REGULATIONS – MEDICAL AND HEALTH SCIENCES

The Degree of Bachelor of Health Sciences – BHSc

The regulations for this degree are to be read in conjunction with all other relevant statutes and regulations including the Academic Statutes and Regulations.

Note: This is a limited entry programme as per the Limitation of Entry Statute 1991 and selection criteria apply. Selection criteria are available from the Faculty of Medical and Health Sciences.

Duration and Total Points Value

- 1 A student enrolled for this degree must follow a programme of the equivalent of six full-time semesters and pass courses with a total value of 360 points, unless credit is granted under the Admission Regulations and/or the Credit Regulations.

Structure and Content

- 2 Of the 360 points required for this degree, a student must pass:
 - a 345 points from the major listed in the Bachelor of Health Sciences Schedule, of which at least 75 points must be above Stage II, including WTRMHS 100
 - and
 - b 15 points from courses offered in either the General Education Open Schedule or the General Education Faculty Schedule approved for this degree.
- 3 A student must complete the Academic Integrity course as specified in the Enrolment and Programme Regulations, Academic Integrity, of the *University Calendar*.
- 4 A student who is required to meet the Academic English Language Requirement, as specified in the Enrolment and Programme Regulations, Academic English Language Requirement, of the *University Calendar*, may substitute an academic English language course approved by the Programme Director for 15 points of General Education.

General Education Exemptions

- 5 a A student is exempted from the requirement to pass a course offered in the General Education Schedules who has:

either

 - (i) completed an undergraduate degree at a tertiary institution
 - or*
 - (ii) commenced study for this degree at a tertiary institution before 1 January 2006
 - or*
 - (iii) been admitted to this degree having completed 240 points or more of degree-level study at another tertiary institution.
- b A student who has been exempted from the requirement to pass a course offered in the General Education Schedules must substitute the requirement with another course available for this degree.
- c A student admitted to this degree, who has completed between 120 and 235 points inclusive of degree-level study at another tertiary institution, or who has completed a minimum of 50 points of study towards this degree in one semester at an overseas institution, either through an overseas exchange programme or through prior approval under the Credit Regulations, must pass 15 points from the courses offered in the General Education Schedules.
- d A student who has been fully or partially exempted from the requirement to pass courses offered in the General Education Schedules is nonetheless required to complete the Academic Integrity course.

Conjoint Degrees

- 6 Special arrangements apply where this degree is taken as a component degree of an approved conjoint combination. The specific requirements and a complete list of the conjoint degrees available are set out in the Conjoint Degrees section of the *University Calendar*.

Variations

- 7 In exceptional circumstances the Programme Director may approve a variation to a student's programme of study in accordance with the Enrolment and Programme Regulations.

- 7 In exceptional circumstances up to 120 points of credit as approved by the Head of School may be substituted for Part I or parts thereof.
- 8 Each Part must normally be completed before the next Part may be taken. However, a student who has failed to pass one of those Parts in its entirety may be allowed, at the discretion of the Programme Director, to enrol for the course or courses needed to complete that Part together with a course or courses towards the next Part.

General Education Exemptions

- 9 a A student is exempted from the requirement to pass courses offered in the General Education Schedules who has:
either
- (i) completed an undergraduate degree at a tertiary institution
or
 - (ii) commenced study for this degree at a tertiary institution before 1 January 2006
or
 - (iii) been admitted to this degree having completed 240 points or more of degree-level study at another tertiary institution
or
 - (iv) completed a minimum of 50 points of study towards this degree in one semester at an overseas institution, either through an overseas exchange programme or through prior approval under the Credit Regulation.
- b A student who has been exempted from the requirement to pass courses offered in the General Education Schedules must substitute 15 points from other undergraduate courses offered at this University approved by the Head of School of Optometry and Vision Science or nominee.
- c A student admitted to this degree, who has completed between 120 and 235 points inclusive of degree-level study at another tertiary institution, must pass 15 points from the courses offered in the General Education Schedules.
- d A student who has been fully or partially exempted from the requirement to pass courses offered in the General Education Schedules is nonetheless required to complete the Academic Integrity course.

Enrolment for Two Programmes

- 10 A student may not be enrolled in this degree at the same time as in another programme, unless special permission is given by Senate or its representative.

Practical Requirements

- 11 a A student enrolled for this degree must carry out satisfactorily such practical or clinical work as the Faculty of Medical and Health Sciences may require.
- b In any course that includes both a final written examination and practical or clinical work, a student must pass both the final written examination and the practical or clinical work to pass that course as a whole. However, a student who passes the practical or clinical work but fails the final written examination may, at the discretion of the Head of School, have the result for the practical or clinical work for that failed course carried forward when the course is repeated.
- c A student who repeats any course may also be required to undertake such additional practical or clinical work as the Head of School of Optometry and Vision Science determines.
- d Where a weakness occurs in the clinical practice component, in accordance with the Deferred Results provisions of the Examination Regulations, students will be required to be enrolled and pay tuition fees at the rate of 10 points for each two-month period or part thereof. This provision will only apply when the student's current enrolment period has ended.

Fitness to Practise Requirements

- 12 a In order to complete the requirements for this degree, a student must meet the applicable fitness to practise requirements for this programme, as outlined in the Faculty of Medical and Health Sciences' Fitness to Practise Policy.
- b Where a student is being investigated with regard to a fitness to practise matter under the policy, and there is a concern that the student's attitudes or behaviour are inappropriate, offensive, disruptive, or may pose a risk of harm to the welfare of any party, that student's attendance at lectures, classes and any clinical, industry or practise attachments may be suspended by the Deputy Dean of the Faculty of Medical and Health Sciences pending the outcome of the investigation.
- c If a student is found, after due and fair inquiry, and taking into account any written response from the student, to be not fit to practise, the student's enrolment in the programme may be suspended or terminated in accordance with the policy.
- d Where a student's enrolment in the programme has been terminated under Regulation 12c, any application to re-enrol may be declined.

- e A student whose enrolment is suspended or terminated under Regulation 12c or their application to re-enrol declined under Regulation 12d may apply to the Deputy Vice-Chancellor Education for the appeal of that decision in accordance with the policy.

Honours

- 13 a This degree may be awarded with Honours where a student's overall grade is sufficiently high. There are two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours are awarded in either First Division or Second Division.
- b Honours may normally be awarded only if the requirements for this degree are completed within ten semesters of initial enrolment for the degree. In exceptional circumstances however, Senate or its representative may approve an extension of this period for not more than two further semesters.

Variations

- 14 In exceptional circumstances the Programme Director may approve a variation to a student's programme of study in accordance with the Enrolment and Programme Regulations.

Amendment

- 15 These regulations and/or schedule have been amended with effect from 1 January 2025.

The Degree of Doctor of Health Sciences – DHSc

Notes:

- (i) “Candidate/s” refers to candidate/s for the degree of Doctor of Health Sciences.
- (ii) “Candidature” refers to a person’s status as a candidate for the degree of Doctor of Health Sciences.
- (iii) “Doctoral year” refers to each block of 12 months from the initial date of programme enrolment.
- (iv) Full-time and part-time enrolment are defined in the doctoral full-time and part-time enrolment policy and procedures.
- (v) “Successfully complete” means to complete all requirements and submit all required work for the relevant course, course component or programme component and pass the prescribed examination.

General requirements

- 1 A candidate for the Degree of Doctor of Health Sciences (DHSc) is required to undertake advanced coursework and an original and coherent research project, and to present the outcome of the research project for examination as a thesis.
- 2 The research project must involve enquiry that is experimental and/or critical in nature and be driven by an intellectual hypothesis, position, problem or question(s) capable of being rigorously explored and of making an original and significant contribution to knowledge and/or understanding in the relevant field(s) of study.
- 3 The research project must be conducted under supervision and during the period of enrolment in the DHSc programme and must be conducted in accordance with the Research Code of Conduct Policy.
- 4 The thesis requirement at Regulation 1 must be satisfied by a cohesive written document, which shall not normally exceed 70,000 words.
- 5 The thesis must be undertaken and completed in accordance with the doctoral thesis policy and procedures.
- 6 A candidate must successfully complete a 360-point programme consisting of HLTHSCI 800-803 (the coursework component) and the thesis.
- 7 In order for the DHSc degree to be awarded, Regulations 6 and 50 must be satisfied, and the Board of Graduate Studies (or delegate[s]) must be:
 - a satisfied that, subject to Regulation 46, the candidate has performed at doctoral level in an oral examination, held in accordance with Regulation 47, on the thesis, the subject of the thesis and the field(s) to which the subject belongs
 - and
 - b satisfied, by the examination process prescribed by these regulations, that the thesis:
 - (i) makes an original and significant contribution to knowledge or understanding in its field(s)
 - and
 - (ii) meets internationally recognised standards for such work
 - and
 - (iii) demonstrates knowledge of the literature relevant to the subject and the field(s) to which the subject belongs, and demonstrates the ability to exercise critical and analytical judgement of that literature
 - and
 - (iv) is satisfactory in its methodology, in the quality and coherence of its expression, and in its scholarly presentation and format.

Duration

- 8 The thesis must be submitted within a maximum of 36 months of full-time equivalent programme enrolment from the initial date of enrolment in the DHSc programme, unless a later submission date is permitted by the Board of Graduate Studies (or delegate) in accordance with the doctoral extension of enrolment policy and procedures.
- 9 The thesis must not be submitted in less than 36 months of full-time equivalent programme enrolment from the initial date of enrolment in the DHSc programme, unless permission is granted by the Board of Graduate Studies (or delegate).
- 10 Permission for submission of the thesis must not be granted where a candidate has been enrolled in the thesis for less than 24 months’ full-time equivalent.
- 11 Except as approved by the Board of Graduate Studies (or delegate) in exceptional circumstances (and subject to course availability and Regulation 12), enrolment in the coursework component must proceed on a part-time basis and be successfully completed within two years of part-time enrolment (one year of full-time equivalent

enrolment) and prior to commencement of the thesis enrolment. Enrolment in the thesis may be full-time or part-time, subject to the doctoral full-time and part-time enrolment policy and procedures.

- 12 The coursework component must be successfully completed in order for the thesis to be submitted for examination.
- 13 A candidate may be permitted to suspend their enrolment subject to the doctoral suspension of enrolment policy and procedures.

Admission

- 14 To be admitted to the DHSc programme, applicants must satisfy the University's Admission regulations and are required to have:
 - a in their most recent attempt at a relevant qualification:
 - (i) completed the requirements for a Bachelors Honours or Masters degree or postgraduate diploma in a relevant subject area with at least a B+ average at the University of Auckland, or the Degree of Bachelor of Medicine and Bachelor of Surgery at the University of Auckland; in all cases relevance is determined by the Board of Graduate Studies (or delegate)
 - or*
 - (ii) completed the requirements for a qualification approved by the Board of Graduate Studies (or delegate) as relevant, with regard to subject area, and as equivalent to a Bachelors Honours or Masters degree with at least a B+ average at the University of Auckland
 - and*
 - b satisfied the requirements of the doctoral candidate research capacity policy and procedures
 - and*
 - c satisfied the University of Auckland postgraduate English language requirements and any further requirements for evidence of English language proficiency set by the Board of Graduate Studies (or delegate)
 - and*
 - d have a research project approved by the Board of Graduate Studies (or delegate) as consistent with the requirements of Regulation 2 and capable of satisfying the requirements for the award of the DHSc degree
 - and*
 - e have the approval of the Head(s) of the relevant academic unit(s) or their nominee(s) for the purposes of doctoral matters ("the Academic Head(s)") with regard to the availability of appropriate supervision and the availability of the research resources deemed necessary by the Academic Head(s).
- 15 In exceptional circumstances, the Board of Graduate Studies (or delegate) may, subject to the doctoral exceptional circumstance entry policy and procedures, admit to the DHSc programme an applicant whose qualifications do not meet the requirements of Regulation 14a.
- 16 An applicant may be considered for off-campus enrolment subject to the doctoral off-campus research policy and procedures.
- 17 The final decision on admission to the DHSc programme shall be made by the Board of Graduate Studies (or delegate).
- 18 Admission to the DHSc programme may be rescinded prior to enrolment in the programme where information that was not available to the Board of Graduate Studies (or delegate) at the time the admission decision was made, and which would have resulted in a different decision being made, becomes available, or where, due to circumstances unforeseeable at the time of the decision, supervision and/or necessary resources will no longer be available for the enrolment.
- 19 Admission to the DHSc programme is valid for up to six months (or a maximum of 12 months in exceptional circumstances as approved by the Board of Graduate Studies (or delegate)) from the date of notification of admission to the programme. Where enrolment in the programme does not occur within that time, re-application for admission to the programme is required.
- 20 Concurrent enrolment in another programme at the University of Auckland or at another institution is not permitted except as approved by the Board of Graduate Studies (or delegate) in exceptional circumstances.

Supervision

- 21 The Academic Head(s) is (are) responsible for the provision of supervision for the duration of the candidate's enrolment.
- 22 The Board of Graduate Studies (or delegate) will appoint at least two supervisors for each candidate in accordance with the doctoral supervision policy and procedures.
- 23 Changes in supervision during candidature are subject to the doctoral supervision policy and procedures and

the approval of the Board of Graduate Studies (or delegate), with whom the final decision as to the appointment of supervisors rests.

Enrolment and Candidature

- 24 Except for any period(s) of suspension approved under Regulation 13, candidates are required to be enrolled continuously from the initial date of enrolment in the DHSc programme until the date of thesis submission under Regulations 8–10.
- 25 Candidature for the DHSc degree commences upon enrolment in the DHSc programme and continues, regardless of any period(s) of suspension approved under Regulation 13, until the date on which any one of the following occurs:
- a notification from the Board of Graduate Studies (or delegate) that all requirements for the award of the degree at Regulation 7 have been met
 - b notification from the Board of Graduate Studies (or delegate) that the final decision under Regulation 49 is that the degree not be awarded
 - c candidature expires under Regulation 31
 - d a candidate withdraws from the programme under Regulation 51
 - e candidature is terminated by the Board of Graduate Studies (or delegate) pursuant to Regulation 52.
- 26 Except as approved by the Board of Graduate Studies (or delegate) in exceptional circumstances, a candidate must complete HLTHSCI 800, 801 and 802 prior to enrolment in HLTHSCI 803.
- 27 Candidature is provisional until confirmed, and is subject to the doctoral confirmation of candidature policy and procedures, the doctoral continuation of confirmed candidature policy and procedures, and the doctoral candidature intervention policy and procedures.
- 28 The following additional confirmation milestone is required for all candidates and is subject to the confirmation of candidature policy and procedures: successful completion of the coursework component with an average result of B+ or higher.
- 29
- a Where a candidate does not successfully complete HLTHSCI 800 or HLTHSCI 801 or HLTHSCI 802, conditions on candidature pursuant to Regulation 27 may, subject to Regulation 30, include requirements to satisfactorily complete specific additional work and/or revisions.
 - b Where conditions are imposed in accordance with Regulation 29(a), the submission of results for the course will be deferred.
 - c Where any condition imposed in accordance with Regulation 29(a) is not satisfied, the candidate will have failed to successfully complete the coursework component of the programme.
- 30
- a The provisions of Regulations 29(a) and (b) can apply to a maximum of two courses, and one time only to each course.
 - b For the provisions of Regulations 29(a) and (b) to be exercised, a candidate must have demonstrated, to the satisfaction of the examiner in at least one component of the assessment for the relevant course, the capacity for doctoral level work. Where the examiner is not duly satisfied, the candidate will have failed to successfully complete the coursework component of the programme.
- 31
- a Candidature expires when the thesis is not submitted for examination by the date required under Regulation 8.
 - b Candidature expires when the thesis is not submitted for examination by the date specified by the Board of Graduate Studies (or delegate) pursuant to Regulation 48.
- 32 Where candidature has expired under Regulation 31, it may be reinstated only as the outcome of a successful application to the Board of Graduate Studies (or delegate) for a (retrospective) extension of enrolment, or by successful appeal under Regulation 57(b) of a decision by the Board of Graduate Studies (or delegate) to decline an extension of enrolment (retrospective or otherwise).
- 33 Enrolment in the DHSc programme is not possible where candidature remains expired under Regulation 31 or where a candidate withdraws from the programme under Regulation 51.
- 34 Termination of candidature under Regulation 52 is also termination of enrolment in the DHSc programme for enrolled candidates.
- 35 Candidates who are required, pursuant to Regulation 48, to revise and resubmit their thesis for examination by

the date specified by the Board of Graduate Studies (or delegate) are required to be enrolled for the duration of the period of revision of the thesis. The maximum duration of enrolment for revision and resubmission of a thesis pursuant to Regulation 48 is 12 months' full-time equivalent.

- 36 Candidates who wish to be absent from the University in pursuit of their research for more than one month during enrolment are subject to the doctoral off-campus research policy and procedures.
- 37 Candidates are subject to the Research Code of Conduct Policy and all University statutes, regulations, rules, policies and procedures relating to student conduct and obligations (academic or otherwise) for the duration of candidature.
- 38 Candidates may change the title of their thesis at any point prior to submission of the thesis for examination, subject to the approval of the Board of Graduate Studies (or delegate).

Fees

- 39 All fees required by and pursuant to the Fees Statute must be paid for the duration of enrolment in the DHSc programme.
- 40 Tuition fees are not payable for any period during which enrolment has been suspended under Regulation 13.
- 41 A candidate who withdraws from the DHSc programme, or who has their candidature terminated, will receive a refund of one-twelfth of the tuition fee paid for the current doctoral year per each complete month of the period between the date of withdrawal from the programme or termination of candidature and the end of the current doctoral year.
- 42 Graduation is not permitted until all outstanding monies owing to the University have been paid.

Submission

- 43 The thesis must be submitted in accordance with the doctoral thesis submission procedures – pre examination.

Examination

- 44 The coursework component must be examined in accordance with the doctoral coursework policy and procedures.
- 45 a For each candidate, the Board of Graduate Studies (or delegate) will appoint two thesis examiners, at least one of whom must be based outside New Zealand, in accordance with the doctoral appointment of examiners policy and procedures.
- b The thesis must be examined in accordance with the doctoral examination procedures and/or, where the Board of Graduate Studies (or delegate) regards it as warranted, with the doctoral examination extraordinary circumstances and posthumous award procedures.
- 46 Except where a candidate is exempted pursuant to the doctoral examination extraordinary circumstances and posthumous award procedures, the DHSc degree cannot be awarded where an oral examination has not taken place.
- 47 Where the Board of Graduate Studies (or delegate) determines, under the doctoral examination procedures, that a candidate will proceed to oral examination, the oral examination is to be held in accordance with the doctoral examination procedures and the doctoral oral examination procedures.
- 48 The Board of Graduate Studies (or delegate) will consider all examination reports and recommendations made pursuant to the doctoral examination procedures and determine the outcome of the examination.

Final Decision

- 49 The final decision as to the award of the DHSc degree will be made by the Board of Graduate Studies (or delegate[s]), who may also be the decision-maker at Regulation 48.
- 50 The final examined and approved thesis must be submitted in accordance with the doctoral thesis submission procedures – post examination in order for the requirements of the DHSc degree to be met.

Withdrawal from Programme

- 51 A candidate may withdraw from the DHSc programme at any time by notifying the University in writing. Retraction of the programme withdrawal is not permitted.

Termination of Candidature

- 52 The Board of Graduate Studies (or delegate) may terminate the candidature of any enrolled or non-enrolled candidate on any one or more of the following grounds:

- a failure to meet the requirements for confirmation of candidature pursuant to Regulation 27
- b failure to meet the requirements for continuation of confirmed candidature pursuant to Regulation 27
- c failure to satisfy conditions imposed on candidature pursuant to Regulation 27
- d failure to comply with candidature reporting requirements pursuant to Regulation 27
- e failure to successfully complete the coursework component of the programme
- f failure to complete or satisfactorily complete revisions to an examined thesis by the date required by the Board of Graduate Studies (or delegate)
- g failure to comply with the doctoral thesis submission procedures – post examination
- h failure to make payment of any tuition fees related to enrolment in the DHSc by the due date.

Note: For the avoidance of doubt, termination of candidature pursuant to this Regulation 52 is permanent unless successfully appealed in accordance with Regulation 57(b).

- 53 Before the Board of Graduate Studies (or delegate) makes a decision as to termination of candidature pursuant to Regulation 52, the candidate will be given notice of termination proceedings and allowed fourteen calendar days to make a submission for the Board of Graduate Studies (or delegate) to take into account in making that decision.
- 54 Cancellation or prohibition of enrolment and/or candidature pursuant to any disciplinary statute of the University takes precedence over the provisions of these programme regulations.
- 55 a Where a candidate withdraws from the DHSc programme, or has their candidature terminated, or fails to meet the requirements for the award of the degree, admission to a new DHSc or other doctoral programme in a relevant subject at a later date will not normally be permitted.
- b A person who withdraws from any relevant doctoral programme or has a relevant doctoral candidature terminated (or equivalent), or who fails to meet the requirements for the award of a relevant doctoral degree, will not normally be admitted to the DHSc.
- c Relevance at (a) and (b), and equivalence at (b), are determined by the Board of Graduate Studies (or delegate).

Variations

- 56 In exceptional circumstances, the Board of Graduate Studies (or delegate) may approve a variation to the policies, procedures and regulations for DHSc candidature, except where variation of a national or government directive or requirement is involved.

Appeals

- 57 a Candidates may appeal decisions made by the Board of Graduate Studies (or delegate) pertaining to extension and suspension of enrolment, subject to the doctoral candidature appeal procedures.
- b A former candidate may appeal the decision made by the Board of Graduate Studies (or delegate) to terminate candidature or to decline an extension of enrolment, subject to the doctoral candidature appeal procedures.
- 58 Appeals as to extension and suspension of enrolment and termination of candidature will be determined in accordance with the doctoral candidature appeal.
- 59 Candidates and former candidates may appeal the outcome of a DHSc thesis examination only on the grounds that the result was materially impacted by a procedural flaw in the examination process, and subject to the doctoral examination appeal procedures.
- 60 Appeals as to thesis examination will be determined in accordance with the doctoral examination appeal procedures.

Dispute Resolution

- 61 Disputes are to be resolved according to the Resolution of Student Academic Complaints and Disputes Statute.
- 62 Any matter that has been, could have been or could be appealed under the provisions of Regulation 57 or 59 is precluded from consideration as a dispute under Regulation 61.

Further Provisions

- 63 A candidate who is unable to complete the coursework component with a B+ or higher average may apply to

the Academic Head to be reassigned to a Postgraduate Diploma in Health Sciences (PGDipHSc) at the time of withdrawal from the DHSc or termination of candidature, provided a candidate has not failed more than 30 points of the coursework component and has not been enrolled in the DHSc for more than one year full-time equivalent.

- 64 a The DHSc programme is subject to the Limited Entry Statute.
- b Candidates are subject to:
- (i) the Examination Regulations, the Degrees and Diplomas Statute and the Conferment of Academic Qualifications and Academic Dress Statute
- and*
- (ii) the provisions of the Enrolment and Programme regulations pertaining to members of the security intelligence service, rescindment and surrender of qualifications and the Deputy Vice-Chancellor Education's Special Powers.
- 65 The doctoral policies and procedures cited in these regulations may be reviewed and amended from time-to-time.
- 66 Candidates are subject to any additional doctoral policies and procedures devised in support of these regulations and amended from time-to-time.
- 67 These regulations may be reviewed and amended from time-to-time.
- 68 These regulations came into force on 1 January 2022.

The Degree of Doctor of Medical Sciences – DMedSc

Notes:

- (i) *“Candidate/s” refers to candidate/s for the degree of Doctor of Medical Sciences.*
- (ii) *“Candidature” refers to a person’s status as a candidate for the degree of Doctor of Medical Sciences.*
- (iii) *“Doctoral year” refers to each block of 12 months from the initial date of programme enrolment.*
- (iv) *Full-time and part-time enrolment are defined in the doctoral full-time and part-time enrolment policy and procedures.*

General requirements

- 1 A candidate for the Degree of Doctor of Medical Sciences (DMedSc) is required to undertake an original and coherent research project and to present the outcome of that research project for examination as a thesis.
- 2 The research project must involve enquiry that is experimental and/or critical in nature and be driven by an intellectual hypothesis, position, problem or question(s) capable of being rigorously explored and of making an original and significant contribution to knowledge and/or understanding in the relevant field(s) of study.
- 3 The research project must be conducted under supervision from the time of enrolment, and in accordance with the Research Code of Conduct Policy, but may include research undertaken prior to enrolment.
- 4 The thesis requirement must be satisfied by a cohesive written document, which shall not normally exceed 100,000 words.
- 5 The thesis must be undertaken and completed in accordance with the doctoral thesis policy and procedures.
- 6 In order for the DMedSc degree to be awarded, Regulation 46 must be satisfied, and the Board of Graduate Studies (or delegate[s]) must be:
 - a satisfied that, subject to Regulation 42, the candidate has performed at doctoral level in an oral examination, held in accordance with Regulation 43, on the thesis, the subject of the thesis and the field(s) to which the subject belongs

and

 - b satisfied, by the examination process prescribed by these regulations, that the thesis:
 - (i) makes an original and significant contribution to knowledge or understanding in its field(s)

and

 - (ii) meets internationally recognised standards for such work

and

 - (iii) demonstrates knowledge of the literature relevant to the subject and the field(s) to which the subject belongs, and demonstrates the ability to exercise critical and analytical judgement of that literature

and

 - (iv) is satisfactory in its methodology, in the quality and coherence of its expression, and in its scholarly presentation and format.

Duration

- 7 The thesis must be submitted within a maximum of 48 months of full-time equivalent enrolment from the initial date of enrolment in the DMedSc programme, unless a later submission date is permitted by the Board of Graduate Studies (or delegate) in accordance with the doctoral extension of enrolment policy and procedures.
- 8 The thesis must not be submitted in less than 36 months of full-time equivalent enrolment from the initial date of enrolment in the DMedSc programme, unless permission is granted by the Board of Graduate Studies (or delegate).
- 9 Permission for early submission of the thesis must not be granted where a candidate has been enrolled for less than 24 months' full-time equivalent from the initial date of enrolment in the DMedSc programme, unless clause 10 applies.
- 10 A candidate who draws upon research undertaken prior to enrolment may be permitted to submit the thesis after 12 months of full-time equivalent enrolment from the initial date of enrolment in the DMedSc programme.
- 11 Part-time enrolment may be permitted, subject to the doctoral full-time and part-time enrolment policy and procedures.
- 12 A candidate may be permitted to suspend their enrolment subject to the doctoral suspension of enrolment policy and procedures.
- 13 The initial date of enrolment in the DMedSc programme may not be backdated except in exceptional circumstances as approved by the Board of Graduate Studies (or delegate) and up to a maximum of six months.

- 14 To be admitted to the DMedSc programme, applicants must satisfy the University's Admission regulations and are required to have:
 - a in their most recent attempt at a relevant qualification:
 - either*
 - (i) completed the requirements for the award of the Degree of Bachelor of Medicine and Bachelor of Surgery at the University of Auckland
 - or*
 - (ii) completed the requirements for the award of a medical qualification that the Board of Graduate Studies (or delegate) considers to be equivalent to the Degree of Bachelor of Medicine and Bachelor of Surgery at the University of Auckland
 - and*
 - b satisfied the requirements of the doctoral candidate research capacity policy and procedures
 - and*
 - c satisfied the University of Auckland postgraduate English language requirements and any further requirements for evidence of English language proficiency set by the Board of Graduate Studies (or delegate)
 - and*
 - d have a research project approved by the Board of Graduate Studies (or delegate) as consistent with the requirements of Regulation 2 and capable of satisfying the requirements for the award of the DMedSc degree
 - and*
 - e have the approval of the Head(s) of the relevant academic unit(s) or their nominee(s) for the purposes of doctoral matters ("the Academic Head(s)") with regard to the availability of appropriate supervision and the availability of the research resources deemed necessary by the Academic Head(s).
- 15 An applicant may be considered for transfer from an existing doctoral enrolment subject to the doctoral transfer policy and procedures.
- 16 An applicant may be considered for off-campus enrolment subject to the doctoral off-campus research policy and procedures.
- 17 The final decision on admission to the DMedSc programme shall be made by the Board of Graduate Studies (or delegate).
- 18 Admission to the DMedSc programme may be rescinded prior to enrolment in the programme where information that was not available to the Board of Graduate Studies (or delegate) at the time the admission decision was made, and which would have resulted in a different decision being made, becomes available, or where, due to circumstances unforeseeable at the time of the decision, supervision and/or necessary resources will no longer be available for the enrolment.
- 19 Admission to the DMedSc programme is valid for up to six months (or a maximum of 12 months in exceptional circumstances as approved by the Board of Graduate Studies (or delegate)) from the date of notification

of admission to the programme. Where enrolment in the programme does not occur within that time, re-application for admission to the programme is required.

20 Concurrent enrolment in another programme at the University of Auckland or at another institution is not permitted except as approved by the Board of Graduate Studies (or delegate) in exceptional circumstances.

Supervision

21 The Academic Head(s) is (are) responsible for the provision of supervision for the duration of the candidate's enrolment.

22 The Board of Graduate Studies (or delegate) will appoint at least two supervisors for each candidate in accordance with the doctoral supervision policy and procedures.

23 Changes in supervision during candidature are subject to the doctoral supervision policy and procedures and the approval of the Board of Graduate Studies (or delegate), with whom the final decision as to the appointment of supervisors rests.

Enrolment and Candidature

24 Except for any period(s) of suspension approved under Regulation 12, candidates are required to be enrolled continuously from the initial date of enrolment in the DMedSc programme until the date of thesis submission under Regulations 7-10.

25 Candidature for the DMedSc degree commences upon enrolment in the DMedSc programme and continues, regardless of any period(s) of suspension approved under Regulation 12, until the date on which any one of the following occurs:

- a notification from the Board of Graduate Studies (or delegate) that all requirements for the award of the degree at Regulation 6 have been met
- b notification from the Board of Graduate Studies (or delegate) that the final decision under Regulation 45 is that the degree not be awarded
- c candidature expires under Regulation 27
- d a candidate withdraws from the programme under Regulation 47
- e candidature is terminated by the Board of Graduate Studies (or delegate) pursuant to Regulation 48.

26 Candidature is provisional until confirmed and is subject to the doctoral confirmation of candidature policy and procedures, the doctoral continuation of confirmed candidature policy and procedures, and the doctoral candidature intervention policy and procedures.

27 a Candidature expires when the thesis is not submitted for examination by the date required under Regulation 7.

b Candidature expires when the thesis is not submitted for examination by the date specified by the Board of Graduate Studies (or delegate) pursuant to Regulation 44.

28 Where candidature has expired under Regulation 27, it may be reinstated only as the outcome of a successful application to the Board of Graduate Studies (or delegate) for a (retrospective) extension of enrolment, or by successful appeal under Regulation 54 of a decision by the Board of Graduate Studies (or delegate) to decline an extension of enrolment (retrospective or otherwise).

29 Enrolment in the DMedSc programme is not possible where candidature remains expired under Regulation 27 or where a candidate withdraws from the programme under Regulation 47.

30 Termination of candidature under Regulation 48 is also termination of enrolment in the DMedSc programme for enrolled candidates.

31 Candidates who are required, pursuant to Regulation 44, to revise and resubmit their thesis for examination by the date specified by the Board of Graduate Studies (or delegate) are required to be enrolled for the duration of the period of revision of the thesis. The maximum duration of enrolment for revision and resubmission of a thesis pursuant to Regulation 44 is 12 months' full-time equivalent.

32 Candidates who wish to be absent from the University in pursuit of their research for more than one month during enrolment are subject to the doctoral off-campus research policy and procedures.

33 Candidates are subject to the Research Code of Conduct Policy and all University statutes, regulations, rules, policies and procedures relating to student conduct and obligations (academic or otherwise) for the duration of candidature.

34 Candidates may change the title of their thesis at any point prior to submission of the thesis for examination, subject to the approval of the Board of Graduate Studies (or delegate).

Fees

35 All fees required by and pursuant to the Fees Statute must be paid for the duration of enrolment in the DMedSc programme.

36 Tuition fees are not payable for any period during which enrolment has been suspended under Regulation 12.

37 a A candidate who withdraws from the DMedSc programme, or who has their candidature terminated, will receive a refund of one-twelfth of the tuition fee paid for the current doctoral year per each complete month of the period between the date of withdrawal from the programme or termination of candidature and the end of the current doctoral year.

b A candidate who submits their thesis will receive a refund of one-twelfth of the tuition fee paid for the current doctoral year per each complete month of the period between the date of submission and the end of the current doctoral year, provided the candidate has either:

(i) been enrolled for at least 12 months' full-time equivalent and submitted the thesis in accordance with Regulation 10

or

(ii) been enrolled for at least 36 months' full-time equivalent.

38 Graduation is not permitted until all outstanding monies owing to the University have been paid.

Submission

39 The thesis must be submitted in accordance with the doctoral thesis submission procedures – pre examination.

Examination

40 For each candidate, the Board of Graduate Studies (or delegate) will appoint two examiners, at least one of whom must be based outside New Zealand, in accordance with the doctoral appointment of examiners policy and procedures.

41 The examination for the DMedSc degree must be conducted in accordance with the doctoral examination procedures and/or, where the Board of Graduate Studies (or delegate) regards it as warranted, with the doctoral examination extraordinary circumstances and posthumous award procedures.

42 Except where a candidate is exempted pursuant to the doctoral examination extraordinary circumstances and posthumous award procedures, the DMedSc degree cannot be awarded where an oral examination has not taken place.

43 Where the Board of Graduate Studies (or delegate) determines, under the doctoral examination procedures, that a candidate will proceed to oral examination, the oral examination is to be held in accordance with the doctoral examination procedures and the doctoral oral examination procedures.

44 The Board of Graduate Studies (or delegate) will consider all examination reports and recommendations made pursuant to the doctoral examination procedures and determine the outcome of the examination.

Final Decision

45 The final decision as to the award of the DMedSc degree will be made by the Board of Graduate Studies (or delegate[s]), who may also be the decision-maker at Regulation 44.

46 The final examined and approved thesis must be submitted in accordance with the doctoral thesis submission procedures – post examination in order for the requirements of the DMedSc degree to be met.

Withdrawal from Programme

47 A candidate may withdraw from the DMedSc programme at any time by notifying the University in writing. Retraction of the programme withdrawal is not permitted.

Termination of Candidature

48 The Board of Graduate Studies (or delegate) may terminate the candidature of any enrolled or non-enrolled candidate on any one or more of the following grounds:

a failure to meet the requirements for confirmation of candidature pursuant to Regulation 26

b failure to meet the requirements for continuation of confirmed candidature pursuant to Regulation 26

c failure to satisfy conditions imposed on candidature pursuant to Regulation 26

- d failure to comply with candidature reporting requirements pursuant to Regulation 26
- e failure to complete or satisfactorily complete revisions to an examined thesis by the date required by the Board of Graduate Studies (or delegate)
- f failure to comply with the thesis submission procedures – post examination
- g failure to make payment of any tuition fees related to enrolment in the DMedSc by the due date.

Note: For the avoidance of doubt, termination of candidature pursuant to this Regulation 48 is permanent unless successfully appealed in accordance with Regulation 54.

- 49 Before the Board of Graduate Studies (or delegate) makes a decision as to termination of candidature pursuant to Regulation 48, the candidate will be given notice of termination proceedings and allowed fourteen calendar days to make a submission for the Board of Graduate Studies (or delegate) to take into account in making that decision.
- 50 Cancellation or prohibition of enrolment and/or candidature pursuant to any disciplinary statute of the University takes precedence over the provisions of these regulations.
- 51 a Where a candidate withdraws from the DMedSc programme, or has their candidature terminated, or fails to meet the requirements for the award of the degree, admission to a new DMedSc or other doctoral programme in a relevant subject at a later date will not normally be permitted.
- b A person who withdraws from any relevant doctoral programme or has a relevant doctoral candidature terminated (or equivalent), or who fails to meet the requirements for the award of a doctoral degree in a relevant subject, will not normally be admitted to the DMedSc except in accordance with the doctoral transfer policy and procedures.
- c Relevance at 51a and b, and equivalence at 51b, are determined by the Board of Graduate Studies (or delegate).

Variations

- 52 In exceptional circumstances, the Board of Graduate Studies (or delegate) may approve a variation to the policies, procedures and regulations for DMedSc candidature, except where variation of a national or government directive or requirement is involved.

Appeals

- 53 Candidates may appeal decisions made by the Board of Graduate Studies (or delegate) pertaining to extension and suspension of enrolment, subject to the doctoral candidature appeal procedures.
- 54 A former candidate may appeal the decision made by the Board of Graduate Studies (or delegate) to terminate candidature or to decline an extension of enrolment, subject to the doctoral candidature appeal procedures.
- 55 Appeals as to extension and suspension of enrolment and termination of candidature will be determined in accordance with the doctoral candidature appeal procedures.
- 56 Candidates and former candidates may appeal the outcome of a DMedSc examination only on the grounds that the result was materially impacted by a procedural flaw in the examination process, and subject to the doctoral examination appeal procedures.
- 57 Appeals as to examination will be determined in accordance with the doctoral examination appeal procedures.

Dispute Resolution

- 58 Disputes are to be resolved according to the Resolution of Student Academic Complaints and Disputes Statute.
- 59 Any matter that has been, could have been or could be appealed under the provisions of Regulation 53 or 54 or 56 is precluded from consideration as a dispute under Regulation 58.

Further provisions

- 60 a The DMedSc programme is subject to the Limitation of Entry Statute.
