</b> (Chancellor/Ms Dawson): that the amended Audit
	10.1.1 <b>Minutes (Part A), 06.03.2020</b>	
	10.1.2 <b>Terms of Reference</b>  Two amendments were made to the Terms of Reference:	

	<ul style="list-style-type: none"> <li>• To refer to the legal compliance framework; and</li> <li>• To include the University's risk appetite.</li> </ul>	and Risk Committee Terms of Reference be <b>adopted</b> .
	<p>10.2 <b>FINANCE COMMITTEE</b></p> <p>10.2.1 <b>Minutes (Part A), 04.03.2020</b></p>	<b>RESOLVED</b> (Chancellor/Mr Daniell): that the Finance Committee Minutes (Part A), 04.03.2020 be <b>received</b> .
	<p>10.3 <b>NAMING COMMITTEE</b></p> <p>10.3.1 Engineering Building Pouwhenua</p> <p>Council noted that "Te Pou Herenga Tangata" meant the bringing together of the people.</p>	<b>RESOLVED</b> (Chancellor/Mr Daniell): that Council that Council <b>note</b> that Naming Committee had approved the proposal to name the Engineering Building Pouwhenua as "Te Pou Herenga Tangata".
<b>11. SENATE MATTERS</b>	<p>11.1 <b>REPORT OF SENATE, 24.02.2020</b></p> <p>Part A 1-4: Policy and other matters requiring Council <b>approval</b></p> <p>Part B, 1: Matters for <b>noting</b> by Council</p> <p>Part C, 1-2: Matters handled under Delegated Authority</p> <p>This item was presented by the Deputy Vice-Chancellor (Academic), Professor John Morrow. He commented that the Code of Conduct which was approved by Council on 09.12.19 had been submitted for further discussion to Senate, but no further comments had been made.</p> <p>He also drew Council's attention to the CUAP proposal to introduce a new Bachelor of Fine Arts (BFA) Programme. The current BFA was a four-year programme which had become unattractive to students. The new proposed programme had been restructured into a three-year (360 point) qualification.</p>	<b>RESOLVED</b> (Chancellor/Ms Newsome): that the recommendations in Part A of the Report of Senate, 24.02.2020 be <b>adopted</b> and Parts B and C be <b>noted</b>
<b>12. CORRESPONDENCE REFERRED BY THE CHANCELLOR</b>	<p>12.1 <b>CORRESPONDENCE REGARDING THE APPOINTMENT OF COUNCIL MEMBERS</b></p> <p>12.1.1 Letter from the Hon Chris Hipkins to the Chancellor regarding the re-appointment of Michael Daniell and the appointment of Cathy Quinn and Rajen Prasad.</p>	<b>RESOLVED</b> (Chancellor/Dr Prasad): that the correspondence regarding the appointment of Council members be <b>received</b> .

	<p>13.3 <b>APPLICATION OF SEAL AND QUALIFICATIONS – DELEGATED AUTHORITY</b></p> <p>Council at its meeting 19 June 2006 resolved:</p> <p>That acting pursuant to section 167 of the Education Act 1989, the Council hereby authorises the person for the time being holding Office as Registrar of The University (and thereby a member of the staff of the University) to execute on behalf of the University documents conferring a degree or awarding a diploma granted by the University or replacing such documents previously conferred or awarded by the University by:</p> <ol style="list-style-type: none"> <li>i) affixing the common seal of the University to each of those awards pursuant to this resolution; and</li> <li>ii) counter-signing the affixing of the seal by the application of a facsimile of his or her signature.</li> </ol> <p>In accordance with this resolution, the Seal was applied to:</p> <ul style="list-style-type: none"> <li>• <b>6300</b> degree and diploma certificates presented at the Autumn 2019 graduation ceremonies;</li> <li>• <b>3160</b> degree and diploma certificates presented at the Spring 2019 graduation ceremonies;</li> <li>• <b>912</b> degree and diploma certificates presented at the November 2019 graduation ceremonies; and</li> <li>• <b>38</b> degree and diploma certificates presented at the Tai Tokerau 2019 graduation ceremony.</li> </ul>	<p><b>RESOLVED</b> (Chancellor/Mr Daniell): that the affixing of the common seal of the University to the above certificates consistent with Council’s delegation of 19 June 2006 be <b>noted</b>.</p>

	<p>In addition, <b>170</b> degrees and diplomas certificates were conferred/awarded in absentia at Council meetings and certificates were subsequently issued.</p> <p>During the year 2019, the Registrar’s signature was also applied to:</p> <ul style="list-style-type: none"> <li>• <b>650</b> New certificates for Certificate level courses;</li> <li>• <b>109</b> replacement certificates which were issued as the originals were declared lost or damaged;</li> <li>• <b>19</b> replacement certificates which were issued to reflect graduate name changes; and</li> <li>• <b>170</b> replacement certificates made on behalf of the former Auckland College of Education.</li> </ul>	
	<p><b>13.4 PAYMENT OF ATTENDANCE FEES TO LAY MEMBERS OF COUNCIL AND COUNCIL COMMITTEES</b></p> <p>Council at its meeting 16 April 2007, RESOLVED that:</p> <ol style="list-style-type: none"> <li>1. Commencing 1 April 2007, the meeting attendance fee paid to lay members of Council and lay members of ‘Approved Committees’ shall be adjusted automatically on 1 April of each year by the CPI movement in preceding calendar year, unless this means the attendance fee exceeds the maximum rate fixed by the minister under section 179 of the Education Act, or Council at the time resolves otherwise; and</li> <li>2. That for the purposes of this resolution the list of ‘Approved Committees’ be:             <ul style="list-style-type: none"> <li>14 Animal Ethics Committee</li> <li>15 Biological Safety Committee</li> <li>16 Human Participants Ethics Committee</li> <li>17 Rūnanga</li> <li>18 Students Appeals Committee</li> <li>19 Auckland Health Research Ethics Committee</li> </ul> </li> </ol> <p>It is appropriate to ensure that the value of the payment made to lay members is maintained and that to achieve this, the previously approved meeting attendance fee of \$170 per half day should be increased to \$175.00 being the CPI movement for the previous year rounded up to the nearest \$5 increment.</p> <p>Council commented that, contrary to point 1 above, the lay members of Council, apart from the student representative, did not claim any attendance fees and suggested to clarify this in the resolution.</p>	<p><b>RESOLVED</b> (Chancellor/Mr Daniell): that the Attendance Fee of \$170.00 per half day <b>be increased</b> to \$175.00 with effect from 01.04.2020, noting that lay Council members, excluding the student member, have resolved to not claim the fee.</p>
<p><b>14 GENERAL BUSINESS</b></p>	<p><b>14.1 COUNCIL AND COMMITTEES WORK PLAN 2020</b></p>	<p><b>RESOLVED:</b> Chancellor/Mrs Dunphy) that the Council and Committees Work plan 2020 be <b>received and noted</b>.</p>

## VICE-CHANCELLOR'S REPORT TO COUNCIL 29 April 2020

### 1. HEALTH AND SAFETY

Indicators		Last Year	Current Year			
			To Date (1 April)		End of Year	
		Actual	Target	Actual	Target	Forecast
87	Rates of accidents and injuries	492	136	n/a	≤ 650	≤ 650

Comment:

There was one 'notifiable event' since the last report: Occurred on 29 February; reported to WorkSafe NZ on 2 March; site released back to the University on 3 March. The notifiable incident occurred when a Security Guard tripped on a doorstep during night patrols, fell awkwardly, and the door closed on her already-injured leg. She sustained a fractured femur and other leg injuries.

An update on developments follows:

#### Current HSW Issues

The HSW Team is fully engaged in supporting staff during lockdown – both challenges in working from home and ensuring safety during continuity of essential research and maintenance. This includes wellbeing, infection prevention, supply of protective equipment, and maintaining containment and hazard control on site.

#### Incident Data

The remaining information provides detailed health and safety lag indicator statistics for the University during the period 01 January– 31 March 2020. The incident data, including accidents, are presented at University level and broken down by Faculty or Service Division level, where appropriate. Additional Faculty and Division information has been provided in Tables 6 and 7.

## **2. ACCOMPLISHED AND WELL-SUPPORTED STAFF**

- 2.1 Digital Services has been fully engaged with supporting the University to function effectively off-campus. In addition to enacting their own BCP, teams were formed to support Research, Learning & Teaching, Faculties and Service Divisions. The implementation of collaboration tools, particularly Office 365 and Zoom (including the ability for all staff webinars) was escalated. A new cloud-based solution for staff and student call centres was successfully accelerated allowing remote operation that was not previously possible. Support was provided for University staff in setting up technology to work from home during the lockdown.
- 2.2 Covid-19 has resulted in a significant alteration of Digital Services programs, and plans for the year are currently being reworked to support both “keeping the lights on” and recovery activities. The event has shown the value of ongoing investment in digital transformation and capability.
- 2.3 Ngā Tira is the project name for the Office 365 initiative. It provides flexibility in how to access and store files while giving the ability to communicate, collaborate and share information in real time. With the lockdown the priority has been for all of Digital Services staff to have and use Office365 to assist with remote collaboration. 1500 staff in multiple teams are now using Office365 across the University. This project is also strongly linked to digital literacy uplift activity.
- 2.4 Fono Pasifika, a strategic advisory body of Pacific professional and academic leadership across the faculties and service divisions continues to meet.
- 2.5 The PVC Pacific has been engaged with the preparation for the development of the Strategic Plan, and this work will continue as this process is finalised and progressed.

2.6 A planned priority for the PVC Pacific in 2020 had been Pacific staff—especially academic staff—development. This has now shifted, but already this year the PVC Pacific has been supporting the expansion of Pacific academic staffing numbers, with active engagement and support for targeted hiring initiatives for Pacific staff undertaken by the FMHS, Arts, Law and Engineering.

2.7 The goals of the **Academic Leadership Framework** project are:

- Clarity and consistency of academic leadership roles, recognition and support
- Delegation framework that supports timely student-centric decisions
- Delegation framework that values academic time and supports effective decision-making.

VCDD has endorsed the generic role descriptions and guidelines for faculty and LSRI leadership roles of Deputy Dean/Directors, the four core Associate Dean/Director roles, Programme leadership and course director roles. Faculties and LSRIIs are currently developing bespoke transition plans with a view to all transition activity being completed by the end of Semester 2 2020.

The Academic Delegations Framework was approved in 2019. A proposal to clarify powers of sub-delegation and to provide clarity of which roles are covered by the term "Senate and its representatives" within the University's statutes and regulations was endorsed by Senate in February 2020 and by Council in March 2020. The DVC (Academic) will shortly publish a detailed Delegations Schedule assigning delegations from the University's statutes and regulations in line with the role descriptions for the approved academic leadership roles.

2.8 The **Business Process Automation (BPA) Project** is standardising, improving and automating high-volume processes to improve service quality and speed and to reduce work effort. After the initial benefits release, more processes have been identified for automation including in the Staff Service Centre, the Student Support Centres, Research Operations Centre and Finance.

2.9 The Vice-Chancellor hosted two online all staff forums in April, both of which were received positively and had a high level of engagement from staff:

- 1 April: With over 3,500 staff participating, this was an opportunity for staff to hear from the senior team on the University's response to COVID-19 and its strategic priorities for the future, and to post and upvote questions to the panel. The panel included the Vice-Chancellor, Deputy Vice-Chancellors - Academic, Research, Strategic Engagement and Operations, and the Director of Human Resources.
- 16 April: With over 3,300 staff participating, staff had the opportunity to hear from the Pro Vice-Chancellors Māori, Pacific, and Equity, the Deputy Vice-Chancellor Operations and the Director of Human Resources. Of particular note were the overviews provided by the PVCs on the work underway to ensure that Māori, Pacific and equity groups have – or will get, the support they require from the University. The significant staff efforts in this area were acknowledged, as well as the leadership that has been demonstrated across the University community.

**3 ABLE STUDENTS, SUCCESSFUL GRADUATES AND ALUMNI**

Indicators		Last Year	Current Year			
			To Date (1 April)		End of Year	
		Actual	Target	Actual	Target	Forecast
32&37	Total EFTS	34,521	30,634	28,894	35,491	33,525
30,31,35,36	% Research postgraduate EFTS	8.6%	8.3%	8.6%	8.7%	8.7%
29&34	% Taught postgraduate EFTS	15.9%	16.0%	15.4%	16.7%	16.3%

Comments on the KPIs:

The EFTS figures provided are the outcome of an early April forecast that has considered the immigration restrictions for students from China, put in place from early March, and the expectation for domestic and International students that all first semester courses would be taught online. The forecast also anticipates that unless International students are currently in New Zealand or willing to study online, we will not attract new intakes into our traditionally strong Semester 2 intake. The low intake being a factor of the immigration constraints rather than a lack of applications for the University's programmes. International applicants for postgraduate programmes are much higher than comparable 2019 Semester 2 numbers. Undergraduate applicants are marginally lower than in 2019.

First year (1New) Domestic EFTS, are 473 EFTS (nearly 10%) lower than at the same time last year and the forecast is for a nearly 450 EFTS reduction (8.4%) compared to 2019. We started the year in a stronger position but many students, particularly first year students, have found their personal circumstances are not conducive to studying online. The University has taken the view that it is better to retain students in a reduced number of courses and to give them improved opportunities for success, than to hold them to their original enrolments. Additional 1New domestic students are expected through increased Semester 2 enrolments from existing students, and some new enrolments are expected as students who moved away from Auckland, but have returned home, take advantage of our Semester 2 programme.

On a total level, the Domestic funded EFTS are forecast to be around 850 EFTS (2.9%) below budget, but around 490 EFTS (1.7%) below 2019 EFTS. International EFTS are expected to be a similar amount below budget (868 EFTS or 15%) and 430 (8%) EFTS below 2019 levels. At an overall level the forecast shows that the University is likely to be close to 1,850 EFTS (5%) below budget and 687 EFTS (2%) below 2019.

Several opportunities, including an enhanced Summer School, study spaces for students once permitted and study centres in China, are being explored to both retain currently enrolled students, allow them to stay engaged and complete with a minimum loss of time, and to ensure that those expected through articulation and other arrangements transfer to Auckland when the immigration settings permit.

Indicators		Last Year	Current Year			
			To Date (1 April)		End of Year	
		Actual	Target	Actual	Target	Forecast
41	Doctoral theses completions	462	195	126	490	490
40	Masters theses completions (PBRF eligible)	836	216	169	820	820

Comments on the KPIs:

The year-end completions have not been adjusted to take account of the changed environment.

New doctoral enrolments are comparable those in 2019, with 211 new students enrolled to date this year. The Immigration constraints have limited the enrolment of new international students.

- 3.1 On 24 March ARD sent a communication to all alumni and friends whose email address we hold to extend our sympathies to those feeling the impact of the Covid-19 pandemic and to update them on the University's response to the rapidly developing health emergency. This covered the University's move to a full campus closure prior to the Level 4 deadline, its important function of providing evidence-based research, scientific fact and thought leadership, the impact this situation has on the wellbeing of our students and our commitment to keep in contact with our alumni and friends community and help where we can. While events, donor meetings and other activities have had to be postponed, keeping connected with our communities through this crisis is a high priority. The April issue of the monthly @auckland e-newsletter featured a message of support from the Vice-Chancellor. The April issue of the e-newsletter for University donors will include examples of Covid-19 research and commentary from around the University. ARD's development managers are working with the University's central Communications team to build a database of Covid-19 activity going on in our faculties and LSRIIs to contribute to the global effort to control the pandemic. This information will be used for the media and across communications channels.
- 3.2 In early March the University's inaugural Volunteer Impact Week became one of two programmes selected to represent the Asia-Pacific as a regional finalist in the 'Best Practice in Alumni Relations' category for the 2020 Council for Advancement and Support of Education (CASE) Platinum Awards. Finalists from each region automatically advance to compete in their respective categories globally. Volunteer Impact Week, held 16-22 June 2019, was organised by ARD, with involvement from staff across the University. It included local efforts such as helping homeless families, working to restore the natural environment, and assisting charity Books4Tonga to get donated books to young readers in Tonga. Internationally, groups of alumni and friends came together to help clean up a local school in the Philippines, build trails in Vancouver and work with refugee students in Malaysia. In total, over 500 University graduates, students and staff took part in 50 projects by giving at least one hour of their time to a volunteering programme on campus or in their community.
- 3.3 Academic Services is working closely with all areas of the University to support the Strategic Response team in managing the impacts for our current and future students due to the current COVID-19 pandemic. Our focus initially was on working with faculties in the case management and support of students on Study Plans who have been unable to arrive in New Zealand due to the travel restrictions that have been in place since the COVID-19 outbreak, as well as planning for the wider impacts that a global pandemic could have on the University. The planning undertaken during this phase of the pandemic has enabled us to rapidly respond to the Level 4 closure of the campus with delivery of online classes and remote working whilst ensuring that as many of our students are able to access material as possible through the provision of laptops and mobile internet devices.

- 3.4 We have been monitoring the activity of students in our Learning Management system (Canvas) and can see that 94% of students enrolled in courses in Canvas have used the system in the last 7 days including 82% of students that were placed on study plans in January. This suggests a high level of engagement by students in remote delivery. Anecdotal feedback from students to the remote working arrangements has been largely positive and Planning and Information Services are working on a dashboard which will give further insight into student engagement by consolidating data from a range of enterprise systems.
- 3.5 A survey has been sent to all students asking for details on any connectivity or environmental issues that may be preventing them from studying remotely. At present 200 laptops have been sent to students and 72 mobile internet devices have been distributed with further stocks still available.
- 3.6 128 students have been identified through the survey as having no internet at home and the Student Contact Centre is undertaking campaigns to engage with these students and network providers and also to understand the circumstances of the 1300 students who indicated in the survey that they did not have suitable living conditions to support remote learning. We are working with Campus Life on how we can best support these students, which includes advice on planning their day, engaging with study buddies to help form an on-line community and considering whether a reduced course load will help some students to stay engaged.
- 3.7 The deadline for deleting a course without financial penalty was extended to 9 April for students on study plans to allow them to assess their ability to study remotely. This has now been extended to all students on an exceptions basis for those who cannot continue to study or need to reduce their course enrolments due to:
- Working in essential services
  - Increased carer responsibilities
  - Study environments not suitable for remote learning or are impacted by laptop and wifi connectivity issues.
- 3.8 In addition to these retention activities we are looking urgently to future term recruitment initiatives to encourage students to enter the University in these uncertain times. We are currently working on an offer to be promoted in market to attract applications from both new and transferring students that considers accommodation, scholarship and support for students. Other activities include continuing to issue Fast Track Offers for school leavers into Semester One 2021, but doing this from May (rather than September/October) as well as looking at what support can be offered online to our international students who have offers conditional on meeting the English Language requirements.
- 3.9 Applicant numbers for Semester Two 2020 are currently down 6% on 2019 for Undergraduate but are 6% up for Postgraduate. 14% more offers have been issued for Undergraduate applicants, and 32% more for Postgraduate compared to this time last year. This is partly due to the number of deferrals from Semester One which are being processed following conversations with students regarding their options. Additional case management will be put in place to ensure we can convert these offers to enrolment and support online study options if required, to ensure a positive student experience.
- 3.10 The May graduation event has been cancelled and we have offered students the option of graduating in absentia or deferring to the September graduation event.
- 3.11 We are currently working on the implementation of a secure digital assessment platform for the start of Semester Two along with a remote proctoring solution for online tests undertaken through Canvas. We have also been working closely with the Planning and Information Office to ensure access to accurate and timely operational data for staff to manage communication with students.
- 3.12 Digital Services deployed several critical technology services to support students remotely in accessing UoA systems, initially from China, but now impacting all students. The FlexIT solution to allow students to access applications from their own devices rather than from University labs

was launched at the start of semester 1 – this is now a key part of remote learning. From an equity perspective additional laptops and mobile broadband hotspots for students have been provided.

- 3.13 Semester One Orientation was held from 24-28 February, with EDSW hosting their Orientations on 20 January and 2 March. New students from across the University attended their Faculty Orientation day, a welcome Pōwhiri, campus tours, and other events where they were able to meet new friends and class peers. Overall, the Orientation events were attended by 5,687 students and 4,210 people downloaded the New Students' app.
- 3.14 From 24 February to 1 March, the Accommodation | Ngā Wharenoho Team hosted a week of special events for residents during O'Week, which included a scavenger hunt, quiz night, UniSmart workshop, charity event, and the notable Toga Party and Beach Day Out. This year for the We Can charity event, the residents collected 2,100 canned goods – over 1,000 cans more than last year. The cans were donated to the Auckland City Mission.
- 3.15 Clubs Expo 2020 was hosted 2-4 March on City Campus. The University's 200+ clubs and societies held stalls spanning from Barracks Lawn through to the Pavilion on the Old Government House Lawn. Despite early fears of COVID-19, the three-day event was still well-attended, as in previous years.
- 3.16 The annual O'Week Challenge, where UoA faces off with AUT in a variety of sports challenges, was hosted on 6 March at the University of Auckland's Sports Courts. UoA won the Women's Futsal, but lost the other five matches (Men's Futsal, Men's/Women's Basketball, Men's/Women's Volleyball) to AUT, who took home the O'Week Shield. The event was attended by over 500 students from both universities.
- 3.17 Money Week was held the week of 16 March. The Student Engagement team hosted games, music, seminars, and 1:1 appointments with financial advisers, to inform students about budgets, the best ways to manage their money, and ways they can make money through part-time jobs.
- 3.18 The Sports and Recreation Team have moved all their services online, which include free gym classes and pre-recorded workouts. These resources are now available to all staff and students.
- 3.19 A Christchurch Remembrance Service was held in the Pavilion on Friday 13 March to commemorate the one-year anniversary of the Christchurch Mosque Shootings. The event followed the Muslim Students Association's Friday prayers and was attended by 150 staff and students.
- 3.20 Event Services hosted three major conferences; two domestic and one international -eResearch NZ 202, HACK Aotearoa Conference 2020, and International Association for Energy Economics Asia-Oceania conference – in addition to several smaller symposiums during the summer period.
- 3.21 Te Papa Ako o Tai Tonga (South Auckland Campus) was opened in February this year, with a blessing led by Tainui. The facility is led by the Head of South Campus (Rennie Atfield-Douglas) working out of the Office of the PVC Pacific, in strong collaboration with Libraries and Learning Services. The facility had a remarkable and fast turnaround and was extraordinarily well received and well used prior to the COVID-19 Lockdown. As well as accommodating the Bachelor of Teaching previously at Manukau Institute of Technology, new programmes (including a revived foundation programme) have been established.
- 3.22 The Office of the PVC-Pacific continues to be heavily engaged with working with Pacific students in schools, in supporting their academic development, and working in partnership with key schools. The number of Pacific student first year enrolments increased, though our market share continued a longer-term decline.
- 3.23 In 2019 there was a full pilot of the Pacific Academy, a maths-based programme that essential provides the equivalent of private tuition in maths and calculus in schools with a large Pacific population. This was successful, both in improving results and improving students' preparation for,

understanding of and commitment to, further study. It was independently evaluated. This year's iteration is being redesigned under the COVID situation.

### 3.24 Recruitment of school leavers

- School leaver lead generation is the top priority for marketing and recruitment. The school visit dynamics have changed dramatically, and we will therefore need to be innovative in how we engage with Year 13s and their influencers. A number of our school careers advisors are facilitating our engagement with their students, however some schools have been unable to support this activity.
- Webinars to provide school leavers with an overview of the University, scholarship options and entry requirements are being developed. A vibrant, exciting on-campus experience using AR, VR and gamification is being built to support recruitment so that potential students can experience the campus in a new and bold way.
- Planning for 2020 marketing and advertising campaigns is well underway, with an immediate focus on securing applications and enrolments for Semester two. Key pillars for messaging throughout the year include accommodation and scholarship availability, the student experience, teaching and research excellence.
- The University is using a new technology platform (Oracle Eloqua) to support direct communications to potential students. The platform has delivered offer and enroll conversion campaigns (in conjunction with the Student Contact Centre), delivered email campaigns to support recruitment of international students, and enabled the Schools Partnership team to generate leads when engaging with potential students.
  - Planning is also underway for undergraduate and postgraduate recruitment events and creative solutions to deliver events digitally (such as Open Day and Postgraduate Week) are being explored.
  - The New Zealander of the Year awards were held on 20 February and North Island Rowing Championships on 13-15 March. However, ASB Polyfest and Auckland Writers Festival events had to be cancelled due to COVID-19. University Marketing is working to ensure the partnership with Q Theatre is leveraged to its full potential.

3.25 Recruitment of postgraduate students - a Semester two recruitment campaign for career changes is being planned.

3.26 The Doctoral Candidature Management project will deliver a personalised end-to-end online process for doctoral candidates, providing a world-class doctoral experience for our students. The project is well-advanced as expects to conclude development and testing activities by August 2020. We continue to see good output from the development team in Haplo, which is the product vendor, based in the UK. User acceptance testing is continuing, and several demonstrations have been delivered for the steering committee and key stakeholders.

3.27 STEM Online NZ is an interactive online teaching and learning resource for NCEA externally assessed standards in STEM (science, technology, engineering and mathematics) subjects. The online resources are funded by a private donor and they are available to all secondary schools in New Zealand, at no cost.

The project team is developing STEM Online resources in three subject areas; Mathematics, Physics and Chemistry. In addition to this the team has been contracted by the Ministry of Education to develop 12 Digital Technologies online modules in both English and Te Reo Māori. Six of the online modules are complete and being used by schools and students. A further six are in development.

As at March 2020 there were 117 schools and 992 students registered in Physics and Maths courses. New developments in 2020 focus on Chemistry.

**4 HIGH QUALITY RESEARCH THAT BENEFITS SOCIETY**

		Actual	Target	Actual	Target	Forecast
59&60	Total external research income earned (\$M)		19.8	20.7	235.8	n/a

Comments on the KPIs:

A significant effort is being undertaken to understand the impact of the Pandemic Restrictions on research. The outcome of that activity is not yet available.

- 4.1 The PVC-Pacific has been supporting a bid led out of the University of Auckland for a Pacific Centre of Research Excellence, upon which we await the results of the initial stage-gate process. We will know shortly if the bid has been shortlisted, in what was a very heavily contested round. If shortlisted, there will be a campus visit.
- 4.2 There are a number of initiatives under the Research Eco System and Research Services Initiatives umbrella. The initiatives currently underway are focused on:
  - Implementing a new ethics application management system and improvements to business processes. In scope is all Human Ethics, Animal Ethics and Biological Safety applications submitted via the existing InfoEd system as well as those applications currently completed manually through the Auckland Health Research Ethics Committee (AHREC). This project is well-advanced. The Biological Safety application is complete. Remaining project deliverables are expected to be complete by July 2020.
  - Developing a clinical research risk framework that provides confidence that clinical research risk is being adequately managed across the University and designing and implementing an effective Service Delivery Model including an organizational structure with supporting policies, processes and procedures that will enable the University to grow clinical research with confidence. The improvement of Clinical research IT systems is also in scope. This project has been paused as key resources are involved in the COVID-19 response.
  - Improving Research Services, Research Opportunities and Technical Services functions with the delivery of several systems, tools and good practice frameworks to support increased effectiveness across the priority areas of asset management, shared research infrastructure, research facilities, opportunities management, research accounting and reporting, service excellence and governance. This work has been paused as key project resources have been diverted to assist with COVID-19 Incident Management and Business recovery workstreams.

**5 A SUSTAINABLE, AUTONOMOUS UNIVERSITY**

Indicators		Last Year	Current Year			
			To Date (1 February)		End of Year	
		Actual	Target	Actual	Target	Forecast

Comments on the KPIs:

Actual and forecast revenue is being revised and details will be provided through a paper from Finance.

- 5.1 The developing form of the government's response to the spread of the COVID-19 virus has had a very significant impact on teaching and learning. In order to prepare for anticipated restrictions, the University decided to announce a teaching free week from 16-20 March 2020 to allow staff and students to prepare for online teaching in the very near future. Although a government mandated move to level 3 and then level 4 curtailed the time available for on campus preparation, the efforts of academic staff and their professional staff support in faculties and through the Learning Design Service ensured that the move to online teaching on 23 March 2020 was as smooth as the circumstances allowed.
- 5.2 Teaching delivery has continued in that mode and work has been ongoing in supporting teaching staff and students and identifying appropriate policy settings for off campus assessment and means of monitoring student engagement. Only 2 postgraduate courses have had to be cancelled and 1593 courses are being taught in online forms. Work is under way to identify appropriate forms of end of courses assessment exercises to replace invigilated examinations. Measures are in place to assist students who lack the resources necessary to undertake online study effectively.
- 5.3 The following new major gifts and pledges were received by ARD in January and February 2020:
- \$2,950,000 from the Friedlander Foundation for Friedlander Foundation ABI Research;
  - \$1,278,662 from the Auckland Medical Research Foundation for medical and science research;
  - \$1,128,843 from the Neurological Foundation of New Zealand for brain research;
  - \$750,000 from Atlantic Philanthropies for Atlantic Fellows for Social Equity;
  - \$521,570 from Corinne Opie for the Ramon Opie & Corrine Bridge Vocal Scholarship;
  - \$500,000 from The Nurture Foundation for Reproductive Research for Nurture Obstetrics & Gynaecology;
  - \$450,000 from Kerry Dines for the Genesis programme in Engineering and for PhD scholarships in ABI and the Liggins Institute;
  - \$378,827 from the Buchanan Charitable Foundation to support the Associate Professor, School of Optometry & Vision Sciences;
  - \$365,002 from the Cancer Society Auckland Northland for the Auckland Cancer Society Research Centre;
  - \$354,168 from the Sir John Kirwan Foundation to support the Centre for Applied Research in Creative Thinking;
  - \$236,964 from the Cancer Research Trust New Zealand for cancer research;
  - \$210,000 from Bruce Hadden for ophthalmology equipment;
  - \$210,000 from the Royal Australian and New Zealand College of Ophthalmologists for ophthalmology equipment;
  - \$159,898 from The Royal Australasian College of Physicians for the John Mitchell Crouch Fellowship;
  - \$150,000 from Peter Coote for the University of Auckland Endowment;

- \$150,000 from The New Zealand Dementia Prevention Trust for dementia research;
  - \$139,706 from AstraZeneca for the Global Asthma Network;
  - \$125,000 from Michael Horton for Auckland University Press;
  - \$105,252 from the MADE Foundation Trust for Engineering scholarships;
  - \$104,588 from the Bone Marrow Cancer Research Trust for medical research;
  - \$102,681 from the Phyllis Rathby Wilson & Bruton Sweet Trust for medical research for two PhD candidates;
  - \$100,000 from Fletcher Brothers to support Law and Business;
  - \$89,427 from John Mayo for the Marylyn & John Mayo Chair in Health Law & Policy;
  - \$81,629 from Lowndes (2002) Ltd for the Lyla Haddon Research Fund to support medical and surgical research;
  - \$80,000 from Auckland Council for the George Mason Fund;
  - \$72,439 from Tonkin & Taylor for the Masters Scholarship in Coastal Engineering;
  - \$70,000 from the Freemasons Foundation for CBR;
  - \$62,000 from Sir Robert Jones for scholarships in Philosophy and History;
  - \$57,500 from Scott St John for Property General;
  - \$57,500 from Winstone Wallboards for Architecture and Planning Support;
  - \$54,000 from the Waterloo Trust for medicine;
  - \$50,000 from Peter Gluckman for the Centre for Informed Futures; and
  - \$US100,500 from Carolyn Werner for marine research.
- 5.4 Given all the volatility in the world's share markets at present, the University of Auckland Foundation has issued a brief statement for donors and alumni on how its endowment pool is likely to fare. It has advised that the pool is prudently designed and that it is probable that any losses will be of the order of one half of general share market losses during this downturn. The endowment is protected by the following: approximately 30% is in USD which is currently strengthening against the NZD; 35% is in high quality credit which is still generating positive returns; and 15% is in well diversified private investments (property, equity and credit) which have not yet been revalued but, when they are, the Foundation expects little or no decline (property and credit) or a decline less than that in the listed market (equity). More precise figures will become available after the close of the first quarter of this year. This statement will be included in the donor e-news in early April.
- 5.5 B442 Waiparuru Hall - Tower B, B442 (492 beds) and the Podium was completed on Saturday 22 February 2020 and students settled into their accommodation on Sunday 23 February 2020. Tower A, B441 (294 beds) was due to be handed over just prior to Easter but as with other construction sites has been closed during Alert Level 4 and will be completed within four weeks of work being able to recommence.
- 5.6 B310 Recreation & Wellness Centre (RWC) including B301 and B312 Demolition, temporary recreation facilities and RWC Enabling Works - Design is continuing with Detailed Design due at the end of June 2020. Initial work for the temporary courts is completed – the concrete slab is laid & structural steel delivered. Shop drawings for ancillary buildings are almost complete. Although the site is currently not active due to lockdown this facility should still meet its scheduled completion prior to Semester 2.
- 5.7 Kate Edger Information Commons (KEIC B315) - Architectural finishing works associated with the fire egress stair (mesh screen, glass balustrades etc) will be completed shortly after lockdown ends.
- 5.8 Planned move of the Faculty of Education & Social Work (EDSW) from Epsom Campus to the City Campus including B201N&E SSB; B240 5 Alten Road and B104 Old Choral Hall (OCH): Project planning continues for consents and a business case is in development for consideration by Council.
- 5.9 Old Government House Seismic Stage 1 & Stage 2: Selection and appointment of the main contractor has been made for the Stage 1 works (four months duration) which will commence post lockdown. Stage 2 development to follow.

5.10 The South Auckland/Epsom Strategic Initiatives Programme has three major areas of focus:

- Relocation of the Faculty of Education and Social Work (FESW), including the Epsom Marae, to the City Campus, and enabling all current Epsom-based teaching to be delivered from the City Campus. Following the completion of the development of the programme of physical works required to ready the City Campus destination spaces for the faculty, a business case is in development for consideration by Council.
- Defining the University's presence in South Auckland, post 2019, and provisioning a new Campus to enable that presence once the University vacates its current premises on the Manukau Institute of Technology (MIT) campus. Following a blessing of the building by the Tainui Iwi on February 20<sup>th</sup>, teaching commenced at the new South Auckland Campus, Te Papa Ako o Tai Tonga, on February 24<sup>th</sup> although now paused given the COVID-19 Level 4 requirements.
- Defining the University's future presence at Tai Tokerau, and preparing a brief for Property Services, that will enable that presence. Given the end-of-life condition of our current facility at Tai Tokerau, a range of options for how we maintain our presence at the site was presented to the programme steering committee in November 2019. Options are now being refined to take into account several scenarios outlining potential future operations at the campus, preparatory to developing a proposal for consideration.

## **6 STRONG PARTNERSHIPS WITH KEY ORGANISATIONS AND COMMUNITIES**

- 6.1 We are a major sponsor of ASB Polyfest and for the second year running Polyfest did not run as normal. In 2019 the second (and busiest day) was cancelled due to the Christchurch shootings, and this year the COVID-19 epidemic led to its cancellation. Polyfest is a centrepiece of national cultural events, the largest Polynesian festival in the world, and particularly important for outreach to students.
- 6.2 At Polyfest we were launching a social media initiative, UoA Pacific TV. Due to the cancellation of Polyfest this was unable to go ahead, but some beta test videos had already been made. These are now in circulation and have had excellent take-up in social media.

## **7 TREATY OF WAITANGI/TE TIRITI O WAITANGI PARTNERSHIPS FOR MUTUAL BENEFIT**

- 7.1 Support has been given to onboard the new Vice-Chancellor Professor Dawn Freshwater, though the pōwhiri and other events have been postponed due to COVID 19.
- 7.2 The Rūnanga met in April and asked that the VC, SRT and IMT for COVID 19 response by the University note their request that Māori values of manākitanga, aroha and whanaungatanga be respected and included in decisions made during this time. They also offered whatever help they could to assist the leadership during the pandemic. This has now been incorporated into the Terms of Reference for Business, Transition and Transformation (Business Recovery) programme.
- 7.3 Te Ope Kaikōkiri kaupapa COI is meeting regularly to identify and address the short-term challenges faced by māori students. This has included facilitating the acquisition of devices if required, making available support for data, consolidated online presence to promoted targeted information and support for māori students via programmes such as Tuākana. The Kaiarataki and Kaiarahi are working as part of the Business Continuity group with a focus on student recruitment, research continuity and other as required advice. This is aligned with the IMT and Campus Life strategy.

- 7.4 The PVC Māori has been part of the strategy discussions around the nature of the opportunities and challenges faced by UoA in a pandemic environment including our continued desire to secure taurira Māori via new recruitment approaches and the future mission of the University. This includes regular updates with Te Kāhui Amokura the Universities New Zealand network of Deputy and Pro Vice-Chancellor Māori.
- 7.5 Te Kāhui will write separately to all Vice-Chancellors to raise issues around retention of Māori staff, recruitment of those with tikanga and te reo expertise and subject expertise, and concerns around short term decisions that will compromise our ability as a sector to respond to Treaty relationships and medium to long term growth among Māori during a time when there is likely to be significant labour market disruption which includes many Māori who will be looking to reskill or re-educate themselves. This may be consistent with initiatives already underway such as micro-credentials and bridging programmes that enable more to enter programmes they were structurally excluded from previously.
- 7.6 The Te Reo Language Plan was launched by the Vice Chancellor of 7 April 2020 to staff and students. This Plan includes a promotional video, website links and Corpus of kupu Māori such as job titles, functions, common activities and common phrases used by the University of Auckland. Te Taura Whiri have been given a copy at their request to promote such examples of best practice nationally. We are just awaiting final tweaks from Kiwa Digital before it we can go live with the Te Reo App called Te Kūaha designed specifically for the University of Auckland staff and students. The app will be available in May 2020.
- 7.7 The COI has also developed a Values framework to maintain its focus and identify important workstreams to support our students and staff. This framework is developing and has been shared with key internal partners to raise awareness.
- 7.8 It is important to modify the broad approach of communication used by UoA to a form that is familiar and specific to Māori communities. For example, a social media presence is required and now in development. The Kaiarataki and Kaimanāki are working with the COI, CL and Connected Experiences while working on the content to ensure content and values position is consistent on multiple platforms.
- 7.9 The Kaiarataki is representing the PVC Māori office on the UoA Coronavirus Recovery project working group, and is drawing upon the skills and expertise contained within the COI to achieve broad university wide coverage of important kaupapa impacting Māori staff and students.
- 7.10 Orientation of Executive Assistant Cathrine Taylor to the PVC Māori and Kaiarataki has occurred, although this has been hampered by self-isolation and lockdown requirements of COVID 19. She is working with the rest of the VC Office to provide support where needed.
- 7.11 The Te Reo Māori Policy Implementation Project follows on from the approval by Council of the Te Reo Maori Policy in 2018 and the endorsement, by the Senior Leadership team, of the resulting Language Plan for the Revitalisation of Te Reo Māori in August 2019. The Language Plan was launched in April together with a four-minute promotional video. A small number (50) of hard copies will also be printed. The Language Plan sets out aspirational goals and a five-year action plan. The University aims to: raise the status of te reo Māori at the University to support its survival; to increase staff and student opportunities to learn and use te reo Māori within the University; to set a standard for te reo use at the University through availability of a Corpus of terms; and to provide greater visibility of te reo and tikanga Māori through our branding, marketing, web presence, and physical environment through bilingual signage and placement of cultural icons such as Pou. Examples of the physical environment changes can be seen in the new Engineering and Park West buildings.

Early foundational Language Plan actions are underway and include:

- Development of the Corpus of University of Auckland specific academic and everyday terms. The Corpus will set a standard for quality te reo Māori terms for use at the University. It will be widely available with guidelines for use and requests for new translations.
- Customisation of a digital te reo and tikanga Māori learning app for use by University of Auckland staff and students. The app to be known as Te Kūaha: The Doorway, is well progressed with launch anticipated in Q2,2020.

## 8 A PUBLIC UNIVERSITY OF GLOBAL STANDING

8.1 The International Office hosted a visit by ENZ Brazilian universities delegation, March 13.

8.2 The following agreements were finalised and signed:

- IIT Bhubaneswar (IITBBS) Dual PhD agreement signed – February 2020
- Monash University, Australia, student exchange agreement renewal
- Rose-Hulman Institute of Technology, USA, study abroad agreement
- Johns Hopkins University, USA, study abroad international third-party authorisation.

8.3 In respect of international recruitment, virtual fairs, webinars and other online activity are being prepared.

Marcelo Credidio (with Mike Hughes from ELA) travelled to Brazil to undertake recruitment events. These events were cancelled after they arrived. The decision to travel was taken prior to the UoA announcement regarding offshore travel. All other scheduled recruitment-related travel was cancelled for March and April.

8.4 The Vice-Chancellor has commenced work on the process for developing the University's Strategic Plan 2021-2030. The structure and leadership model for planning is well underway, with working groups to be established once the structure has been confirmed.

## 9 SECTOR ISSUES

### COVID-19 IMPACTS

9.1 The Vice-Chancellor has kept a regular flow of communications with both staff and students to provide updates during Level 4 lockdown.

9.2 The University has demonstrated a strong commitment to **Equity** in its response to COVID 19.

- A well-established equity infrastructure including in leadership across the university, policies, resourcing and service provision, has been a strength in responding to COVID 19. However, as the pandemic is inevitably impacting on some staff and student groups more than others, there are significant challenges to mitigating the risk that the pandemic will exacerbate inequalities. Negative impacts on Māori and Pacific students, those from low socio-economic backgrounds, with disabilities, from refugee backgrounds, with parenting and other carer responsibilities have been high priorities for academic and professional staff.
- Informal equity benchmarking with Australasian universities indicates the University of Auckland is at the higher end supporting students with disabilities in the online environment. Staff in the Equity Office's Student Disability Services have supported double the number of students compared with this period last year, at the same time as they themselves have begun remote working. Spikes in demand for a range of support, particularly for mental health issues, are consistent with reports from other equity practitioners internationally. In addition, students who received help with assistive technology and other support for learning on campus face challenges in lockdown.
- The digital divide is being responded to actively across the university including by devices being made available to students. Students are reporting significant hardship. Sources of funds are being publicized through a range of channels as many students and their family members lose employment.
- Lockdown is exacerbating risks faced by students and staff living with family and relationship violence and abuse. Information on support available has been given high profile in a range of communications including on the staff intranet, university website and through networks

such as the Equity Community of Interest. ECoI is an important source of distributed equity leadership in the university, with members from faculties, LSRIS, service divisions and student leaders.

- The Equity Office is reviewing a range of policies (such as the Achievement Relative to Opportunity Policy) to minimise inequitable impact of COVID on staff and students.
- Increased communications about the university's commitment to being safe, inclusive and equitable had already been delivered at the beginning of the academic year by the Equity Office. Further work is underway on equity information relevant to online learning and remote working to support our staff and students.

9.3 The International Office has supported the University's COVID-19 response as follows:

- Managed the safe return to New Zealand of 360 International exchange students and cancelled all semester 2 exchange programmes. Administering access to hardship funds for a small number of 360 students.
- Managed the return to home countries of two-thirds of our visiting study abroad and exchange students through co-ordination of online study opportunities.
- Supported self-isolation of new and returning staff and students through coordinated airport pickups.

9.4 **Accommodation** experienced a large exodus of students from the halls of residence following the Level 4 lockdown announcement from the government. Since enacted, the Accommodation team has been working to support the students who remain in lockdown in the halls, including safe social distancing practices, online/digital engagement events, access to essential supplies, and wellbeing support. The residents who left have been invited to join the virtual activities and meetings. The Accommodation team has worked with the SRT to develop a rebate for students who moved out of the halls during the lockdown, as well as set-up a \$1m hardship fund for those who remained in the halls and are struggling to pay their fees. Strategies and campaigns are currently being developed for business recovery to welcome residents who moved out back with pending government Level changes and new residents who will join for Semester Two.

9.5 **Student Engagement** has been focusing on supporting all University students through this transition, across a variety of scenarios, including students overseas on Study Plans, students returning to New Zealand with isolation requirements, and students onshore who have moved into a remote learning environment. This has been achieved through weekly personalised emails to students on Study Plans, weekly emails to all students with University-wide updates and resources for support, personalised emails to students in isolation via the Wellbeing Team, daily updates to the website – including a new web section developed called 'Remote learning support', the development and management of a Covid-19 Student Hardship Fund, and on-going conversations with AUSA to ensure students' needs are met equitably and inclusively.

9.6 **Health and Counselling** is still open on campus, operating as an essential service. All non-essential appointments have been cancelled and essential appointments are operating by phone and video consultations where possible, with face-to-face continuing where required. UHCS has moved all of their services to an online delivery mode, including e-prescriptions, e-orders for lab tests and x-rays, and a new, secure video consulting technology was launched for both counselling and GP appointments.

9.7 **Sports & Recreation** have moved all of their services online, due to the Recreation Centre closing at Level 3. To support the University community, all of their services are now available to both staff and students – not just members. They have developed an at-home fitness programme, which includes live group fitness classes, pre-recorded workouts, wellbeing workshops, and personalised training programmes all accessible online. The Inter-Faculty sports have moved online, so students can still represent their faculty in challenges and stay active remotely. The team is continuing to develop online student engagement events, including team run/walk competitions, e-sports tournaments, and online dance parties. Collaborations with UTSNZ have been initiated and our students on the high-performance sport support programme have been assisted to transition to an increased academic workload, while elite sport is on hold.

- 9.8 **Commercial Services** has been supporting their various teams through the challenges of the Level 4 lockdown. Event Services have had all of their events and conferences cancelled through to mid-year, with conferences booked for late 2020 now re-considering whether to proceed or postpone. The team is currently supporting Central Marketing and other departments to deliver future events digitally. Additionally, some staff have been re-deployed into other roles across Campus Life, as needed. The Retail team has been evaluating retailer contracts and assessing Government support packages for retailers, so as to determine the extent of rental relief that University may need to provide. Campus Pharmacy and Munchy Mart remain open on campus as essential services. Goldie Estate has shut down to the public, including all wine sales, but continues to function for harvest as an essential service.
- 9.9 **Service Improvement** has been coordinating the Campus Life BCP to ensure that all teams have transitioned smoothly into a remote environment and that all essential services are supported as needed to continue operations on campus. The team is working to replace the Summer Stays portal and Medtech platform remotely, which are continuing with good progress.
- 9.10 **Early Childhood Education** centres closed down as a result of the Level 4 lockdown announcement. Plans have been developed to prepare for re-opening, pending the move to Level 3.
- 9.11 **The Office of the PVC Pacific** has been working to lead where appropriate, coordinate where needed and meet urgent gaps in our engagement and support in matters of importance for Pacific staff and students. These efforts have included:
- Coordinating with Connect and Academic Services to identify Pacific (but also other) students in need of devices and connectivity, and monitoring our ongoing service and their ongoing needs.
  - Leading a collaborative piece of work to establish best practices for digital and remote engagement with Pacific students (currently in a second iteration).
  - The Pro Vice-Chancellor Pacific is an active part of the Business Recovery work, and has been part of several work streams to shape the University response to the new challenges that have emerged.
  - Working with the PVC Māori, PVC Equity and Tuākana Learning Community to fast track an evaluation on remote learning in semester 1 and its impacts and effectiveness for Māori and Pacific learners and other equity groups.
- 9.12 **Property Services:**
- Have overseen the campus lockdown and management of essential facilities and our own staff have transitioned to a combination of deployment to support essential activities and/or working remotely. The security staff in particular have taken on the additional duties of managing the essential staff access to the University facilities and checking every aspect of the locked down buildings to ensure that any leaks or failures are addressed before they create larger problems.
  - There has been a significant impact on construction projects on site, which have had to be shut down during the lockdown. Work is proceeding with all contractors to develop processes to manage construction sites safely in accordance with Government guidelines under Alert Level 3.
  - Two bids have been submitted to the Infrastructure Industry Reference Group through Crown Infrastructure Partners for Government support to preserve capacity within the construction industry. The bids relate to the RWC and EDSW programmes. The project managers leading the development of new projects and the consultant design teams are collaborating virtually and as far as possible project development continues to progress at pace.
- 9.13 A Staff Mobility Service has been created in which staff who have the capacity and willingness to support other teams can be assigned alternative duties.

- 9.14 A Business Recovery Group has been established to take the University forward, planning for all alert levels. The group will be focussing on teaching and learning (including online), research delivery, future and current students, workforce planning, sustainability communications and stakeholder engagement.
