INTRODUCTION

Welcome to the University of Auckland. This *Calendar* is the official publication of the University and includes academic statutes and regulations governing admission, enrolment, fees and examinations. The *Calendar* sets out requirements for degrees, diplomas and certificates and lists the approved courses offered by the University. It also provides key information about the University and its staff. Calendar regulations and requirements for each faculty's degrees, diplomas and certificates as well as approved courses may be found online in the University's Curriculum Catalogue.

The Academic Year

The academic year at the University of Auckland is divided into two semesters. Each semester covers a period of about 15 weeks comprising approximately 12 teaching weeks followed by three weeks for study and examination. The first semester usually starts at the beginning of March and the second semester in mid-July. Each semester has a mid-semester break which lasts for one to two weeks. During the three weeks after lectures conclude, there is a period of study followed by the examinations for courses studied during that semester. There is a three-week inter-semester break during which results will be published and any further admissions and enrolments processed. A small number of specialist courses may be taught during the inter-semester break. A Summer School operates for six weeks from the beginning of January. A limited number of courses are offered during Summer School. Some programmes are offered in quarters rather than semesters, comprising approximately 10 teaching weeks followed by one week for study and examinations. Additionally, a range of masters programmes are available for commencement in November, including fully-online options offered as part of the University of Auckland Online initiative.

The Points System

The value allocated to each course is standardised and is given as a number of points, based on the notional hours of learning required for the course. A full-time programme will usually require the completion of eight 15-point courses a year. Most taught courses are offered in values of 15 and 30 points. For instance, the programme for many bachelors degrees requires the completion of a total of 360 points. The points value for masters degrees, diplomas and certificates varies according to the discipline and content. Full details are listed in the regulations.

Planning a Programme

Assistance with programme planning for current students is available online through the My Programme Requirements report. This report outlines the academic requirements for a programme of study and provides an individualised report comparing a student's progress towards completion against the requirements. It indicates where requirements have been met, which requirements have yet to be completed and the points required. Students are able to enrol directly from the report into courses available for the programme.

Students can also enrol into classes via Timetable Planner. This tool allows students to view potential timetable options, as well as adding preferences such as work or study gaps.

Students planning a programme may also consult faculty and departmental handbooks where available, and seek advice about programmes and course options through the University website or one of our Student Hubs. Intending students may also phone 0800 61 62 63 or visit www.auckland.ac.nz for general advice and information.

Regulations and requirements for each faculty's degrees, diplomas and certificates may be found on the University's Curriculum Catalogue. It is important that students read the regulations for the programme they plan to take and ensure that they complete the prerequisites required for subsequent study. In addition, there is a range of Interfaculty and Conjoint degrees which are administered and supervised across the faculties.

Admission and Enrolment

The University of Auckland has an online system for admission and enrolment. All new students, and those intending to change their programme, should complete the online Application to Study (www.auckland.ac.nz/apply_now).

Students without internet access can obtain an application form by phoning 0800 61 62 63 or visiting one of our Student Hubs.

Applicants whose admission to a programme is approved will receive an offer of a place and on acceptance of this offer may proceed to enrol in courses.

Official Communications to Students

Email is the official and primary means of communication with students. All official email to a student will be sent to a student's University email address (username@aucklanduni.ac.nz). If the student wishes to forward messages to other addresses it is their responsibility to ensure the alternative address is in place and operating correctly. Failure to read an email does not free a student from their responsibilities to understand and comply with the University's requirements.

GLOSSARY OF TERMS

Note: The descriptions below are not intended to be legal definitions. The Regulations in the Calendar should also be referred to when interpreting these terms.

Academic English Language Requirement (AELR): A specified level of attainment in English studies in NCEA, CIE, IB or equivalent required for bachelors degrees; if admitted without meeting this requirement students may satisfy it in their first year of study by passing a specified undergraduate course in academic English.

Academic Head: A person appointed to an academic leadership position with responsibility for managing a school or department.

Academic Integrity Course: An online course designed to increase student knowledge of academic integrity, University rules relating to academic conduct, and the identification and consequences of academic misconduct.

Academic Standing: A means of measuring a student's academic performance each semester. Students are required to pass at least 50 percent of points enrolled in a semester to maintain good academic standing. Graduated academic sanctions apply to students failing to meet this requirement.

Academic Year and Academic Year Term: The academic year begins on the first day of January and ends on the last day of December in the same calendar year. Teaching is generally conducted over semesters and quarters. The academic year term covers the same period but offers more flexible enrolment options for shorter periods of study.

Ad Eundem Statum: A means of admission to the University on the basis of a qualification awarded by a body other than the New Zealand Qualifications Authority or the University of Auckland.

Admission: The process by which a student applies, and is approved, for entry to the University and to a University qualification.

Alumni: A term describing graduates of the University and staff who have worked for the University.

Applicant: A prospective student who has applied for admission to a programme at Waipapa Taumata Rau, University of Auckland.

Bachelors degree: An undergraduate degree awarded by the University. May also be referred to as a first degree. The degree must have a total value of at least 360 points and contain a minimum of 72 points (0.6 EFTS) at NZQCF level 7 (Stage III).

Bachelors honours degree: Can be either an integrated degree combining both undergraduate and postgraduate study, usually requiring four years of full-time study, or a one-year postgraduate degree completed after a bachelors degree. In both cases, it requires the completion of at least 120 points of postgraduate level study including a research component of at least 30 points.

Campus: A geographic location where University of Auckland qualifications are delivered.

Certificate: A qualification awarded after academic study of a coherent programme of between 60 and 120 points.

Certificate of Proficiency: Recognises successful completion of a course by those who are not enrolled in a degree or diploma.

Class: A component of a course, e.g., a lecture stream.

Clinic: Student learning is primarily through the practice (or quasi-practice environment) and use of techniques for treating clients or patients. Assessment of student activities covers observation, interviewing, diagnosis, treatment, etc. E.g. medical or nursing clinical practice courses.

Committee on University Academic Programmes (CUAP): A committee of Universities New Zealand on which all universities are represented, plus a student representative. CUAP undertakes programme approval and moderation procedures for New Zealand universities, as well as providing advice and comment on academic matters and developments across the university system.

Completing student: A student whose current enrolment is designed to complete a certificate, diploma or degree.

Component Degree: One of the qualifications that make up a Conjoint Degree. A Conjoint Degree will always include two component degrees. A student is awarded both component degrees on completion of the conjoint programme.

Concurrent teaching: Occurs when students who are enrolled for courses at different levels within qualifications attend some or all of the same classes. This is different from the situation where students enrol in a course at a higher level than might be expected and attend classes with more advanced students.

Conjoint Degree: Allows the completion of two undergraduate degrees (component degrees) in a shorter timeframe and with fewer points than would be possible through enrolling in them separately. Requires a minimum academic standard for admission and for continuation each year. While students are admitted to a Conjoint Degree, they are awarded two separate qualifications.

Core courses: Compulsory courses that cover knowledge and/or skills essential for the completion of a programme of study.

Corequisite course: A course that should be taken in the same semester as another unless it has previously been satisfactorily completed.

Council: The governing body of the University. It is composed of elected staff, students and graduates, and external appointees.

Course: A basic component of all academic programmes, it comprises structured study on a particular topic normally delivered across one or two terms. Completion

of a qualification normally requires the completion of multiple courses.

Course prescriptions: A list of courses including course code, title, points value, description of content, prerequisites, corequisites and restrictions.

Coursework: Assessable work produced by students, normally submitted during teaching weeks, e.g., essays, assignments, reports, tests, creative or performance works, and practical, tutorial and seminar work.

Credit: May refer both to the points value of a course or qualification and to the recognition of study completed in another qualification or at another institution, e.g. cross credit or transfer credit.

Cross-credit: A course which is common to two University of Auckland undergraduate diplomas or bachelors degrees and is credited to both.

Cumulative Grade Point Average (Cumulative GPA): Calculated from all grades achieved by a student. May be used for selection purposes in some cases.

Current enrolment: Courses or other work taken by a student in the current academic year, quarter or semester.

Degree: Principal qualification awarded by the University of Auckland, i.e., bachelors, masters and doctoral degrees.

Department: A division of a faculty centred around a subject or group of related subjects.

Diagnostic English Language Needs Assessment (DELNA): Designed to assess the academic English language skills of incoming students to facilitate access to support. All students should do DELNA at the beginning of their studies. Some degrees require it.

Diploma: A University qualification, which may be awarded at undergraduate or postgraduate level.

Direct entry: Entry into a higher level of a subject or the later part of a degree without completion of the normal prerequisites.

Discipline: A branch of knowledge which is researched and taught at the University.

Dissertation: A written research component of a degree or diploma worth between 60 and 80 points.

Distinction: Postgraduate degrees and postgraduate diplomas may be awarded with Distinction to signify a highly superior level of performance.

Doctoral degree: A qualification at an advanced level requiring an original contribution to knowledge.

Electives: A defined set of courses for a diploma or degree from which a student may make a choice.

End of lectures: The final day of the final teaching week of an academic term. The final lecture for a particular course might occur before this day.

Enrolment: The process by which a student, having gained admission to the University and to a qualification, selects and gains entry to courses and classes.

Equivalent full-time student (EFTS): The unit on which Student Achievement Component (SAC) funding for tuition is negotiated between the University and the Tertiary Education Commission (TEC).

Equivalent prior study: The alternative study and the related standard that must be achieved for admission to a programme.

Examination: Formal assessment under supervision occurring after the teaching in a course has been completed.

Exit qualification: A qualification, usually of a lesser credit value, that can be awarded to a student when they are unable to or choose not to complete the qualification in which they are or have been enrolled. A student may not commence study towards an exit qualification. It is only awarded following prior enrolment in an alternative qualification.

Faculty: An organisational unit responsible for the delivery of academic programmes and research. Faculties usually comprise a number of schools or departments.

Field studies: Learning or investigation is primarily carried out in the field rather than in a classroom or laboratory. Field work courses tend to be in archaeology and geography.

Flexible learning: Learning characterised by a mixed mode of delivery and assessment of instructional material.

Future17: A multi-institutional and multidisciplinary global education initiative. It is a 15-point course requiring approximately 150 hours of work, as for a stage three undergraduate course. Successful participants receive credit towards their University of Auckland programme of study.

General Education: General Education courses are identified by a 'G' after the course number and are listed in the General Education Schedules.

Generative pre-trained transformer (GPT): Used in chatbots such as ChatGPT, a GPT can generate natural language answers to prompts when trained on a large language model (LLM). Use within academic coursework may be at the discretion of faculties.

Grade Point Average (GPA): A means of measuring a student's performance at this University. The average grade achieved over a period of time expressed numerically on a scale between 0 (no passes) and 9 (A+ average).

Grade Point Equivalent (GPE): A means of measuring a student's prior relevant academic performance and experience from another institution. Grades or marks achieved at external institutions and/or in examinations (such as NCEA) expressed as an equivalent to a Grade Point Average on the scale 0–9.

Graduand: A person who has completed the requirements for a degree but has not yet had the degree conferred.

Graduate: A person on whom a degree has been conferred.

Graduate certificate: A qualification open to graduates or to those who have been able to demonstrate equivalent practical, professional or scholarly experience of an appropriate kind, comprising a coherent programme with a total value of not fewer than 60 points, 40 of which (0.33 EFTS) must be at NZQCF level 7 (Stage III) or higher.

Graduate diploma: A qualification normally open to graduates or to those who have been able to demonstrate equivalent practical, professional or scholarly experience

of an appropriate kind, comprising a coherent programme with a total value of not fewer than 120 points. Of these, 72 points (0.6 EFTS) must be at NZQCF level 7 (Stage III) or higher.

Honours: Degrees, in some cases completed within prescribed time limits, may be awarded with honours which signify advanced or distinguished study. A programme must include a minimum 30-point research component for students to be eligible for honours.

Interfaculty programme: A programme where responsibility for development and delivery is formally shared by more than one faculty, or a programme which was developed for the purpose of being made available to a broad range of students not necessarily associated with a specific faculty, and usually managed centrally.

Invigilated examination: The process of physical or online monitoring of an examination to ensure that students do not indulge in unfair means that can hamper the integrity of an examination.

Laboratory: A teaching session of a practical nature, which includes demonstration, supervised exercises and hands-on activities. E.g. science laboratory, computer laboratory.

Late Year Term: A period of about 12–13 weeks used for teaching or research. It starts on 1 December and finishes on the last Saturday before the beginning of the first semester of the following academic year.

Lecture: A basic unit of instruction.

Level: The academic level of study in a subject, that relates to a level on the NZQCF. May also be referred to as Stage in undergraduate qualifications.

Limited entry: Applied to a course or programme for which the number of students that can be accepted is limited because of constraints on staffing, space or equipment.

Major: A required component of a bachelors degree, including a specified number of points in a subject at the most advanced level.

Masters degree: A degree programme at a higher level than a bachelors degree that meets specific requirements, including at least 40 points of study at NZQCF level 9.

Maximum full-time enrolment: 80 points per semester, 30 points in Summer School, 45 points per quarter or 60 points in Late Year Term.

Merit: Postgraduate degrees and postgraduate diplomas may be awarded with Merit to signify a superior level of performance.

Micro-credential: A stand-alone unit of study of between 5 and 40 points that certifies the achievement of a specific set of skills and knowledge and has demonstrable support from relevant industries, employers or communities.

Minimum full-time enrolment: 50 points per semester, 25 points in Summer School, 25 points per quarter or 50 points in Late Year Term.

Minor: A component of a degree including a specified number of points above Stage I in a subject.

Mode of Examination: The way an examination is carried out, including paper-based or digital (computer-based

or online) delivery. Examinations in digital modes may be completed as invigilated or non-invigilated examinations.

Module: 45 points focused on a particular skill or area of study. Restricted to undergraduate degrees.

New Start: Provides part-time University preparation courses for adults over the age of 20 who need skills and confidence to undertake academic study.

New Zealand Qualifications Authority (NZQA): The government agency that administers the National Certificates of Educational Achievement (NCEA) qualifications for secondary school students, and is responsible for the quality assurance of non-university tertiary training providers in New Zealand.

New Zealand Qualifications and Credentials Framework (NZQCF): A national framework that provides a hierarchy of levels of knowledge and skills that describe what graduates of qualifications know and can do, along with the characteristics of learning at each level. All secondary and tertiary qualifications and credentials approved by NZQA or Universities New Zealand are listed on the NZQCF.

Nominee: An individual who has been delegated authority from the Dean or Academic Head, for example, to grant approvals with regard to a particular process, e.g. concession requests.

Normal full-time study: A student workload of 120 points in one year.

Online campus: Where the teaching occurs online without the requirement to attend on-campus classes. Communication between teachers and students is via a learning management system and email and reliable internet access is required.

Online study: Courses or programmes that are specifically developed for delivery online and do not require students to attend the University in person.

Part: A defined subdivision specified in the regulations of some degrees.

Plussage: A method of calculating the final result a student has gained in a course by counting either the final examination grade or a combination of final examination grade plus coursework, whichever is to the student's advantage.

Point(s): A value assigned to a course or other work to indicate its weighting within the University of Auckland's certificates, diplomas and degrees. May be referred to as credit(s) at other institutions.

Postgraduate: A student studying towards a postgraduate programme. May also refer to the programme itself. Represents study at levels 1–7 on the New Zealand Qualifications and Credentials Framework (NZQCF).

Postgraduate certificate: A qualification that builds on attainment in the prior degree, normally open to graduates or to those who have been able to demonstrate equivalent practical, professional or scholarly experience of an appropriate kind, comprising a coherent programme with a total value of at least 60 points. The courses or other work prescribed must be higher than NZQCF level 7 (300-level).

Postgraduate diploma: A qualification that builds on attainment in the prior degree, normally open to graduates or to those who have been able to demonstrate extensive practical, professional or scholarly experience of an appropriate kind, comprising a coherent programme with a total value of at least 120 points. The courses or other work prescribed must be in advance of NZQCF level 7 (300-level).

Postgraduate programme: A programme at a higher level than a bachelors degree that is normally open to graduates or in some circumstances to applicants who have demonstrated an equivalent level of preparation. Represents study at levels 8–10 on the New Zealand Qualifications and Credentials Framework (NZQCF).

Practicum: The student applies previously acquired knowledge and skills in a supervised situation which approximates the conditions under which the knowledge/skills may ultimately be used in employment. E.g. practice teaching, practicums, internships.

Prerequisite: A requirement that must be met before commencement of study for a particular course or programme.

Prescribed texts: Textbooks which are considered essential to a course.

Proctor: A staff member who deals with non-academic misconduct and disputes involving students. The Proctor can also provide advice on disputes involving a member of staff.

Programme: A prescribed set of one or more courses or other work which on satisfactory completion leads to the award of a University of Auckland certificate, diploma or degree.

Programme Grade Point Average (Programme GPA): A grade point average calculated using all the courses that are assigned to a student's programme. Often used for selection to postgraduate programmes at the University.

Programme schedule: A list of the courses prescribed for a programme which forms part of the regulations.

Project: A piece of investigative written work on an approved topic.

Quarter: A period of about 11 weeks which usually includes 10 teaching weeks and an additional week for study and examinations.

Qualification: An approved programme of study (degree, diploma or certificate) that students enrol in at the University. Qualifications vary in level and duration and represent a specific level of achievement and learning in a particular field. A student is awarded the qualification upon successful completion of their programme of study.

Reassigned course: A course satisfactorily completed for one programme which has been transferred to another programme.

Recognition of Prior Academic Study (ROPAS): A means of assessment of previous study for applicants from another institution for admission or credit to the University.

Regulation: A rule set down by the University.

Research essay: A research-based essay on an approved topic, normally worth up to 30 points.

Research Masters: A research-based programme of study that includes either a 90 or 120 point thesis or research portfolio.

Research portfolio: A coherent, integrated programme of research-based work, normally worth 90 or 120 points.

Research project: A piece of research-based work on an approved topic, normally worth between 30 and 60 points.

Restriction (restricted course): A course in which the learning objectives, content and/or assessment are so similar to a second course that a student cannot be enrolled in or be credited with both courses towards a certificate, diploma or degree. In some cases, a restricted course may be taken and credited as a Certificate of Proficiency.

Schedule: University lists of courses, credits or limitations, often in tabular form.

School: A division of a faculty, which may comprise departments or disciplines that teach and research similar or related academic subjects.

Semester: A period of about 15 weeks which includes about 12 teaching weeks and about three weeks for study and examinations. In addition there is a mid-semester break of up to two weeks.

Seminar: Instruction is primarily through small group teaching for small groups of students, focusing each time on a particular subject. All students are required to actively participate. Seminars can include dialogue with a seminar leader or instructor, or the more formalised presentation of research by participants.

Senate: The academic committee established by Council under section 18(2) of Schedule 11 to the Education and Training Act 2020. It includes all the professors, as well as representatives of sub-professorial staff, professional staff and students.

Session: Time period usually within a term but may start or finish before or after the standard term dates. A term may have multiple sessions.

Short course: A non-credit bearing learning activity designed to provide knowledge and skills in a specific area, often for professional development or personal interest. Lasting up to several weeks, short courses can be taken online, on-campus or through a combination of both.

Specialisation: A programme of related courses normally comprising more than 50 percent of a qualification.

Stage: The academic level of study in a subject, that relates to the level on the NZQCF.

Studio: A method of instruction which focuses on learning through action and developing an assessable creative and/or design process, performance or product. E.g. dance/music composition or performance, fine arts, architectural design studios.

Subject: An area of learning which may be provided by a school or a department, or by departments offering related courses.

Summer School: A six-week period at the commencement of the academic year during which a select range of courses is taught and assessed.

Summer Start: A six-week programme for domestic and international school leavers to transition into university study and complete one course towards their degree before the start of Semester One.

Syllabus Plus: The University's timetabling and room booking system. The Syllabus Plus year begins on the Monday of the week which includes 1 January; e.g. if 1 January falls on a Wednesday, then the Syllabus Plus year will begin on Monday 30 December.

Taught Masters: A programme of study that is normally based on an undergraduate degree and includes coursework consisting of courses, project work and research in varying combinations. Masters degrees that build on generic attributes and/or experience (often called 'conversion masters') are usually in professional fields and are recognised as appropriate professional preparation by the industry concerned.

Term: A broad reference to a period of enrolment such as a semester, quarter or session.

Test: A controlled assessment that would ordinarily be conducted in an invigilated setting at a specified time outside of the examination period, that counts towards the final grade of the course, and is time-limited.

Thesis: A research component of a postgraduate programme having a value of 90 or 120 points which will have a written component but may also include design, creative or performative elements.

Transfer credit: Credit granted towards a University of Auckland qualification from work successfully completed at another tertiary institution.

Tutorial: A small group-learning session. Learning is primarily through less formal, smaller regular classes in which material from lectures and readings can be discussed in more detail.

Undergraduate: A person studying towards a first degree. May also refer to the level of a qualification, usually being a bachelors degree or certificate or diploma. Represents

study at levels 1–7 on the New Zealand Qualifications and Credentials Framework (NZQCF).

Undergraduate course: A course at Stage I–V taken as part of an undergraduate academic programme. Represents study at levels 1–7 on the New Zealand Qualifications and Credentials Framework (NZQCF).

Undergraduate Targeted Admission Schemes (UTAS): Admission schemes designed to improve access into higher education for students from under-represented equity groups.

Universities New Zealand — Te Pūkai Tara: A statutory body responsible for the quality assurance of qualifications in New Zealand universities.

Unspecified campus: Applies to courses where the teaching occurs through scheduled face-to-face interactions on sites that are not recognised University of Auckland campuses. Examples include the provision of courses where the course material is delivered in local work-related environments.

Waipapa Taumata Rau (WTR) course: A 15-point requirement for some undergraduate students in their first year of study. Each course provides a foundational understanding of knowledge systems relevant to that faculty and the significance of place-based knowledge including Te Tiriti o Waitangi. It delivers essential skills and capabilities including communication and collaborative skills and critical and ethical thinking to ensure success as students transition into University, move through their degrees, and enter the workplace.

Workshop: Presentation of themes and concepts related to a course on an ongoing basis. May involve practical learning activities, discussion, interaction and debate.

2026 Semester and Quarter Dates

Quarter dates apply only to programmes that are offered in quarters.

Semester Dates

Summer Start	
Summer Start	Monday 5 January – Wednesday 18 February
Kura Raumati Summer School (Semester code: 1260)	
Summer School begins	Monday 5 January
Auckland Anniversary Day	Monday 26 January
Waitangi Day	Friday 6 February
Lectures end	Friday 13 February
Study break	Saturday 14 February
Examinations	Monday 16 – Wednesday 18 February
Summer School ends	Wednesday 18 February
Wehenga Tahi Semester One (Semester code: 1263)	
Semester One begins	Monday 2 March
Tai Tokerau graduation	Tuesday 10 March
Mid-semester break/Easter	Friday 3 – Friday 17 April
ANZAC Day	Monday 27 April
Graduation	Monday 4 – Thursday 7 May
King’s Birthday	Monday 1 June
Lectures end	Friday 5 June
Study break	Monday 8 – Wednesday 10 June
Examinations	Thursday 11 – Monday 29 June
Semester One ends	Monday 29 June
Inter-semester break: Tue 30 June – Fri 17 July (Matariki: Friday 10 July)	
Wehenga Rua Semester Two (Semester code: 1265)	
Semester Two begins	Monday 20 July
Mid-semester break	Monday 31 August – Friday 11 September
Graduation	TBC
Lectures end	Friday 23 October
Labour Day	Monday 26 October
Study break	Tuesday 27 – Wednesday 28 October
Examinations	Thursday 29 October – Monday 16 November
Semester Two ends	Monday 16 November
Graduation (FMHS)	TBC
Late Year Term (Semester code: 1267)	
Late Year Term begins	Monday 1 December
Late Year Term ends	Saturday 27 February 2027
Summer Start 2027	
Summer Start	Wed 6 January – Wed 17 February 2027
Kura Raumati Summer School 2027 (Semester code: 1270)	
Summer School	Wed 6 January – Wed 17 February 2027
Wehenga Tahi Semester One 2027 (Semester code: 1273)	
Semester One begins	Monday 1 March 2027

Quarter Dates

Quarter One (Semester code: 1262)	
Quarter One begins	Monday 12 January
Auckland Anniversary Day	Monday 26 January
Waitangi Day	Friday 6 February
Tai Tokerau graduation	Tuesday 10 March
Quarter One lectures end	Friday 20 March
Quarter One study break	Monday 23 – Friday 27 March
Quarter One examinations	Saturday 28 March
Quarter One ends	Saturday 28 March
Quarter Two (Semester code: 1264)	
Easter break	Friday 3 – Tuesday 7 April
Quarter Two begins	Monday 13 April
ANZAC Day	Monday 27 April
Graduation	Monday 4 – Thursday 7 May
King’s Birthday	Monday 1 June
Quarter Two lectures end	Friday 19 June
Quarter Two study break	Monday 22 – Friday 6 June
Quarter Two examinations	Saturday 27 June
Quarter Two ends	Saturday 27 June
Quarter Three (Semester code: 1266)	
Quarter Three begins	Monday 6 July
Matariki	Friday 10 July
Quarter Three lectures end	Friday 11 September
Quarter Three study break	Monday 14 – Friday 18 September

2026 Closing Dates for Admission

Closing Dates for Applications for Admission to Undergraduate and Postgraduate Programmes

Applications to the University of Auckland must be received no later than the dates listed in the table below. Applications received after these dates will only be considered if places remain and there is sufficient time to process applications before the start of the term. The following information should be read in conjunction with the Academic Statutes and Regulations. Not all programmes are available for admission in all semesters or quarters.

Semester/Quarter	Date	Programme
Summer School	1 December 2025	All programmes not otherwise specified
	8 December 2025	All programmes not otherwise specified
Semester One	1 July 2025	Bachelor of Medical Imaging (Honours)
		Bachelor of Medicine and Bachelor of Surgery
		Bachelor of Optometry
		Bachelor of Pharmacy
		Master of Audiology
		Master of Health Sciences in Nutrition and Dietetics
	1 October 2025	Master of Energy
		Master of Nursing Science
		Master of Physiotherapy Practice
		Master of Speech Language Therapy Practice
	15 October 2025	Postgraduate Diploma in Applied Psychology
		Master of Applied Behaviour Analysis
	1 November 2025	Bachelor of Medical Science (Honours)
		Bachelor of Nursing (International applicants)
		Bachelor of Science (Honours) in Psychology (Preparatory Clinical Psychology pathway only)
		Postgraduate Diploma in Clinical Psychology
		Postgraduate Diploma in Counselling Theory
		Postgraduate Diploma in Forensic Science
		Postgraduate Diploma in Health Psychology
		Master of Clinical Exercise Physiology
		Master of Counselling (240 points)
		Master of Science in Forensic Science
		Doctor of Clinical Psychology
	25 November 2025	Master of Organisational Psychology
	1 December 2025	Bachelor of Laws Part II
		Bachelor of Science (Honours) in Psychology
		Graduate Diploma in Teaching (Early Childhood Education)
		Graduate Diploma in Teaching (Primary)
		Graduate Diploma in Teaching (Secondary)
		Postgraduate Diploma in Science in Psychology
		Master of Health Psychology
		Doctor of Education
	15 December 2025	Bachelor of Education (Teaching)
	31 January 2026	Bachelor of Early Childhood Studies
		Bachelor of Education (Teaching English to Speakers of Other Languages)
	19 February 2026	Master of Professional Supervision
		Master of Professional Supervision Practice
	27 February 2026	Bachelor of Sport, Health and Physical Education
Academic Year Term	23 January 2026	(Online) Graduate Diploma in Teaching (Early Childhood Education)
		(Online) Graduate Diploma in Teaching (Primary)
	31 January 2026	(Online) Graduate Diploma in Teaching (Secondary)

Semester/Quarter	Date	Programme
Semester Two	4 July 2026	All programmes not otherwise specified
	8 June 2026	International applications for postgraduate sub-doctoral programmes not otherwise specified
	3 April 2026	Master of Energy
	8 April 2026	Master of Creative Writing
	1 June 2026	(Online) Graduate Diploma in Teaching (Primary)
Late Year Term	11 November 2026	All programmes not otherwise specified
	24 October 2026	Master of Information Technology
		Postgraduate Certificate in Information Technology
Quarter One	1 November 2025 (International applicants)	All programmes not otherwise specified
	1 December 2025 (Domestic applicants)	All programmes not otherwise specified
Quarter Two	1 February 2026 (International applicants)	All programmes not otherwise specified
	1 March 2026 (Domestic applicants)	All programmes not otherwise specified
Quarter Three	1 May 2026 (International applicants)	All programmes not otherwise specified
	4 June 2026 (Domestic applicants)	All programmes not otherwise specified
Quarter Four	1 July 2026 (International applicants)	All programmes not otherwise specified
	1 August 2026 (Domestic applicants)	All programmes not otherwise specified
Semester One 2027	7 December 2026	International applications for postgraduate sub-doctoral programmes not otherwise specified
	1 July 2026	Bachelor of Medical Imaging (Honours)
		Bachelor of Medicine and Bachelor of Surgery
		Bachelor of Optometry
		Bachelor of Pharmacy
		Master of Audiology
		Master of Health Sciences in Nutrition and Dietetics

Admission to the University of Auckland

The University of Auckland has an online system for admission and enrolment. All new students, and those intending to change their programme in 2026, are required to complete an Application for Admission. This may be completed online at www.auckland.ac.nz/apply_now.

If students do not have internet access, Application for Admission forms are available by phone, by mail or in person from:

Phone:

Auckland: (09) 923 5025

Outside Auckland: 0800 61 62 63

International: +64 9 373 7513

Student Hub, City Campus

Te Herenga Mātauranga Whānui | General Library

Building 109, 5 Alfred Street, Auckland

Hours: Monday to Friday 8am–8pm Saturday and Sunday 9am–5pm

Student Hub, Grafton Campus

Te Herenga Hauora | Philson Library

Building 503, Level 1 (entry via the Atrium, Building 505), 85 Park Rd, Grafton

Hours: Monday to Friday 8am–8pm Saturday and Sunday 9am–5pm

Student Hub, Te Papa Ako o Tai Tonga

6 Osterley Way, Manukau

Hours: Monday to Friday 8am–8pm Saturday and Sunday 9am–5pm

Student Hub, Te Papa Ako o Tai Tokerau

L Block, 13 Alexander Street, Whangarei

Hours: Monday to Friday 8am–4.30pm and Saturday 10am–4pm, Sunday closed

All Applications for Admission will be acknowledged. Applicants will receive an offer of a place in programmes (degree, diploma or certificate) for which their admission is approved. **This offer of a place must be accepted online before the student can proceed to enrol in courses.**

Undergraduate

Applications to the University of Auckland must be received no later than the published closing date. Applications received after the closing date will only be considered on the basis of academic merit, if there are places available. International students should start the application process as early as possible to allow sufficient time to apply for a visa.

Postgraduate

Applications for Semester One submitted after 8 December will only be considered if places are available. Applications for Semester Two submitted after 4 July will only be considered if places are available. International students should start the application process as early as possible to allow sufficient time to apply for a visa.

Doctoral

Doctoral applications may be submitted at any time of the year (excluding the Degree of Doctor of Clinical Psychology and the Degree of Doctor of Education).

Summer School

No late applications will be accepted.

Special Admission

Applications to the University of Auckland must be received no later than the published closing date and no later than 1 December. Applications received after 1 December will only be considered if places are available.

2026 Enrolment Dates

Students should enrol as soon as possible after accepting an offer of a place, as many University of Auckland courses are very popular and have a limited number of places available.

Enrolment Opening Date

2026 Enrolment opening date
3 November 2025

Enrolment Closing Dates

Note: Students should aim to have completed their enrolment by the following dates. Students can still enrol after these dates, and before the Deadline for changes to enrolment, if there are still places available in the courses.

Semester/Quarter	Enrolment closing dates
Summer School courses	1 January 2026
Semester One courses	25 February 2026
Double-semester courses (A and B) – Semester One start	25 February 2026
Semester Two courses	15 July 2026
Double-semester courses (A and B) – Semester Two start	15 July 2026
Late Year Term courses	26 November 2026
Quarter One courses	7 January 2026
Quarter Two courses	8 April 2026
Quarter Three courses	1 July 2026
Quarter Four courses	23 September 2026

Deadlines for Changes to Enrolment

For further information on changes to enrolment see the Enrolment and Programme Regulations, Changes to Current Enrolment.

Semester/Quarter	Deadline for adding courses	Deadline for deleting courses with refund of fees	Deadline for withdrawing from or substituting courses
Summer School courses	12 January 2026	12 January 2026	6 February 2026
Semester One courses	13 March 2026	13 March 2026	15 May 2026
Double-semester courses (A and B) – Semester One start	13 March 2026	1 April 2026	2 October 2026
Semester Two courses	31 July 2026	31 July 2026	2 October 2026
Double-semester courses (A and B) – Semester Two start	31 July 2026	19 August 2026	14 May 2027
Late Year Term courses	10 December 2026	10 December 2026	5 February 2027
Quarter One courses	23 January 2026	23 January 2026	6 March 2026
Quarter Two courses	24 April 2026	24 April 2026	5 June 2026
Quarter Three courses	17 July 2026	17 July 2026	28 August 2026
Quarter Four courses	9 October 2026	9 October 2026	20 November 2026

2026 Programme Start Dates

A programme will normally start on the first day of the semester, term or quarter for which a student has been admitted, as listed in the 2026 Semester and Quarter Dates. Exceptions to this, known at time of publication, are given below.

Non-standard programme start dates

Programme	Start Date
Semester One	
Bachelor of Medicine and Bachelor of Surgery Part II	23 February 2026
Graduate Diploma in Teaching (Early Childhood Education) (online only)	19 January 2026
Graduate Diploma in Teaching (Primary) (on campus and online)	19 January 2026
Graduate Diploma in Teaching (Secondary) (on campus and online)	19 January 2026
Master of Nursing Science	19 January 2026
Master of Physiotherapy Practice	2 February 2026
Master of Science in Speech Science (240 points)	9 February 2026
Master of Speech Language Therapy Practice	9 February 2026
Postgraduate Diploma in Obstetrics and Medical Gynaecology	9 February 2026
Postgraduate Diploma in Science in Speech Science	9 February 2026
Semester Two	
Graduate Diploma in Teaching (Primary) (on campus and online)	21 July 2026
Late Year Term	
Master of Information Technology (240 points)	9 November 2026
Postgraduate Certificate in Information Technology	9 November 2026

WAIPAPA TAUMATA RAU, UNIVERSITY OF AUCKLAND

Arms of the University of Auckland

Heraldic description

The shield is azure (blue) with an argent (silver) mullet (five-pointed star). Between the stars is an open book 'proper' i.e. in its natural colours. The edge of the book and the binding are gold ('Or') and it is bound with seven gold clasps on either side, which close the book securely. Its 'chief' (broad strip at the top of the shield) is wavy, that is the base of the chief is in a wave-like line. The chief is argent and on it are three kiwis 'proper', meaning they are shown in their natural colour.

Symbolism

The open book together with the motto 'Ingenio et Labore', freely translated as 'by natural ability and hard work', reflects the aim of the institution and, combined with the three stars, expresses the idea of learning pursued under the Southern Hemisphere sky. The kiwis are indicative of New Zealand, as the bird is confined to its islands, and the silver wavy chief upon which they are set directs attention to the fact that Auckland is on the coast.

The shield, minus the ribbon containing the Latin motto (called the Crest), is used in combination with wordmark and graphic elements to form the University logo. Guidelines for the logo are prescribed in the University's Style Guide.

University of Auckland Act 1961

The University of Auckland was established under the University of Auckland Act 1961.

The full text of the University of Auckland Act can be found by visiting www.legislation.govt.nz and typing the name of the Act into the search box.

History of Waipapa Taumata Rau, University of Auckland

University of New Zealand

As early as 1862 an unknown writer, "J.G.", proposed in *Chapman's New Zealand Monthly Magazine* that a university should be established in Auckland. The pioneer town, founded less than a quarter of a century before, had other more pressing issues and initially there was no response to the suggestion. Consequently, the first university, Otago, was created in 1869 in the South Island, where the inhabitants were wealthier and keener on education.

In 1870, Parliament passed legislation to create the University of New Zealand as an examining body with affiliated teaching colleges. Auckland politician Maurice O'Rorke, later Speaker of the House of Representatives, advocated that the University be located in Auckland but it was established as a federal body with no fixed location. Canterbury, which had been planning to create a university, became the first place to open a college of the new federal university, in 1873.

The citizens of Auckland at first received university instruction at the Auckland Grammar School. Students sat the examinations of the University of New Zealand. In 1877, one of these students, Kate Edger, became the first woman to graduate with a Bachelor of Arts from a British university.

Auckland University College

In 1878, O'Rorke chaired a Royal Commission on higher education that recommended the establishment of university colleges in Auckland and Wellington. In 1882, the Auckland University College was set up by Act of Parliament and was formally opened on 21 May 1883 in the Choral Hall, then the largest hall in Auckland. The Governor, Sir William Jervois, announced that the College was to be a thoroughly democratic institution, open to women as well as men, and to all classes.

The applicants for the first four chairs, of Classics and English, Mathematics, Natural Science, and Chemistry and Physics, were interviewed in England by the New Zealand Agent-General and some of the most famous scientists and scholars of the day, including the great Benjamin Jowett of Balliol College, Vice-Chancellor of the University of Oxford. The men appointed were an impressive group. The chemist, F.D. Brown, had studied in France and Leipzig as well as London, and taught at Oxford and London. He had published a dozen papers. Algernon Phillips Thomas, the biologist, was a Balliol man who had revealed the life history of the liver fluke. The classicist, T.G. Tucker, was to become a famous

scholar. When he left to go to Melbourne University in 1885, he was succeeded by Hutcheson Macaulay Posnett, an Irishman who had written several books, including one on comparative literature – that would now be called the sociology of literature – a subject he is credited with inventing. The first professor of Mathematics, George Walker, was accidentally drowned shortly after he reached Auckland and was succeeded by W.S. Aldis, who had been the top scholar in his subject at Cambridge and was the author of several mathematical books.

Finding a home

When O'Rorke first tried to secure a university for Auckland he suggested housing it in Government House, left empty when the Governor moved with the capital to Wellington in 1865. This immediately aroused opposition in the press because many Aucklanders hoped that the capital – and the Governor – would eventually return to Auckland. These conflicting ambitions lay at the basis of a recurrent feature of the history of the College, the great 'site row', with the College trying to get at least part of the grounds of Government House while some influential citizens strongly opposed it. One result was that for years the College had no permanent site or permanent buildings. Teaching started in the disused District Court House, expanded into Admiralty House and, in 1890, into the original Parliament Building. In 1907, the Choral Hall was purchased and, in 1917, the College occupied the building vacated by the Grammar School. In 1926, the College acquired its first permanent building, now the ClockTower Building, in Princes Street.

Early difficulties

The College was poor: its statutory grant was for many years only £4,000 a year while land reserves, set aside by the government to provide an income, brought in very little. There were few students: 95 in 1883, 156 by 1901. Some had not passed the matriculation examination and were not studying for degrees. Most were part-time, trainee teachers and law clerks, with music students from 1888 onwards, and commerce students by 1905. The College was dominated by the lay members of Council, especially by Sir Maurice O'Rorke, who was an autocratic chairman from 1883 to 1916.

The early College struggled to keep its small staff – some left for positions in Australia and elsewhere. Most of the remainder grew increasingly out-of-date in their subjects. There was no system of sabbatical or study leave until the 1920s. The teachers' role was to hand on traditional knowledge. The staff lectured for very long hours and, in general, the students were given a good, traditional undergraduate education. Research was not expected and was rarely done. In some subjects, research was impossible. For instance, the Library took no mathematical journals, so the mathematicians knew little about recent work. Some students, however, started to carry out good research, notably in Chemistry.

Progress

In the 1920s and well into the 1930s the College was ruled by a Registrar, Rocke O'Shea, and a new Chairman of the

Council (President after 1924), another former Cabinet Minister, Sir George Fowlds. Under their leadership the University started to change. The first New Zealand graduates with postgraduate education abroad were appointed to the staff, notably the very able economist Horace Belshaw, the philosopher R.P. Anschutz, and the physicist P.W. Burbidge. An excellent researcher, W.F. Short, was appointed as a lecturer in Chemistry.

Some advances were made in providing professional education. The only such education offered at the College was in Law, which attracted large numbers of students. The only 'professional schools' recognised by the University of New Zealand were Medicine at Otago and Engineering at Canterbury. In 1906, the College established a School of Mining, which slowly and covertly was turned into a 'School of Engineering'. After fierce battles with Canterbury, fired by provincial rivalry, the Auckland School received University recognition for its teaching in the first two professional years. Students then had to go to Canterbury to complete the final year of their degree. In 1917, the College began instruction in Architecture.

Academic freedom and development

During the Depression of the early 1930s, the College experienced its first dispute over academic freedom. The temporary appointment of a lecturer in History, J.C. Beaglehole, later a world-famous scholar, was terminated, his friends believed, because of a letter he wrote to a newspaper defending the right of communists to distribute their literature. This episode led to a Council election in which the liberal, Hollis Cocker, defeated a conservative candidate. The College Council then adopted resolutions in favour of academic freedom and received the unreserved congratulations of the British academic establishment, including Lord Ernest Rutherford and philosopher Lord Wittgenstein.

Around the same time, the College enrolled a lively group of students led by James Bertram, who established a new literary journal, *Phoenix*. This journal was the focus for the first literary movement in New Zealand history and featured the works of Allen Curnow, A.R.D. Fairburn, R.A.K. Mason and other distinguished writers.

The College received great intellectual stimulus in 1934 when four new professors arrived: H.G. Forder, a very able mathematician; Arthur Sewell, a brilliant lecturer in English; classicist C.G. Cooper; and a new historian, James Rutherford.

The University of Auckland

The College gained its first academic leader in the 1950s, when the Council appointed a Principal (later Vice-Chancellor) K.J. Maidment, a Classics don from Merton College, Oxford. He came in 1950 and remained for two decades. Maidment faced a further, fierce site row. The Council wanted to move the College to a larger site out of town. Instead, in 1956, the National Government offered Government House as compensation for staying in Princes Street. Another citizens' "save Government House" campaign followed. Both academic staff and the

public were deeply divided over the issue, which was resolved in 1960: the University was to stay where it was. In 1957, the slow move towards autonomy was marked by legislation that changed the title of the College to the University of Auckland while leaving the functions and powers of the University of New Zealand intact.

The site row held up the building programme for about six years, while student rolls rose rapidly, to 4,000 by 1959, with the result that there was overcrowding in quite inadequate buildings. Universities everywhere were expanding rapidly. New Zealand academic salaries could not compete with those of overseas universities and many able Auckland staff left for positions in Australian and other universities. Despite these problems, there was significant progress. New subjects were introduced: Geography, Anthropology, Māori Studies and Fine Arts. There was a new emphasis on staff research. Many of the new and younger academics became very active researchers, reflected in the growing lists of staff publications.

In the 1960s, the Report of the Hughes Parry Committee led to major improvements in University conditions and governance. Staff salaries were raised. For the first time, the students were given fairly generous bursaries, which led to a rapid increase in the proportion of full-time students. The government grant to the University rose rapidly. In 1962, the University at last became independent when the University of New Zealand was abolished.

Growth and change

Over the next two decades, the campus was transformed as a massive building programme began and one large building after another was erected: for Fine Arts, Science, Engineering, the Student Union, and a new Library. New subjects were introduced, including Political Studies, Art History and Sociology. In 1968, teaching commenced in the new Medical School on the Grafton Campus. By the end of the 1960s, Auckland had the largest University Library in the country.

When Dr Maidment departed in 1970, there were 9,300 students. His successor, Dr Colin Maiden, was an Auckland engineer who had headed a research division of General Motors in Michigan. One of the first things that struck him in Auckland was the need for better student facilities. He pushed ahead to provide a theatre, a gymnasium and recreation centre, and a large playing-field complex. The entire administrative organisation, from faculties and committees to deputy vice-chancellors, was reformed. The academic boom of the 1960s continued well into the 1970s and several new buildings, such as Human Sciences, were constructed, and new subjects including Management Studies and Computer Science were introduced. Also established, in 1964, was the Leigh Marine Laboratory, north of Auckland. In 2009 this underwent redevelopment with new facilities opened in 2010.

The 1970s brought numerous social changes: an increase in the proportion of Māori and Pacific students and in the proportion of women and older students. In 1975 and

1981 the first two women professors were appointed, Marie Clay and Patricia Bergquist. At a time of high inflation, the government grant to the University rose rapidly, to \$95.2 million by 1989.

In 1983 the University celebrated its centennial. Although there was a certain economic austerity, after a century of growth the University had established itself strongly within its own community and nationally.

There were still to be challenges. The wide-ranging restructuring of education, undertaken by the Labour Government after 1984, encompassed the universities, and their autonomy and identity were seen to be threatened. As a result of efforts by the universities, supported by alumni, some changes were secured in the Education Amendment Acts of 1989 and 1990, but the University Grants Committee was abolished. The Ministry of Education became responsible for tertiary education policy, and the composition of the Council was altered. At the turn of the century, the government took another look at the range of tertiary education through the Tertiary Education Advisory Commission, out of which came the Tertiary Education Commission, as the funder of tertiary education.

The 1990s onwards

Anxious to respond to the growing demand for university education in the early 1990s, the University offered courses at other tertiary institutions in Auckland and Northland. Acquiring buildings used for the 1990 Commonwealth Games village, it began to develop a campus at Tāmaki, initially offering courses in Commerce. Increasing student enrolments obliged it, like other universities, to introduce quotas for all first-year courses in 1992, breaking the historic policy of 'open entry'.

In the mid-1990s, the University introduced semesters, launched its first major fund-raising appeal, produced its first strategic plan and inaugurated a Summer School. It joined Universitas 21, an international network of research-intensive universities in Australasia, Asia, North America and Europe, as a foundation member. In the late 1990s, the School of Medicine expanded to become the Faculty of Medical and Health Sciences, introducing degrees in Nursing, Health Sciences and Pharmacy.

The third Vice-Chancellor, Professor Kit Carson, served from 1995 to 1998 and was followed by Dr John Hood in 1999. Dr Hood was an alumnus of the University, a former Rhodes Scholar and business leader. He faced a difficult financial situation as governments had progressively reduced tuition subsidies per student, and the University needed to reactivate its building programme. The last period of intensive construction ended with the completion of a new School of Music in 1986 and the Waipapa Marae in 1988. The Law School had moved into refurbished premises in a new precinct to the north of Waterloo Quadrant in 1992. However, the University was growing very rapidly, with increasing numbers of international students as well as a growing number of domestic students who could now borrow to

fund their tuition and other costs. This growth reached a peak in 2004 before starting to slow.

In its 2005 Strategic Plan, the University resolved to pursue a quality agenda and to limit student growth to an average of one percent per annum over time. Consequently, the University extended limits on admission from a few professional qualifications to all of its undergraduate degrees. In 2010, the student roll was 40,997 or 32,654 equivalent full-time students (EFTS).

From the 1990s, research became much more important in the life of the University and its academics. The country started to look more than ever to universities to generate new ideas and knowledge, including innovations that might be harnessed for economic development. The University had already founded UniServices as an organisation to commercialise research. The University also hosts four of eight national Centres of Research Excellence (CoREs) funded by the government until 2028.

University leadership

Dr John Hood left the University in mid-2004 to take up the position of Vice-Chancellor of the University of Oxford. Professor Stuart McCutcheon, formerly Vice-Chancellor at Victoria University of Wellington, succeeded him as Vice-Chancellor in January 2005. Under his leadership a new strategic plan, which was refreshed in 2013, envisaged the development of a University focused on excellent undergraduate teaching and learning, dynamic and challenging postgraduate education, and research that contributes to international knowledge, understanding, and economic and social development. The University also recognised that it must play a role in addressing inequities in educational participation and achievement by Māori and Pacific students, and placed an emphasis on enhancing its recruitment and support programmes for potential students. In 2018, the University appointed its first Pro Vice-Chancellor Pacific, Associate Professor Damon Salesa, and in October the same year, Professor Cynthia (Cindy) Kiro took over the role of Pro Vice-Chancellor Māori from Mr Jim Peters (2006–2017). In 2021, Associate Professor Te Kawehau Hoskins became the Pro Vice-Chancellor Māori, after Dame Cindy Kiro was appointed Governor-General.

Following Salesa's departure to become Vice-Chancellor of AUT in March 2022, Professor Jemaima Tiatia-Siau was appointed Pro Vice-Chancellor Pacific, the first Pacific woman to be named pro vice-chancellor at any New Zealand university.

Professor McCutcheon retired as Vice-Chancellor in early 2020 and was succeeded in March 2020 by Professor Dawn Freshwater, the former Vice-Chancellor of the University of Western Australia. She was the first woman to hold the position since the University was founded. Professor Freshwater initially performed her duties under quarantine, then lockdown, amid the Covid-19 pandemic.

From mid-2020, Professor Freshwater consulted with staff and students on a new strategic plan for the University to replace the one that expired that year. *Taumata Teitei* – Vision 2030 and Strategic Plan 2025 – was approved by Council in March 2021. The words 'taumata teitei' refer to 'lofty peaks', a figurative idea of reaching high for excellence.

In 2021, the University appointed its inaugural Provost, Professor Valerie Linton. Professor Linton had been the executive dean of the Faculty of Engineering and Information Sciences at the University of Wollongong in Australia. The Provost was the senior Deputy Vice-Chancellor of the University, with responsibility for leading the academic mission. The position was disestablished in 2025.

Funding

A new CoRE funding round for 2021–2028 resulted in the University successfully extending three existing hosted CoREs and establishing a new CoRE, Healthy Hearts for Aotearoa New Zealand – Manaaki Mānawa. From 2020 the University hosted four of the ten CoREs, including Te Pūnaha Matatini, whose researchers played a critical role in Covid-19 modelling for New Zealand, and contributed to five others hosted by other universities.

Since 2003, the University of Auckland has received funding through the Performance Based Research Fund (PBRF) assessment, carried out by the Tertiary Education Commission, which is a fund encouraging tertiary education providers to produce high-quality research. The PBRF has designated the University the country's leading research university 'on virtually any measure'. Revenue from the University's research and contract activities grew from \$153 million in 2006 to \$330 million in 2023. In 2019, the government announced it would review the PBRF funding model and this process is continuing.

In the 2000s, international ranking systems started to become important to university reputations and placed great significance on research performance. The University was consistently placed first among New Zealand universities, although its actual placement varied from year to year and among the ranking systems.

The University has performed well in the university world rankings in recent years – placed 65th in the 2026 QS World University Rankings, and 152nd equal in the 2025 Times Higher Education World Rankings. The University also ranked 17th in the world in the 2025 QS World University Rankings for Sustainability.

Organisational changes

In 2006, Architecture, Dance Studies, Fine and Visual Arts, Music, and Planning combined to form the National Institute of Creative Arts and Industries (NICAI). In 2016, NICAI changed its name to the Faculty of Creative Arts and Industries (CAI) to align with the naming conventions of other University faculties. After consultation in 2024, the University announced the formation of two amalgamated faculties, effective 1

January 2025. The new Faculty of Arts and Education integrated the Faculties of Arts, Education and Social Work, the Elam School of Fine Arts, the School of Music and the Dance programme. The School of Architecture and Planning and the Design Programme became part of the Faculty of Engineering, which was renamed the Faculty of Engineering and Design.

The University and the Auckland College of Education amalgamated in September 2004 to form the Faculty of Education. This faculty, based primarily at the College's campus in Epsom, was established with the aim of becoming New Zealand's leading provider of teacher and social services education. In 2015, the Faculty of Education changed its name to the Faculty of Education and Social Work, making more visible the two main practitioner communities the faculty engages with and serves – teachers and educators – and those in the human services/social work and counselling professions. In 2024 this faculty moved to the City Campus, and in 2025 it became part of the new amalgamated Faculty of Arts and Education.

Funding and gifting

The University has become increasingly dependent on its own ability to raise the funds it requires to operate. Student tuition fees, including the fees of international students, have been an important part of University income. The worldwide disruption caused by the Covid-19 pandemic impacted the University's capacity to attract international students and this extended through to 2023 when border restrictions eased.

The University also receives tuition subsidies contributed by government. Income from research is substantial. Philanthropic donations have also become an important way in which friends and alumni of the University show their support for its activities, for the staff and the students. The University also runs six reserves for research across a wide range of disciplines. Anawhata Reserve, for example, was gifted to the University in 1966 by a group of alumni. In 2011, the Goldwater family gifted Goldie Vineyard and its related wine business to the University for use as a Wine Science teaching facility.

The University has come a long way from the early fund-raising appeal of the 1990s. A "Leading the Way" fundraising campaign, which ran from 2009 to 2012, exceeded its target of \$150 million in 2011. The "For All Our Futures" campaign, which ran from 2016–2019, raised \$380 million, \$80 million more than its target and the largest amount ever raised by any university in New Zealand. The campaign earned an award from the Fundraising Institute of NZ, which named it Best High Value Campaign and winner of the overall Fundraising Excellence Award. The funds are used to support the aspirations of students as well as supporting life-changing research to address critical challenges facing our communities and New Zealand.

In 2023, the University received new commitments of \$57.9 million in philanthropic gifts and pledges. Almost 2,400 donations were used to support student scholarships and projects. The largest area of giving by

dollar value was \$30.5 million, given to support research at the University.

Campus developments

Between 2000 and 2007 the University embarked on another major building programme. The Kate Edger Information Commons and Student Commons, the Engineering Atrium and greatly expanded library wing, and a seven-floor extension to the Science Centre, which houses Computer Science and Software Engineering, enhanced the City Campus. A Fale Pasifika opened in 2004 and the Sir Owen G. Glenn Building, a large and striking complex for the Business School, was completed in 2007.

In 2009, the University adopted a Campus Development Strategy that proposed a major investment in infrastructure. Initial projects included the redevelopment of the Grafton Campus to refurbish laboratories, upgrade plant and construct the Boyle building (completed 2012); a student accommodation building at Elam to house 442 students (completed 2011); and a new South Pacific Centre for Marine Science, based at the Leigh Marine Laboratory, which fosters marine research and educates visitors on the marine environment. A major development of the Maths and Physics buildings was completed in 2011.

In 2013, in a bid to underpin 50 years of growth on a site close to the existing City and Grafton Campuses, the University purchased a 5.2-hectare site at Newmarket. The site, previously owned and occupied by Lion Breweries, has been partially redeveloped, and the mixed-use campus was opened in May 2015, with Engineering and Science occupying the first facilities.

As a result of the Newmarket purchase, in January 2014 the University transferred the 20-hectare Colin Maiden Park and its associated facilities at the Tāmaki Innovation Campus to Auckland Council. This transaction was followed by a sale of the balance of the campus in April 2016, with the University exiting the Tāmaki Campus at the end of 2019. This sale was part of the University's long-term strategy to consolidate activities at the City, Grafton and Newmarket campuses and significantly reduce landholdings. It also reflects the growing importance of cross-disciplinary teaching and research at the University and the need for faculties to be co-located.

After partial refurbishment in 2014, the University's iconic building, the ClockTower on Princes Street, now houses the Office of the Vice-Chancellor, the Council Room, teaching facilities and aspects of administration.

The Maidment Theatre, which opened in 1976 and played a crucial role in Auckland's vibrant theatre scene, was closed in December 2015 and demolished due to concerns about its seismic strength. In 2024, the University announced plans for a new Performing Arts Centre and Law Faculty building as part of its progressive approach to providing distinctive, sustainable, high-quality built environments for research, teaching and a vibrant student experience.

The Science Centre, completed in 2016, on the corner of Princes and Wellesley streets was a significant enhancement to the City Campus as was the new state-of-the-art Engineering building (B405) that opened in Semester One 2020. The new Faculty of Medical and Health Sciences home, Building 507 on Park Avenue in Grafton, opened in March 2020. It houses the School of Population Health, School of Medicine, Growing Up in New Zealand, the National Institute for Health Innovation (NIHI), Speech Science, the Immunisation Advisory Centre and health-related clinics.

In 2018, Council approved the development of a new state-of-the-art Recreation Centre to replace the Recreation Centre built in 1978 when the University had 10,000 students. The University now has more than 46,000 students and more than 6,000 staff. Demolition of the old centre and surrounding structures on the City Campus began in 2020, and temporary sports and recreation facilities were made available. In November 2024, the new nine-level, 22,000 square-metre Hiwa Recreation Centre opened on the City Campus, a world-class facility featuring two sports halls, an aquatics area, multi-sport turf and track as well as a 1,000 seat show court.

As part of its long-term strategy to consolidate activities at the City, Grafton and Newmarket campuses, the University completed its relocation of teaching, research and other activities from the Tāmaki Innovation Campus, which it had previously sold, in 2019. The Tāmaki campus closed in late 2019. With the move towards cross-disciplinary teaching and research, the Faculty of Education and Social Work relocated from its Epsom Campus to the City Campus in 2024.

After more than 20 years of offering programmes in partnership with Manukau Institute of Technology (MIT) in South Auckland, the University opened its own South Auckland campus in 2020. Te Papa Ako o Tai Tonga (Tai Tonga) in Manukau caters to a growing need from the community and continues the University's commitment to South Auckland. The campus has space and resources to build and support community and school relationships, and provide study options for communities in South and East Auckland. Tai Tonga runs the Tertiary Foundation Certificate and New Start programmes. University of Auckland students can use the spaces for study, and study support services are available for all students. A Student Hub is on site.

The provision of accommodation has increased dramatically to cater for the increased number of students seeking a residential experience. Additional self-catered student accommodation, the Carlaw Park Student Village, opened in 2014 next to the Domain, to provide more than 700 student places; a further 315 self-catered single and double studio apartments in Symonds Street opened for Semester One, 2017. Grafton Hall reopened in 2019 after a two-year refurbishment, and provides catered student accommodation, while Waipārūrū Hall was completed in 2020, providing 786 first-year student places. A further 488 self-catered single rooms became available in Te Tirohanga o te

Tōangaroa on Anzac Ave in Semester One, 2020 and the Carlaw Park student village was expanded by an additional 907 beds in 2023.

In 2018, the new Early Childhood Centre opened at Park Avenue in the city.

In May 2019, the Newmarket Campus-based facility for the Department of Exercise Sciences was officially opened, after its move from Tāmaki. The facilities include a Health and Rehabilitation Clinic and a Movement Neuroscience Laboratory, and the move brought the department closer to allied health organisations with which it has relationships, as well as Auckland City Hospital. The Newmarket Campus has also become part of the Newmarket Innovation Precinct, a hub fostering collaboration between industry, academia and technology companies.

In August 2020, the government announced the University would receive 'shovel-ready' funding for a construction project to relocate the Faculty of Education and Social Work to the City Campus. Work began on the complex building programme across six structures in 2021. The flagship of the programme was Building 201, which opened in September 2023. It arose from the old Human Sciences Building, which was stripped back and rebuilt as an environmentally sustainable fit-for-purpose facility, originally housing the Faculties of Education and Social Work, Arts, and Creative Arts and Industries. As a world-class adaptive reuse project, B201 has won a number of architecture and sustainability awards and made its mark early winning a 6 Star Green Star from the NZ Green Building Council in 2021 for its design.

The University adopted its inaugural Estate Strategy 2021–2030 Te Rautaki Tūāpapa in 2021. The aim of the strategy is to provide a cohesive, future-focused approach to investment in, and management of, the University's physical environment and to develop innovative campuses as sustainable ecosystems.

Te ao Māori and a gifted name

In 2019, the University presented its Language Plan for the Revitalisation of te reo Māori, Te Taonga Nō Tua Whakarere, He Taonga Mo Āpōpō, which aligns with the Crown strategy. Council adopted a goal of having 50 percent of staff participate in professional development to learn te reo Māori by 2025, and students having the option of a te reo Māori course in their programme of study.

In the same year, the University launched its te reo and tikanga Māori digital learning app called Te Kūaha – the Doorway, an educational resource for staff, students and alumni to learn te reo Māori and protocol.

In 2021, the University was gifted a new Māori name by the people of Ngāti Whātua Ōrākei. Waipapa Taumata Rau was added to the University of Auckland name, replacing Te Whare Wānanga o Tāmaki Makaurau.

Waipapa Taumata Rau locates the University in Tāmaki Makaurau Auckland, an important destination historically and currently that reflects connections

between people. The name is an exhortation to excellence and achievement, and reflects the many journeys of the people in the University community.

The University's logo was also amended to include the new Māori name.

In 2024, a second marae opened on the City Campus. The new marae, Ngā Tauira, which incorporates Tūtahi Tonu, the wharehau formerly located on the Epsom Campus, provides another space for education and will support Waipapa Marae, which opened on the City Campus in 1988.

Beyond Covid-19

In 2020, the University of Auckland responded to the challenges of Covid-19 by quickly transferring all teaching to online, allowing continuity of the academic programme. The University also organised support for disadvantaged students, including provision of computer equipment and internet access, and increased student financial hardship support.

Support programmes and online teaching were put in place for around 2,000 international students who were unable to return to Aotearoa New Zealand.

Covid-19 had a serious impact on all major University operations, weakening its overall financial position and requiring a business recovery programme to deliver the changes required to return the University to its strong pre-Covid-19 position.

By 2022, the University had just over 46,000 equivalent full-time students, up from 34,500 in 2019.

Waipapa Taumata Rau, University of Auckland

Waipapa Taumata Rau, University of Auckland, is located in Aotearoa New Zealand, a place of extraordinary beauty and diversity, where Māori are tangata whenua. From here, the University reaches out to the Pacific, Asia and the world.

The University's special connection with the Auckland region, and unique place in the world, is personified in its Māori name, Waipapa Taumata Rau, which was gifted to the University by the people of Ngāti Whātua Ōrākei in 2021. The enduring relationship with tangata whenua is based on Te Tiriti o Waitangi, an essential part of our distinctiveness, and is a key component of Taumata Teitei, our Vision 2030 and Strategic Plan 2025.

The University has five main campuses and two research sites (Leigh and Waiheke Island). Six faculties represent its main disciplines: Arts and Education, Business and Economics, Engineering and Design, Law, Medical and Health Sciences, and Science. It also has two Large Scale Research Institutes: the Auckland Bioengineering Institute and the Liggins Institute. The Liggins Institute also has a research farm at Ngapouri, south of Rotorua, established in 2004.

Many courses and research activities reflect Tāmaki Makaurau Auckland's and Aotearoa New Zealand's place in the world. This perspective has long been a feature of the University's programmes. For example, Pacific archaeology, ethnology and languages are emphasised in the discipline of Anthropology. Asian languages, including Chinese, Japanese and Korean, are taught, and Pacific languages were introduced in 1991. Te Wānanga o Waipapa in the Faculty of Arts offers Māori Studies and Pacific Studies, as well as Indigenous Studies.

Geographers carry out fieldwork in the Pacific Islands, while University scientists make regular study trips to the Antarctic. The Leigh Marine Laboratory, about 100km north of Auckland and part of the Faculty of Science, brings together a wide range of expertise and facilities to work towards the understanding of the marine environment.

The University continued to build on these foundations with the introduction of the Bachelor of Global Studies in 2018, the Bachelor of Design in 2020 and the Bachelor of Communication in 2022. Additionally, a suite of exclusively online taught masters programmes was introduced in 2020 as part of the University of Auckland Online initiative, and these offerings have since been expanded. The University also began offering industry-endorsed micro-credentials in 2021.

Waipapa Taumata Rau recognises research and research-led teaching as a primary responsibility of its academic staff. High-quality research on a large scale and across the full range of disciplines, represented by faculties and Large Scale Research Institutes, is essential to ensure the place of the University among the leading international research universities. University of Auckland researchers contribute to the growth of new knowledge by conducting fundamental research across a wide range of fields in the natural, human and social sciences, the humanities and creative arts. Its expertise across a number of research disciplines was called upon by the government in 2020 to assist in managing the Covid-19 pandemic.

The University fosters the commercialisation of its research to assist in the pursuit of the country's economic objectives and applies it to enhance social values and advance the well-being of all New Zealanders.

In 2022, the University launched seven flagship Hikina kia Tutuki Research Centres, to tackle persistent and urgent challenges faced by Aotearoa New Zealand.

The University's strategy, *Taumata Teitei*, focuses researchers and professional staff on four impact areas: sustainability; health and well-being; advancing just, cultured and engaged communities; and ethical innovation and technology. These transdisciplinary centres and institutes focus on pioneering research.

Research also underpins the University's obligation to act as a critic and conscience of society. As the leading research university in New Zealand, the University of Auckland is committed to the quality and excellence

of its degree courses, including its postgraduate and doctoral programmes.

Since the launch of the University Impact Rankings by Times Higher Education (THE) in 2019, the University of Auckland has been ranked first twice, and in the top 20 every year. This reflects the University's strong teaching, research, policy and operational performance against the Sustainable Development Goals (SDGs).

Structure of the University

Council

The University's governing body is the Council, a mixture of elected staff, students and graduates, and outside appointees. The Vice-Chancellor, the University's chief academic and administrative officer, is also a member. Council is chaired by the Chancellor, who is a lay member of the Council.

Senate

On academic matters, Council is bound to consult the Senate, which the Vice-Chancellor chairs. This body includes all the professors, some non-professorial staff and student representatives. The Senate takes advice from the Education and Research Committees, and from specialist committees, dealing for example with the Library and the Faculties.

Ihorangi | Vice-Chancellor

The Vice-Chancellor is the head of the University: its chief academic and administrative officer and the employer of all staff. The Vice-Chancellor is responsible for providing academic leadership along with effective management, and for leading strategic planning and directing resource allocation.

Ihorua | Deputy Vice-Chancellors

The Deputy Vice-Chancellor Education is responsible for providing strategic leadership for the University's academic mission, overseeing learning and teaching, curriculum, and academic standards.

The Deputy Vice-Chancellor Operations and Registrar is responsible for Finance, IT, Property, Student and Scholarly Services, Organisational Performance, Planning and Information, Libraries and Learning Services, Campus Life, Legal and Risk functions.

The Deputy Vice-Chancellor Research and Innovation is responsible for assisting and advising the Vice-Chancellor and University Council on research policy, research management and performance.

The Deputy Vice-Chancellor Strategic Engagement is responsible for the University's Sustainability Strategy, Communications and Engagement, Marketing and Recruitment, Alumni Relations and Development and for ensuring that the University develops, maintains and grows the key national and international relationships that will enhance and enable its ability to perform as a leading university.

Ihonuku | Pro Vice-Chancellors

The Pro Vice-Chancellor Māori has responsibility for developing a positive Māori profile, engaging with tangata whenua and other iwi. They champion the University's plan for the Revitalisation of Te Reo Māori, Te Taonga Nō Tua Whakarere, He Taonga Mo Āpōpō; as well as Waipapa Tangata Rau, the Māori staffing plan, and the Māori student cohort plan.

The Pro Vice-Chancellor Pacific has responsibility for developing a positive Pacific profile, engaging with Pacific communities, leading the Tai Tonga Campus and assisting in the development of Pacific programmes in liaison with the Vice-Chancellor, Pacific staff, students and the community.

The Pro Vice-Chancellor Equity has responsibility for advising, monitoring, reporting, and developing policies and programmes that support our diverse students and staff to experience equitable access, participation and success.

The Pro Vice-Chancellor Education contributes to the oversight of cross-University academic matters, ensuring the quality of its academic policy and offerings, and excellence in learning and teaching approaches.

The Pro Vice-Chancellor Global and Graduate Research is responsible for leading the School of Graduate Studies to enhance and grow the University's graduate research offerings and advises on strategic international research collaborations to expand research partnerships.

The Pro Vice-Chancellor Innovation and Enterprise leads strategic opportunities to advance knowledge translation and impact of research with industry, investors, public bodies and charities seeking to tap the expertise, inventions, technologies and intellectual property available from the University of Auckland.

Faculties

Each faculty is a sub-committee of Senate and is headed by a Dean who is supported by a Deputy Dean, Associate Deans, a Director of Faculty Operations and other administrative staff. The Dean is responsible for leading the academic and research activities of individual schools, departments and research centres and liaises with both the Office of the Vice-Chancellor and the Senate committees on academic programmes, staff appointments, buildings, research funding, library facilities, timetabling etc.

Large Scale Research Institutes

Each Large Scale Research Institute (LSRI) is headed by a Director, supported by a Deputy Director and administrative staff. The Director is responsible for coordinating the research activities of LSRI staff, including postgraduate research supervision, and liaises with both the Office of the Vice-Chancellor and the Senate committees on regulations, staff appointments, buildings, research funding, library facilities etc. Information is available on LSRI websites.

Central administration and services

Day-to-day central administration and service provision is performed by the Vice-Chancellor's Office, Student and Scholarly Services, Alumni Relations and Development, Campus Life, Communications and Engagement, Marketing and Recruitment, Finance, Human Resources, International Office, Digital Services, Te Tumu Herenga Libraries and Learning Services (including the University Library), the Research and Innovation Office, Organisational Performance and Improvement, Property Services and the School of Graduate Studies.

The City Campus

The City Campus, established in 1883, is in the heart of Auckland City. Separated from the tower blocks of the central business district by historic Albert Park on its western flank, the campus covers more than 20 hectares. To the southeast lie the trees and open spaces of the Auckland Domain. Its proximity to the cultural and commercial amenities of the country's largest city, attractive green setting and harbour views bestows advantages enjoyed by few inner-city campuses anywhere.

The City Campus has undergone major development during its existence with many refurbished and new building works.

A new 32,000 square-metre building for the Faculty of Engineering opened in 2020, and B201, the refurbished building originally for the Faculties of Education and Social Work, Arts, and Creative Arts and Industries, opened on Symonds Street in 2023. The Hiwa Recreation Centre opened in November 2024.

The Epsom Campus

At the end of 2023, the Faculty of Education and Social Work's teaching, research and related activities were relocated to the City Campus.

The Epsom Campus was established in 1926 as the site of the Auckland College of Education, formerly known as the Auckland Teachers' College and the Auckland Teachers' Training College (established 1881). Upon the amalgamation of the Auckland College of Education and the University of Auckland in 2004, the Epsom Campus became the primary site for the new Faculty of Education and Social Work.

The Grafton Campus

Located opposite Auckland City Hospital and the entrance to the Domain, the Grafton Campus covers a 2.75 hectare site on Park Road, Grafton. Originally established for the School of Medicine in 1968, the site was recognised as a separate campus in 1995 and in 2008 was formally designated as the Grafton Campus.

Home to the Faculty of Medical and Health Sciences (FMHS) and the University's first Large Scale Research Institute, the Liggins Institute, the campus is a modern

biomedical, health education, research and training facility, complemented by a specialist medical library, the Philson.

In addition to teaching undergraduate and postgraduate students across six different schools, the campus also facilitates significant research. As well as the Liggins Institute, the campus notably hosts four of the University's seven transdisciplinary research centres, being the Centre for Brain Research, Te Aka Mātauranga Matepukupuku | Centre for Cancer Research, Centre for Co-Created Ageing Research, and Centre for Pacific and Global Health. The campus also hosts Pūtahi Manawa | Healthy Hearts for Aotearoa New Zealand through the Manaaki Mānawa | Centre for Heart Research, one of four Centres of Research Excellence (CoREs) hosted by the University.

To facilitate our student learning, the campus also hosts publicly accessible teaching clinics including Optometry, Audiology, Nutrition and Dietetics, and Speech Language Therapy, in addition to our Clinical Research Centre, which enables invited members of the public to participate in some of our world-leading clinical research programmes.

Satellite clinical campuses of FMHS operate at Waitematā (North Shore and Waitākere Hospitals), South Auckland (Middlemore Hospital), Waikato Hospital and Tauranga Hospital, with further clinical sites in Northland (Whangārei Hospital), Rotorua, Whakatāne, Taranaki and Hāwera.

The Leigh Campus

The Leigh Marine Laboratory, situated at Leigh, north of Auckland, houses the University's Marine Science Research Facility.

The Newmarket Campus

The 5.2 hectare Newmarket site was previously owned and occupied by Lion Breweries, and was acquired by the University in 2013 to develop as a long-term, mixed-use campus. The Newmarket Campus is a major strategic acquisition for the University, which provides opportunities for long-term growth close to the City and Grafton campuses. The site's benefits include the opportunity to integrate campus development across the city, providing long term additional space to develop purpose-built research facilities and student accommodation, as well as other business development opportunities.

The campus houses the Faculty of Engineering and Design research facilities as well as the Department of Exercise Sciences (Faculty of Science).

Te Papa Ako o Tai Tonga | The South Auckland Campus

The University of Auckland has been present in South Auckland for over 20 years. The opening of Te Papa Ako o Tai Tonga in central Manukau continues the University's commitment to South Auckland. Te Papa Ako o Tai Tonga has space and resources to build and support community and school relationships, and provide more study options for communities in South and East Auckland.

Currently, the Tertiary Foundation Certificate and New Start programmes are being offered at the new South Auckland Campus. Other local University of Auckland students can use the space for informal study, and study-support services will be available to all students. Student Hubs are also situated at the campus to support student or visitor queries.

The opening of the new campus marks the end of a 20-year partnership with Manukau Institute of Technology (MIT), with whom the University previously delivered its programmes from Ōtara.

Te Papa Ako o te Tai Tokerau | Te Tai Tokerau Campus

Te Tai Tokerau Campus in Whangārei was established by the Auckland College of Education in 1992 and is now known as Te Papa Ako o te Tai Tokerau. Centrally located in Whangārei, the campus offers lecture rooms, the Sylvia Ashton Library and a base for Faculty of Education and Social Work programmes and staff. The campus also currently hosts the Faculty of Medical and Health Sciences and provides a wider presence for the University of Auckland in the North.

Alumni Relations and Development

Alumni Relations and Development is the University's centralised point of contact for two key groups:

- Alumni and friends, an over 243,000-strong network spread across the Auckland region, throughout New Zealand and around the globe. Alumni Relations and Development enables alumni and friends to stay connected with the University and one another and to enjoy a range of benefits and services. Those who wish to have a closer relationship with the University can engage in a number of ways, including the following:
 - find out what's happening on campus, attend events, watch videos of public lectures, browse our galleries of recent graduation ceremonies or read our recent alumni publications (visit www.auckland.ac.nz/en/alumni/whats-happening.html)
 - join the free mentoring platform, Alumni Connect, to get career advice from other

alumni or to share experiences and expertise with students (visit www.auckland.ac.nz/en/alumni/get-involved/alumni-connect.html)

- connect with a range of alumni groups and clubs listed on the alumni and friends website (visit www.auckland.ac.nz/globalalumni).
- Philanthropic partners and donors, whose generosity has a transformative effect on research, teaching and learning at the University. To donate or to find out more about ways to give, and for general information about areas that can be supported, visit www.giving.auckland.ac.nz or email giving@auckland.ac.nz.

Alumni Relations and Development operates in close collaboration with the University's senior leadership, faculties and other service divisions. It is located at Old Choral Hall, 7 Symonds Street.

For further information visit www.alumni.auckland.ac.nz or email alumni@auckland.ac.nz.

Auckland UniServices Ltd

At UniServices, we bring ideas to life. We partner with the best minds at the University of Auckland to apply intelligent thinking to ideas that have the potential to change the world.

As the University of Auckland's research and knowledge transfer company, UniServices' core business is to transform knowledge into solutions for real-world challenges, working with government and industry for more than 30 years.

The objectives of UniServices are to:

- Support researchers and help them grow their research portfolios, increasing the impact of research on society and expanding the value of research outputs.
- Develop mutually-beneficial relationships with research funders and commercial clients, bringing the external worldview into the University research environment.
- Identify, protect and develop the intellectual property of the University that arises from world-class research.
- Commercialise University-sourced technology and innovations, developing and investing in the commercial potential of new ideas produced by University staff and students.
- Deliver social and economic benefits of research outputs to the wider community across New Zealand.

The head office is located at Level 10, 49 Symonds Street. Opening hours are Monday to Friday 8.30am to 5pm. Phone: +64 9 373 7522 or visit www.uniservices.co.nz.

Admission Regulations

Application for Admission

All new students intending to study at the University of Auckland for the first time, and students intending to change their programme, must submit an Application for Admission. To be admitted applicants must meet (a) the admission requirements as detailed below and (b) any specific programme entry requirements. Applicants whose admission to a programme is approved will receive an offer of a place and on acceptance of this offer may proceed to enrol online in courses.

Prerequisites and Conditions

- 1 Subject to the Council's statutory powers to decline admission and enrolment (whether for insufficiency of accommodation or of teachers or for other cause) and to Regulation 2, a person is eligible to be admitted to the University and to be admitted as a student if that person:
 - a has satisfied the requirements for entrance to a university in New Zealand
 - or
 - b is granted Special Admission
 - or
 - c is granted Discretionary Entrance
 - or
 - d is granted admission *ad eundem statum*, based upon study at a secondary school or another tertiary institution:
 - (i) at entrance level
 - or
 - (ii) with credit
 - or
 - (iii) with graduate status.
- 2 Unless the Pro Vice-Chancellor Education or the Discretionary Entrance Academic Adviser approves otherwise, a person who has not reached the age of 16 years by 31 December in the year preceding that in which admission is sought will not be eligible to be admitted to this University.
- 3 A person seeking to be admitted to the University must:
 - a comply with these regulations
 - and
 - b sign and date the declaration on the Application for Admission form which includes the words: 'I will comply at all times with the University's statutes, regulations, rules and policies'
 - or
 - c complete and submit the Application for Admission online, which includes a declaration with the words: 'I will comply at all times with the University's statutes, regulations, rules and policies' and accept that completing and submitting the Application for Admission online constitutes signing and dating the declaration as defined under the Contract and Commercial Law Act 2017.

Requirements for Entrance to a University in New Zealand

- 4 a **National Certificate of Educational Achievement**

From 2005 to 2014: a minimum of 42 credits at Level 3 or higher on the National Qualifications Framework, including a minimum of 14 credits at Level 3 or higher in each of two subjects from an approved subject list, with a further 14 credits at Level 3 or higher taken from no more than two additional domains on the National Qualifications Framework or approved subjects; plus, a minimum of 14 credits at Level 1 or higher in Mathematics or Pangarau; plus, a minimum of 8 credits at Level 2 or higher in English or te reo Māori; 4 credits must be in Reading and 4 credits must be in Writing.

From 2015: NCEA Level 3; plus, three subjects at Level 3, made up of 14 credits each, in three approved subjects; plus Literacy, 10 credits at Level 2 or above*, made up of 5 credits in reading, 5 credits in writing; plus Numeracy, 10 credits at Level 1 or above*, made up of Achievement standards – specified achievement standards available through a range of subjects, or Unit standards – package of three numeracy unit standards (26623, 26626, 26627 – all three required).

For 2020 only to recognise the disruption caused by COVID-19: NCEA level 3; plus three subjects at Level 3, made up of 12 credits each in three approved subjects; plus Literacy, 10 credits at Level 2 or above*, made up of 5 credits in reading, 5 credits in writing; plus Numeracy, 10 credits at Level 1 or above*, made up of Achievement standards – specified achievement standards available through a range of subjects, or Unit standards – package of three numeracy unit standards (26623, 26626, 26627 – all three required).

*Note: For the lists of Level 1, Level 2 and 3 standards that contribute to University Entrance requirements, please visit the NZQA website www.nzqa.govt.nz/ncea.

b Bursaries examination

Up to and including 1986: an aggregate total of 160 marks in four subjects.

From 1987 to 1992: four individual subjects with D grades or higher. (Practical Art up to 1988 counts as two subjects for this purpose.)

From 1993 to 2003: three individual subjects with C grades or higher plus Higher School Certificate, or an 'A' or 'B' Bursary.

c UE gained before 1986.**d Up to and including 1992: a combination of credits, in a minimum of four subjects, gained from UE before 1986 and/or Bursaries Examinations since. A credit required a mark of at least 40 percent in 1986 or a D grade or higher from 1987 on. (Practical Art up to 1988 counts as two subjects for this purpose.)**

From 1993 to 2003: a combination of credits in three individual subjects in the Bursaries Examination plus Higher School Certificate.

e Up to and including 2003: 13 credits in three different subjects at Level 3 or above on the National Qualifications Framework and Higher School Certificate.

Note: Credits in approved subjects from the National Qualifications Framework, and grades C or better in NZUEBS or equivalent, may be combined to make up the equivalent of three C passes.

Special Admission

- 5 a A person who does not hold a university entrance qualification but who is a New Zealand citizen or permanent resident and has attained the age of 20 years on or before the first day of the semester in which a proposed programme is offered is eligible to be granted Special Admission.
- b A person seeking Special Admission to the University has to apply for it in accordance with the Admission Regulations and submit evidence of age and educational qualifications.
- c Senate may waive the age requirement where an applicant is in its opinion otherwise fit to be admitted and, in particular, has satisfied any qualification for admission specified in the regulations for that programme of study.
- d A person seeking to be admitted to the University of Auckland who wishes to be granted credit for any prior learning must apply under Regulation 7 (Admission at Entrance Level or with Credit).
- e Special Admission applicants who have previously failed a foundation programme, or not reached an adequate standard in a preparatory programme, will not be re-admitted to the University unless their last enrolment is two or more years previous and they have subsequently undertaken work, study or life experience that demonstrates readiness for academic study. Special Admission applicants refused admission should be advised of other study options.

Discretionary Entrance

- 6 a A person under the age of 20 years who does not meet the University Entrance standard, but
 - (i) is a citizen or permanent resident of New Zealand or Australia*
 - and
 - (ii) has received secondary schooling to at least New Zealand Year 12 level (or its equivalent overseas) and earned at least 14 credits in an approved subject at Level 2 towards NCEA (or its equivalent)
 - and
 - (iii) has met the literacy and numeracy standards required for University Entrance, or their equivalents may apply for Discretionary Entrance.

** Australian applicants' most recent year of schooling must have been in New Zealand.*

- b New Zealand or Australian citizens or New Zealand permanent residents who have undertaken Year 13 study beyond 1 June at a New Zealand secondary school may normally not be admitted under the Discretionary Entrance provisions before July in the following year.
- c In special circumstances the Chair of Universities New Zealand–Te Pōkai Tara's Sub-Committee on University Entrance may permit persons who do not fulfill Regulation 6a(ii) or Regulation 6a(iii) above to apply for Discretionary Entrance.
- d A person studying at a New Zealand secondary school, who is attempting to qualify for entrance to the University, may apply for Discretionary Entrance in the same year for the purpose of enrolling in courses offered in Summer School. Any person admitted under this regulation who does not, in the following January, meet the University Entrance standard will be required to withdraw from the University and may re-apply for admission at mid-year. Students required to withdraw may complete their Summer School programme before doing so, but any courses passed will not be credited to a qualification until a University Entrance qualification is gained.

- e A person seeking Discretionary Entrance to the University must apply by completing the requirements prescribed on the Discretionary Entrance form.
- f The decision on Admission to the University under the category of Discretionary Entrance, and any required admission conditions, will be made by the Discretionary Entrance Academic Adviser on the basis of the completed application required under 6e, any feedback provided from programme staff and the outcome of an interview (if required by the Pro Vice-Chancellor Education or Discretionary Entrance Adviser).

Admission *ad eundem statum* (Admission at Entrance Level or with Credit)

7 a From a New Zealand university

A student from another university in New Zealand, including a student who had enrolled at the University of Auckland previously, who wishes to reapply to the University of Auckland must submit an Application for Admission online and may apply for credit under the provisions of the Credit Regulations.

b From another tertiary institution in New Zealand or overseas

A person who wishes to be admitted to the University and who has gained appropriate qualifications validated by the New Zealand Qualifications Authority or from an overseas institution may be granted admission by this University:

- (i) at entrance level
- (ii) with credit towards a certificate, diploma or a Bachelors degree for work which in the opinion of Senate is substantially equivalent and is in accordance with the credit regulations
- (iii) with graduate status.

c From a New Zealand secondary school

New Zealand citizens, permanent residents or international students who have gained from a New Zealand secondary school an entrance qualification approved by Universities New Zealand–Te Pūkai Tara for the purpose of admission *ad eundem statum*, may be granted admission *ad eundem statum* to this University.

d From an overseas secondary school

New Zealand citizens, permanent residents or international students who have gained an appropriate overseas qualification may apply to have that qualification recognised as being equivalent to a university entrance qualification set out in Regulations 4a–e above. A New Zealand citizen who has completed a year of academic study overseas, which is deemed to be at the equivalent of Year 13 in New Zealand, whether or not a formal academic qualification has been obtained, may apply for Discretionary Entrance, if appropriate, or may apply for *ad eundem statum* entrance under this Regulation.

- e A person seeking admission under this regulation has to apply by completing the requirements on the Application for Admission online.
- 8 a Credits may be specified or unspecified and the grant of admission may include permission to advance in specified subjects or courses.
- b Prerequisite courses or programmes may be prescribed as a condition of the approval to proceed to a higher degree or other qualification.

Students Enrolled at Another Educational Institution

- 9 a When they enrol, students are required to declare if they are intending to enrol concurrently during the year in question at any other educational institution.
- b A student at a New Zealand secondary school who satisfies the admission requirements and who has the specific written approval of the institution's principal may, with the approval of the Pro Vice-Chancellor Education or the Discretionary Entrance Academic Adviser, enrol in up to 15 points per semester under the Young Scholars programme.

English Language Competence

- 10 a Applicants for admission to the University of Auckland must provide evidence acceptable to the University of their competence in both written and spoken English.
- b For admission purposes, the University will be satisfied of an applicant's competence in English:
 - (i) if English is the applicant's first language
 - or
 - (ii) if the applicant has a New Zealand university entrance qualification
 - or
 - (iii) if the applicant has an overseas university entrance qualification from a country where the main language is English and the main language of instruction and assessment for that qualification was English
 - or

- (iv) if the applicant performs to a satisfactory standard, as set down by the University Senate from time to time, in an approved English Language test
 - or
 - (v) if the applicant provides other evidence acceptable to the University of competence in both written and spoken English.
- c If the academic performance of a student during their first year of study indicates a discrepancy with the evidence of English language competence provided at the time of admission, then the Pro Vice-Chancellor Education, on the recommendation of the relevant Associate Dean Academic, may require the student to undertake an approved English Language test. The cost of this English Language test will be met by the University. If the student fails to take the test within a three-month period, or the result of the new test is such that the student would have been declined admission to the University on initial application, the Pro Vice-Chancellor Education may discontinue the student's enrolment or permit the student to continue their enrolment under specific conditions determined by the Pro Vice-Chancellor Education.
- d Where the Pro Vice-Chancellor Education permits a student to continue their enrolment under specific conditions under regulation 10(c), the Pro Vice-Chancellor Education may discontinue the student's enrolment if they determine the student has breached those conditions.
- e A student whose enrolment has been discontinued under regulation 10(c) or 10(d) will be eligible for a full refund of tuition fees for the course(s) deleted, unless the evidence of their English language competence provided to the University at the time of admission was falsified or obtained dishonestly.
- f The English Language Competency requirements outlined in the Admission Regulations do not apply to applicants who are New Zealand citizens or permanent residents and aged 20 years or older, unless the applicant is applying to a limited entry programme for which English Language Competency is a selection criterion prescribed by Council under section 4(b) of the Limitation of Entry Statute 1999.

Early Programme Entry

- 11 a An applicant may, with the approval of the Programme Director, be admitted to a postgraduate programme at this University with one course, of no more than 30 points, left to complete in their qualifying undergraduate degree providing they have:
- (i) met all other requirements for the completion of the degree
 - and
 - (ii) passed at least 45 points above Stage II
 - and
 - (iii) passed any required prerequisite courses for the postgraduate programme to which they are applying
 - and
 - (iv) met the required Grade Point Average and any other entry requirements for the postgraduate programme to which they are applying.
- b The requirements for the qualifying undergraduate degree must be met during the student's first semester of initial enrolment in the postgraduate programme. If the requirements for the undergraduate degree are not met within the first semester, further enrolment in the postgraduate programme will not be permitted until the requirements have been met.
- 12 a An applicant may be admitted to a postgraduate programme at this University based on their Grade Point Average calculated on grades from all courses excluding the final semester (or equivalent) of their qualifying programme providing that they are currently enrolled in all the required courses to complete the qualifying programme.
- b The qualifying programme must be completed before they commence their first semester of study in the postgraduate programme, unless they are approved admission under Regulation 11. If the qualifying programme is not completed by the time the postgraduate programme commences, and the applicant is not admitted under Regulation 11, then enrolment in the postgraduate programme will not be permitted until the requirements have been met.
-

Credit Regulations

Credits

- 1 a A student may, with the approval of Senate or its representative and on payment of the prescribed fees under the Fees Statute, be granted credit towards a programme approved by the Dean of Faculty concerned under the provisions of these regulations.
- b A student may not be granted further credit for work already credited under this regulation.

Credit from Another Tertiary Institution: Transfer Credit

- 2 a A student who applies for admission to the University of Auckland and has undertaken an appropriate programme or micro-credential at an approved tertiary institution may be granted appropriate credit towards a degree or other qualification of the University of Auckland on the basis of work successfully completed in the previous programme or micro-credential.
- b To be awarded an undergraduate degree of the University of Auckland a student must complete at least the equivalent of a full time year of study as an enrolled student at the University of Auckland and pass a minimum of 120 points towards that degree.
- c Credit granted under 2a above may be specified or unspecified and the grant of admission may restrict advancement in specified subjects or programmes.
- d
 - (i) Credit granted under 2a above for an undergraduate qualification will normally be granted only for courses or micro-credentials at Stage I and Stage II. Only in exceptional circumstances will the grant of credit be considered at Stage III for courses or micro-credentials taken at Stage III at another tertiary institution.
 - (ii) Credit for completed micro-credentials will only be approved if the micro-credential was originally awarded with credit. Credit is not available for non-credit-bearing micro-credentials. Credit for micro-credentials will be approved at the level at which the micro-credential was approved, or the level for which it is assessed as being the equivalent of, for non-New Zealand micro-credentials.
 - (iii) Where Parts are specified for a Bachelors degree, credit may be awarded within a Part according to suitability of course or micro-credential content and/or professional requirements and irrespective of the Stage or level of the course or micro-credential passed. Credit towards an undergraduate qualification will not normally be granted for postgraduate level courses or micro-credentials.
 - (iv) Credit may be refused for undergraduate courses or micro-credentials passed more than five years previously.
- e Unless prohibited by the regulations of a prescribed degree, credit may be granted under 2a above towards a Bachelors Honours Postgraduate degree, taught Masters degree or the taught component of a research Masters degree with a total points value of more than 120 points, or Postgraduate Diploma provided that:
 - (i) No more than 30 points may be granted as transfer credit.
 - (ii) The enrolment in the postgraduate qualification at the University of Auckland is no later than three semesters from the initial enrolment in the courses or micro-credentials for which credit is to be given.
 - (iii) The application for transfer credit is made at the time the student is admitted to the postgraduate qualification.
 - (iv) The completed courses or micro-credentials are at postgraduate level in the disciplinary area of the qualification for which transfer credit has been sought.
 - (v) Transfer credit will not be given for independent research courses such as a dissertation, research essay, research project, research portfolio, thesis, or similar, or the major creative component of a postgraduate programme.
 - (vi) Transfer credit will not be given for courses in completed qualifications. Micro-credentials are not considered to be completed qualifications.
 - (vii) Grades for transfer credit courses or micro-credentials will not be included in the calculation of an overall grade for Honours (or Distinction/Merit).
- f Where prior approval for external tertiary study, exchange or study abroad enrolment has been granted:
 - (i) The grant of more than 30 points of credit for courses or micro-credentials taken at another tertiary institution will be considered for a Bachelors Honours degree, taught Masters degree, the taught component of a research Masters degree with a total points value of more than 120 points, or a Postgraduate Diploma.
 - (ii) The grant of credit for courses or micro-credentials taken at another tertiary institution will be considered for a research Masters degree.
- g The grant of 60 points of credit from a completed postgraduate certificate towards a Postgraduate Diploma may be approved where the admission regulations for the diploma programme allow for it.

- h Credit will not be available for any course or micro-credential passed at another tertiary institution with a conceded or restricted pass.
- i Where cross-credit or transfer credit has been awarded at another tertiary institution, this credit may not also be credited to a programme at the University of Auckland.

Approved Study at Another Institution

- 3 a A student who is enrolled at the University of Auckland and who concurrently enrolls and completes courses or micro-credentials at another tertiary institution, which they wish to credit to their University of Auckland qualification, must:
 - (i) Seek from the Dean of the relevant faculty, or nominee, prior approval of the proposed concurrent enrolment and confirmation that the courses or micro-credentials will satisfy the regulations and requirements for the qualification for which the student is enrolled at this University and that appropriate credit may be granted.
 - (ii) Apply for credit in accordance with these regulations when the official results are known.
- b Any credit granted towards a University of Auckland qualification from study at a Summer School will be added to the current year of study at this University.
- c Where prior approval has not been sought, credit will not normally be granted.
- 4 Where study at another institution is part of approved external study, study abroad or exchange arrangement, credit for an undergraduate qualification may be approved for Stage III or postgraduate level courses if the successfully completed study is deemed appropriate for such credit by the Dean of the relevant faculty or nominee.

Cross-credits and Internal Credit

- 5 a In this Regulation 'cross-credit' means a course which is common to two University of Auckland undergraduate qualifications, which may be Bachelors degrees, undergraduate diplomas and undergraduate certificates, and is credited to both. 'Internal credit' means credit awarded to a programme for one or more courses passed for another University of Auckland qualification, which cannot be designated as a cross-credit.
- b A student taking two programmes may only be awarded as cross-credits and/or internal credit the maximum allowed for one, but not both, of the programmes.
- c A course which is designated a cross-credit may not be credited to more than two qualifications.
- 6 a When calculating cross-credits between a second and third qualification, points from previously granted cross-credits may not be used. The maximum number of cross-credit points that may be granted is based on one third of the points not previously designated for cross-credits.
- b A Stage III course that fulfils the Stage III requirements of one qualification may not normally be designated as a cross-credit to meet the Stage III requirement of another qualification unless permitted by the regulations of a prescribed undergraduate degree.
- c A student may not designate as a cross-credit any course passed with a conceded pass or a restricted pass. If that course is compulsory, another course may be substituted for it as Senate or its representative may approve.
- d Designation of courses as cross-credits, as permitted by these regulations, is subject to the approval of the Dean of the relevant faculty or their nominee.

Micro-credentials Completed at the University of Auckland

- 7 a If a micro-credential is completed at the University of Auckland and credit is approved into a University of Auckland qualification the credit will be designated as Internal Credit.
- b A micro-credential may only be credited to one qualification.

Limits

- 8 Subject to any other provisions of these regulations and except where different arrangements are specified in individual Programme Regulations:
 - a The total value of transfer credit, cross-credits and internal credit will normally be limited to one third of the total value of the degree, diploma or certificate to which it is being credited.
 - b Cross-credits are not available for Masters degrees, Bachelors Honours Postgraduate degrees, doctorates, postgraduate certificates and postgraduate diplomas.

Limits on Cross-credits for Conjoint Degrees

- 9 a A conjoint degree programme is considered to be two degrees for the purpose of calculating cross-credits.

- b (i) A maximum of 80 points may be cross-credited from a completed conjoint degree component to another qualification.
- (ii) A maximum of 80 points may be cross-credited from a completed qualification to a conjoint degree component.
- (iii) The apportionment of the points for each component of a conjoint degree is subject to the approval of the appropriate Deans or their representatives.

Reassigned Courses

- 10 a A student may apply, by submitting an Application to Reassign Courses form, to reassign courses passed for, and assigned to, one qualification to another qualification for which the courses are available.
- b A student may not reassign courses passed for one qualification to another once the qualification for which the courses were passed has been awarded, unless the former qualification has been surrendered or rescinded.
- c A student may not reassign to another qualification any course passed with a conceded pass or a restricted pass. If that course is compulsory, another course may be substituted for it as Senate or its representative may approve.
- d A student may apply to reassign a course or courses passed for a Certificate of Proficiency to a taught Masters degree, or the taught component of a research Masters degree with a total points value of more than 120 points, a Bachelors Honours Postgraduate degree, a postgraduate diploma or a postgraduate certificate provided that:
 - (i) no more than 30 points are reassigned
 - (ii) the enrolment in the postgraduate qualification is no later than three semesters from the initial enrolment in the course(s) reassigned from a Certificate of Proficiency
 - (iii) the course is available in the schedule of the qualification to which it is reassigned.
- e Courses which are reassigned cease to be credited to the former qualification.

Review and Appeal Procedure

- 11 a Decisions under these Regulations may be reviewed only if:
 - (i) there was a failure of the University's process and/or
 - (ii) the basis of the decision was manifestly at odds with the evidence.
 - b Requests for review of Transfer Credit and Approved Study at Another Institution decisions should be made to the Admissions Office. Requests for review of Cross-credits, Internal Credit and Reassigned Courses decisions should be made to the Records Office.
 - c If the request for review is unable to be resolved by the Applications or Records Offices, it will be referred to the faculty concerned or, in the case of postgraduate qualifications, the Pro-Vice Chancellor (Education) for reconsideration.
 - d If a student remains dissatisfied following reconsideration by the faculty or Pro-Vice Chancellor (Education), a written appeal for a review of the credit decision may be submitted to the Director, Student and Scholarly Services.
 - e The Credit Review Board will consider all appeals relating to credit decisions on behalf of Senate.
 - f Students who are submitting an appeal have the right to be heard in person.
 - g The decision of the Credit Review Board must be recorded and the appellant informed of the decision in writing.
 - h The decision of the Credit Review Board is final.
-

Enrolment and Programme Regulations

The 'Department' is the Department or School or other academic unit in which the student is enrolled, and the 'Head of Department' is the head of that academic unit.

Application of Regulations to Doctoral Degrees

- 1 The Enrolment and Programme Regulations apply to doctoral degrees only as stated at Regulations 1a-b.
 - a Doctoral degrees are subject to:
 - Regulation 4b(ii) within the Academic Calendar provisions
 - Regulation 7 within the Definitions of Full-time and Part-time Study
 - Regulation 10a within the General Programme Provisions
 - Regulations 14-18 pertaining to Rescindment and Surrender of Qualifications
 - Regulations 21a-b, 21d-e, 22a-b and 22d-e within the Enrolment provisions
 - Regulation 23 pertaining to Members of the Security Intelligence Service
 - Regulation 77 pertaining to Deputy Vice-Chancellor Education's Special Powers.
 - b Doctoral degrees governed by the 2011 or 2016 Statutes for the Degree of Doctor of Philosophy or by the General Regulations - Named Doctorates are subject to Regulations 1a and 19a of these Enrolment and Programme Regulations.

Application of Regulations to Micro-credentials

- 2 The Enrolment and Programme Regulations apply to micro-credentials with the exception of the regulations pertaining to:
 - Restrictions - Regulation 13
 - Discontinuation - Regulation 19
 - Academic English Language Requirement - Regulation 25
 - Meeting the Academic English Language Requirement - Regulations 26-32
 - Failure to meet the Academic English Language Requirement - Regulations 33-37
 - Readmission - Regulations 40-45
 - Academic Standing - Regulations 59-74.
- 3 References to programmes and courses in these regulations, excluding the sections noted in Regulation 2, should be interpreted to include micro-credentials.

Academic Calendar

- 4
 - a The academic year will begin on the first day of January of the calendar year and will end on the last day of December of that same calendar year.
 - b There will be:
 - (i) a Summer School, a Late Year Term, two semesters, four quarters and an Academic Year Term in each year
 - (ii) a doctoral year term corresponding to each block of 12 months from the initial date of doctoral programme enrolment for a doctoral student.
 - c The Summer School will normally begin on the second working day after the New Year break and will end with examinations normally held over three days commencing the second or third Monday in February. If the second working day is a Friday, the Summer School will begin on the following Monday.
 - d The first semester will normally begin on the ninth or tenth Monday of the calendar year and end on the 26th Monday of the calendar year, the final three weeks and one day of which will normally be a study and examination period.
 - e The second semester will normally begin on the 29th or 30th Monday of the calendar year and end on the 46th Monday of the calendar year, the final three weeks and one day again normally being a study and examination period.
 - f Each semester will include a break of at least one week after about six weeks of teaching.
 - g Quarters normally comprise a ten week period of teaching and examinations, followed by a break of one or two weeks.
 - h The Academic Year Term will begin on the first day of January and will end on the last day of December of that same calendar year. Within the Academic Year Term, individual sessions that commence on a date within the Academic Year Term will be used to denote specific shorter periods of study.

Definitions of Full-time and Part-time Study

- 5 Full-time study is defined as a student workload of:

- a not fewer than 100 points over two semesters in one year
or
 - b not fewer than 50 points in one semester
or
 - c not fewer than 25 points in Summer School
or
 - d not fewer than 25 points in one quarter
or
 - e not fewer than 50 points in Late Year Term
or
 - f not fewer than 100 points in the Academic Year Term.
- 6 Part-time study is defined as a student workload of:
- a fewer than 100 points over two semesters in one year
or
 - b fewer than 50 points in one semester
or
 - c fewer than 25 points in Summer School
or
 - d fewer than 25 points in one quarter
or
 - e fewer than 50 points in Late Year Term
or
 - f fewer than 100 points in the Academic Year Term.
- 7
- a Full-time/part-time status for doctoral students is determined separately for each month of enrolment.
 - b A full-time doctoral student is enrolled in 10 points each month.
 - c A part-time doctoral student is enrolled in 5 points each month.

Points

- 8
- a (i) Students in a Bachelors degree, diploma or certificate are subject to the provisions of the Academic Standing regulations.
 - (ii) A student may enrol in:
 - (a) up to 80 points in each of Semesters One and Two
 - (b) up to 30 points in a Summer School
 - (c) up to 45 points in each of Quarters One, Two, Three and Four
 - (d) up to 60 points in Late Year Term
 - (e) up to 60 points in total if a student is enrolled in both Summer School and the Late Year Term
 - (f) up to 190 points in the Academic Year Term, or in the Academic Year Term in conjunction with other semesters, quarters or terms.
 - (iii) The Pro Vice-Chancellor Education, acting on the recommendation of the relevant Programme Director, may approve a student to exceed the points limits noted above, in exceptional circumstances.

Notes:

- 1 *A recommended full-time programme in Semesters One and Two would normally comprise a total of 120 points.*
 - 2 *A recommended full-time programme in Quarters One, Two, Three and Four would normally comprise a total of 120 points.*
- b
- (i) For a Masters degree where another programme is included in the enrolment, a limit on points may be determined by the Dean of Faculty or delegated representative in any particular case provided that the Masters programme will always comprise more than half of the total points for which the student has enrolled.
 - (ii) Students who are eligible to claim student allowances and/or an additional student loan entitlement and wish to enrol during the summer vacation period in order to work on their thesis, dissertation or research project are required to be enrolled in an appropriate course as advised by their faculty.

Exchange/Study Abroad

- 9 For study at another institution as part of an approved undergraduate exchange or study abroad arrangement:
- a a student is required to enrol in at least 45 points in a semester for up to two semesters of their degree
 - b a student may enrol in a maximum of 75 points in a semester for up to two semesters of their degree
 - c the maximum amount of credit that may be awarded under these regulations is the maximum limit specified in Regulation 8 of the Credit Regulations.

General Programme Provisions

- 10 a Subject to the Admission Regulations and to the express provisions of any other statute or regulation, every student for a certificate, diploma or degree programme must:
 - (i) be admitted to the University
 - and
 - (ii) follow the prescribed programme in the order prescribed or indicated in accordance with the regulations governing that programme
 - and
 - (iii) comply with the provisions of the Examination Regulations.
- b Each student must ensure that, before confirming their enrolment, their proposed programme and enrolment complies with the regulations of the qualification to which they have been admitted or they have been approved a variation under the Programme Variations Regulations.
- c A faculty may determine whether a programme will be offered part-time or full-time for new students in any particular academic year. This information will be made available on the University's website.
- d Where electives are prescribed for a programme, the faculty may at its discretion determine which of them shall be available in any term provided that sufficient electives are available to enable students to complete their programme.
- e A student who has enrolled for the second semester in a course or courses that have a first semester prerequisite or corequisite and who fails the prerequisite/corequisite course(s) may not proceed with the second semester enrolment unless a concession is granted by the relevant Programme Director.
- f Where in the opinion of an Academic Head an insufficient number of students has enrolled in a course taught in the Department or School or where there are insufficient staff to teach it, that Academic Head may, with the relevant faculty approval, cancel that course not later than one week after the beginning of the term in which it would have been taught. A course may not be cancelled if the ability of students to complete or progress in their programme is impacted and appropriate alternative courses cannot be made available. In lieu of cancellation an Academic Head may propose changes to course delivery to accommodate students. A student is not to be charged a fee for any alteration to enrolment required because of the cancellation of a course.
- g If a student wishes to enrol in a course that is not explicitly listed in the Structure and Content or Schedule of their programme, they may do so, provided that:
 - (i) the Structure and Content or Schedule of their programme includes a provision for them to enrol in other courses, or they have approval from their Programme Director to include the course
 - and
 - (ii) approval is given by the relevant Course Director
 - and
 - (iii) any prerequisite, corequisite or other conditions are met or the Course Director has, in approving the enrolment, waived those requirements
 - or
 - (iv) it is completed as a Certificate of Proficiency.
- h In respect of individual courses, 'to complete' means to attend all required classes, submit any required assessment, sit any required examinations, and be awarded a pass grade.

Programme Variations

- 11 A Programme Director may approve a variation to the courses a student must complete as part of their programme of study. The following rules apply:
 - a There must be a compelling academic reason for the variation, or evidence of exceptional circumstances and/or hardship to the student.
 - b The variation must be recorded on the student's academic record.
 - c Variations must not reduce the total points required to complete a qualification.
 - d The extent of variation must not jeopardise the integrity of the qualification. The variation must not exceed one quarter of the total points value of the qualification, or remove a core requirement e.g. a research project, requirement for level 9 courses or the regulations applying to the award of honours.
 - e Variations will be considered on a case-by-case basis and will not set a precedent.

Beyond this, variations may only be approved in accordance with the Deputy Vice-Chancellor Education's Special Powers.

Transition Provisions

- 12 The University reserves the right to make changes to its qualifications, including the addition, restructuring or suspension or deletion of qualifications, regulations and/or courses. Reasonable provision will be made to enable enrolled students to complete any qualification which is discontinued or has its structure substantially altered, but such provision will not extend beyond the permitted time for completion of postgraduate qualifications or an approved timeframe for undergraduate qualifications.

Restrictions

- 13 a A student may not normally enrol in the same semester or quarter or Summer School or Late Year Term for more than two different programmes.
- b (i) A student may not enrol in the same semester or quarter or Summer School or Late Year Term for courses the content of which is substantially similar.
- (ii) A student may not enrol for any course the content of which is the same as, or substantially similar to, any course for which credit has been received, provided that in exceptional circumstances Senate or its representative may permit such enrolment for a Certificate of Proficiency.
- (iii) Work submitted for credit towards the result in any course may not be resubmitted in respect of any other course.
- c A student who has twice enrolled in, but has failed to be credited with a pass in, a course is not entitled to enrol again in that course other than in exceptional circumstances approved by Senate or its representative.
- d A student may not be admitted to a programme for a qualification at the same level, in the same discipline, as a qualification that has already been awarded or conferred or for which the requirements have been completed, unless specific provision is made in the regulations for the relevant programme or special approval is given by Senate or its representative.
- e Unless special approval is given by Senate or its representative, a student may not be admitted to a programme for a postgraduate qualification
- (i) for which the student has previously failed to meet the general requirements by being unable to complete within the total allowable enrolment limit
- or
- (ii) the content of which is the same as, or substantially similar to, any qualification for which the student has previously failed to meet the general requirements.
- f Students or members of the public may only attend classes associated with an enrolled course (including lectures, tutorials, seminars, and laboratories) if they are formally enrolled in the course as part of a programme of study or are attending as part of the University Lecture Course Programme organised by Public Programmes or a Short Course under the Short Courses Policy or are a postgraduate research student and have permission from the course director to audit the course.

Rescindment and Surrender of Qualifications, Micro-credentials and Digital Badges

- 14 The University Council may rescind any qualification, micro-credential or digital badge conferred or issued in error.
- 15 A qualification, micro-credential or digital badge may be surrendered on application to Student and Scholarly Services, and records of the qualification, micro-credential or digital badge being awarded will be amended, including digital records. If the surrendered qualification is a degree or diploma then the graduate will be removed from the graduate database.
- 16 a The decision makers named in these regulations may delegate their decision-making power under these regulations to another nominated role. This delegation must be in writing.
- b Where decision-making authority is delegated:
- (i) The delegated authority can be exercised in the same way and to the same effect as if the original listed decision maker performed or exercised it.
- (ii) The decision maker that made the original delegation remains responsible for the performance or exercise of the authority.
- 17 Rescindment or surrender of a qualification, micro-credential or digital badge is regarded as final. Re-conferment of the rescinded or surrendered qualification, micro-credential or digital badge would only be approved in exceptional circumstances.
- 18 Any subsequent reassignment of courses from a rescinded or surrendered qualification towards another University of Auckland qualification must comply with the Credit Regulations of the *University Calendar*.

Discontinuation

- 19 a A student who has not enrolled in a course for a programme for a period of three years shall have their admission to the programme discontinued and must apply for and have readmission approved to that programme before any further enrolment in that programme is permitted.
- b (i) A student who has enrolled in a foundation or undergraduate degree programme in their first semester of study at the University of Auckland who fails to actively engage in their course(s) or programme in the first four weeks of enrolment, to the extent that they are deemed by the relevant Programme Director to be unlikely to successfully complete their courses, may have their admission to the programme discontinued and their enrolment deleted. The decision will be made by the relevant Associate Dean Academic based on a recommendation from the Programme Director.
- (ii) A student discontinued in these circumstances will be eligible for a full refund of tuition fees for the course(s) deleted.
- c A student who has twice enrolled in but has failed to be credited with a pass in a course which is required for completion of, or continued enrolment in, a programme may have their enrolment for that programme discontinued by the relevant Associate Dean Academic or a faculty Programme Adviser using criteria determined by the relevant Associate Dean Academic.
- d A student who has been admitted to a programme with specified conditions which must be met in order to be able to continue enrolment in that programme and who has not met those conditions may have their enrolment for that programme discontinued by the relevant Associate Dean Academic or a faculty Programme Adviser using criteria determined by the relevant Associate Dean Academic.
- e A student who has received 'Did not sit' (DNS) or 'Did not complete' (DNC) grades on all their courses in a semester may have all future course enrolments deleted and their programme discontinued by the relevant Associate Dean Academic or a faculty Programme Adviser using criteria determined by the relevant Associate Dean Academic.
- f A student whose enrolment has been discontinued because of failure to meet specified conditions, or as a result of receiving 'Did not sit' (DNS) or 'Did not complete' (DNC) grades in a prior semester, or whose programme has been discontinued under Regulation 19c, may apply for reconsideration of their discontinuation where they consider that medical or other exceptional circumstances should be taken into account. An application for reconsideration of discontinuation must be made to the relevant Associate Dean Academic of the faculty in writing.

Readmission following discontinuation

- g (i) If a student who has been discontinued subsequently wishes to recommence the programme they were discontinued from they must apply for readmission to the programme. The relevant Associate Dean Academic or a faculty Programme Adviser using criteria determined by the relevant Associate Dean Academic may approve admission, decline admission, or permit a student to be readmitted under specific conditions.
- (ii) A student whose enrolment in a programme has been discontinued under Regulations 19c, 19d or 19e may not be re-admitted to that programme within two years of the date of discontinuation.
- (iii) A student who has been re-admitted to a programme after discontinuation may have specified conditions imposed which must be met in order to be able to continue enrolment in that programme. Where such conditions are not met their enrolment for that programme may be discontinued by the relevant Associate Dean Academic or a faculty Programme Adviser using criteria determined by the relevant Associate Dean Academic.

Enrolment

- 20 a Following acceptance in a programme of their choice, students can enrol in courses online. For late enrolment see the Late Enrolment provisions in this section.
- b Students whose dissertations or theses for a diploma or degree are incomplete are required to be enrolled until the dissertation or thesis is presented.
- 21 a A double-semester course is a full-year course, run over two consecutive semesters and assessed at the end of the second semester of enrolment. The same grade is applied across both components of the course.
- b To complete, students must enrol consecutively in both the A and B component of the course. Deadlines for additions and deletions for double-semester enrolments are noted under Changes to Current Enrolment.
- c Enrolments must normally be made in consecutive semesters unless a suspension of time is approved for a postgraduate research course under General Regulations.

- d The A and B enrolments in a double-semester course are two components of the same course. Any action applied to one component is applied to both.
 - e Enrolment in the A component of a double-semester course is considered a request for enrolment in the B component for the following semester and withdrawal from or deletion of one component will be applied to the remaining component.
- 22 a A double-quarter course is a half-year course, run over two consecutive quarters and assessed at the end of the second quarter of enrolment. The same grade is applied across both components of the course.
- b To complete, students must enrol consecutively in both the A and B component of the course. Deadlines for additions and deletions for double-quarter enrolments are noted under Changes to Current Enrolment.
 - c Enrolments must normally be made in consecutive quarters unless a suspension of time is approved for a postgraduate research course under General Regulations.
 - d The A and B enrolments in a double-quarter course are two components of the same course. Any action applied to one component is applied to both.
 - e Enrolment in the A component of a double-quarter course is considered a request for enrolment in the B component for the following quarter and withdrawal from or deletion of one component will be applied to the remaining component.

Members of the Security Intelligence Service

- 23 a No member of the Security Intelligence Service enrolled as a student at the University shall carry out any inquiries into security matters within the University premises.
- b The proposed attendance of a member of the Security Intelligence Service at the University shall be discussed between the Security Intelligence Service and the Registrar before their enrolment.
- c After those discussions have been held, Senate shall determine each year what special conditions (if any) as to attendance at Classes shall apply to students who are members of the Security Intelligence Service in order to maintain discipline among the students of the University by preventing any possible disturbance to the carrying out of normal teaching activities.
- d In this Section 23 'Member of the Security Intelligence Service' means an officer or employee engaged in the Security Intelligence Service established under the New Zealand Security Intelligence Service Act 1969.

Academic Integrity

- 24 a All students admitted to a University of Auckland programme are required to complete the online Academic Integrity course.
- b Completion of the Academic Integrity course is a one-time only requirement. A student who has completed the Academic Integrity course under the regulations for a programme is not required to repeat the course when admitted to any subsequent programme.
- c For undergraduate students, completion of the Academic Integrity course is a condition of fulfilling the requirements for General Education.
- d Students who, for any reason, are fully or partially exempted from the requirements for General Education must complete the online Academic Integrity course unless they have previously done so.
- e All postgraduate students who have not already completed the Academic Integrity course are required to do so as a condition for completing their programme of study, and before any degree, diploma or certificate is conferred or awarded.

Academic English Language Requirement

- 25 All domestic students, and all international students applying on the basis of a New Zealand secondary school qualification or results at another New Zealand tertiary institution, who are admitted to a University of Auckland bachelors degree qualification, with the exception of the Bachelor of Education(Teaching) Huarahi Māori specialisation, are required to meet the Academic English Language Requirement. Students admitted to the Bachelor of Education(Teaching) Huarahi Māori specialisation are required to meet the Academic Māori Language Requirement below.

Note: For the purpose of these regulations this includes the Bachelor of Advanced Science (Honours), the Bachelor of Engineering (Honours), the Bachelor of Medical Imaging (Honours) and the Bachelor of Urban Planning (Honours).

Meeting the Academic English Language Requirement

26 To meet the Academic English Language Requirement through an entry qualification on admission to a bachelors degree a student must have:

a If applying based on NCEA results

either

(i) gained the University Entrance Literacy Standard and through their NCEA results achieved a minimum of 17 credits in English at Level 2 and/or 3

Note: English for Academic Purposes standards US 22749, US 22750 and US 22751 will contribute to meeting the Academic English Language Requirement

or

(ii) gained the University Entrance Literacy standard solely through Te Reo Māori and/or Te Reo Rangatira credits

or

b if applying based on University of Cambridge International Examinations (CIE, taken in New Zealand) results, gained the University Entrance Literacy Standard and achieved a minimum of a D grade in an English course at AS or A Level

or

c if applying based on International Baccalaureate (taken in New Zealand) results, gained the University Entrance Literacy Standard and be in receipt of 26 points

or

d if a graduate,

(i) completed a bachelors degree, or a higher qualification from a New Zealand university

or

(ii) completed a bachelors degree, or a higher qualification, from a recognised tertiary education provider in New Zealand

or

(iii) completed a qualification from an overseas tertiary institution that is the equivalent of a bachelors degree, or higher, in New Zealand, as approved by Senate or its representative

or

e completed a University of Auckland Foundation programme.

27 A student who has been admitted to a bachelors degree having passed at least 60 points of study at a tertiary institution, but who has not met the requirements in Regulation 25, will meet the Academic English Language Requirement if they achieve a result of good or satisfactory in DELNA screening (or an average score of 7 across all bands, and a minimum score of 7 in writing, in DELNA diagnosis if required). This result must be achieved within 12 months (three consecutive semesters) of the student's first enrolment.

28 A student who has been granted Special Admission will meet the Academic English Language Requirement if they achieve a result of good or satisfactory in DELNA screening (or an average score of 7 across all bands, and a minimum score of 7 in writing, in DELNA diagnosis if required). This result must be achieved within 12 months (three consecutive semesters) of the student's first enrolment.

29 Where the regulations allow a student to meet the Academic English Language Requirement through DELNA screening and/or diagnosis under Regulation 27 or 28, only the student's first attempt within the nominated 12 month period will be accepted as the definitive result for the purposes of meeting the Academic English Language Requirement.

30 Where the Academic English Language Requirement is not met by an entry qualification, as outlined in Regulation 25, or through an acceptable result in DELNA screening and/or diagnosis, as outlined in Regulations 25, 26 and 27, the requirement must be met by the student passing an academic English language course, approved by Senate or its representative, within 12 months (three consecutive semesters) of the student's first enrolment. A list of approved courses can be found on the University's website.

31 Summer School is defined as a semester for the purposes of the Academic English Language Requirement.

32 If a student enrolls in an academic English language course prior to completing DELNA screening and/or diagnosis, but subsequently meets the Academic English Language Requirement through DELNA, the deadlines for making changes to their current enrolment as specified in Regulation 49 of the Enrolment and Programme Regulations, Changes to Current Enrolment, of the *University Calendar*, will still apply.

Failure to meet the Academic English Language Requirement

33 A student who fails to meet the Academic English Language Requirement by the end of the 12 months may have their programme discontinued.

34 A student who has had their programme discontinued because of failure to meet the Academic English Language

Requirement may apply for reconsideration of the decision where they consider that disabilities, impairments, medical or other exceptional circumstances should be taken into account. An application for reconsideration of the discontinuation must:

- a be made on the Reconsideration of the Academic English Language Requirement form
- and
- b include evidence of disabilities, impairments, medical or other exceptional circumstances
- and
- c reach the Pro Vice-Chancellor Education within 14 days of the decision to discontinue being made.

35 Where such reconsideration is given the Pro Vice-Chancellor Education may:

- a confirm the discontinuation
- or
- b cancel the discontinuation
- or
- c cancel the discontinuation but apply conditions to any further enrolment.

36 A student who has had their programme discontinued because of failure to meet the Academic English Language Requirement will be excluded from enrolment in all programmes at the University of Auckland for at least one year.

37 Any student who has had their programme discontinued under the Academic English Language Requirement regulations and who has had their application for reconsideration declined may, within 14 days of being advised of the decision, appeal to the Deputy Vice-Chancellor Education against the decision of the Pro Vice-Chancellor Education.

Academic Māori Language Requirement

38 All students applying on the basis of a New Zealand qualification or results at another New Zealand tertiary institution who are admitted to the University of Auckland Bachelor of Education(Teaching) Huarahi Māori specialisation are required to meet the Academic Māori Language Requirement.

Meeting the Academic Māori Language Requirement

39 To meet the Academic Māori Language Requirement through an entry qualification on admission to Bachelor of Education(Teaching) Huarahi Māori specialisation a student must have:

- a if applying based on NCEA results, gained the University Entrance Te Reo Matatini Standard and through their NCEA results achieved a minimum of 20 credits in Te Reo Matatini and/or Te Reo Rangatira at Level 2 and/or 3
- or
- b if applying based on the National Māori Language Proficiency Examinations, gained Whakamātauria Tō Reo Māori at Level 3
- or
- c passed TFCMAORI 10F or a similar Foundation level programme
- or
- d an acquired proficiency through wānanga reo, kura reo, Te Ātaarangi, kōhanga reo, marae (e.g. through working as kaikōrero and kaikaranga on marae), or employment that requires Māori language fluency (e.g. as a translator or kaiārahi reo in a school).

Readmission

40 A student whose programme has been discontinued for failure to meet the Academic English Language Requirement will be entitled to apply for admission to a programme after one year of exclusion.

Applications must:

- a be made on the Reconsideration of the Academic English Language Requirement form
- and
- b state the programme for which the student intends to apply, should the application for readmission be successful
- and
- c state the reasons why the student believes they should be readmitted and include evidence, where applicable
- and
- d reach the Director, Student and Scholarly Services two months prior to the listed closing date for application to the programme.

Where such application is made, the Director, Student and Scholarly Services may:

- a permit the student to be readmitted
- or

- b permit the student to be readmitted under specific conditions
- or
- c decline readmission.

- 41 A student declined readmission under these provisions may apply for reconsideration of their application for readmission. Where such reconsideration is given, the Pro Vice-Chancellor Education may:
- a confirm the decision to decline readmission
 - or
 - b permit the student to be readmitted
 - or
 - c permit the student to be readmitted under specific conditions.
- 42 Applications for reconsideration of a decision to decline readmission must reach the Pro Vice-Chancellor Education within 14 days of the decision to decline readmission being made.
- 43 A student readmitted under conditions specified by the Director of Student and Scholarly Services or the Pro Vice-Chancellor Education, but who fails to satisfy those conditions, will be automatically excluded from enrolment in all programmes at the University of Auckland.
- 44 A student excluded under Regulation 43 is not entitled to apply for admission to a programme for at least one year following the date of their exclusion.
- 45 Any student declined readmission at this University under the Academic English Language Requirement regulations and who has had their application for reconsideration declined may, within 14 days of being advised of the decision, appeal to the Deputy Vice-Chancellor Education against the decision of the Pro Vice-Chancellor Education.

Additions

- 46 A student wishing to add a course to their current enrolment may do so on Student Services Online before the deadline for additions to be made for the term of enrolment, where the approved limit has not been reached, and all other enrolment requirements have been met.

Deletions

- 47 a A student wishing to delete a course may do so on Student Services Online before the deadline for deletions to be made for the term of enrolment, or as an exception, by written notification received by the University before the relevant deadline.
- b The course will be deleted from the student's academic record without penalty.

Late Enrolment

- 48 a Subject to the availability of courses and/or availability of places in a course, a late enrolment may be accepted:
- (i) after the day prescribed and before the deadline for additions and deletions
 - (ii) after the deadline for additions and deletions with faculty approval through the approved University process.
- b The choice of courses for students who enrol after the closing date for enrolment may be limited.

Changes to Current Enrolment

Deadlines for Additions and Deletions

- 49 The rules that determine the deadlines for making additions and deletions under Regulations 46 and 47 are set out below. The days refer to calendar days not working days. Where the deadline falls on a weekend, it will be extended to include the next working day. The actual dates will be available on the University website.

Course duration	Deadline for additions	Deadline for deletions
Course duration of one week or less	End of Day 1	End of Day 1
Course duration of 2–9 weeks • Includes Summer School	End of Day 7	End of Day 7

Course duration of 10–17 weeks <ul style="list-style-type: none"> Includes standard-date Semester One/Semester Two courses Includes standard-date Quarter courses Includes University of Auckland Online courses offered in sessions 	End of second Friday following course start date	End of second Friday following course start date
Course duration of 18–27 weeks <ul style="list-style-type: none"> Includes CertFoundSt courses (Accelerated pathway) 	End of second Friday following course start date	End of third Friday following course start date
Course duration of 28–38 weeks <ul style="list-style-type: none"> Includes CertFoundSt (Fast Track pathway) 	End of second Friday following course start date	End of fourth Monday following course start date
Courses with A/B components	End of second Friday following course start date	End of Day 31
Course duration of 39 weeks or more <ul style="list-style-type: none"> Includes CertFoundSt courses (Standard length pathway) 	End of second Friday following course start date	End of Day 31
Late Year Term	End of Day 10	End of Day 10
Non-standard start and end dates	Up until 10% of the course time has elapsed from course start date (for course duration up to 119 days), otherwise the second Friday following course start date	Up until 10% of the course time has elapsed from course start date (for course duration up to 266 days) End of Day 31 (for course duration of 267 days and over)

Notes:

- (i) Course dates need to be set so that they incorporate all the hours of learning required for a course.
- (ii) Deadlines for course additions and deletions are calculated from the course commencement date as shown in Student Services Online except in relation to Regulation 53.
- (iii) All courses must be scheduled to start on a Monday, except for those starting on the first day of the Late Year Term and Summer School, or where an exception has been approved by Student and Scholarly Services. The notional start date may be a different date to when teaching actually starts.

50 It is not sufficient for a student to notify a deletion solely to the department or faculty. The deletion request must be completed through Student Services Online, or as an exception, by written notification received by the University by the deadline.

51 Where special circumstances apply, a student may apply for an exemption from additional fees from the Director of Student and Scholarly Services (or delegated authority).

52 Deadline dates as specified in the table above are calculated from the start date of the course and class a student is enrolled in as specified in Student Services Online. The start date of a course and class may be prior to the period of teaching for the course or class.

53 Where a thesis or research portfolio enrolment commences on 1 December, the deadline for deleting the enrolment, and the accompanying Semester One and Two enrolment, or for making changes to the points value of the enrolment in Semester One, is the fourth Friday of the course.

54 Where a student is on an approved outbound exchange programme the deadline to change enrolment will be based on the commencement date of the course at the host University and not the placeholder course in Student Services Online. The Director of Student and Scholarly Services may approve a change to the deadlines for these students to reflect individual circumstances.

Late Deletion

- 55 a Late applications to delete a course or courses will be considered by the Assessment Services Manager only in exceptional circumstances (such as illness, injury or events beyond the control of the student).
- b Applications must be made through the approved University process by the last day of lectures of the semester, quarter, Summer School or Late Year Term for the course. A late application may be accepted in exceptional circumstances at the discretion of the Assessment Services Manager, except where the course has been completed and a grade reported.
- c Applications must be supported by independent evidence from a qualified professional (e.g. a medical practitioner, counsellor or other relevant authority). What is deemed acceptable evidence will be determined by the Assessment Services Manager.
- d Following the decision on an application for late deletion of a course, the student may apply for reconsideration of that decision to the Director, Student and Scholarly Services whose decision shall be final. Applications must:
- (i) be received in writing, no later than 14 days after the student is notified of the decision and
 - (ii) be accompanied by further evidence in support of the application.
- e Where a student has been permitted by the Assessment Services Manager or Director, Student and Scholarly Services to delete a course after the prescribed date under this regulation, any refund or credit of tuition fees will be granted in accordance with the Tuition Fees Refund or Credit Guidelines given in Regulation 58.

Late Substitutions

- 56 a An academic head or nominee may approve the substitution of or direct the substitution of one course for another in a relevant subject, with the same duration, points value and taught in the same academic term.
- b In exceptional circumstances the relevant Associate Dean Postgraduate Research may approve the substitution of a smaller research component for a larger one if, during enrolment, it becomes clear that it cannot be completed as originally intended and that a smaller research component should be completed instead. This applies to research components of 30 points or more and the difference in points value between the substituted courses must be no more than 60 points.
- c In exceptional circumstances the relevant Associate Dean Postgraduate Research may approve the substitution of a larger research component for a smaller research component if, during enrolment, it becomes clear that there is potential for a project of greater scale/size to be completed and the student is capable of completing it in the time available. This applies to research components of 30 points or more and the difference in points value between the substituted courses must be no more than 60 points.
- d Courses may be substituted up until three weeks before the end of lectures for the term in which the course is taught. In exceptional circumstances a later substitution may be approved by the relevant Associate Dean Academic. A substitution will not be approved outside of the academic year in which the courses were taught or once a grade has been entered for the course proposed to be substituted.
- e The substituted course will be removed from the student's academic record without penalty.
- f A course substitution may result in an adjustment to the student's tuition fees. If there is a variation between charges payable in respect of the original and the substituted course, the student will either be required to pay the difference in those charges if the tuition fee for the substituted course is higher or receive a partial credit if the tuition fee for the substituted course is lower.
- g Where a student is directed by an Academic Head or nominee to take a more or less advanced course in a later term in the same academic year, the student will be permitted, if necessary, to delete the original course without penalty. The deletion will be processed by the University on behalf of the student.

Withdrawals

- 57 a A student may formally withdraw from a course after the period specified for deletion through the approved University process within the deadlines specified below.

Deadlines for Withdrawals

- b The last dates for withdrawals are set out below:

For enrolment in	Deadline for withdrawals
Course duration of one week or less	Two days before course end date

Course duration of 2–9 weeks • Includes Summer School	One week before the end of lectures
Course duration of 10–12 weeks • Includes standard-date Quarter courses • Includes University of Auckland Online courses offered in sessions	Second Friday before the end of lectures
Course duration of 13–17 weeks • Includes standard-date Semester One/Semester Two courses	Third Friday before the end of lectures
Course duration of 18–27 weeks • Includes CertFoundSt courses (Accelerated pathway)	Third Friday before the end of lectures
Course duration of 28–38 weeks • Includes CertFoundSt (Fast Track pathway)	Third Friday before the end of lectures
Quarter courses with A/B components	Second Friday before the end of lectures in the second quarter
Semester courses with A/B components	Third Friday before the end of lectures in the second semester
Course duration of 39 weeks or more • Includes CertFoundSt courses (Standard length pathway)	Third Friday before the end of lectures
Late Year Term	Third Friday before the end of the term

- c The course will remain on the academic record and show as a withdrawal.
- d There will be no refund or credit of any fees or charges for the withdrawn course. All fees will remain owing.
- e If a student who ceases to attend lectures fails to withdraw from the course/s through the approved University process, the course(s) will be recorded as 'Did not sit' (DNS) and will count as a failure for all purposes.
- f Applications to withdraw submitted after the dates in Regulation 57b and before the end of the term of enrolment will be considered by the Director, Student and Scholarly Services (or delegated authority) only in exceptional circumstances (such as illness, injury or events beyond the control of the student) and upon submission of the appropriate evidence.
- g Students receiving USA Government Federal Student Aid Title IV funds for payment of their study at the University of Auckland are subject to special withdrawal procedures. For further information students should contact the USA Financial Aid Coordinator.
- h Where a student is on an approved outbound exchange programme the deadline to withdraw will be based on the commencement date of the course at the host University and not the placeholder course in Student Services Online. In exceptional circumstances the Director of Student and Scholarly Services may approve a change to the deadlines for these students.

Refund or Credit of Fees

- 58 a Where a student applies, before the dates specified in Regulation 49, to delete all courses in which they are enrolled, a full refund or credit of all tuition fees and the Student Services Fee will be made.

Note: A student who has deleted all courses is no longer deemed to be enrolled.

- b Where a student applies, before the dates specified in Regulation 49, to delete one or more but not all courses in which they are enrolled, a refund or credit of the fees for the course(s) deleted will be made.
- c Where a student has been permitted by the Assessment Services Manager or Director of Student and Scholarly Services, under Regulation 55, to delete a course after the prescribed date because of illness,

injury or exceptional circumstances beyond the student's control, a refund or credit of tuition fees will be granted in accordance with the Tuition Fees Refund or Credit Guidelines below.

- d In exceptional circumstances where a student has been granted a late deletion under regulation 55 and the application falls outside the standard refund deadlines below, a tuition fee refund or partial refund may be considered on compassionate grounds at the discretion of the Assessment Services Manager or Director of Student and Scholarly Services.
- e All course deletions, under Regulations 58a, 58b and 58c above, whereby the fees have been paid and therefore application for a refund may be made, will incur a refund processing fee which shall be deducted from the refund of the fees.

Notes: Tuition Fees Refund or Credit Guidelines:

- 1 *For single-semester courses which are deleted:*
 - (i) *before the commencement of the mid-semester break for that semester: 50 percent*
 - (ii) *thereafter no refund or credit will be granted.*
- 2 *For double-semester courses which are deleted:*
 - (i) *before the commencement of the mid-semester break for the First Semester: 75 percent*
 - (ii) *before the end of the First Semester: 50 percent*
 - (iii) *before the commencement of the mid-semester break for the Second Semester: 25 percent*
 - (iv) *thereafter no refund or credit will be granted.*
- 3 *For Summer School courses which are deleted:*
 - (i) *before the end of the second week from the start of Summer School: 50 percent*
 - (ii) *thereafter no refund or credit will be granted.*
- 4 *For quarter courses which are deleted:*
 - (i) *before the end of the fifth week of the quarter: 50 percent*
 - (ii) *thereafter no refund or credit will be granted.*
- 5 *For double-quarter courses which are deleted:*
 - (i) *before the end of the first quarter: 50 percent*
 - (ii) *thereafter no refund or credit will be granted.*
- 6 *For Late Year Term courses which are deleted:*
 - (i) *before the end of the fifth week of the Late Year Term: 50 percent*
 - (ii) *thereafter no refund or credit will be granted.*
- 7 *For Certificate in Foundation Studies (CTFOUND) courses which are deleted:*
 - (i) *before the end of 50% of the course: 50 percent*
 - (ii) *thereafter no refund or credit will be granted.*
- 8 *For courses with non-standard dates:*
 - (i) *before the end of 50% of the course: 50 percent*
 - (ii) *thereafter no refund or credit will be granted.*
- 9 *For courses that start on dates other than the official start date of a semester, quarter, Summer School or term, the deadline as stated in Guidelines 1-8 above will be calculated from the start date of the course as specified in Student Services Online. The start date of the course may be prior to the period of teaching for the course.*
- f Students receiving USA Government Federal Student Aid Title IV funds for payment of their study at the University of Auckland are subject to special refund procedures. For further information students should contact the USA Financial Aid Coordinator.
- g The University may delay processing a refund or credit until after the last dates for additions and deletions under Regulation 49 have expired.
- h Where a student has applied for a student visa, and provided all required supporting documentation in support of their application in the specified timeframe, and Immigration New Zealand has declined to grant a student visa, then the University will process a full refund of any funds received, without deduction of a refund or administration fee. This does not apply to fees or costs associated with course enrolment where students are outside of New Zealand or for any other study for which a visa is not required.

Academic Standing

59 The Academic Standing regulations apply to all students enrolled in undergraduate degree programmes at the University of Auckland, including for the purposes of these regulations the Bachelor of Advanced Science (Honours), the Bachelor of Engineering (Honours), the Bachelor of Laws (Honours), the Bachelor of Medical Imaging (Honours), the Bachelor of Pharmacy (Honours), the Bachelor of Social Work (Honours) and the Bachelor of Urban Planning (Honours) and any conjoint programmes, as well as to students or applicants intending to transfer into one of these programmes from any other New Zealand university, and applicants applying for admission to one of these programmes having previously studied at another tertiary institution.

60 There are five Academic Standing statuses: Good, At Academic Risk, At Academic Risk Improving, Academic Restriction, and Enrolment Terminated.

61 Availability of Results and Deferral of Assessment

- a Assessment of a student's Academic Standing will be undertaken when results for at least 50 percent of points enrolled in a term are available and where the results for the remaining points would not affect the overall outcome. Where results for 50 percent of points or more are not available assessment of a student's Academic Standing may be deferred until sufficient results are available and an assessment can be made.
- b A student whose Academic Standing has not been able to be assessed for one or more terms may have their academic standing status amended by more than one status at the discretion of the Pro Vice-Chancellor Education.

Requirements for Academic Standing

62 A student is required to pass at least 50 percent of points enrolled in any one term of study to meet the minimum requirement for Academic Standing. If they do not meet this requirement their academic standing status will change.

Good Academic Standing

63 A student will have an academic standing status of Good if they pass at least 50 percent of points enrolled in their first term of study.

- a A student will maintain an academic standing status of Good if they pass at least 50 percent of points enrolled in each subsequent term of study.
- b A student with an academic standing status of At Academic Risk or At Academic Risk Improving who passes at least 50 percent of points enrolled in any one term will, in the next term of study, have their academic standing status amended to Good.

At Academic Risk Academic Standing

64 A student with an academic standing status of Good who does not pass at least 50 percent of points enrolled in any one term will, in the next term of study, have their academic standing status amended to At Academic Risk.

- a A student with an academic standing status of At Academic Risk may be required to participate in academic support programmes or other activities as deemed appropriate by the relevant Associate Dean Academic or nominee.
- b A student with an academic standing status of At Academic Risk may be required by the relevant Associate Dean Academic or nominee to limit their enrolment to no more than 60 points in that semester (or 15 points in Summer School).
- c A student with an academic standing status of At Academic Risk who passes at least 50 percent of points enrolled in any one term will, in the next term of study, have their academic standing status amended to Good.

Academic Restriction Academic Standing

65 A student with an academic standing status of At Academic Risk who does not pass at least 50 percent of points enrolled in any one term will, in the next term of study, have their academic standing status amended to Academic Restriction.

- a A student with an academic standing status of Academic Restriction will be required to:
 - (i) limit their enrolment to no more than 45 points in that semester
 - or
 - (ii) limit their enrolment to no more than 15 points in Summer School.
- b The Associate Dean Academic or nominee may vary the enrolment restriction if appropriate.
- c A student with an academic standing status of Academic Restriction will be required to participate in academic support programmes or other activities as deemed appropriate by the relevant Associate Dean

Academic or nominee.

- d A student with an academic standing status of Academic Restriction who passes at least 50 percent of points enrolled in any one term will, in the next term of study, have their academic standing status amended to At Academic Risk Improving.
- e A student whose enrolment is restricted under these provisions may apply to the relevant Associate Dean Academic or nominee for reconsideration of the restriction where they consider that disabilities, impairments, medical or other exceptional circumstances should be considered. The Associate Dean Academic or nominee may:
 - (i) confirm the status of Academic Restriction
 - or
 - (ii) confirm the status of Academic Restriction but vary the enrolment restriction
 - or
 - (iii) amend the student's status to At Academic Risk.
- f Applications to the Associate Dean Academic or nominee must:
 - (i) be made through the approved University process
 - and
 - (ii) if special consideration is sought for medical or other exceptional reasons, include evidence
 - and
 - (iii) be received within 14 days of the academic standing decision being notified to the student.
- g The decision of the Associate Dean Academic or nominee will be final.

At Academic Risk Improving Academic Standing

- 66 A student with an academic standing status of Academic Restriction who passes at least 50 percent of points enrolled in any one term, will in the next term of study, have their academic standing status amended to At Academic Risk Improving.
- a A student with an academic status of At Academic Risk Improving may be required to participate in academic support programmes or other activities as deemed appropriate by the relevant Associate Dean Academic or nominee.
- b A student with an academic standing status of At Academic Risk Improving may be required by the relevant Associate Dean Academic or nominee to limit their enrolment to no more than 60 points in that term (or 15 points in Summer School).
- c A student with an academic standing status of At Academic Risk Improving who passes at least 50 percent of points enrolled in any one term will, in the next term of study, have their academic standing status amended to Good.

Enrolment Terminated

- 67 A student with an academic standing status of Academic Restriction who does not pass at least 50 percent of points enrolled in any one term will, in the next term of study, have their academic standing status amended to Enrolment Terminated.
- 68 A student with an academic standing status of Enrolment Terminated will have all their enrolments deleted and be excluded from all programmes at the University of Auckland for a period of one year.
- 69 A student whose enrolment is terminated under these provisions may apply to the Pro Vice-Chancellor Education for reconsideration of the termination where they consider that disabilities, impairments, medical or other exceptional circumstances should be considered.
 - a Applications to the Pro Vice-Chancellor Education must:
 - (i) be made through the approved University process
 - and
 - (ii) if special consideration is sought for medical or other exceptional reasons, include evidence
 - and
 - (iii) be received within 14 days of the academic standing decision being notified to the student.
 - b The Pro Vice-Chancellor Education may:
 - (i) confirm the termination
 - or
 - (ii) amend the student's status to Academic Restriction.
 - c The decision of the Pro Vice-Chancellor Education will be final.

- 70 A student with an academic standing status of Enrolment Terminated will be entitled to apply for readmission to their prior programme or admission to a new programme to commence after one year of exclusion. The relevant Associate Dean Academic or nominee may:
- a approve the application for admission or readmission
 - or
 - b approve the application for admission or readmission with specific conditions
 - or
 - c decline the application for admission or readmission.
- 71 Applications for admission or readmission must:
- a be made through the approved University process
 - and
 - b if special consideration is sought for medical or other exceptional reasons, include evidence
 - and
 - c state the programme for which the student intends to apply, should the application for admission or readmission be successful
 - and
 - d be received no later than four weeks before the first day of the term in which the student hopes to return. In exceptional circumstances the relevant Associate Dean Academic or nominee may approve an application received after this.
- 72 A student whose application for admission or readmission under these provisions is declined may apply to the Pro Vice-Chancellor Education for reconsideration of the decision. Any application for reconsideration must be received within 14 days of the student being notified of the original decision. The Pro Vice-Chancellor Education may:
- a approve the application for admission or readmission
 - or
 - b approve the application for admission or readmission with specific conditions
 - or
 - c decline the application for admission or readmission.
 - d The decision of the Pro Vice-Chancellor Education will be final.
- 73 A student who is permitted admission or readmission under conditions specified by the Associate Dean Academic or nominee or the Pro Vice-Chancellor Education, and who fails to satisfy those conditions, will have their enrolment terminated and be excluded from all programmes at the University of Auckland for a period of at least one year. Any current enrolments will be deleted. In exceptional circumstances the relevant Associate Dean Academic may override this and allow the student's enrolment to continue, with or without further conditions.
- 74 A student who has their enrolment terminated under Regulation 73 will be entitled to apply for readmission to their prior programme or admission to a new programme to commence after one year of exclusion. The Associate Dean Academic or nominee may:
- a approve the application for admission or readmission
 - or
 - b approve the application for admission or readmission with specific conditions
 - or
 - c decline the application for admission or readmission.
- 75 Applications for admission or readmission must:
- a be made through the approved University process
 - and
 - b if special consideration is sought for medical or other exceptional reasons, include evidence
 - and
 - c state the programme for which the student intends to apply, should the application for admission or readmission be successful
 - and
 - d be received no later than four weeks before the first day of the term in which the student hopes to return. In exceptional circumstances the Associate Dean Academic or nominee may approve an application received after this.
- 76 A student whose application for admission or readmission under these provisions is declined may apply to the Pro Vice-Chancellor Education for reconsideration of the decision. Any application for reconsideration must be received within 14 days of the student being notified of the original decision. The Pro Vice-Chancellor Education may:

- a approve the application for admission or readmission
- or*
- b approve the application for admission or readmission with specific conditions
- or*
- c decline the application for admission or readmission.
- d The decision of the Pro Vice-Chancellor Education will be final.

Deputy Vice-Chancellor Education's Special Powers

- 77 a The Deputy Vice-Chancellor Education may give such direction, or make such provision as they think fit, for the relief of exceptional hardship including but not restricted to:
- (i) enforcement of requirements for admission to the University or to a programme, alteration or amendment to statutes or regulations, change in programme or examination requirements
 - or*
 - (ii) occasions where official advice has been given in writing and acted upon, and it is later found that the courses the student has taken do not accord with the programme regulations and that hardship would be caused if the student were to be compelled to comply with the full requirements of the regulations.
- b A student may appeal against any decision of the Deputy Vice-Chancellor Education under this Regulation to the Vice-Chancellor by giving notice in writing to the Registrar within 14 days of being notified of the decision. The Vice-Chancellor shall have the power to make such provision as it may think fit. The decision of the Vice-Chancellor on any appeal under this Regulation shall be final.
-

Examination Regulations

These regulations should be read in conjunction with the following examination information which contains more detail and specific instructions:

For staff: The *Assessment of Courses Policy* and *Procedures* and the *Examination of Sub-doctoral Postgraduate Research Components of 30 Points and Above Procedures*.

For students: The *Examination instructions and regulations page* on the University website.

Requirements

- 1 In order to be credited with a course, a student needs to have:
 - a enrolled in accordance with the Enrolment and Programme Regulations and any applicable doctoral regulations
and
 - b completed to the satisfaction of the examiners such oral, practical, written or other tests or assignments as have been prescribed for completion during the course
and
 - c completed to the satisfaction of the examiners and in accordance with these regulations any prescribed examination
and
 - d made any payment due by that student to the University.

Note: Students are to be informed by each Course Director of the specific requirements for courses and the extent to which coursework and test results will be taken into consideration in determining final results. In some cases candidates may not be permitted to sit the examination, as a result of unsatisfactory or incomplete coursework.

Language of Assessment

- 2 Except in courses where students are required to demonstrate their knowledge and understanding of languages other than English or Māori, or where a student has made provision to complete an assessment task in te reo Māori under the Assessing Te Reo Māori in Coursework and Examination Procedures, all assessment tasks must be completed in English.

Work Other than Examinations

- 3
 - a It is the responsibility of each student to ascertain the nature of the requirements for each course from the Course Director concerned.
 - b Provided that students have met deadlines set for this work, examiners should normally have determined and returned interim or definitive grades for this work before sitting the examination, if one is prescribed.

Direction of Examinations

- 4
 - a Candidates are subject to these regulations and to the relevant Examination Instructions.
 - b Examinations will comprise such written, oral and practical examinations as the examiners may determine. This may include examinations that are to be completed in a digital mode.
 - c Where degree regulations or prescriptions permit, examiners may release to the candidates the whole or part of the examination in advance of the sitting of the examination.

Time, Place and Mode of Examinations

- 5
 - a Students must sit examinations at times, at places, and in modes which shall be determined by the University.
 - (i) 'Modes' refers to the way the examination is carried out and includes paper-based or digital (computer-based or online) delivery. Examinations in digital modes may be completed as invigilated or non-invigilated examinations.
 - (ii) Associate Deans Learning and Teaching may approve the on-campus invigilated delivery of clinical, practical or performance examinations, where these examinations meet criteria determined by the Deputy Vice-Chancellor Education.
 - (iii) The Director, Learning and Teaching may approve the use of invigilation in individual examinations (other than for those approved in (ii)), where these examinations meet criteria determined by the Deputy Vice-Chancellor Education.
 - b The times and places of examinations for each academic term are set out in the examinations timetable.
 - c A student may not be examined in any course or part of a course at any time, or at a place or mode other than that set down for them in the timetable, except when, with the approval of the Assessment

Services Manager, a different time or place or an online examination may be approved because of special circumstances, provided that there is the payment of the relevant extra fee prescribed in the Fees Statute.

Special Examination Conditions

- 6 A student who is permanently or temporarily impaired in a manner which affects their ability to undertake examinations under the prescribed examination conditions may, upon production of the appropriate evidence, and subject to the approval of an approved delegated authority, be examined under conditions which take account of the particular impairment.

Materials Permitted in the Examination

- 7 a In compliance with the relevant Examination Instructions, and unless directed by the examiner, a candidate must not bring to an examination location:
- (i) any written or printed matter or any blank paper
 - (ii) any electronic device and/or mobile technology, or watches of any kind.

Note: Medically prescribed devices are permitted.

- b Where specified material or calculators are permitted, examiners are responsible for ensuring that material or calculators brought into the examination room are checked prior to the start of the examination.
- c If a non-permitted electronic device, and/or item of mobile technology, and/or watch of any kind is identified in the possession of a student:
- (i) during an on-campus, invigilated examination – the device will be removed by room supervisors and a fine of \$100 will apply.
 - (ii) by invigilation during an online examination – a report on the student's possession and/or use of the device will be reviewed subsequent to the examination and may result in a warning as per Regulation 9b.

Note: Where questions of academic integrity are raised any invigilation report may also inform academic misconduct proceedings.

- d Audible alarms may not be active on any devices permitted in an on-campus examination location. Any device that emits an audible sound signal or alarm during an examination will be removed for the duration of the examination and a fine of \$150 will apply.
- e Candidates must show their student identity cards or complete any other identity check as required for verification purposes before their examination commences.
- f Students undertaking:
- (i) invigilated examinations on campus must display their student identity cards on their desk for the duration of the examination. Where a student does not present a valid student identity card they will be required to remain under examination supervision until they have been verified by Assessment Services. An administrative fee of \$25 will be charged.
 - (ii) digital or online examinations must undertake identity verification as instructed, which may include the presentation of their student identity card.

Conduct

- 8 From the commencement of an examination until final results are received, a student must not communicate in any way with an examiner in regard to an examination, except through Assessment Services.
- 9 a Any complaint that a student has committed an academic offence in an examination must be dealt with under the provisions of the Student Academic Conduct Statute.
- b Any complaint that a student has committed an offence not specified in Regulation 7 relating to unauthorised equipment or materials, timekeeping or other minor matter in which questions of academic integrity are not at stake will receive a warning letter from the Assessment Services Manager. If a student receives two such warning letters they will be fined \$150.

Non-payment of Examination Fines and Charges

- 10 a The Assessment Services Manager has the delegated authority to impose the examination fines and charges set out in these Regulations.
- b Where a student does not pay a fine or charge imposed under these Regulations then, until those fines or charges are paid in full and without prejudice to the right to recover the unpaid fines or charges at law, the Assessment Services Manager may authorise:
- (i) withholding the formal notification of the results of any examination of the student
 - (ii) declining to re-enrol the student
 - (iii) declining to release the student's academic record
 - (iv) withholding any degree or diploma certificate from that student

- (v) restricting that student's access to University services
- (vi) charging a late payment fee not exceeding \$50
- (vii) imposing additional charges to recover legal and collection costs where a third party is engaged to recover those fees and charges.

Missed Examinations

- 11 A student who has missed an examination by reporting for it at the wrong time, place or mode cannot sit that examination at another time, place or mode.

Aegrotat and Compassionate Consideration

- 12 a An application for Aegrotat or Compassionate Consideration may be made by students who have been prevented from being present at an examination or who consider that their preparation for or performance in an examination has been seriously impaired by temporary illness or injury or exceptional circumstances beyond their control, if the following conditions are satisfied:
- (i) They must be enrolled for the course.
 - (ii) The application form must be submitted online within one week (inclusive) of the date that the examination affected took place, or if more than one examination has been affected, then within one week (inclusive) of the last of those examinations. A late application may be accepted if exceptional circumstances beyond the student's control prevented them from submitting the application by the due date.
 - (iii) The statement of illness or injury or exceptional circumstances on the application form must be completed in accordance with Regulations 12b and 12c below.
- b In the case of illness or injury, the student must provide a statement outlining their illness or injury and how such circumstances have either prevented them from taking the examination or impacted their performance and/or preparation for the examination. The student must provide evidence in support of their application where, in the opinion of staff in Assessment Services, it can reasonably be obtained.
- c In the case of exceptional circumstances beyond the student's control, the statement of circumstances must be supported by suitable evidence where, in the opinion of staff in Assessment Services, it can reasonably be obtained.
- d The application will be reviewed by Assessment Services and Campus Care, with the assistance of University Health and Counselling services when required, to confirm the student was not responsible for the illness, injury or exceptional circumstances and such illness, injury or circumstances were likely to have impacted the student's preparation and/or performance in the examination, or likely to have prevented the student from sitting the examination. If necessary, further evidence may be required from the student to enable this confirmation, provided it can reasonably be obtained in the opinion of Assessment Services.
- e The student may be granted an aegrotat or compassionate grade by a Course Director if the above conditions are satisfied and the conditions in 12f are met.
- f To grant an aegrotat or compassionate grade, the Course Director must certify that:
- (i) the student's overall coursework and tests results in the course was at minimum at a C- standard
 - and
 - (ii) for a student who sat the examination, the mark attained in the examination was lower than expected taking into account the student's coursework and test results in that course
 - and
 - (iii) the student is in their opinion clearly worthy of a pass in the course or, where relevant, to be awarded a class of Honours, Merit or Distinction.
- g When considering the application, the Course Director may take into account the student's work in other courses, with particular weight given to other courses for the same degree where available.
- h The above is subject to the restrictions that:
- (i) No more than one third of the total points value credited to a degree or diploma may be awarded with an aegrotat or compassionate grade granted under this Regulation.
 - (ii) A student for a Masters degree, Bachelors Honours Postgraduate degree or a Postgraduate Diploma in which Honours, Merit or Distinction is available may:
 - (a) instead of applying for aegrotat or compassionate consideration, apply to re-enrol in all of the courses affected
 - or
 - (b) apply for aegrotat or compassionate consideration in courses worth up to the points limit specified above, and to re-enrol in any other affected courses in order to retain eligibility for Honours, Merit or Distinction.

- i A student who applied for aegrotat or compassionate consideration in any course may, in exceptional circumstances, be granted permission by the Course Director to take another examination, in the same form as the original or a different form including either written or oral, in that course.
- j The provisions of Regulation 12 apply to:
 - (i) Any final written examination presented for a course for a certificate, diploma or degree other than a doctoral degree.
 - (ii) Any final practical examination, other than a clinical or performance examination, presented for a course for a certificate, diploma or degree other than a doctoral degree.
- k The provisions of Regulation 12 apply (with necessary changes) to:
 - (i) The final submission in each year of work for the practical subjects for the Degree of Bachelor of Fine Arts, Bachelor of Fine Arts (Honours), Postgraduate Diploma in Fine Arts or the Degree of Master of Fine Arts.
 - (ii) The final submission in each semester of studio work for the Degree of Bachelor of Architectural Studies as if such final submission were an examination and as if the date upon which such final submission was due were the date of examination.

Reconsideration

- 13 a Following the notification of a decision on an application for Aegrotat or Compassionate Consideration, the student may apply to Assessment Services for reconsideration of that decision.
- b An application for reconsideration must be made:
 - (i) in writing to Assessment Services no later than fourteen days after the student is notified of the decision on their application

and

 - (ii) must be accompanied by further evidence in support of the application for aegrotat or compassionate consideration.
- c Where the application for reconsideration seeks reconsideration of the assessment of the effect of illness or injury or other exceptional circumstances beyond the student's control, or consideration of any additional evidence as to the circumstances and their effect, or both:
 - (i) If the review of evidence previously submitted did not confirm that the requirements of Regulation 12d were met, and there is no new evidence, then the evidence shall be referred to a medically qualified independent person or counselling adviser ('Referee') to determine that question. The Referee's decision will be final and conclusive.
 - (ii) If new evidence has been provided, then this evidence will be assessed in the same manner as in Regulation 12d, with the proviso that if the evidence is still deemed to be insufficient then it will be referred to a Referee to determine that question. The Referee's decision will be final and conclusive.
 - (iii) If as a result of reconsideration of the evidence in 13c(i) or (ii) the aegrotat or compassionate consideration application is considered to meet the requirements of 12d then the application for aegrotat or compassionate consideration will proceed in accordance with regulation 12e and following.
- d Where the application seeks reconsideration of the decision of the Course Director to approve or decline an aegrotat or compassionate consideration grade, or the outcome of that decision, given that the requirements of Regulation 12d have been met, then the application shall be referred to an 'Aegrotat Reviewer' for review. The Aegrotat Reviewer shall consider the decision of the Course Director taking into account the reasoning for this decision, and any other factors to be taken into account in terms of Regulation 13, and determine whether or not to grant the application. A decision of the Aegrotat Reviewer will be final and conclusive.
- e Where the student's overall coursework and test results do not meet the minimum C- standard specified in Regulation 12f(i), Assessment Services, upon application for reconsideration, will review whether the correct process has been followed. If no procedural irregularities are identified, the request for reconsideration will not proceed further. Such applications will not be forwarded to an Aegrotat Reviewer for further review.

Tests

- 14 Where a percentage of the marks awarded for a course is allocated to a test, and a student is prevented by temporary illness or injury or exceptional circumstances beyond their control from sitting the test, or consider that their preparation for or performance in the test has been seriously impaired by any of those causes, then, if the conditions in Regulations 12c to 12f (with the necessary changes) are complied with, the student may on application and at the discretion of the Academic Head:
 - a be permitted to sit another written test

or

 - b receive a mark for the test based on the average of marks awarded for other coursework

or

- c take a viva voce examination
- or
- d have the percentage of marks allocated to the test reallocated to the examination.

Results Determination

- 15 In determining a student's result the examiners:
- a may take into consideration the work done by the student during the course
 - b are to give due weight to reports on practical work done by the student wherever these are required
 - c are to include marks obtained by the student where a percentage of marks for on-course assessment has been allotted.

Grades and Marks

16 Pass Marks

A pass mark is 50 percent or over.

17 Pass Grades

There are 11 pass grades:

A+	High first
A	Clear first
A-	Bare first
B+	High second
B	Clear second
B-	Bare second
C+	Sound pass
C	Pass
C-	Marginal pass
Pass	Ungraded pass
Conceded pass	

18 Fail Grades

There are four fail grades:

D+	Marginal Fail
D	Clear Fail
D-	Poor Fail
Fail	Ungraded Fail

19 Conceded Passes

- a Conceded passes apply only to courses taken towards:
 - (i) a Bachelors degree
 - or
 - (ii) an undergraduate diploma comprising not fewer than 240 points
 - or
 - (iii) Parts I, II or III of a four year Bachelors honours degree, or the respective Part in a conjoint degree.
- b Courses taken towards Bachelors honours postgraduate degrees are not eligible for conceded passes.
- c A student may, at the discretion of the relevant faculty, be considered for a conceded pass. No application by the student is required.
- d A conceded pass, if granted, may not be declined by the student.
- e A conceded pass will apply only to the programme for which it is awarded and may not be reassigned or credited to any other programme.
- f A student granted a conceded pass in a course who wishes to take that course again may do so only for Certificate of Proficiency.

- g A conceded pass will not be awarded for a course to meet the requirements of General Education.
- h A conceded pass will not be given for a course failed at another university.

i For the degrees of:

Bachelor of Arts – BA
 Bachelor of Commerce – BCom
 Bachelor of Communication – BC
 Bachelor of Dance Studies – BDanceSt
 Bachelor of Design – BDes
 Bachelor of Early Childhood Studies – BECSt
 Bachelor of Education (Teaching) – BEd(Tchg)
 Bachelor of Fine Arts – BFA
 Bachelor of Global Studies – BGlobalSt
 Bachelor of Health Sciences – BHSc
 Bachelor of Human Services – BHumServ
 Bachelor of Music – BMus
 Bachelor of Property – BProp
 Bachelor of Science – BSc
 Bachelor of Social Justice Studies – BSJS
 Bachelor of Social Work – BSW
 Bachelor of Sport, Health and Education – BSportHPE
 Bachelor of Theology – BTheol

Conceded passes will be awarded by a meeting of the Examiners for the faculty concerned, provided that the Dean of the faculty has the power to award where such power is authorised by the Examiners, in accordance with the following provisions.

One course to a maximum value of 30 points may be conceded provided:

- (i) the concession will allow the student to complete the degree
- (ii) the course conceded is not a course counting towards the student's major or core requirements
- (iii) the student obtained a grade of D+ in the course
- (iv) the result was achieved in the last two semesters of enrolment, one of which may be a Summer School.

j For the degrees of:

Bachelor of Architectural Studies – BAS
 Bachelor of Laws – LLB

Conceded passes will be awarded by a meeting of the Examiners for the faculty concerned in accordance with the following provisions:

- (i) one course to a maximum value of 20 points may be conceded
- (ii) the concession will allow the student to complete the degree
- (iii) for the LLB, the course is not one of the core law subjects prescribed by the New Zealand Council of Legal Education
- (iv) the student obtained a grade of D+ in the course
- (v) the result was achieved in the last two academic terms of enrolment, one of which may be Summer School.

k For the degrees of:

Bachelor of Engineering – BE
 Bachelor of Engineering (Honours) – BE(Hons)
 Bachelor of Fine Arts (Honours) – BFA(Hons)
 Bachelor of Medical Imaging (Honours) – BMedImag(Hons)
 Bachelor of Optometry – BOptom
 Bachelor of Urban Planning (Honours) – BUrbPlan(Hons)

Conceded passes will be awarded by a meeting of the Examiners for the faculty concerned in accordance with the following provisions:

- (i) that by the award of a conceded pass the student will complete a Part
- and
- (ii) one course to a maximum of 20 points per Part and a maximum of 20 points in any one academic year may be conceded
- and
- (iii) that to be eligible for the award of a conceded pass in any course the student must have achieved a grade of D+ and an overall Grade Point Average of 2.5 or better in that year
- and
- (iv) that no more than two courses be conceded, to a maximum of 30 points, in any one degree.

l For the degree of Bachelor of Advanced Science (Honours) – BAdvSci(Hons):

Conceded passes will be awarded by a meeting of the Examiners for the faculty, provided that the Dean of the faculty has the power to award where such power is authorised by the Examiners, in accordance with the following provisions:

One course to a maximum value of 30 points may be conceded provided:

- (i) the concession will allow the student to complete the degree
- (ii) the course conceded is not a course counting towards the student's major or core requirements
- (iii) the course conceded is not at 700 level
- (iv) the student obtained a grade of D+ in the course
- (v) the result was achieved in the last two semesters of enrolment, one of which may be a Summer School.

m For the degree of Bachelor of Education (Teaching English to Speakers of Other Languages) – BEd(TESOL):

Conceded passes will be awarded by a meeting of the Committee of BEd(TESOL) Examiners in accordance with the following provisions:

- (i) that by award of a conceded pass the student will complete that Part
- and
- (ii) a maximum of 15 points in any one Part be conceded
- and
- (iii) that to be eligible for the award of a conceded pass the student must have achieved a grade of D+ in that course (or courses) and an overall Grade Point Average of 2.5 or better in that Part.

n For the degree of Bachelor of Nursing – BNurs:

Conceded passes will be awarded by a meeting of the Committee of BNurs Examiners in accordance with the following provisions:

- (i) that by award of a conceded pass the student will complete that course
- and
- (ii) a maximum of 30 points in the Part be conceded
- and
- (iii) that to be eligible for the award of a conceded pass the student must have achieved a grade of D+ in that course (or courses) and an overall Grade Point Average of 2.5 or better in the Part.

o Conjoint Degrees

For all conjoint degrees consideration for the award of conceded passes will be in accordance with the provisions for the particular degree as set out in (i), (j), (k) and (n) of this section.

Extraordinary Circumstances

20 In order to mitigate exceptional hardship for a student or group of students the Deputy Vice-Chancellor Education may, in extraordinary circumstances, on the recommendation of the Faculty Dean or Associate Dean Teaching and Learning, award a conceded pass for a course in circumstances other than those outlined in Regulation 19, allowing them to progress in or complete their qualification. This may include a situation in which a final grade is not available due to circumstances beyond the student's control. A conceded pass awarded in these circumstances will normally be restricted to up to two courses in an academic year with a maximum value of 30 points. If a conceded pass is awarded in the absence of a final grade, and a final grade subsequently becomes available, then this may replace the conceded pass grade on the student's record. A student may not apply for a conceded pass and may not decline a conceded pass if awarded.

21 In order to mitigate exceptional hardship for a student or group of students the Deputy Vice-Chancellor Education may, in extraordinary circumstances, on the recommendation of the Faculty Dean or Associate Dean Teaching and Learning, award a derived grade for a course where a final grade is not available due to circumstances beyond the student's control. The derived grade will be based on an assessment of the student's likely performance in the course, based on available coursework and any other available evidence. If a final grade subsequently becomes available, then this may replace the derived grade on the student's transcript. A student may not apply for a conceded pass and may not decline a conceded pass if awarded.

Deferred Results

22 a Bachelor of Education (Teaching English to Speakers of Other Languages) – BEd(TESOL)

Where a student has a fail grade of D+ in a course (or courses) and the Examiners deem that the failure(s) may be redeemable by satisfactory completion of additional work, then a pass in that Part may be awarded under the following provisions:

- (i) that the award of a grade for that course (or courses) be deferred until a prescribed course of additional study and/or examination be completed to the satisfaction of the Examiners
- and
- (ii) deferred results be limited to a maximum of 15 points in any Part
- and

- (iii) that to be eligible for a deferred result a student must achieve an overall Grade Point Average of 2.5 or better
 - and
 - (iv) that the reassessed grade in that course (or courses) be no greater than a grade of C+.
- b Bachelor of Medical Imaging (Honours) – BMedImag(Hons)**
Where a student has not achieved a pass in a particular component or components of a Part the Examiners may withhold the result pending the completion of specified additional work and/or examination to the satisfaction of the Examiners.
If in the opinion of the Examiners for BMedImag(Hons) a particular weakness in a component or components is such that it cannot be addressed by the setting of additional work and/or examination, the student will fail that course.
- c Bachelor of Medicine and Bachelor of Surgery**
MBChB Parts II, III, IV and V
Where a student has not achieved a pass in a particular component or components of a course the Examiners may withhold the result pending the completion of specified additional work and/or examination to the satisfaction of the examiners.
If in the opinion of the Examiners for MBChB a particular weakness in a component or components is such that it cannot be addressed by the setting of additional work and/or examination, the student will fail that Part.
MBChB Part VI
Where a student has not achieved a pass in a particular component or components of this Part, the Examiners may withhold the result and require a further period of assignment to a department. This will involve postponement of qualification.
If in the opinion of the Board of MBChB Examiners a particular weakness in a component or components is such that it cannot be, or has not been, addressed by this additional work, the student will fail the Part.
- d Bachelor of Nursing**
BNurs Part I
Where a student has a fail grade of D or D+ in a course (or courses) and the Examiners deem that the failure(s) may be redeemable by satisfactory completion of additional work then a pass in that Part may be awarded under the following provisions:
- (i) that the award of a grade for that course (or courses) be deferred until a prescribed course of additional study and/or examination be completed to the satisfaction of the Examiners
 - and
 - (ii) deferred results be limited to a maximum of 30 points in any Part
 - and
 - (iii) that to be eligible for a deferred result a student must achieve an overall Grade Point Average of 2.5 or better
 - and
 - (iv) that the reassessed grade in that course (or courses) be no greater than a grade of C+.
- BNurs Parts II, III**
Where unsatisfactory performance occurs in the clinical practice component of courses in Part II and Part III of the programme, the result of the course will be deferred. In these circumstances, the student will be required to complete additional work to the satisfaction of the examiners.
- e Bachelor of Optometry – BOptom**
Where a student has not achieved a pass in a particular component or components of a course the Examiners may withhold the result pending the completion of specified additional work and/or examination to the satisfaction of the Examiners.
If in the opinion of the Examiners for BOptom a particular weakness in a component or components is such that it cannot be addressed by the setting of additional work and/or examination, the student will fail that course.
- f Bachelor of Pharmacy – BPharm**
Where a student has not achieved a pass in a particular component or components of a course the Examiners may withhold the result pending the completion of specified additional work and/or examination to the satisfaction of the Examiners.
If in the opinion of the Examiners for BPharm a particular weakness in a component or components is such that it cannot be addressed by the setting of additional work and/or examination, the student will fail that course.
- g Bachelor of Physical Education – BPE**
Where a student has been unable to complete the practical component of a course due to illness, injury or

circumstances beyond their control, the result of the course will be deferred. In these circumstances the student will be required to complete assessment of the practical component as soon as practicably possible at a time deemed appropriate by the Head of Programme.

h Bachelor of Social Work – BSW

Where performance criteria have not been met in the skills based components of Stage II, III, and IV courses in the programme, the result of the course or courses will be deferred. In these circumstances, the student will be required to complete additional work to the satisfaction of the examiners. The work will be re-examined as soon as possible or in the following semester.

i Bachelor of Sport, Health and Physical Education – BSportHPE

Where a student has been unable to complete the practical component of a course due to illness, injury or circumstances beyond their control, the result of the course will be deferred. In these circumstances the student will be required to complete assessment of the practical component as soon as practicably possible at a time deemed appropriate by the Programme Leader.

j Doctor of Clinical Psychology – DCLinPsy

Where conditions are imposed on candidature at the conclusion of enrolment in PSYCH 800 in accordance with Regulations 29(a) and 30 of the DCLinPsy regulations, submission of the PSYCH 800 result will be deferred for the period prescribed for satisfaction of the condition(s). Where the examiner(s) of the relevant component of PSYCH 800 determine(s) that a particular weakness is such that it cannot be addressed by the setting of additional work or revisions and/or examination, the result will not be deferred and the candidate will have failed to successfully complete PSYCH 800. Where the result for PSYCH 800 is deferred but the candidate fails to satisfy the relevant condition(s) by the required date, the candidate will have failed to successfully complete PSYCH 800.

k Doctor of Education – EdD

Where conditions are imposed on candidature in accordance with Regulations 30(a) and 31 of the EdD regulations, the submission of the relevant course result will be deferred for the period prescribed for satisfaction of the relevant condition(s). Where a candidate has not demonstrated, to the satisfaction of the examiner in at least one component of the assessment for the relevant course, the capacity for doctoral level work, the result will not be deferred and the candidate will have failed to successfully complete the coursework component of the programme. Where the result is deferred but the candidate fails to satisfy the relevant condition(s) by the required date, the candidate will have failed to successfully complete the coursework component of the programme.

l Doctor of Health Sciences – DHSc

Where conditions are imposed on candidature in accordance with Regulations 29(a) and 30 of the DHSc regulations, the submission of the relevant course result will be deferred for the period prescribed for satisfaction of the relevant condition(s). Where a candidate has not demonstrated, to the satisfaction of the examiner in at least one component of the assessment for the relevant course, the capacity for doctoral level work, the result will not be deferred and the candidate will have failed to successfully complete the coursework component of the programme. Where the relevant course result is deferred but the candidate fails to satisfy the relevant condition(s) by the required date, the candidate will have failed to successfully complete the coursework component of the programme.

m Graduate Diploma in Teaching (Early Childhood Education), Graduate Diploma in Teaching (Primary), Graduate Diploma in Teaching (Secondary)

Where a student, at the completion of their programme, receives a grade of D+ for one non-practicum course the result of this course will be deferred. In this circumstance, the student's overall progress will be reviewed by the Programme Director and if it is deemed to be of a satisfactory standard then the student may be given an opportunity to complete additional work within six weeks of notification.

n Master of Nursing Science – MNSc

Where a student has not achieved a pass in a particular component or components of a course the Examiners may withhold the result pending the completion of specified additional work and/or examination to the satisfaction of the Examiners. If in the opinion of the Examiners a particular weakness in a component or components is such that it cannot be addressed by the setting of additional work and/or examination, the student will fail that course.

o Master of Social Work (Professional) – MSW(Prof)

Where performance criteria have not been met in the skills based components of courses in Parts I and II of the programme, the result of the course will be deferred. In these circumstances, the student will be required to complete additional work to the satisfaction of the examiners. The work will be re-examined as soon as possible or in the following semester.

p Postgraduate Certificate in Health Sciences in Mammography

Where a student has not achieved a pass in a particular component or components of CLINIMAG 721 or CLINIMAG 722, the Examiners may withhold the result pending the completion of specified additional work and/or examination to the satisfaction of the Examiners. If in the opinion of the Examiners for the PG CertHSc in Mammography a particular weakness in a component or components is such that it cannot be addressed by the setting of additional work and/or examination, the student will fail that course.

q Postgraduate Diploma in Health Psychology – PGDipHealthPsych

Where a student has not achieved a pass in a particular component or components of HLTHPSYC 745, the Examiners may withhold the result pending the completion of specified additional work and/or examination to the satisfaction of the Examiners. If in the opinion of the Examiners for PGDipHealthPsych a particular weakness in a component or components is such that it cannot be addressed by the setting of additional work and/or examination, the student will fail that course.

r Postgraduate Diploma in Health Sciences in Magnetic Resonance Imaging

Where a student has not achieved a pass in a particular component or components of CLINIMAG 712, the Examiners may withhold the result pending the completion of specified additional work and/or examination to the satisfaction of the Examiners. If in the opinion of the Examiners for the PGDipHSc in Magnetic Resonance Imaging a particular weakness in a component or components is such that it cannot be addressed by the setting of additional work and/or examination, the student will fail that course.

s Postgraduate Diploma in Health Sciences in Nuclear Medicine

Where a student has not achieved a pass in a particular component or components of CLINIMAG 716, the Examiners may withhold the result pending the completion of specified additional work and/or examination to the satisfaction of the Examiners. If in the opinion of the Examiners for the PGDipHSc in Nuclear Medicine a particular weakness in a component or components is such that it cannot be addressed by the setting of additional work and/or examination, the student will fail that course.

t Postgraduate Diploma in Health Sciences in Ultrasound

Where a student has not achieved a pass in a particular component or components of CLINIMAG 715, the Examiners may withhold the result pending the completion of specified additional work and/or examination to the satisfaction of the Examiners. If in the opinion of the Examiners for the PGDipHSc in Ultrasound a particular weakness in a component or components is such that it cannot be addressed by the setting of additional work and/or examination, the student will fail that course.

Recount of Marks

- 23 By making application not later than seven weeks after the last day of the examination period, any student sitting an examination other than oral or practical may have the marks awarded for their examination script recounted. A recount of marks covers a careful rechecking of the marks recorded by the examiner and ensures that no answer, or any part of an answer, submitted by a student has been overlooked. Recounts should always include a careful checking of the accuracy and inclusion of coursework marks.

Note: For the prescribed fee for an Application for Recount of Marks see the Fees Schedule.

Availability of Scripts

- 24 By making application during the three months after the end of the examination period for the examination, a copy of a student's completed examination may be made available to them.

Note: Completed examinations will normally be retained only for four months after the examination period and thereafter will be destroyed.

Theses, Dissertations, Research Portfolios and Research Projects

- 25 Where a thesis, dissertation, research portfolio or research project is required as part of an examination the following conditions apply.

a Masters Theses

Details of the pre- and post-examination submission requirements for Masters theses, dissertations, research portfolios or research projects are listed in the General Regulations – Masters Degrees.

b Other Theses, Dissertations, Research Portfolios and Research Projects

Pre-examination submission requirements for other theses, dissertations, research portfolios, or research projects will be defined by the faculty.

c Doctoral Theses

Details of the requirements for pre- and post- examination submission of doctoral theses, the examination of doctoral theses and appeals as to the examination of doctoral theses are contained in the relevant doctoral programme regulations.

Embargoing of Theses

- 26 a A thesis will normally be available for public consultation unless there are compelling reasons for restricting access to it.
- b Access to a thesis may be restricted, normally for a maximum of two years, if it contains confidential and sensitive material that would:
- (i) breach prior contractual arrangements with outside organisations
 - or
 - (ii) prevent or jeopardise an application for a patent, licence, or registration
 - or
 - (iii) provide good reason for refusing to disclose the contents of the thesis, consistent with the provisions of the Privacy Act (2020) or the Official Information Act (1982).
- c An application for an embargo is to be made by the author of the thesis and/or the supervisor, through the Academic Head to the Pro Vice-Chancellor Global and Graduate Research.
- d The embargo will apply to all copies of the thesis, whether hard copy or electronic.
- 27 The University Librarian or a delegated authority has a right to make and supply copies of theses in terms of Section 56 of the Copyright Act (1994) unless the author has imposed conditions restricting the reproduction of their work for a stipulated period.

Failed Theses

- 28 a Where a thesis or dissertation has failed the examination, that thesis or dissertation is not to be deposited in the University Library or digital repository.
- b Where a thesis has passed, but requirements for the degree have not been met, the thesis is not to be deposited in the University Library or digital repository.

References to Aegrotat Reviewer

- 29 Aegrotat Reviewers will be nominated by faculty Deans and approved by the Deputy Vice-Chancellor Education.
-

Fees Statute 2001

1 Title and Commencement

This statute may be cited as the Fees Statute 2001 and came into force on 1 January 2001.

2 Interpretation

In this statute unless the context otherwise requires:

‘**Act**’ means the Education and Training Act 2020.

‘**Council**’ means the Council of the University of Auckland.

‘**Deletions**’ means the deletion of a course from the student’s academic record as specified in the Enrolment and Programme Regulations.

‘**Domestic Student**’ has the meaning given in the Act.

‘**Due Date**’ is the date specified on the Fees Account and/or on the student’s account available through Student Services Online.

‘**Enrol**’ has a corresponding meaning.

‘**Enrolment**’ means enrolment in a programme or course at the University.

‘**Enrolment and Programme Regulations**’ are the Regulations governing enrolment and all associated activity such as, but not limited to, definitions of full-time and part-time study, restrictions to enrolment and changes to current enrolments after closing date.

‘**Fees Account**’ means an invoice or an invoice/statement, or online invoice/statement for the fees and charges payable by a Student as a condition of enrolment.

‘**International Student**’ has the meaning given in the Act.

‘**Staff Member**’ means a member of the staff of the University.

‘**Student**’ includes a Domestic Student and an International Student who is:

- a duly enrolled as a Student of the University
- or
- b applying to enrol as a Student of the University.

‘**Student Loan**’ has the same meaning as it has in section 2 of the Student Loan Scheme Act 2011.

‘**Student Services Fee**’ means the fee paid by an enrolled Student for Student Support Services provided by the University.

‘**University**’ means the University of Auckland constituted under the University of Auckland Act 1961.

‘**University Services**’ means those services provided by the University that can be accessed by a Student on request or application, such as enrolment, the provision of an official academic transcript or other services such as (but not limited to) accommodation, health care or library.

‘**Withdrawals**’ of courses may be approved as outlined in the Enrolment and Programme Regulations.

3 Tuition Fees

3.1 The Council may prescribe from time to time Tuition Fees payable by:

- a Domestic Students; in compliance with section 256 of the Act
- and
- b International Students or any categories of International Students; in compliance with section 526 of the Act.

3.2 Tuition Fees may be prescribed either by resolution of the Council or by a schedule to this statute.

3.3 The Tuition Fees prescribed by the Council at the date when this statute comes into force apply until other Tuition Fees are prescribed in place or in addition to them.

4 General Fees

4.1 The Council hereby prescribes the General Fees specified in the schedule.

4.2 The Council may from time to time by resolution vary the amount of, or delete, any General Fee specified in the schedule or prescribe any additional General Fee.

4.3 Any such variation, deletion, or addition shall apply from the date specified in the amending resolution.

5 Additional Fees/Charges

Faculties and Departments of the University may impose charges to recover costs in providing Students with non-compulsory services incidental to courses or programmes.

6 Payment of Fees and Charges

6.1 Tuition Fees, General Fees and any other charges imposed pursuant to section 5 that are included on the Student’s Fees Account must be paid by the Student.

6.2 All Students must pay the full amount on their Fees Account by the due date.

6.3 Charges imposed on a Student pursuant to section 5 that are not included in a Fees Account shall be paid by the Student on demand.

6.4 Any instalment of a Student Loan (within the meaning of the Student Loan Scheme Act 2011) that is available to a Student and received by the University in respect of their enrolment shall be applied toward payment of the Student Fees Account on the occasion of that enrolment.

7 Refunds or Credits

7.1 The Council may by resolution prescribe from time to time in accordance with sections 256 and 526 of the Act:

- a the circumstances in which Domestic Students and International Students are or may be entitled to a refund or credit of all or any part of the Tuition Fees and General Fees paid or payable to the Council
- and
- b the quantum of those refunds.

7.2 The circumstances in which a refund or credit may be made and the quantum of that refund or credit that is applicable when this statute comes into force continue until a change is prescribed by resolution.

7.3 The Council will take all reasonable steps to ensure that both Domestic Students and International Students are informed of the circumstances in which they are or may be entitled to any refund or credit of all or any part of the fees that have been paid or are payable by them to the Council.

7.4 The refund or credit of all or any part of a Tuition Fee or a General Fee that was paid by Student Loan shall be applied in reduction of that loan.

7.5 In the case where a credit balance is insufficient to cover the total amount of the refund processing fee or administration fee, the fee will be adjusted to equal the amount of the credit balance.

7.6 In the event the University ceases to provide the courses in which the Student is enrolled then the University will delete the enrolments and process any refund or credit in accordance with the Enrolment and Programme Regulations and without deduction of or requirement to pay a refund fee.

8 Non-payment of Fees and Charges

8.1 Where a Student does not pay:

- a the Fees Account rendered to that Student
 - or
 - b a charge for that Student imposed under section 5 on demand;
- then, until those fees and charges are paid in full and without prejudice to the right to recover the unpaid fees or charges at law, the Council may:
- (i) delete the enrolment of that Student from a course or courses
 - (ii) withhold the formal notification of the final grades of the Student
 - (iii) decline to re-enrol the Student
 - (iv) decline to release the Student's official academic transcript
 - (v) exclude that Student from the University
 - (vi) withhold any Degree or Diploma certificate from that Student
 - (vii) restrict that Student's access to University Services
 - (viii) charge a late payment fee
 - (ix) impose additional charges to recover legal and collection costs where a third party is engaged to recover those fees and charges.

8.2 Application for Reinstatement

- a A Student upon whom a penalty is imposed under section 8.1b(i) may apply to have their enrolment reinstated upon payment of the outstanding amount owing and the course reinstatement fee as outlined in Schedule – Part A.
- b To be eligible to complete course requirements, a Student must apply for course reinstatement no later than two weeks before the beginning of the examination period within the semester which enrolment in the course(s) took place.

8.3 A Student upon whom a penalty is imposed under section 8.1 may by giving written notice to the Director, Student and Scholarly Services within eight days of the penalty having been imposed, apply to the Council or duly constituted Committee of the Council to review the imposition of that penalty. The notice must set out the reasons for the review. The decision of the Council or its Committee is final.

9 Non-attendance

A Student who stops attending lectures or classes in a course or courses remains liable for the fees prescribed for that course or courses.

Fees Schedule

Schedule – Part A – All Students

Admission (domestic students only)			Degree or Diploma Certificate		
Admission ad eundem statum through overseas tertiary study	\$100		Hard copy certificate at Graduation or in Absentia		NIL
Admission ad eundem statum through overseas secondary study	\$85		Digital certificate via My eEquals – following Graduation		NIL
Discretionary Entrance, Special Admission	\$60		Replacement of hard copy certificate		\$85
Admission (international)*			Courier and handling charges		
Admission ad eundem statum through overseas tertiary study	\$100		Within New Zealand		\$10
Admission ad eundem statum through overseas secondary study	\$85		To Australia		\$30
Enrolment Fee – Certificate of Foundation Studies	\$550		All other countries		\$60
<i>*Fee does not apply to applicants applying through a registered Agent, under an Articulation Agreement with partner institutions, through Study Abroad Agreements or to Manaaki New Zealand Scholarship applicants.</i>			Examinations		
External Transfer Credit			Recount of marks, each course (refundable if successful)		\$60
Each application from any study undertaken at another tertiary institution (eg, Summer School, concurrent enrolment at another institution)	\$85		Examination script (per copy)		\$15
Each application from any study undertaken at an overseas tertiary institution	\$85		Examinations sat in New Zealand but outside University of Auckland campuses		
Refund Processing			Application for single examination per venue		\$140
Refund processing fee	\$60		Application for each additional examination at the same venue		\$30
International admission administration fee (applies to new international students only) charged at time of refund	\$1,000		Examinations outside New Zealand		
Instalment Payment, Deferred or Delayed Payment Surcharge			Application for single examination per venue		\$175
Instalment payment, deferred or delayed payment surcharge	\$60		Application for each additional examination at the same venue		\$30
Late Payment Fee			Examinations sat outside the timetable*		
Late Payment Fee (tuition fees and student services fees)	\$120		Application for single examination on a day other than timetabled		\$120
Late Payment Fee (examination fines and charges)	\$60		Application for further examination on a day other than timetabled		\$30
Academic transcripts and letters			<i>*Declined applications will receive a 50 percent refund of the relevant examination application fee.</i>		
ID card replacement	\$20		Student Services Fee		
Hard copy transcript or official letter	\$30		Charged based on campus as follows:		
Hard copy transcript or official letter – urgent delivery	\$120		Students studying on City, Grafton, Newmarket campuses		\$9.44 per point
Each additional hard copy – transcript or official letter	\$10		Students studying on South Auckland and Tai Tokerau campuses		\$4.72 per point
Special statements (eg, admission to the Bar)	\$30		International students overseas – studying online (OO campus)		\$4.72 per point
Reconsideration of Academic English Language Requirements discontinuation	\$60		Students enrolled in the Tertiary Foundation Certificate, Certificate in Health Sciences or Young Scholars programmes, or students studying overseas as part of an approved exchange scheme		Exempt
Digital transcript for Graduands/Alumni via My eEquals from 2010 onwards	NIL		All other students (including Auckland Online)		\$4.72 per point
Digital transcript via My eEquals – with any changes to enrolment post-Graduation or for students who have not completed a formal award or for Alumni graduated prior to 2010	\$30				
Digital letter via My eEquals	\$30				

Schedule – Part B – Domestic Students

The 2026 schedule of tuition, examination and research fees (inclusive of GST) for New Zealand citizens and Permanent Residents of Australia and New Zealand.

- A full-time course of study is 120 points. Enrolment in more than or less than a full-time year will be charged on a pro rata basis.
- In all cases the fee per point will be charged at the rate set for that subject irrespective of the qualification the course is taken for.
- General Education courses will be charged at the applicable rate for undergraduate courses in the faculty offering the course.
- Personal field trip costs are not included (eg, food and accommodation).

Arts and Education

Arts

Undergraduate Arts courses except Performance and Science-based courses	\$63.47 per point
Undergraduate Performance and Science-based courses	\$73.21 per point

Graduate Arts courses (excluding Performance and Science-based courses):	
– BA(Hons) Dissertation	\$78.27 per point
– Thesis and other research courses	\$78.27 per point
– All other courses	\$87.12 per point
Graduate Performance and Science-based courses	
– BA(Hons) Dissertation	\$88.49 per point
– Thesis and other research courses	\$88.49 per point
– All other courses	\$96.21 per point

Education and Social Work

Undergraduate Education courses	\$63.47 per point
BEEd(Tchg)(Hons) Research Portfolio and Dissertation	\$78.27 per point
Thesis and other research courses	\$78.27 per point
Postgraduate Certificate in Academic Practice	\$87.12 per point
All other Postgraduate Education courses	\$79.79 per point

Fine Arts, Music, Performing Arts

Bachelor of Fine Arts	\$73.21 per point
Bachelor of Fine Arts (Honours)	\$73.21 per point
Master of Fine Arts, Postgraduate Diploma in Fine Arts (Research)	\$84.89 per point
Undergraduate Performance courses	\$73.21 per point
Other undergraduate courses	\$63.47 per point
Thesis and other research courses (for MMus)	\$88.27 per point
All other postgraduate courses (excluding performance)	\$88.27 per point
All other postgraduate courses (performance)	\$96.21 per point

Business and Economics

Undergraduate courses	\$68.39 per point
BCom(Hons) Dissertation	\$96.84 per point
Thesis and other research courses	\$89.16 per point
All other courses	\$96.84 per point

Graduate School of Management

Postgraduate Diploma in Business	\$189.31 per point
Master of Business Administration	\$288.32 per point
Master of International Business, Master of Management, Master of Marketing, Master of Professional Accounting	\$182.03 per point
Master of Taxation Studies	\$189.31 per point

Interfaculty

Per point fees are charged at the respective rate for the subject

Other fees for all courses

Student Services	\$9.44 per point
------------------	------------------

International Health and Travel Insurance Fees

International Health and Travel Insurance Fees (full year)	\$899
--	-------

Notes:

- 1 The fees listed in this schedule are per point and include the Course and Materials Fee. Enrolment in a standard full-time course load is 120 points per year. Fees will be adjusted on a pro-rata basis where the enrolment is more or less than a standard full-time load.
- 2 Fees for interfaculty programmes, programmes combining undergraduate and postgraduate courses, or courses selected from more than one listed programme, are calculated by deriving a fee for each course from the fees listed in the schedule above.
- 3 The Student Services Fee is payable by International Students at the same rates applying to domestic students.
- 4 From 1 January 2006, new international PhD students are accorded domestic status for the purposes of tuition fees. A new international PhD student is defined as a foreign student enrolled for the first time after 19 April 2005 in a Doctor of Philosophy programme at a New Zealand university.
- 5 BA(Hons), BCom(Hons), BMus(Hons), BNurs(Hons), BProp(Hons), BSc(Hons) and LLB(Hons) are charged as postgraduate programmes.

International Students

The following notes are intended to be a general guide for international students wishing to be admitted to the University of Auckland. Further information is available from the International Office or from the International students section of the University website at auckland.ac.nz/international.

Admission

International students should apply for admission using the online Application for Admission. Intending applicants should note the following general points:

- 1 All international students enrolling in an undergraduate programme must hold, as a minimum requirement, an acceptable university entrance qualification.
- 2 All international students seeking admission to graduate or postgraduate programmes must hold, or expect to hold before the start of the programme, a recognised first degree in a relevant discipline.
- 3 Applicants whose first language is not English are required to provide satisfactory evidence of their proficiency in English. International applicants entering the University on the basis of NCEA or Cambridge Assessment International Education (Cambridge International, formerly known as University of Cambridge International Examinations (CIE)) taken in New Zealand, or International Baccalaureate (IB) taken in New Zealand, must meet the standard literacy requirements for admission. International applicants who have taken Cambridge International or IB outside of New Zealand must meet the standard admission requirements from these qualifications but may also meet the standard literacy requirement through an alternative approved English test as outlined in the minimum English Language proficiency requirements. International applicants entering the University on the basis of qualifications other than NCEA, Cambridge International or IB taken in New Zealand must meet a specified score in IELTS or an alternative approved English test, or must have completed and passed the Foundation Certificate in English for Academic Purposes (FCertEAP), the English Pathway for Undergraduate Studies (EPUS), the English Pathway for Postgraduate Studies (EPPS), or an approved alternative. The minimum score required in IELTS for admission to an undergraduate programme at the University is an overall score of 6.0 with no less than 5.5 on an individual band. The minimum score required in IELTS for admission to a postgraduate programme at the University is an overall score of 6.5 with no less than 6.0 on an individual band. Higher requirements may be imposed by faculties for entry to specified undergraduate and postgraduate programmes.

Health and Travel Insurance

- 4 It is the responsibility of all international students to ensure that they have appropriate and current approved health insurance for their period of study in New Zealand, and for the length of their student visa. Health and travel insurance is a condition of enrolment, and as such, must be valid for the entire duration of study. A student's enrolment cannot continue in the event of their insurance cover being declined.

Student Visa

- 5 International students may commence online offshore study while applying for a visa. The majority of international students must have a student visa before entering New Zealand. All students must have a student visa, or a Variation of Conditions, for the duration of their studies prior to entering New Zealand. For further information, visit Immigration New Zealand's website at www.immigration.govt.nz.
 - a An international student is any student who is not a citizen or permanent resident of New Zealand (includes the Cook Islands, Tokelau and Niue) or Australia.
 - b Every international student must provide the following information to the University of Auckland:
 - (i) photocopy of title page of passport and of current visa if entering New Zealand
 - (ii) current address and contact phone number(s). Upon arrival in Auckland, students must provide their Auckland address and contact phone number(s)
 - (iii) full name and current address of an emergency contact/next of kin.
 - c Where a student does not provide the required contact details and/or evidence of a valid student visa either prior to commencement of study onshore or before the visa information held on file at the University expires, then, until that evidence is produced, the Council may:
 - (i) withdraw the enrolment of that student from a course or courses, with no refund or credit of fees and/or
 - (ii) decline to re-enrol the student
 - (iii) restrict or remove that student's access to University services, including but not limited to the Student Learning System.

International Student Fees

- 6 International fees (refer to Schedule – Part C – International Students) apply to students who:
- a are not citizens of New Zealand or Australia (refer to 5a above)
 - or
 - b do not hold residency status in New Zealand or Australia
 - or
 - c are being fully funded under the New Zealand Ministry of Foreign Affairs and Trade New Zealand Aid Programme
 - or
 - d are not participating in an official University of Auckland exchange programme.

International Scholarships

New Zealand Scholarships are available for international students from selected countries as identified by the Ministry of Foreign Affairs and Trade (www.nzscholarships.govt.nz).

- 7 The University of Auckland also offers international scholarships including the University of Auckland International Student Excellence Scholarship, University of Auckland Doctoral Scholarships at PhD level for international students from all countries; and scholarships from various faculties at all levels. To find out more about scholarships visit www.auckland.ac.nz/en/study/scholarships-and-awards.html.
Phone: +64 9 373 7599 ext 87494

Students Studying Outside New Zealand

- 8 Students studying outside New Zealand can study without a student visa. However, on arrival in New Zealand a student must provide evidence of a valid student visa or a Variation of Conditions which permits study at the University of Auckland.

Code of Practice

- 9 The University of Auckland has agreed to observe and be bound by the *Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021* (the Code) published by the Ministry of Education in English and te reo Māori. Copies of the Code, and summaries in other languages, are available from the New Zealand Qualifications Authority (NZQA) website at www2.nzqa.govt.nz/tertiary/the-code/.
-

Statutes and Regulations and their Application

The following guidelines outline how the regulations and statutes in the *Calendar* are typically applied. The University reserves the right to introduce new and/or change regulations or statutes and/or to change the content of courses should the circumstances require.

Statute or Regulations	Application
Academic Statutes and Regulations <ul style="list-style-type: none"> • Admission Regulations • Credit Regulations • Enrolment and Programme Regulations • Examination Regulations • Fees Statute • The Limitation of Entry Statute • Limitations Schedule 	Academic Statutes and/or Regulations apply each year to all students, unless exceptions are approved.
Academic Statutes and Regulations <ul style="list-style-type: none"> • General Regulations – Bachelors Honours Postgraduate Degrees • General Regulations – Masters Degrees • General Regulations – Postgraduate Certificates • General Regulations – Postgraduate Diplomas 	General Regulations apply to students from the academic year in which the student commenced their qualification, unless exceptions are approved.
General Regulations – Named Doctorates	General Regulations – Named Doctorates apply to students who commenced named doctorate qualifications prior to 1 January 2022, unless exceptions are approved.
Qualification regulations	Qualification regulations apply to students from the academic year in which the student commenced their qualification, unless a change to a subsequent set of regulations for an individual student, or an exception, is approved.
PhD Statute	A new PhD Statute will apply to students who commence their PhD following its introduction, or who transfer to it. Other students will remain under the Statute that was in place when they commenced their PhD.
Course prescriptions, prerequisites, corequisites and restrictions	Course prescriptions, prerequisites, corequisites and restrictions apply to all students in the year of their enrolment in the relevant course.

The Limitation of Entry Statute 1991

Pursuant to Section 255 of the Education and Training Act 2020 the Council of the University of Auckland hereby makes the following Statute:

- 1 a This statute may be cited as The Limitation of Entry Statute 1991.
b This Statute came into force on 1 January 1991.
- 2 Where the Council is satisfied that it is necessary to do so because:
 - a students cannot be allocated places in appropriate lecture rooms or laboratories at times when they can reasonably be expected to attend
 - or
 - b the number of teaching staff does not ensure all students expected to seek a place in a particular programme or course can be adequately taught;there shall be deemed to be an insufficiency of accommodation or of staff.
- 3 The maximum number of students that may be enrolled for any such programme or course shall be determined by the Council from time to time and be published in a schedule to this Statute.
- 4 In determining such maximum number of students the Council may:
 - a prescribe academic standards to be achieved as a prerequisite for enrolment for any such programme or course
 - and
 - b prescribe other criteria for selection of students to be permitted enrolment for any such programme or course.
- 5 The Limitation of Entry Statute 1985 is hereby repealed.

Note: The Limitations Schedule is available on the Programme and course limitations selection criteria page of University Calendar website (www.calendar.auckland.ac.nz).

Undergraduate Waipapa Taumata Rau Course Requirement Regulations

The Waipapa Taumata Rau Course Requirement Regulations were rescinded by Council in December 2025.

GENERAL PROGRAMME REGULATIONS

Academic English Studies

Academic English Studies offers credit courses for international students and New Zealand residents whose first language is not English.

A range of courses is offered with the aim of improving academic English skills and increasing proficiency in reading and writing for academic purposes. Students gain credit points for successfully passing each course.

ACADENG 100 develops skills in English grammar and vocabulary for academic reading and writing. ACADENG 101 focuses on academic writing, and the skills needed for basic academic essays. ACADENG 104 focuses on academic English skills to help Business students understand and express business-related concepts. At Stage II level, ACADENG 210 is an advanced academic writing course for students who need to write academic research reports.

ACADENG 100, ACADENG 101 and ACADENG 104 are approved courses for students who have not met the Academic English Language Requirement (AELR). ACADENG 104 can be taken as an elective but priority is given to Business students who need the course to meet the AELR.

Further information may be obtained from the Faculty of Arts and Education.

Phone: +64 9 373 7599 ext 86727.

English Language Academy – ELA

The University of Auckland's English Language Academy (ELA) provides a range of English language courses for international students including University Pathway Programmes (for entry to University of Auckland programmes), Academic English and General English courses, bespoke Group Programmes and Teacher Training (English language) courses. ELA is an accredited IELTS, Cambridge English and PTE Academic testing centre. Established over 25 years ago by world-renowned linguist Emeritus Distinguished Professor Rod Ellis, ELA provides students with a quality learning environment with qualified and experienced English language teachers, student services including pastoral care, a study centre and a range of other support services for students.

For more information, visit www.ela.auckland.ac.nz.

General Education Regulations and Schedules

- 1 Students required to include General Education in their programme must pass courses as specified in the Regulations and Schedules for their programme.
- 2
 - a A student will not meet the General Education requirement for their programme if they complete a General Education course with the same subject code as any non-General Education course they have previously passed, or are already enrolled in.
 - b A student will not meet the General Education requirement for their programme if they subsequently enrol in and pass a course with the same subject code as a General Education course which has been passed for their programme, unless the subsequent course is either another General Education course or is assigned to a different programme. Where appropriate the student may be able to use previously completed General Education course(s) to meet another degree requirement. This regulation does not apply to the following courses:
 - (i) LAW 121G, 131 and 141 provided no other courses from Parts II–IV of the LLB were completed
 - (ii) EDUC 100G for students enrolled in the BEd(Tchg).
 - c A student who transfers programmes can meet the General Education requirement of their new programme using a course in a subject in which they have passed more than one course if the only courses in that subject credited or reassigned to their new programme are General Education courses.
 - d DISABLT 113G does not meet the General Education requirement for the Bachelor of Social Work.
- 3
 - a Where multiple Waipapa Taumata Rau (WTR) courses are listed in the General Education Schedules as meeting a programme's General Education requirement, a student may only enrol in the WTR course that is aligned with the faculty offering their programme, or, for a conjoint degree programme, with a faculty offering a component of their conjoint degree programme.
 - b A student may only use up to one WTR course (WTR 101, WTRAED 100, WTRBUS 100, WTRENG 100, WTRMHS 100, WTRSCI 100) to meet their General Education requirement.
 - c WTRENG 100 only meets the General Education requirement for the Bachelor of Design, and all Bachelor of Design conjoint degree programmes except for the BDes/BE(Hons). WTRENG 100 does not meet the General Education requirement for any other programmes, including the BDes/BE(Hons) conjoint degree programme.
 - d WTR 100, WTR 101, WTRAED 100, WTRBUS 100, WTRENG 100, WTRMHS 100, WTRSCI 100 do not meet the General Education requirement for any programme where a WTR course is listed as a compulsory course or core requirement for the programme. From 2026 this includes the Bachelor of Architectural Studies, the Bachelor of Education (Teaching), the Bachelor of Engineering (Honours), any Bachelor of Engineering (Honours) conjoint degree programme, the Bachelor of Health Sciences, any Bachelor of Health Sciences conjoint degree programme, the Bachelor of Optometry or the Bachelor of Urban Planning (Honours).
 - e A student enrolled in the Bachelor of Global Studies, Bachelor of Laws, Bachelor of Laws (Honours), a Bachelor of Global Studies conjoint degree programme, a Bachelor of Laws conjoint degree programme or a Bachelor of Laws (Honours) conjoint degree programme may meet the General Education requirement by completing one of WTRAED 100, WTRBUS 100 or WTRSCI 100.
- 4 Language courses do not satisfy the General Education requirement for a student who has prior knowledge of the language (for example, as a native speaker, through formal or informal study, or through living with others who speak the language). A student with prior knowledge of the language may be declined enrolment or the enrolment may be deleted at the discretion of the Academic Head or nominee.
- 5
 - a A student who is required to meet the Academic English Language Requirement through the completion of an approved academic English Language course, as specified in the Enrolment and Programme Regulations, Academic English Language Requirement, of the *University Calendar*, may substitute one of ACADENG 100, 101, 104, ENGWRIT 101 for 15 points of General Education.
 - b In exceptional circumstances approval may be given by the relevant Associate Dean Academic for a student who has already met the Academic English Language Requirement to substitute one of ACADENG 100, 101, 104, ENGWRIT 101 for 15 points of General Education.

Notes:

- (i) Some courses available for General Education are also available as part of regular degree requirements. The content and assessment for both occurrences of the course are the same. Where a course is offered as both a

General Education and non-General Education version, a student must enrol in the General Education offering of a course in order to meet the General Education requirements of their programme.

- (ii) *Some General Education courses have limits on the number of students who can enrol. Places in these courses will be allocated on a first-come-first-served basis.*

General Regulations – Bachelors Honours Postgraduate Degrees

The following regulations take precedence over the specific regulations for each Bachelors Honours Postgraduate degree. As far as possible they are to be read in conjunction with the specific degree regulations for each Bachelors Honours Postgraduate degree. The Bachelors Honours Postgraduate degree will not be awarded until the requirements for the qualifying Bachelors degree have been completed.

Note: For the purpose of these regulations:

- (i) a Bachelors Honours Postgraduate degree is a stand-alone 120-point qualification with Honours in the title that follows a cognate bachelors degree and where entry is based on specific achievement in that bachelors degree
- (ii) a research component consists of a dissertation, research portfolio, research essay, research project or thesis worth between 30 and 120 points
- (iii) a research essay or research project will normally be worth no more than 45 points
- (iv) a dissertation will be worth at least 40 points and less than 90 points
- (v) a research portfolio or thesis will be worth 90 or 120 points
- (vi) the 'academic unit' is the Department or School or other academic unit in which the student is enrolled.

General Requirements

- 1 A student enrolled for a Bachelors Honours Postgraduate degree at this University must pass the full points value specified in the degree regulations. The total enrolment may not exceed the minimum points requirement for the degree by more than 40 points.

Duration of Enrolment

- 2 The requirements for a Bachelors Honours Postgraduate degree must be completed within:
 - a one year of initial enrolment for the degree if enrolled full-time
 - or
 - b two years of initial enrolment for the degree if enrolled part-time.
- 3 In all cases, the term of initial enrolment is deemed to be the first term in which the student enrolled for a course which is assigned or reassigned to the programme.

Completion of Requirements

- 4
 - a A student enrolled for a Bachelors Honours Postgraduate degree must complete all work in taught courses by the last day of the term in which the course is taught.
 - b A student enrolled in a thesis or research portfolio as part of their Bachelors Honours Postgraduate degree must complete at least one progress review during their research. Failure to complete a progress review by the required due date may result in enrolment in the thesis or research portfolio being suspended.
 - c The specified date for submission of a dissertation, research essay, research portfolio, research project or thesis of 30 points or more that is included in a Bachelors Honours Postgraduate degree is the last day of the final term of enrolment in the dissertation, research essay, research portfolio, research project or thesis.
 - d
 - (i) If, in exceptional circumstances beyond the student's control, the dissertation, research essay, research portfolio, research project or thesis has not been able to be completed by the last day of the final term, on consideration of an application from the student and appropriate supporting evidence, the Supervisor may approve a limited extension of time, not exceeding one month in total, and the Associate Dean Postgraduate Research may approve a limited extension of time, not exceeding two months in total (including any extension approved by the Supervisor). The Supervisor may not decline an application but may refer it to the Associate Dean Postgraduate Research with a recommendation that it be declined.
 - (ii) If an extension application is declined by the Associate Dean Postgraduate Research, the student may make an application for a review of that decision. An application for review must be made in writing to the Pro Vice-Chancellor Education within one month of the decline being officially communicated to the student. The application must clearly set out the grounds for the review, and all relevant documents relied upon must be submitted with the application for review. The decision of the Pro Vice-Chancellor Education will be final.
 - (iii) If an application is received for an extension of beyond two months, or the application is received more than two weeks after the deadline for submission of the research component to which it applies, then the application must be forwarded, with a recommendation from the Associate Dean Postgraduate Research, to the Pro-Vice Chancellor (Education) for a decision.
 - (iv) The Pro Vice-Chancellor Education may approve a limited extension of time of up to two months or more than two months. The decision of the Pro Vice-Chancellor Education will be final.

- e A student who has failed a course or courses of no more than 40 points may be approved by the Associate Dean Postgraduate Research to enrol for no more than one further consecutive term beyond the duration of enrolment specified in Regulation 2 in order to complete the degree.
- f In extraordinary circumstances, the Pro Vice-Chancellor Education may approve extensions of time beyond those permitted in 4d, for an individual or nominated group of students.

Dissertations / Research Essays / Research Projects / Research Portfolios / Theses

- 5 a Dissertations, research essays, research projects, research portfolios and theses are to be submitted to the academic unit in accordance with Regulation 4.
- b The academic unit is responsible for transmitting the submitted dissertation, research essay, research project, research portfolio or thesis to the examiner(s).
- c Copies of dissertations, research essays, research projects and research portfolios are not deposited with the University's digital repository.
- d Where the outcome of the examination of a thesis is to award a thesis a passing grade:
 - (i) Within one month of being advised of the outcome of the examination, the student must complete any minor corrections required to the satisfaction of the supervisor and deposit a digital copy of the thesis in ResearchSpace in the University Library. The relevant faculty will confirm that the thesis has been deposited in ResearchSpace.
 - (ii) The thesis will be accessible through the University's digital repository unless embargoed under Regulation 26 of the Examination Regulations.
- e Where the outcome of the examination is to award a thesis a fail grade the thesis will not be held in the University's digital repository.

Appeal of Thesis, Research Portfolio, Dissertation, Research Essay or Research Essay Examination Outcome

- 6 a A student may appeal the outcome of a thesis, research portfolio, dissertation, research essay or research project examination only on the grounds that the result was materially impacted by a procedural flaw in the examination process.
- b Any application for appeal must be lodged within three months of the result of the examination being officially communicated to the student.
- c Appeals will be considered in accordance with the Examination of Sub-Doctoral Postgraduate Research Components of 30 Points and Above Procedures.

Tuition Fees for Extensions of Time

- 7 a Where an extension of time for the submission of a dissertation, research portfolio, research essay, research project or thesis is approved under Regulation 4d, students will be required to be enrolled and pay tuition fees at the rate of 5 points for each one-month period or part thereof. This will only apply when the student's current enrolment period in the course has ended.
- b In extraordinary circumstances, the Pro Vice-Chancellor Education may waive part or all of any tuition fees for extension courses related to dissertations, research projects, research essays, research portfolios or theses for an individual or nominated group of students.

Honours

- 8 a A Bachelors Honours Postgraduate degree will only be awarded when the student has passed a research component of at least 30 points, comprising a single identifiable course.
 - b Honours will be awarded in one of three classes: First Class Honours, Second Class Honours, or Third Class Honours. Second Class Honours are awarded in either First Division or Second Division.
 - c First Class Honours may be awarded where a student has achieved an overall Grade Point Average of 7.0 or higher. Second Class Honours First Division may be awarded where a student has achieved an overall Grade Point Average between and including 5.5 and 6.9. Second Class Honours Second Division may be awarded where a student has achieved an overall Grade Point Average between and including 4.0 and 5.4. Third Class Honours may be awarded where the student has achieved an overall Grade Point Average of 3.9 or below. The overall Grade Point Average will be rounded to one decimal place for the purpose of this Honours calculation.
- 9 Only courses completed at the University of Auckland will be included in the calculation of Honours. Fail grades and Did Not Sit and Did Not Complete grades will count as zero.

Suspension

- 10 a (i) Enrolment for a Bachelors Honours Postgraduate degree will normally be continuous. In exceptional circumstances the Associate Dean Postgraduate Research may approve a period of suspension from enrolment not exceeding two consecutive terms. In such cases the period of suspension will not count towards the time limits for the degree.
- (ii) If a suspension application is declined by the Associate Dean Postgraduate Research, the student may make an application for a review of that decision. An application for review must be made in writing to the Pro Vice-Chancellor Education within one month of the decline being officially communicated to the student. The application must clearly set out the grounds for the review, and all relevant documents relied upon must be submitted with the application for review. The decision of the Pro Vice-Chancellor Education will be final.
- b In exceptional circumstances the Pro Vice-Chancellor Education may approve a period of suspension of enrolment exceeding two consecutive terms on the recommendation of the Associate Dean Postgraduate Research. In such cases the period of suspension will not count towards the time limits for the degree.
- c If a suspension application is received from a student after an extension application for the same research component has been approved, or for a term prior to the current term of enrolment, the application must be forwarded to the Pro-Vice Chancellor (Education) for a decision. If approved the period of suspension will not count towards the time limits for the degree. The decision of the Pro Vice-Chancellor Education will be final.

Transfer Credits, Cross-credits and Reassignments

- 11 a **Transfer credits**
Transfer credits may be awarded for a Bachelors Honours Postgraduate degree as specified in the Credit Regulations.
- b **Cross-credits**
Courses may not be cross-credited into or from a Bachelors Honours Postgraduate degree.
- c **Reassignments**
- (i) With the approval of the Programme Director, courses may be reassigned as specified in the Credit Regulations.
- (ii) If enrolment in the Bachelors Honours Postgraduate degree is not being discontinued, approval to reassign must not be given if the courses proposed to be reassigned meet the requirements for the Bachelors Honours Postgraduate degree and the reassignment will result in an increase in the grade point average for the Bachelors Honours Postgraduate degree.

Certificate of Proficiency

- 12 The Certificate of Proficiency regulations under 'Other Programmes' apply.

Transitional Certificate

- 13 The Transitional Certificate regulations under 'Other Programmes' apply. A Transitional Certificate course may not be reassigned to a Bachelors Honours Postgraduate degree.

Delegation of Decision-making

- 14 a The decision makers named in these regulations may delegate their decision-making power under these regulations to another nominated role. This delegation must be in writing.
- b Where decision-making authority is delegated:
- (i) The delegated authority can be exercised in the same way and to the same effect as if the original listed decision maker performed or exercised it.
- (ii) The decision maker that made the original delegation remains responsible for the performance or exercise of the authority.

Variations

- 15 In exceptional circumstances the Deputy Vice-Chancellor Education may approve a variation to the General Regulations – Bachelors Honours Postgraduate Degrees.
-

General Regulations – Conjoint Degrees

The regulations for these conjoint degree programmes are to be read in conjunction with all other relevant statutes and regulations including the Academic Statutes and Regulations.

General Provisions

- 1 The following conjoint degree programmes are available:

BA/BAdvSci(Hons)	BCom/LLB(Hons)
BA/BC	BDes/BE(Hons)
BA/BCom	BDes/BFA
BA/BDes	BDes/BGlobalSt
BA/BE(Hons)	BDes/BHSc
BA/BFA	BDes/BMus
BA/BFA(Hons)	BDes/BProp
BA/BGlobalSt	BDes/BSc

BCom/BMus	BProp/LLB
BCom/BProp	BProp/LLB(Hons)
BCom/BSportHPE	BSc/LLB
BCom/BSc	BSc/LLB(Hons)
BCom/LLB	

- 2 Except as otherwise specified in these regulations, each student's programme is to be governed by the regulations for each of the component degrees.
- 3 Only when all the requirements for both component degrees have been satisfied may the two degrees be conferred upon the student.

Admission

- 4 Admission to a conjoint degree programme may be at initial enrolment, or after the student has passed or been credited with not more than 270 points for either component degree, but the student must not have graduated in either of the component degrees.

- 5 a A student seeking admission to a conjoint degree programme must gain admission to each of the component degrees
and
- b achieve a standard equivalent to a Grade Point Average of at least 3.9, except for the Bachelor of Advanced Science (Honours) and the Bachelor of Engineering (Honours) which require a Grade Point Average of at least 5.5 in the previous year of full-time study.

Continuation

- 6 In order to continue in a conjoint degree programme, a student needs to achieve a Grade Point Average of at least 3.5 each year, except for the Bachelor of Engineering (Honours) conjoint degrees which require a GPA of 4.0 each year, and Bachelor of Advanced Science (Honours) conjoint degrees which require a Grade Point Average of 5.0 each year.
- 7 A student who has been discontinued from a conjoint degree programme due to the continuation requirement specified in Regulation 6 may re-apply for admission under these regulations. To be eligible for readmission:
 - a the student must have achieved a Grade Point Average of at least 3.5, 4.0 for the Bachelor of Engineering (Honours) or 5.0 for the Bachelor of Advanced Science (Honours), in the most recent 120 points of study towards one or more of the component degrees following the student's discontinuation. In exceptional circumstances the required Grade Point Average may be waived by Senate or its representative. If a student has fewer than 120 points to complete then they may apply for readmission immediately.
 - b neither of the component degrees can have been awarded.
- 8 A student must state the reasons for re-admission, and include evidence where applicable. Where such application is made, the Deans or nominees of the respective faculties may:
 - a permit the student to be readmitted to the conjoint degree programme
 - b permit the student to be readmitted under specific conditions
 - c decline readmission.
- 9 A student may be readmitted to a conjoint degree programme once, other than in exceptional circumstances approved by Senate or its representative.

Approval

- 10 As a condition of approval, a student may be required to include in a conjoint programme:
 - a a specified major subject or specialisation
 - b specified elective courses.

Total Points Value

- 11 The total points required for each conjoint degree programme is stated in the Conjoint Degree Schedule and includes the General Education requirement, where applicable.

Academic Integrity

- 12 All students must pass the University of Auckland Academic Integrity course as specified in the Enrolment and Programme Regulations, Academic Integrity, of the *University Calendar*.

General Education

- 13 All students enrolled in a conjoint degree programme, except students whose conjoint degree programme includes a BE(Hons), LLB or LLB(Hons) component degree, must pass 15 points from courses listed in either the General Education Open Schedule or either of the General Education Faculty Schedules approved for the component degrees for the conjoint degree programme.

General Education Exemptions

- 14 a A student is exempted from the requirement to pass a course offered in the General Education Schedule who has:
 - either
 - (i) completed an undergraduate degree at a tertiary institution
 - or
 - (ii) commenced study for their degree at a tertiary institution before 1 January 2006
 - or
 - (iii) completed a minimum of 50 points of study towards this degree in one semester at an overseas institution, either through an overseas exchange programme or through prior approval under the Credit Regulations.
- b A student who has been admitted to either component degree of a conjoint degree programme who has completed 120 points or more of degree-level study at another tertiary institution is exempted from the

General Education requirement for the conjoint degree.

- c A student who has been exempted from the General Education requirement must substitute 15 points from courses available for the component degrees.

Suspension

- 15 A student may in any year totally suspend study for both component degrees of a conjoint degree programme.

Additional Component Degrees/Diplomas

- 16 a If a student has satisfied the requirements of one (but not both) of the component degrees and would be eligible to have that degree conferred, the relevant Dean may approve the suspension of enrolment for the conjoint degree programme to allow the student to enrol for a relevant honours or Masters degree or diploma. In that case the total number of points passed must satisfy the regulations specified for that postgraduate programme.
- b With the approval of the relevant Deans, a student who suspends their study in a conjoint degree programme to pursue a graduate programme may subsequently complete the conjoint degree programme provided they have not graduated with either of the component degrees in the meantime.

Graduation

- 17 Graduation in one component of the conjoint degree constitutes a discontinuation of the conjoint degree programme.
- 18 A student must graduate in both components of the conjoint degree in one or more ceremonies in the same graduation period.

Variations

- 19 In exceptional circumstances Senate or its representative may approve a personal programme which does not conform to these regulations.

Amendment

- 20 These regulations and/or schedule have been amended with effect from 1 January 2026.

The specific requirements for each conjoint degree programme can be found online in the respective Conjoint Degree in the Curriculum Catalogue at study.auckland.ac.nz.

General Regulations – Masters Degrees

The following regulations apply to all Masters degrees unless otherwise stated. As far as possible they are to be read in conjunction with the specific degree regulations for each Masters degree.

Notes:

- (i) a Masters is a Research Masters if it includes a thesis or research portfolio of at least 90 points, otherwise it is a Taught Masters
- (ii) a research essay or research project will normally be worth no more than 45 points
- (iii) a dissertation will be worth at least 40 points and less than 90 points
- (iv) a research portfolio or thesis will normally be worth 90 or 120 points
- (v) for the purposes of these regulations only, full-time enrolment is 50 points or more in one semester or 25 points or more in one quarter, otherwise the semester or quarter enrolment (and any Summer School enrolment) is part-time.

General Requirements

- 1 A student enrolled for a Masters degree at this University must pass the full points value specified in the degree regulations. The total enrolment may not exceed the minimum points requirement for the degree by more than 40 points.

Duration of Enrolment

- 2 a The requirements for a Masters degree must be completed in accordance with the following time limits and the thesis or research portfolio due dates in Regulation 2e.

		Degree Total Points				
		120	180	240	300	360
Maximum number of semesters for a Research Masters Degree	full-time	2	3	4	5	6
	part-time	4	6	8	10	12
Maximum number of semesters for a Taught Masters Degree	full-time	2	3	4	5	6
	part-time	8	12	12	12	12
Maximum number of quarters for a Taught Masters Degree	full-time	4	6	8	N/A	N/A
	part-time	8	12	16	N/A	N/A

- (i) The date of initial enrolment is deemed to be:
 - (a) the start date of the enrolment in the thesis or research portfolio where the programme commences with a thesis or research portfolio enrolment
 - or
 - (b) the first term in which a student enrolled for a course which is assigned or reassigned to the programme.
- (ii) One period of Summer School enrolment counts towards the time limit as one semester of part-time enrolment, but is not counted if a thesis or research portfolio enrolment has already commenced.
- (iii) Where a student's enrolment is partially full-time and partially part-time, the part-time time limit applies, provided that:
 - (a) one semester of full-time enrolment counts as two semesters of part-time enrolment
 - (b) one quarter of full-time enrolment counts as two quarters of part-time enrolment.
- (iv) Where a student's enrolment is entirely full-time, it must be in consecutive semesters or quarters.
- (v) Where a student's enrolment is at least partially part-time, up to a maximum of four semesters or four quarters of non-enrolment may occur provided that:
 - (a) One semester of non-enrolment counts towards the time limit as one semester of part-time enrolment.
 - (b) One quarter of non-enrolment counts towards the time limit as one quarter of part-time enrolment.
 - (c) Any semesters or quarters of non-enrolment occur prior to commencement of a thesis or research portfolio enrolment.

- b Enrolment in a Research Masters degree must conclude with the submission of the thesis or research portfolio.
- c Enrolment in the thesis or research portfolio must commence on either 1 December, 1 March or 15 July and continue until the submission of the thesis or research portfolio.
- d A student must enrol in thesis or research portfolio points in no fewer than two and no more than four consecutive semesters until the thesis or research portfolio points requirement is satisfied and subject to the time limits in Regulation 2a.

Start date of thesis or research portfolio	Initial semester of enrolment in thesis or research portfolio points
1 December	Semester One of following year
1 March	Semester One of that same year
15 July	Semester Two of that same year

- e A thesis or research portfolio must be submitted by the following due dates:

Start date of thesis or research portfolio	Final semester of enrolment ¹	Due date for thesis or research portfolio ²
1 December	Semester One	31 May ³
	Semester Two	30 November ⁴
1 March	Semester One	31 August ⁴
	Semester Two	28 February ⁵
15 July	Semester One	14 July ⁴
	Semester Two	14 January ⁵

Notes:

- 1 *The final semester of enrolment depends on the start date of the thesis or research portfolio and the number of semesters (either two, three or four) in which a student is enrolled in thesis or research portfolio points before they satisfy the thesis or research portfolio points requirement.*
- 2 *These due dates provide 12 months of continuous enrolment in the thesis or research portfolio for students completing their thesis or research portfolio points enrolment in two consecutive semesters, and 18 or 24 months of continuous enrolment for other students (by enrolment in thesis or research portfolio points in three or four consecutive semesters respectively).*
- 3 *This due date occurs within the final semester of enrolment.*
- 4 *This due date is in the same year as the final semester of enrolment*
- 5 *This due date is in the year following the final semester of enrolment.*
- f A student enrolled for a 240 point Research Masters must complete at least 105 points of coursework prior to enrolment in the thesis or research portfolio.
- g A student enrolled for a 300 point Research Masters must complete at least 180 points of coursework prior to enrolment in the thesis or research portfolio.
- h A student enrolled for a 360 point Research Masters must complete at least 240 points of coursework prior to enrolment in the thesis or research portfolio.

Completion of Requirements

- 3 a A student enrolled in a thesis or research portfolio must complete at least one progress review during their research. Failure to complete a progress review by the required due date may result in enrolment in the thesis or research portfolio being suspended.
- b **Thesis or Research Portfolio Extension of Time**
 - (i) If, in exceptional circumstances beyond the student's control, a thesis or research portfolio has not been able to be completed by the due date specified in Regulation 2, the Supervisor may approve a limited extension of time, not exceeding one month in total, and the Associate Dean Postgraduate Research may approve a limited extension of time, not exceeding eight months in total (including any extension approved by the Supervisor), for the work to be completed. The Supervisor may not decline an application for an extension but may refer it to the Associate Dean Postgraduate Research with a recommendation that it be declined.
 - (ii) If an extension application is declined by the Associate Dean Postgraduate Research, the student may

make an application for a review of that decision. An application for review must be made in writing to the Pro Vice-Chancellor Education within one month of the decline being officially communicated to the student. The application must clearly set out the grounds for the review, and all relevant documents relied upon must be submitted with the application for review. The decision of the Pro Vice-Chancellor Education will be final.

- (iii) If an application is received for an extension of beyond eight months, or the application is received more than two weeks after the deadline for submission of the research component to which it applies, then the application must be forwarded, with a recommendation from the Associate Dean Postgraduate Research, to the Pro-Vice Chancellor (Education) for a decision.
- (iv) The Pro Vice-Chancellor Education may approve a limited extension of time of up to eight months or more than eight months. The decision of the Pro Vice-Chancellor Education will be final.
- (v) If an extension is approved, a student will be enrolled in an extension course and pay tuition fees at the rate of 5 points for each one-month period or part thereof. This will only apply when the student's current enrolment period in the thesis or research portfolio has ended.
- (vi) In extraordinary circumstances the Pro Vice-Chancellor Education may approve extensions of time beyond those permitted in 3b(i) for an individual or nominated group of students and may waive part or all of any tuition fees for extension courses related to theses or research portfolios for these students.

c Dissertation / Research Essay / Research Project

- (i) The specified date for submission of a dissertation, research essay or research project that is included in a masters degree is the last day of the final term of enrolment in the dissertation, research essay or research project. If, in exceptional circumstances beyond the student's control, the dissertation, research essay or research project has not been able to be completed by the last day of the final term of enrolment in the dissertation, research essay or research project, the Supervisor may approve a limited extension of time, not exceeding one month in total, and the Associate Dean Postgraduate Research may approve a limited extension of time, not exceeding two months in total (including any extension approved by the Supervisor), for the work to be completed. The Supervisor may not decline an application for an extension but may refer it to the Associate Dean Postgraduate Research with a recommendation that it be declined.
- (ii) If an extension application is declined by the Associate Dean Postgraduate Research, the student may make an application for a review of that decision. An application for review must be made in writing to the Pro Vice-Chancellor Education within one month of the decline being officially communicated to the student. The application must clearly set out the grounds for the review, and all relevant documents relied upon must be submitted with the application for review. The decision of the Pro Vice-Chancellor Education will be final.
- (iii) If an application is received for an extension of beyond two months, or the application is received more than two weeks after the deadline for submission of the research component to which it applies, then the application must be forwarded, with a recommendation from the Associate Dean Postgraduate Research, to the Pro-Vice Chancellor (Education) for a decision.
- (iv) The Pro Vice-Chancellor Education may approve a limited extension of time of up to two months or more than two months. The decision of the Pro Vice-Chancellor Education will be final.
- (v) If an extension is approved, a student will be enrolled in an extension course and pay tuition fees at the rate of 5 points for each one-month period or part thereof. This will only apply when the student's current enrolment period in the dissertation, research essay or research project has ended.
- (vi) In extraordinary circumstances the Pro Vice-Chancellor Education may approve extensions of time beyond those permitted in 3c(i) for an individual or nominated group of students and may waive part or all of any tuition fees for extension courses related to dissertations, research essays or research projects for these students.

d Other courses

Extensions of time to complete work in courses other than a dissertation, research essay, research portfolio, research project, or thesis will not be granted beyond the end of the semester(s) or quarter(s) of enrolment in the course.

e Failed courses

A student who has failed a course or courses totalling no more than 40 points may be approved by the Associate Dean Postgraduate Research to enrol for no more than one further consecutive semester or quarter beyond the duration of enrolment for completion specified in Regulation 2 in order to complete the degree.

Honours

- 4 a Where the specific degree regulations include a provision for Honours, a Masters degree may be awarded

with Honours where a student's overall grade is sufficiently high and where the student has passed a research component of at least 30 points, comprising a single identifiable course.

- b There are two classes of Honours: First Class Honours and Second Class Honours. Second Class Honours are awarded in either First Division or Second Division.
- c First Class Honours may be awarded where a student has achieved an overall Grade Point Average of 7.0 or higher. Second Class Honours First Division may be awarded where a student has achieved an overall Grade Point Average between and including 5.50 and 6.94. Second Class Honours Second Division may be awarded where a student has achieved an overall Grade Point Average between and including 4.0 and 5.4. The overall Grade Point Average will be rounded to one decimal place for the purpose of this Honours calculation.
- d For the purposes of the calculation of the award of Honours only courses completed at the University of Auckland will be included. Fail grades and Did Not Sit and Did Not Complete grades will count as zero.
- e Where the requirements for a Masters degree including a research component of at least 30 points have been completed with an extension granted in accordance with Regulation 3, a student's eligibility for honours will be retained.

Distinction or Merit

- 5 a Where the specific degree regulations include a provision for Distinction or Merit, and Honours has not been awarded, the Masters degree may be awarded with Distinction or Merit where a student's grade is sufficiently high.
- b Distinction may be awarded where a student has achieved an overall Grade Point Average of 7.0 or higher. Merit may be awarded where a student has achieved an overall Grade Point Average between and including 5.50 and 6.94. The overall Grade Point Average will be rounded to one decimal place for the purpose of this Honours calculation.
- c For the purposes of the calculation of the award of Distinction or Merit only courses completed at the University of Auckland will be included. Fail grades and Did Not Sit and Did Not Complete grades will count as zero.

Theses

- 6 a The student is to submit a digital copy of their thesis to the relevant faculty in accordance with Regulations 2 and 3.
- b The digital thesis shall be formatted as specified in the Guide to the Presentation and Submission of Research Components in Sub-Doctoral Qualifications at the University of Auckland.
- c The Associate Dean Postgraduate Research (or nominee) of the faculty is responsible for transmitting copies of the thesis to the examiners.
- d Where the outcome of the examination is to award a thesis a passing grade:
 - (i) Within one month of being advised of the outcome of the examination, the student must complete any minor corrections required to the satisfaction of the supervisor and deposit a digital copy of the thesis in ResearchSpace in the University Library. The relevant faculty will confirm that the thesis has been deposited in ResearchSpace.
 - (ii) The thesis will be accessible through the University's digital repository unless embargoed under the Examination Regulations.
- e Where the outcome of the examination is to award a thesis a fail grade the thesis will not be held in the University's digital repository.

Research Portfolios

- 7 a The student is to submit a digital copy of their research portfolio to the relevant faculty in accordance with Regulations 2 and 3.
- b The Associate Dean Postgraduate Research (or nominee) of the faculty is responsible for transmitting copies to the examiners.
- c Copies of research portfolios are not deposited in the University's digital repository.

Dissertations / Research Essays / Research Projects

- 8 a The student is to submit a digital copy of their dissertation, research essay or research projects to the supervisor or department in accordance with Regulations 2 and 3.
- b The relevant academic unit is responsible for transmitting copies to the examiners.

- c Copies of dissertations, research essays and research projects are not deposited with the University's digital repository.

Substitutions and Failed Courses

- 9 Masters students may not change their enrolment in a course after the last date approved for Changes to Current Enrolment except as outlined in the Enrolment and Programme Regulations.
- 10 A Masters student may not normally re-enrol in a failed course except as provided for in the regulations relating to aegrotat and compassionate passes. In exceptional circumstances, the student may apply to the Associate Dean Postgraduate Research, on the recommendation of the Programme Director, for permission to re-enrol in the course.

Suspension

- 11 a (i) In exceptional circumstances the Associate Dean Postgraduate Research, on the recommendation of the Programme Director, may grant a period of suspension from enrolment not normally exceeding one year for enrolment in a thesis or research portfolio or two consecutive semesters, or four quarters, for enrolment in other courses. In such cases the period of suspension will not count towards the time limits for the degree.
- (ii) If a suspension application is declined by the Associate Dean Postgraduate Research, the student may make an application for a review of that decision. An application for review must be made in writing to the Pro Vice-Chancellor Education within one month of the decline being officially communicated to the student. The application must clearly set out the grounds for the review, and all relevant documents relied upon must be submitted with the application for review. The decision of the Pro Vice-Chancellor Education will be final.
- b In exceptional circumstances the Pro Vice-Chancellor Education may approve a period of suspension of enrolment exceeding two consecutive terms on the recommendation of the Associate Dean Postgraduate Research. In such cases the period of suspension will not count towards the time limits for the degree. The decision of the Pro-Vice Chancellor will be final.
- c If a suspension application is received from a student after an extension application for the same research component has been approved, or for a term prior to the current term of enrolment, the application must be forwarded to the Pro Vice-Chancellor Education for a decision. If approved the period of suspension will not count towards the time limits for the degree. The decision of the Pro Vice-Chancellor Education will be final.

Transfer Credits, Cross-credits and Reassignments

- 12 a **Transfer credits**
 - (i) Transfer credits may be awarded for a Taught Masters degree or the taught component of a Research Masters degree with a total points value of more than 120 points as specified in the Credit Regulations.
 - (ii) Except as provided for in the Credit Regulations, transfer credits may not be awarded for a Research Masters degree.
- b **Cross-credits**
Courses may not be cross-credited into or from a Masters degree.
- c **Reassignments**
 - (i) With the approval of the Programme Director, courses may be reassigned as specified in the Credit Regulations.
 - (ii) If enrolment in the Masters degree is not being discontinued, approval to reassign must not be given if the courses proposed to be reassigned meet the requirements for the Masters degree and the reassignment will result in an increase in the grade point average for the Masters degree.

Certificate of Proficiency

- 13 a The Certificate of Proficiency regulations under 'Other Programmes' apply.
- b A course passed for a Certificate of Proficiency may be reassigned to a Taught Masters degree, or the taught component of a Research Masters degree with a total points value of more than 120 points as specified in the Credit Regulations.
- c A course passed for a Certificate of Proficiency may not be reassigned to a Research Masters degree except as specified in 13b above.

Transitional Certificate

- 14 The Transitional Certificate regulations under 'Other Programmes' apply. A Transitional Certificate course may not be reassigned to a Masters degree.

Appeal of Dissertation, Thesis, Research Portfolio, Research Essay or Research Essay examination outcome

- 15 a A student may appeal the outcome of a thesis, research portfolio, dissertation, research essay or research project examination only on the grounds that the result was materially impacted by a procedural flaw in the examination process.
- b Any application for appeal must be lodged within three months of the result of the examination being officially communicated to the student.
- c Appeals will be considered in accordance with the Examination of Sub-Doctoral Postgraduate Research Components of 30 Points and Above Procedures.

Delegation of Decision-making

- 16 a The decision makers named in these regulations may delegate their decision-making power under these regulations to another nominated role. This delegation must be in writing.
- b Where decision-making authority is delegated:
 - (i) The delegated authority can be exercised in the same way and to the same effect as if the original listed decision maker performed or exercised it.
 - (ii) The decision maker that made the original delegation remains responsible for the performance or exercise of the authority.

Variations

- 17 In exceptional circumstances the Deputy Vice-Chancellor Education may approve a variation to the General Regulations – Masters Degrees.
-

General Regulations – Named Doctorates

These Regulations apply to doctoral enrolments that commenced prior to 1 January 2022, except enrolments in the Doctor of Philosophy and Higher Doctorates, and should be read in conjunction with the relevant degree regulations. The ‘Department’ is the Department or School or other academic unit in which the candidate is registered, and the ‘Head of Department’ is the head of that academic unit.

Admission

- 1 Every candidate for a named-doctoral degree must have applied for admission and been admitted to the University of Auckland.

Registration

- 2 a Every candidate for a named-doctoral degree must be registered by the Board of Graduate Studies.
- b Registration is provisional for all candidates for the first 12 months of equivalent full-time study following the Date of Registration as defined in Regulation 2.
- c Application for registration must be made to the Head of Department, Division, School, Chair of a Board of Studies or Director of the Research Centre or Institute (“the Head of Department”) in the discipline in which the candidate is to be registered and must include, where appropriate to the composition of the doctoral degree, a preliminary research proposal.
- d The Head of Department will make a recommendation to the Faculty Associate Dean (Postgraduate) as to whether the candidate:
 - (i) meets the eligibility criteria and has the ability to follow the proposed programme of study
and
 - (ii) has submitted a satisfactory preliminary research proposal as stipulated by the Head of Department.
- e Where the Head of Department is satisfied, this recommendation must include:
 - (i) the proposed date of registration
 - (ii) nominations for supervisors
 - (iii) confirmation that the School/Department accepts responsibility for making satisfactory supervision arrangements and providing research resources and facilities over the whole enrolment for the degree
 - (iv) an appropriate set of goals for the provisional period of registration agreed to by both the candidate and nominated main supervisor; these must include, but are not limited to, those goals prescribed in the regulations for the relevant named doctorate and any standard goals required by the Board of Graduate Studies such as attendance at induction events, English language screening, and the satisfaction of academic integrity and health and safety requirements.
- f Where an intending candidate is not resident in Auckland, the Head of Department must also provide the Associate Dean (Postgraduate) and the Board of Graduate Studies with evidence that the candidate will be provided with research resources and supervisory support at the location in which the research is to be carried out.
- g On receipt of the recommendation of the Head of Department, the Faculty Associate Dean (Postgraduate) will make a recommendation to the Board of Graduate Studies as to the matters set out in Regulation 2d.
- h On receipt of the recommendation of the Faculty Associate Dean (Postgraduate), the Board of Graduate Studies will decide whether or not to register the candidate and, if so, the conditions that will apply to the registration. The Board of Graduate Studies may call for any further information it considers relevant before making its decision.
- i Registration takes effect on the date (the “Date of Registration”) approved by the Board of Graduate Studies. Where a candidate has already started supervised research on the doctoral topic, the Date of Registration may, subject to approval by the Board of Graduate Studies, be backdated by not more than six months.
- j The Board of Graduate Studies will appoint the supervisors for each candidate. The supervisors must be actively involved in research in the candidate’s general field, and must either hold a doctoral degree or be appropriately qualified and experienced. Persons who are themselves candidates for the same named doctorate may not be appointed as supervisors, although they may be appointed as advisers.
- k For each candidate the Board of Graduate Studies will appoint a suitably qualified main supervisor who takes overall responsibility for the supervision of the candidate and for assistance in the provision of research resources. The main supervisor must be a staff member of the University of Auckland.
- l In addition, the Board of Graduate Studies will appoint for each candidate:
 - (i) at least one suitably qualified co-supervisor

and/or

(ii) an advisory committee or adviser/s.

- m Candidates wishing to present and defend a thesis in te reo Māori must, before applying to the Head of Department to be registered, obtain the permission of the Pro Vice-Chancellor (Māori). When such permission is granted, the Pro Vice-Chancellor (Māori) will make a recommendation in writing to the Board of Graduate Studies as to:

(i) whether the candidate has adequate fluency and literacy in te reo Māori in the subject area of the thesis

and

(ii) the likelihood of being able to find appropriately qualified examiners for the thesis.

Reviews of Registration

- 3 a During provisional registration, a candidate must achieve the goals prescribed by the Board of Graduate Studies and satisfy any other applicable programme requirements specified in the regulations for the relevant named doctorate.
- b Where a thesis proposal is required as a provisional goal, it should be submitted for approval to the appropriate committee or subcommittee of the department, institute and/or faculty in which the candidate is registered. The committee may accept the proposal, or indicate changes needed to the candidate and supervisor(s) and request a resubmission, or it may decline the proposal. It will inform the Head of Department of its decision.
- c At the end of the provisional registration period, the candidate, the supervisor/s and the Head of Department are to submit a formal report to the Board of Graduate Studies on the progress of the candidate. This report may also be discussed by the appropriate postgraduate committee of the department, institute and/or faculty in which the candidate is registered. The report should clearly state whether or not the progress of the candidate has been satisfactory, whether or not any programme specific requirements for the period have been satisfied, and whether or not the goals laid down for the provisional period of registration have been achieved. The report should include a recommendation that the candidate's registration be:
- (i) confirmed
- or
- (ii) continued on a provisional basis for a period of three to six months
- or
- (iii) discontinued and the candidate recommended for enrolment in another programme, where a suitable programme exists
- or
- (iv) terminated.
- d At the end of each year of registration following the provisional period, the main supervisor, the candidate and the Head of Department are to submit, through the Associate Dean (Postgraduate) of the faculty, a joint report to the Board of Graduate Studies on the candidate's progress. This report may also be discussed by the appropriate postgraduate committee of the department, institute and/or faculty in which the candidate is registered. As part of this report, the main supervisor and the Head of Department are to make one of the following recommendations:
- (i) that the candidate's registration be continued
- or
- (ii) that the candidate's registration be continued subject to specified conditions
- or
- (iii) that the candidate's registration be terminated.
- e Where a recommendation is made under Regulation 3c(ii) or 3d(ii), the Head of Department will also recommend to the Board of Graduate Studies any specific goals and/or conditions to be met by the candidate and the time in which these are to be completed. At the end of this period the Head of Department and main supervisor will advise the Board of Graduate Studies whether or not these requirements have been met. Registration will be terminated if the specified conditions have not been fulfilled to the satisfaction of the Board of Graduate Studies.
- f No decision to terminate registration may be made by the Board of Graduate Studies unless the candidate has been notified in writing and given reasonable opportunity to respond.

Changes to the Conditions of Registration

- 4 a The Head of Department may, after consultation with the candidate, make a written recommendation to the Board of Graduate Studies via the Faculty Associate Dean (Postgraduate) for changes in the conditions of registration for the candidate. After considering a recommendation from the Head of Department, the Board

of Graduate Studies may, after considering any submissions made by the candidate, change the conditions of registration for any candidate.

- b Where a resident candidate intends to be absent from the University in pursuit of their research for more than two months, supervisors are to submit for approval by the Board of Graduate Studies, through the Head of Department and before the candidate's departure, suitable plans for the supervision of the candidate during the period of absence.
- c When necessary, the Head of Department will make a recommendation to the Board of Graduate Studies regarding changes to the supervision of the candidate. This will normally be required when a supervisor is granted leave, resigns or retires.

Whilst the Board of Graduate Studies will take into consideration the candidate's views on any recommended changes to supervision, it reserves the right to determine the appointment of supervisor/s according to the availability of suitably qualified staff.

- d When the Board of Graduate Studies is satisfied that there is sufficient reason, it may extend a candidate's submission date. Before approving an extension of submission time the Board of Graduate Studies will require the candidate, the supervisor(s) and Head of Department to agree on the programme of supervision and schedule of research considered necessary for submission by the new date proposed.
- e Where a candidate is unable to continue with their research programme because of circumstances beyond their control, the Board of Graduate Studies may suspend their registration for a specified period of time. The conditions of Regulation 7g of the Statute for the Degree of Doctor of Philosophy 2016 will apply.
- f Enrolment and Programme Regulations regarding discontinuation apply to candidates for named doctorates.
- g The Board of Graduate Studies may terminate the registration of any candidate who:
 - (i) fails to enrol for any academic year corresponding to a year of registration
 - or
 - (ii) fails to make payment of any tuition fees related to the registration
 - or
 - (iii) applies to cease being registered
 - or
 - (iv) has not made satisfactory progress while under provisional registration
 - or
 - (v) has received an unsatisfactory annual report
 - or
 - (vi) has not submitted a required provisional year or annual report
 - or
 - (vii) has not met any conditions specified under Regulation 3e
 - or
 - (viii) has not satisfied a requirement as stipulated in the structure and content regulation of the relevant named doctorate regulations
 - or
 - (ix) has not submitted or re-submitted the examinable work in time
 - or
 - (x) has had the termination of their registration recommended by a decision of a Disputes Committee constituted pursuant to Regulation 6
 - or
 - (xi) is prohibited under the Disciplinary Statute of the University from enrolling.

Before making a decision to terminate a candidate's registration pursuant to this Regulation or otherwise, the Board of Graduate Studies will allow the candidate a reasonable opportunity to respond.

Enrolment and Fees

- 5 a Candidates for the degree must be enrolled and pay all prescribed fees including tuition fees in each academic year for which they are registered. Candidates need not pay tuition fees for any period during which their registration is suspended.
- b On enrolment in each academic year every candidate must pay the prescribed fees for that academic year, including the Student Services fee.
- c A candidate who submits all examinable work or terminates their registration will receive a refund of one-twelfth of the tuition fee and the Student Services fee paid for each complete month of the period between the date of submission of the examinable work or termination of registration and the end of the academic year for which fees have been paid.

- d Notification of the award of the degree will be withheld until all outstanding fees have been paid for the academic year in which a candidate is registered. Candidates will not be able to graduate until all outstanding fees have been paid.

Appeals

- 6 a If a doctoral candidate believes that they have been significantly disadvantaged by the examination process, or by any part of the examination process, then a written appeal may be made to the Board of Graduate Studies, setting out the grounds of the appeal. All relevant documents relied upon must be submitted with the appeal. Regulations 11d and 11e of the Statute for the Degree of Doctor of Philosophy 2016 shall then apply.
- b Candidates, supervisors or Heads of Department may appeal against any decision, other than one bearing on examination matters, of the Board of Graduate Studies normally within three months of the making of the decision, on the grounds that:
 - (i) relevant information which was not available to the Board of Graduate Studies at the time of its making the decision has since become available
 - and/or*
 - (ii) the procedure adopted in arriving at the decision was unfair.

The appeal must state clearly all grounds relied on by the candidate and attach all relevant documentation. Regulation 11b of the Statute for the Degree of Doctor of Philosophy 2016 shall then apply.

Dispute Resolution Procedures

- 7 Disputes are to be resolved according to the Resolution of Student Academic Complaints and Disputes Statute.

Transitional Arrangements

- 8 a These regulations came into force on 1 January 2016 and revoked the previous General Regulations for Named Doctorates.
 - b For candidates initially registered under previous regulations, the Board of Graduate Studies may agree to vary the application of the provisions of these regulations to ensure consistency with the provisions of the regulations under which the candidate was enrolled, where it is satisfied that the candidate would otherwise be at a disadvantage.
-

General Regulations – Postgraduate Certificates

The following regulations take precedence over the specific regulations for each Postgraduate Certificate. As far as possible they are to be read in conjunction with the specific regulations for each Postgraduate Certificate.

Note: For the purposes of these regulations a Postgraduate Certificate is worth 60 points.

General Requirements

- 1 A student enrolled for a Postgraduate Certificate at this University must pass the full points value specified in the Postgraduate Certificate regulations. The total enrolment may not exceed the minimum points requirement for the Postgraduate Certificate by more than 30 points.

Deadlines for Completion

- 2 a The requirements for a Postgraduate Certificate must be completed within:
 - (i) one semester or two quarters, or an equivalent time period, of initial enrolment for the Postgraduate Certificate if enrolled full-time
 - or
 - (ii) four semesters or eight quarters, or an equivalent time period, of initial enrolment for the Postgraduate Certificate if enrolled part-time.
- b In all cases, the term of initial enrolment is deemed to be the first term in which the student enrolled for a course which is assigned or reassigned to the programme.
- c In exceptional circumstances the Associate Dean Academic, on the recommendation of the Programme Director, may increase the duration allowed for enrolment for a period not exceeding one semester or two quarters, or the equivalent time period.
- d If an application to increase the allowed duration is declined by the Associate Dean Academic, the student may make an application for a review of that decision. An application for review must be made in writing to the Pro Vice-Chancellor Education within one month of the decline being officially communicated to the student. The application must clearly set out the grounds for the review, and all relevant documents relied upon must be submitted with the application for review. The decision of the Pro Vice-Chancellor Education will be final.
- e In exceptional circumstances the Pro Vice-Chancellor Education may approve an increase to the allowed duration for enrolment of more than one semester or two quarters, or the equivalent time period, on the recommendation of the Associate Dean Academic. The decision of the Pro Vice-Chancellor Education will be final.

Completion of Requirements

- 3 a A student enrolled for a Postgraduate Certificate must complete the requirements by the last day of the final term of enrolment in the programme.
- b Extensions of time to complete work in examined courses or 100 percent coursework courses will not be granted beyond the end of the term in which the course is offered.
- c A student who has failed a course or courses of no more than 30 points may be approved by Senate or its representative to enrol for no more than one further consecutive semester or two quarters beyond the deadline for completion specified in Regulation 2 in order to complete the Postgraduate Certificate.

Transfer Credits, Cross-credits and Reassignments

- 4 a **Transfer credits**
Transfer credit may not be awarded for a Postgraduate Certificate.
- b **Cross-credits**
Courses may not be cross-credited into or from a Postgraduate Certificate.
- c **Reassignments**
With the approval of the Programme Director, courses may be reassigned as specified in the Credit Regulations.

Certificate of Proficiency

- 5 a The Certificate of Proficiency regulations under 'Other Programmes' apply.
- b A Certificate of Proficiency course may be reassigned to a Postgraduate Certificate as specified in the Credit Regulations.

Transitional Certificate

- 6 The Transitional Certificate regulations under 'Other Programmes' apply. A Transitional Certificate course may not be reassigned to a Postgraduate Certificate.

Delegation of Decision-making

- 7 a The decision makers named in these regulations may delegate some or all of their decision-making power under these regulations to another nominated role or roles. This delegation must be in writing.
- b Where decision-making authority is delegated:
- (i) The delegated authority can be exercised in the same way and to the same effect as if the original listed decision maker exercised it.
 - (ii) The original listed decision maker retains their authority as decision maker and remains responsible for the exercise of the authority by others.

Variations

- 8 In exceptional circumstances the Deputy Vice-Chancellor Education may approve a variation to the General Regulations – Postgraduate Certificates.
-

General Regulations – Postgraduate Diplomas

The following regulations take precedence over the specific regulations for each Postgraduate Diploma. As far as possible they are to be read in conjunction with the specific regulations for each Postgraduate Diploma.

Notes: For the purposes of these regulations:

- (i) a Postgraduate Diploma is worth a total of 120 points
- (ii) a research essay or research project will normally be worth up to 45 points
- (iii) a dissertation will be worth at least 40 points and less than 90 points
- (iv) the 'academic unit' is the Department or School or other academic unit in which the student is enrolled.

General Requirements

- 1 A student enrolled for a Postgraduate Diploma at this University must pass the full points value specified in the Postgraduate Diploma regulations. The total enrolment may not exceed the minimum points requirement for the Postgraduate Diploma by more than:
 - a 40 points
 - or
 - b 20 points in the case of a student with credit granted from a Postgraduate Certificate.

Duration of Enrolment

- 2 a The requirements for a Postgraduate Diploma must be completed within:
 - (i) two semesters or four quarters of admission, or the equivalent time period if enrolled in other terms, if enrolled full-time
 - or
 - (ii) four years of initial enrolment for the Postgraduate Diploma if enrolled part-time.
- b In the case of a student who has completed a Postgraduate Certificate for which credit is granted to a Postgraduate Diploma the requirements must be completed within:
 - (i) one semester or two quarters of admission, or the equivalent time period if enrolled in other terms, if enrolled full-time
 - or
 - (ii) two years of admission if enrolled part-time.
- c In all cases, the term of initial enrolment is deemed to be the first term in which the student enrolled for a course which is assigned or reassigned to the programme.
- d In exceptional circumstances the Associate Dean Academic, on the recommendation of the Programme Director, may increase the duration allowed for enrolment for a period not exceeding two consecutive semesters or four quarters, or the equivalent time period.
- e If an application to increase the allowed duration is declined by the Associate Dean Academic, the student may make an application for a review of that decision. An application for review must be made in writing to the Pro Vice-Chancellor Education within one month of the decline being officially communicated to the student. The application must clearly set out the grounds for the review, and all relevant documents relied upon must be submitted with the application for review. The Pro Vice-Chancellor Education's decision will be final.
- f In exceptional circumstances the Pro Vice-Chancellor Education may approve an increase to the allowed duration for enrolment of more than two consecutive semesters or four quarters, or the equivalent time period, on the recommendation of the Associate Dean Academic. The Pro Vice-Chancellor Education's decision will be final.

Completion of Requirements

- 3 a A student enrolled for a Postgraduate Diploma must complete all work in taught courses by the last day of the term in which the course is taught.
- b The specified date for submission of a dissertation, research essay or research project of 30 points or more that is included in a Postgraduate Diploma is the last day of the final term of enrolment in the dissertation, research essay or research project.
- c (i) If, in exceptional circumstances beyond the student's control, a dissertation, research project or research essay has not been able to be completed by the due date specified in Regulation 3b, on consideration of an application from the student and appropriate supporting evidence, the Supervisor may approve a limited extension of time, not exceeding one month in total, and the Associate Dean Postgraduate Research may approve a limited extension of time, not exceeding two months in total (including any extension approved by the Supervisor). The Supervisor may not decline an application

for an extension but may refer it to the Associate Dean Postgraduate Research with a recommendation that it be declined.

- (ii) If an extension application is declined by the Associate Dean Postgraduate Research, the student may make an application for a review of that decision. An application for review must be made in writing to the Pro Vice-Chancellor Education within one month of the decline being officially communicated to the student. The application must clearly set out the grounds for the review, and all relevant documents relied upon must be submitted with the application for review. The decision of the Pro Vice-Chancellor Education will be final.
 - (iii) If an application is received for an extension of beyond two months, or the application is received more than two weeks after the deadline for submission of the research component to which it applies, then the application must be forwarded, with a recommendation from the Associate Dean Postgraduate Research, to the Pro-Vice Chancellor (Education) for a decision.
 - (iv) The Pro Vice-Chancellor Education may approve an extension of time of up to two months or more than two months. The Pro Vice-Chancellor Education's decision will be final.
- d A student who has failed a course or courses of no more than 40 points may be approved by the Associate Dean Academic to enrol for no more than one further consecutive semester or two quarters beyond the duration of enrolment specified in Regulation 2 in order to complete the Postgraduate Diploma.

e Fine Arts Studio

A student enrolled for the Postgraduate Diploma in Fine Arts must complete their individual programme not later than 1 November in the year in which the work is undertaken or by such other date as may be approved by the Head of School of Fine Arts.

Tuition Fees for Extensions of Time

- 4 a If an extension is approved, a student will be enrolled in an extension course and pay tuition fees at the rate of 5 points for each one-month period or part thereof. This will only apply when the student's current enrolment period in a dissertation or research project course has ended.
- b In extraordinary circumstances, the Pro Vice-Chancellor Education may approve extensions of time beyond those permitted in 3c for an individual or nominated group of students and may waive part or all of any tuition fees for extension courses related to dissertations, research projects or research essays for these students.

Distinction or Merit

- 5 a Where the specific Postgraduate Diploma regulations include a provision for Distinction or Merit, a Postgraduate Diploma may be awarded with Distinction or Merit where a student's overall grade is sufficiently high.
 - b Distinction may be awarded where a student has achieved an overall grade point average of 7.0 or higher. Merit may be awarded where a student has achieved an overall grade point average of between and including 5.50 and 6.99.
- 6 Only courses completed at the University of Auckland will be included in the calculation of Distinction or Merit. Fail grades and Did Not Sit and Did Not Complete grades will count as zero.
- 7 In the case of a student who has completed a postgraduate certificate for which credit is granted to a postgraduate diploma, calculation of the award of Distinction or Merit will not include any grades awarded for courses completed at another institution and credited to the postgraduate diploma.

Dissertations / Research Essays / Research Projects

- 8 a Dissertations, research essays and research projects are to be submitted to the academic unit in accordance with Regulation 3b.
- b The academic unit is responsible for transmitting the submitted dissertation, research essay or research project to the examiner(s).
- c Copies of dissertations, research essays and research projects are not deposited with the University's digital repository.

Appeal of Dissertation, Research Essay or Research Essay examination outcome

- 9 a A student may appeal the outcome of a dissertation, research essay or research project examination only on the grounds that the result was materially impacted by a procedural flaw in the examination process.
- b Any application for appeal must be lodged within three months of the result of the examination being officially communicated to the student.

- c Appeals will be considered in accordance with the Examination of Sub-Doctoral Postgraduate Research Components of 30 Points and Above Procedures.

Transfer Credits, Cross-credits and Reassignments

10 a Transfer Credits

Transfer credits may be awarded for a Postgraduate Diploma as specified in the Credit Regulations.

b Cross-credits

Courses may not be cross-credited into or from a Postgraduate Diploma.

c Credit from a Postgraduate Certificate

In the case of a student who has completed a Postgraduate Certificate for which credit is granted to a Postgraduate Diploma, admission to the Postgraduate Diploma must take place within five years of completion of the Postgraduate Certificate.

d Reassignments

With the approval of the Programme Director, courses may be reassigned as specified in the Credit Regulations.

Certificate of Proficiency

- 11 a The Certificate of Proficiency regulations under 'Other Programmes' apply.

- b A Certificate of Proficiency course may be reassigned to a Postgraduate Diploma as specified in the Credit Regulations.

Transitional Certificate

- 12 The Transitional Certificate regulations under 'Other Programmes' apply. A Transitional Certificate course may not be reassigned to a Postgraduate Diploma.

Delegation of Decision-making

- 13 a The decision makers named in these regulations may delegate their decision-making power under these regulations to another nominated role. This delegation must be in writing.
- b Where decision-making authority is delegated:
 - (i) The delegated authority can be exercised in the same way and to the same effect as if the original listed decision maker performed or exercised it.
 - (ii) The decision maker that made the original delegation remains responsible for the performance or exercise of the authority.

Variations

- 14 In exceptional circumstances the Deputy Vice-Chancellor Education may approve a variation to the General Regulations – Postgraduate Diplomas.
-

New Start

New Start provides part-time University preparation courses for adults over the age of 20 who need skills and confidence to undertake academic study. No previous qualifications are required. Students are required to be New Zealand citizens or permanent residents.

Students gain information on the structure of university degrees, and an insight into the standard of work expected. Educational guidance is an integral part of New Start and ongoing planning is offered during the semester.

In addition, students are required to complete the University of Auckland Academic Integrity ACADINT A01 course and the Diagnostic English Language Needs Assessment (DELNA) while they are with New Start.

New Start General NSGEN 47

New Start General introduces students to a variety of lecture topics in business, communications, education, humanities, law, science and social sciences, and offers tutorials, assignments with written feedback and a final test.

This is a 13-week part-time, day or evening course, also with weekend options, providing a comprehensive overview of first-year degree study. This course is compulsory for all students. Depending on the final grade achieved students may apply for admission into an undergraduate degree in the faculties of Arts and Education and Law. The course also forms part of the requirement for entry into degrees in Commerce, Property, Design, Urban Planning and Science.

New Start General is offered at three campuses throughout the year: University of Auckland City Campus (Semester One or Semester Two), Te Papa Ako o Tai Tonga Campus, Manukau (Semester One) and Tai Tokerau Campus in Whāngarei (Summer School).

New Start Mathematics

Two mathematics papers are taught at the University of Auckland City Campus: NSMAT 10 (Mathematics Fundamentals) and NSMAT 14 (Mathematics Preparation for University). Students intending to enrol in these courses must first sit a maths assessment.

Note that NSMAT 14 is designed to be taken with NSGEN 47 (New Start General) as a pathway to degrees in Commerce, Property, Design, Urban Planning and Science. Results will be used to recommend the best pathway for students.

Mathematics Fundamentals NSMAT 10

Mathematics Fundamentals NSMAT 10 is a short intensive course taught over four consecutive Saturdays in a workshop environment designed to build students' skills and confidence. Students will be working together collaboratively, either as a class or in groups, but sometimes there will be lectures. The course includes assignments and a final test. Students who require additional mathematics support are advised to enrol in this course before undertaking Mathematics Preparation for University NSMAT 14.

This course is offered in Summer School or can be taken in the mid-semester break before the start of Semester Two.

Mathematics Preparation for University NSMAT 14

A variety of topics of everyday interest is explored with the aim of clarifying the underlying mathematics and statistics.

This is a 12-week part-time course held in Semester One or Semester Two. The course includes lectures, assignments and a final test.

This course is compulsory and taken together with New Start General NSGEN 47 for students planning to pathway to an undergraduate degree in Commerce, Property, Design, Urban Planning or Science.

A grade of B+ or above achieved in this course and New Start General NSGEN 47 enables students to apply for admission to the degrees listed above. Students with a B range grade are still welcome to apply and their application will be assessed individually by the faculty.

Further Information

Further information can be obtained from:

New Start Office
Building 206
14–16 Symonds Street
Auckland 1010.

Northern Hemisphere Summer Research Scholarship Programme

Admission

- 1 In order to be admitted to this programme a student needs to:
 - a have completed at least two years of equivalent full-time study in a degree by the programme start date
and
 - b be enrolled in an undergraduate degree or sub-doctoral postgraduate study at an international institution at the time of application
and
 - c have a Scholarships Grade Point Average/Grade Point Equivalent of 7.0 or higher in the most recent two years of equivalent full-time study
and
 - d be recommended for admission by the Dean or nominee.

Duration

- 2 Students must complete this programme within eight weeks of initial enrolment.

Structure and Content

- 3 A student enrolled for this programme must complete course SUMRESCH 302.

Amendment

- 4 These regulations have been amended with effect from 1 January 2019.
-

Procedure for the Examination of Higher Doctorates

This procedure applies to the examination of the Degrees of Doctor of Engineering, Doctor of Laws, Doctor of Literature and Doctor of Science, and should be read in conjunction with the Higher Doctorate Examination Procedures.

Consideration of Applications to be Examined

- 1 As soon as possible after an application to be examined has been lodged with the Pro Vice-Chancellor Global and Graduate Research and has been determined to meet initial requirements, the application will be forwarded to the relevant Faculty Dean or delegate ("the faculty") for further consideration.
- 2 The faculty will appoint an Examination Committee of three senior academics who have a general understanding of the applicant's field of research. At least two members of the Committee must be academic members of the University, one of whom will be nominated to chair the Examination Committee.
- 3 The Examination Committee will investigate the information provided, including the quality and nature of the submission for examination, will seek input from the Dean of the faculty, and will make a recommendation to the Pro Vice-Chancellor Global and Graduate Research within one month that the faculty:
 - a will allow the applicant to be admitted to candidature for the higher doctorate
or
 - b will not allow the applicant to be admitted to candidature for the higher doctorate.

Notification of Assessment of Application and Intention to Submit

- 4 The Pro Vice-Chancellor Global and Graduate Research will advise the applicant of the faculty's decision and, if the application has been accepted, will request written notification of the applicant's intention to proceed with candidature and submission. The submission of work to be examined must be received by the Pro Vice-Chancellor Global and Graduate Research within three months of the notification that the application was accepted.
- 5 The examination will not proceed until receipt of the candidate's written notification of intention to proceed and payment of fees as set out in Schedule B of the Fees Statute.

Appointment of Examiners

- 6 Upon payment of fees and receipt of the candidate's written notification of intention to proceed, the Pro Vice-Chancellor Global and Graduate Research will request that the faculty nominate three external examiners. The nominations should be made within three months of the request. The examiners must be of authoritative standing and international eminence in the field of the submitted work and must be active in research. At least one examiner shall be resident outside New Zealand. Examiners must not have engaged in substantial collaboration with the candidate. Any involvement with the candidate by the examiner which could constitute a conflict of interest should be declared at the outset. The appointment of all examiners must be approved by the Pro Vice-Chancellor Global and Graduate Research.

Submission

- 7 The candidate shall lodge at the School of Graduate Studies:
- a three copies of the work to be examined
- and
- b a statutory declaration which shall:
 - (i) state the extent to which the work is the candidate's own, and (in the case of a conjoint work) identify as clearly as possible which parts are the candidate's own
- and
- (ii) declare that the work in substantially its present form has not been submitted or accepted previously for the award of a degree or diploma in this or any other tertiary institution, and is not being submitted for a degree or diploma in any other tertiary institution or for another degree or diploma at this institution.

Examination

- 8 The degree will be awarded solely on consideration of the submitted works upon which the candidate's claim to the degree is based.
- 9 In order to qualify for the degree, the submitted works must provide sufficient evidence that the candidate has made an original contribution of special excellence to their discipline such that they are considered to have authoritative standing and international eminence in their field.
- 10 Examiners will be requested to report to the Pro Vice-Chancellor Global and Graduate Research on the submission within three months of receipt and recommend whether the candidate:
- a should be awarded the degree
- or
- b should not be awarded the degree.
- 11 The reports of all examiners will be forwarded to the Examination Committee for consideration of whether or not to admit the candidate to the degree.
- 12 If the examiners' recommendations differ, the Examination Committee may invite the examiners to consult and provide a written report or reports on the outcome of their consultation. If, after such consultation, the differences remain unresolved, the Examination Committee may recommend to the Pro Vice-Chancellor Global and Graduate Research that a further independent external examiner be appointed to report on areas of conflict.
- 13 The Examination Committee shall recommend an outcome based on the examiners' reports to the Pro Vice-Chancellor Global and Graduate Research. The Pro Vice-Chancellor Global and Graduate Research will determine the result of the examination and notify the candidate of the decision.
- 14 An unsuccessful submission may not be presented for re-examination until at least five years after initial submission and must include new material.

Deposit of Submission in the Library

- 15 On successful completion of the examination of the submitted work, and when possible, two bound copies will be deposited in the University Library by the School of Graduate Studies. The first bound copy will remain in the Library for reference purposes; the second copy may be borrowed by members of the Library, or sent to other libraries on inter-library loan. The third copy will be returned to the candidate.

Graduation

- 16 Candidates who have satisfied the requirements for any award of the University shall be admitted to that award.

Public Programmes – Event Services

Event Services offers lifelong learning opportunities through the delivery of courses, public lectures, workshops and conferences that all draw upon the expertise of the University.

Most events are open to members of the public and are delivered in various formats, including day and evening lectures, seminars, webinars and workshops. It is also possible to join undergraduate students in selected University lecture courses.

For more information visit unievents.auckland.ac.nz or www.publicprogrammes.ac.nz, or email eventservices@auckland.ac.nz.

Summer Research Scholarship Programme

Admission

- 1 In order to be admitted to this programme a student needs to:
 - a have completed at least two years of equivalent full-time study in a degree by the programme start date
and
 - b be enrolled in an undergraduate degree or postgraduate diploma or Bachelor (Honours) degree at a New Zealand university at the time of application
and
 - c be recommended for admission by the Dean or nominee.

Duration

- 2 Students must complete this programme within ten weeks of initial enrolment.

Structure and Content

- 3 A student enrolled for this programme must complete course SUMRESCH 301.

Amendment

- 4 These regulations have been amended with effect from 26 June 2025.
-

Transitional Certificate – TransCert

The regulations for this certificate are to be read in conjunction with all other relevant statutes and regulations including the Academic Statutes and Regulations.

Admission

- 1 In order to be admitted to this programme a student needs to have completed the requirements for a degree of this University or other degree approved by Senate or its representative in any particular case.

Structure and Content

- 2 The programme consists of such course or courses at undergraduate level in a subject or subjects as Senate or its representative may require or approve.
- 3 The purpose of this programme is to fulfil the requirements for entry to a specific graduate degree, graduate or postgraduate diploma approved by Senate or its representative.
- 4 To be eligible for the award of a Transitional Certificate a student has to enrol for the graduate qualification for which the prerequisites were met by taking this programme.

Variations

- 5 In exceptional circumstances Senate or its representative may approve a personal programme which does not conform to these regulations.

Amendment

- 6 These regulations have been amended with effect from 1 January 2001.
-

General Statutes and Regulations

103	Availability of Academic Dress
103	Conferment of Academic Qualifications and Academic Dress Statute 1992
108	Posthumous and Incomplete Academic Qualification Regulations
109	The Degrees and Diplomas Statute 1991
115	The Honorary Degrees and Awards Statute 2019
116	Guidelines for the Award of Honorary Degrees and Fellowships

GENERAL STATUTES AND REGULATIONS

Availability of Academic Dress

The Kate Edger Educational Charitable Trust trading as Academic Dress Hire owns a stock of academic gowns, hoods, scarves, trenchers and Tudor bonnets. These are available for hire Monday to Friday from 9am until 4pm throughout the year. Details may be obtained from Academic Dress Hire, 17 George Street, Newmarket, or graduationplace.co.nz. A student completing the requirements for a degree or diploma will receive information regarding the hire of academic dress for the graduation ceremony with their invitation to apply to graduate.

Conferment of Academic Qualifications and Academic Dress Statute 1992

- 1 Every degree and every diploma of the University shall be conferred or awarded in pursuance of a resolution of the Council and at a meeting of the Council.
- 2 Every degree and every diploma of the University shall be conferred or awarded by the Chancellor, or if they are absent from the meeting or incapacitated by sickness or otherwise, by the Vice-Chancellor or Pro-Chancellor. The Council may also authorise another person to confer degrees or award diplomas at a particular ceremony.
- 3 Every recipient of a degree shall receive a certificate in appropriate form, under the Common Seal of the University, that their degree has been conferred and stating the class of honours (if any awarded), or whether it has been awarded with Distinction or Merit.
- 4 Every diploma shall be in appropriate form under the Common Seal of the University and state, where relevant, whether it has been awarded with Distinction or Merit.
- 5 At a specified time or times each year the Council shall meet in convocation of the University to confer degrees and award diplomas. Persons wishing to have their degree conferred or diploma awarded (whether in person or in absentia) at such a ceremony must apply in accordance with the dates specified on the University website.
- 6 The form of words to be used by the Chancellor, the Vice-Chancellor, Pro-Chancellor or such other person as may have been appointed by the Council to confer degrees or to award diplomas shall be as follows:
 - a **Degrees**
'By the authority vested in me by resolution of the University of Auckland Council I [NAME], [POSITION], confer the degrees stated upon those who, within their several faculties, have satisfied the requirements of this University.'
 - b **Diplomas**
'By the authority vested in me by resolution of the University of Auckland Council I [NAME], [POSITION], award the diplomas stated upon those who, within their several faculties, have satisfied the requirements of this University.'
- 7 In appropriate circumstances, the form of words to be used by the Chancellor, the Vice-Chancellor, Pro-Chancellor or such other person as may have been appointed by the Council to confer degrees and to award diplomas shall be as follows: *'By the authority vested in me by resolution of the University of Auckland Council I [NAME], [POSITION], confer the degrees and award the diplomas stated upon those who, within their several faculties, have satisfied the requirements of this University.'*
- 8 The academic dress worn by members of the University at any public ceremony of the University shall be the costume appropriate to their degree, but doctors may on special occasions wear a scarlet gown and graduates admitted *ad eundem statum* may wear the academic costume of their own university. Unless the holder of a diploma is also a graduate the only academic dress they may wear is an undergraduate gown and the scarf appropriate to their diploma.
- 9 The academic costumes of the University of Auckland shall be as follows:
 - a The robe for the Chancellor of the University is a blue damask gown with facings of gold lace, bearing on each shoulder the coat of arms of the University. The cap is a black velvet trencher with gold lace and tassel. The robe for the Pro-Chancellor is a black gown with facings of blue silk and gold lace, bearing on each shoulder the coat of arms. The cap is a black velvet trencher with gold tassel. The robe for the Vice-Chancellor is a blue silk gown with facings of silver lace, bearing on each shoulder the coat of arms. The cap is a black velvet trencher with silver lace and tassel. The robe for the Registrar is a gown of black silk with facings of blue silk, bearing on each shoulder the coat of arms. The cap is a black velvet trencher with a black silk tassel.

The robe for the Kaumatua and the Kuia is the Fellows gown of the colour University blue to be worn with a black scarf lined with the colour University blue bearing on each lapel the coat of arms. The cap is a black velvet trencher with a black silk tassel. The academic dress for Graduation Officials shall be the costume appropriate to their degree. In addition, the gown shall bear on each shoulder the coat of arms of the University, and the trencher shall have a blue tassel. Graduation Officials who are not graduates shall wear an undergraduate gown bearing the coat of arms of the University on each shoulder.

- b The gown for a Bachelors degree is as for the Cambridge Bachelor of Arts. The gown for a Masters degree is as for the Cambridge Master of Arts. The hood for every degree is the size and shape as for the Cambridge Master of Arts. The hood for a Bachelors degree is lined with coloured satin and bordered with white fur. The hood for a Masters degree is lined with coloured satin only. The hoods for the Bachelors and Masters degrees are as follows:

- c The hood for a Bachelor with Honours degree is as for the relevant Bachelors degree, with the addition of a 25mm ribbon band on the outside of the hood, alongside the fur. The colour of the ribbon band is the same colour as the lining.

The hood for a Bachelors degree for which the prerequisite is another Bachelors degree within the same faculty is as for a Bachelor with Honours degree, with the addition of a second 25mm band at a distance of 25mm from the first band. Both bands are the same colour as the lining.

When a new Bachelors or Masters degree is introduced within a faculty, the main hood colour shall be that of the predominant existing colour used for that faculty's Bachelors or Masters qualifications. The hood for the new qualification may be distinguished through the use of bands or stripes of a width and colour to be

determined by consultation between the faculty and the Office of Graduation and approved by Council.

The hood for an Interfaculty Bachelors degree or Masters degree is lined with the predominant colour of the faculty primarily responsible for the degree, with the addition of a 25mm ribbon band on the edge of the satin. Where there are two Faculties involved, the colour of the ribbon band is the predominant colour of the hood lining of the second faculty. Where more than two Faculties are involved, the hood for the new qualification may be distinguished through the use of bands or stripes of a width and colour to be determined by consultation between the faculty and the Office of Graduation and approved by Council.

- d The gown for the degrees of Doctor of Clinical Psychology, Doctor of Education, Doctor of Fine Arts, Doctor of Health Sciences, Doctor of Medical Sciences, Doctor of Medicine and Doctor of Pharmacy is as for the Cambridge Master of Arts with the addition of facings of 50mm wide satin. The hood is made wholly of satin and this and the facings of the gown are of the following colours for the different degrees:

Clinical Psychology	dark blue
Education	emerald green
Fine Arts	gold
Health Sciences	TBC
Medical Sciences	TBC
Medicine	crimson
Music	white
Musical Arts	white
Pharmacy	grey-green

- e The gown for the degree of Doctor of Philosophy is as for the Cambridge Master of Arts, with the addition of 100mm satin facings, made up of 75mm of scarlet edged with 25mm of gold. The hood is made wholly of scarlet satin.
- f The gown for the degrees of Doctor of Engineering, Doctor of Laws, Doctor of Literature, and Doctor of Science is as for the Cambridge Master of Arts, but is made of black silk, or scarlet silk or cloth. The hood is made wholly of satin, and is of the following colours for the different degrees:

Engineering	dark violet
Laws	light blue
Literature	pink
Science	dark blue

- g The cap for all graduates other than Doctors and the officers of the University is a black trencher with a tassel. The cap for all Doctors other than officers of the University is as for the full dress Cambridge Doctor of Philosophy, namely a round black velvet bonnet with a gold cord around the crown ending in tassels.

Note: The colour of the lining of the hood for the Degree of Master of Philosophy is that of the closest Masters degree to which the subject of the MPhil relates.

- h The scarf for a diploma is to be made of the same black material as the gown with a band of colour in plain satin as in existing hoods down the centre edge. The colour is to match the degree cluster most closely associated with the diploma. The lining is to be the same colour as the band. The width of the scarf at the base is to be 140mm in total, the black being 100mm and the colour 40mm, and narrowing behind the neck. A band of the lining colour is to be stepped down from the inside edge to the outside edge of the black material at the base of each side of the scarf. The diploma scarves are as follows:

Architecture	lemon band and lining
Arts	pink band and lining
Business and Economics	burgundy band and lining
Creative and Performing Arts	pink band and lining
Education	emerald green band and lining
Engineering	dark violet band and lining
Fine Arts	gold band and lining
Laws	light blue band and lining
Medical and Health Sciences	crimson band and lining
Music	white band and lining
Pharmacy	grey-green band and lining
Planning	chartreuse green band and lining
Property	silver grey band and lining
Science	dark blue band and lining
Theology	forest green band and lining

- i The gown for the honorary degrees of Doctor of Engineering, Doctor of Laws, Doctor of Literature, Doctor of Music, Doctor of Science and Doctor of the University of Auckland is as for the Cambridge Master of Arts, but is made of scarlet satin. The hood is made wholly of satin, and is one of the following colours for the different degrees:

Engineering	dark violet
Laws	light blue
Literature	pink
Music	white
Science	dark blue
The University of Auckland	University blue

- 10 Regalia specifications for degrees and diplomas that have been deleted from this Statute can be found in previous editions of the *University Calendar*.
- 11 The gown for a Fellow of the University of Auckland will be an undergraduate gown of the colour University Blue bearing on the left front lapel the coat of arms of the University. No hood or cap shall be worn.

Posthumous and Incomplete Academic Qualification Regulations

- 1 Council may award a qualification posthumously if a student dies after completing the requirements for their non-doctoral qualification, but before receiving their qualification.
 - 2 Council may award a non-doctoral qualification posthumously to a student who has died before they completed the requirements of their qualification, where:
 - a the student has completed at least 75% of the requirements for the qualification
 - and
 - b in the case of a bachelor's degree, the student has completed at least one of the 300-level courses required for the major or degree
 - and
 - c the Deputy Vice-Chancellor Education recommends that the qualification be awarded.
 - 3 Council may award a non-doctoral qualification to a student who has been medically diagnosed with a terminal illness before they have completed the requirements of their qualification, where:
 - a the student has completed at least 75% of the requirements for the qualification
 - and
 - b in the case of a bachelor's degree, the student has completed at least one of the of the 300-level courses required for their major or degree
 - and
 - c the Deputy Vice-Chancellor Education recommends that the qualification be awarded.
 - 4 In extraordinary circumstances Council may award a non-doctoral qualification to a student who has not completed the requirements for the qualification, where:
 - a no more than 15 points are required to complete the qualification
 - and
 - b the uncompleted requirements are not practical or professional requirements
 - and
 - c the Deputy Vice-Chancellor Education recommends that the qualification be awarded on consideration of the evidence and rationale provided.
-

The Degrees and Diplomas Statute 1991

At the University of Auckland this 18th day of February 1991.

Pursuant to the Education and Training Act 2020, the Council of the University of Auckland, after consulting Senate, hereby makes the following statute:

- 1 This Statute may be cited as the Degrees and Diplomas Statute 1991.
- 2 The Council shall have power to confer the following degrees on any person who completes a course of study in accordance with the provisions of the regulations for that qualification.

Bachelor of Advanced Science (Honours)	BAdvSci(Hons)
Bachelor of Architectural Studies	BAS
Bachelor of Arts	BA
Bachelor of Arts (Honours)	BA(Hons)
Bachelor of Biomedical Science (Honours)	BBiomedSc(Hons)
Bachelor of Commerce	BCom
Bachelor of Commerce (Honours)	BCom(Hons)
Bachelor of Communication	BC
Bachelor of Dance Studies	BDanceSt
Bachelor of Dance Studies (Honours)	BDanceSt(Hons)
Bachelor of Design	BDes
Bachelor of Early Childhood Studies	BECSt
Bachelor of Education (Teaching)	BEd(Tchg)
Bachelor of Education (Teaching) (Honours)	BEd(Tchg)(Hons)
Bachelor of Education (Teaching English to Speakers of Other Languages)	BEd(TESOL)
Bachelor of Engineering	BE
Bachelor of Engineering (Honours)	BE(Hons)
Bachelor of Fine Arts	BFA
Bachelor of Fine Arts (Honours)	BFA(Hons)
Bachelor of Global Studies	BGlobalSt
Bachelor of Health Sciences	BHSc
Bachelor of Health Sciences (Honours)	BHSc(Hons)
Bachelor of Laws	LLB
Bachelor of Laws (Honours)	LLB(Hons)
Bachelor of Medical Imaging (Honours)	BMedImag(Hons)
Bachelor of Medicine and Bachelor of Surgery	MBChB
Bachelor of Medical Science (Honours)	BMedSc(Hons)
Bachelor of Music	BMus
Bachelor of Music (Honours)	BMus(Hons)
Bachelor of Nursing	BNurs
Bachelor of Nursing (Honours)	BNurs(Hons)
Bachelor of Optometry	BOptom
Bachelor of Pharmacy	BPharm
Bachelor of Pharmacy (Honours)	BPharm(Hons)
Bachelor of Property	BProp
Bachelor of Property (Honours)	BProp(Hons)
Bachelor of Science	BSc
Bachelor of Science (Honours)	BSc(Hons)
Bachelor of Social Justice Studies	BSJS
Bachelor of Social Work	BSW
Bachelor of Social Work (Honours)	BSW(Hons)
Bachelor of Sport, Health and Physical Education	BSportHPE
Bachelor of Theology	BTheol
Bachelor of Urban Planning (Honours)	BUrbPlan(Hons)
Bachelor of Advanced Science (Honours)/Bachelor of Commerce	BAdvSci(Hons)/BCom
Bachelor of Advanced Science (Honours)/Bachelor of Communication	BAdvSci(Hons)/BC
Bachelor of Advanced Science (Honours)/Bachelor of Design	BAdvSci(Hons)/BDes
Bachelor of Advanced Science (Honours)/Bachelor of Engineering (Honours)	BAdvSci(Hons)/BE(Hons)
Bachelor of Advanced Science (Honours)/Bachelor of Fine Arts	BAdvSci(Hons)/BFA
Bachelor of Advanced Science (Honours)/Bachelor of Global Studies	BAdvSci(Hons)/BGlobalSt
Bachelor of Advanced Science (Honours)/Bachelor of Health Sciences	BAdvSci(Hons)/BHSc

Bachelor of Advanced Science (Honours)/Bachelor of Laws	BAdvSci(Hons)/LLB
Bachelor of Advanced Science (Honours)/Bachelor of Laws (Honours)	BAdvSci(Hons)/LLB(Hons)
Bachelor of Advanced Science (Honours)/Bachelor of Music	BAdvSci(Hons)/BMus
Bachelor of Advanced Science (Honours)/Bachelor of Nursing	BAdvSci(Hons)/BNurs
Bachelor of Advanced Science (Honours)/Bachelor of Property	BAdvSci(Hons)/BProp
Bachelor of Arts/Bachelor of Advanced Science (Honours)	BA/BAdvSci(Hons)
Bachelor of Arts/Bachelor of Commerce	BA/BCom
Bachelor of Arts/Bachelor of Communication	BA/BC
Bachelor of Arts/Bachelor of Design	BA/BDes
Bachelor of Arts/Bachelor of Engineering (Honours)	BA/BE(Hons)
Bachelor of Arts/Bachelor of Fine Arts	BA/BFA
Bachelor of Arts/Bachelor of Fine Arts (Honours)	BA/BFA(Hons)
Bachelor of Arts/Bachelor of Global Studies	BA/BGlobalSt
Bachelor of Arts/Bachelor of Health Sciences	BA/BHSc
Bachelor of Arts/Bachelor of Laws	BA/LLB
Bachelor of Arts/Bachelor of Laws (Honours)	BA/LLB(Hons)
Bachelor of Arts/Bachelor of Music	BA/BMus
Bachelor of Arts/Bachelor of Science	BA/BSc
Bachelor of Commerce/Bachelor of Design	BCom/BDes
Bachelor of Commerce/Bachelor of Engineering (Honours)	BCom/BE(Hons)

- 3 The Council shall have the power to confer the following honorary degrees in accordance with the provisions of the Honorary Degrees Regulations 1998.

Doctor of Engineering
 Doctor of Literature
 Doctor of Laws
 Doctor of Music

Doctor of Science
 Doctor of the University of Auckland
 A Masters degree in any faculty of the University

- 4 The Council may confer a degree or award a diploma previously included in a University of Auckland Degrees and Diplomas Statute on a person who had been enrolled in a programme leading to that qualification prior to its deletion from the Statute provided that person:
 - a had completed a significant component of the course of study prior to the deletion of the degree or diploma and
 - b has completed a course of study in accordance with the provisions of the regulations for that degree or diploma.
- 5 The Degrees Statute 1990 is hereby repealed.

The Honorary Degrees and Awards Statute 2019

Pursuant to sections 192 and 194 of the Education Act 1989 and section 20 of the University of Auckland Act 1961 Council of the University makes the following statute:

- 1 This Statute may be cited as the Honorary Degrees and Awards Statute 2019 and shall come into force on the 22 October 2019.
- 2 Council may at its discretion:
 - a Confer the following honorary degrees:
 - Doctor of Laws
 - Doctor of Science
 - Doctor of Literature
 - Doctor of Music
 - Doctor of Engineering;
 - and
 - b Award the title 'Fellow of the University' ('Fellowship').
- 3 University Honours Committee of Council shall consider nominations and make recommendations to the Council for the conferring of any honorary degree or fellowship under this Statute.
- 4 University Honours Committee shall henceforth consist of:
 - a the Chancellor who shall be the Chair of the Committee
 - b the Vice-Chancellor
 - c the Pro-Chancellor
 - d one member appointed by Council
 - e two members of Senate elected by Senate
 - f the student member of Council.
- 5 Council may, from time to time, approve guidelines for the award of honorary degrees and fellowships and, in making its recommendations, University Honours Committee shall ensure that it complies with all those guidelines.
- 6 Council may also, in its discretion and on the recommendation of University Honours Committee:
 - a award the title 'Professor Emeritus' to a retired member of the academic staff who held the office of a Professor of the University immediately before their retirement
 - b award the title 'Distinguished Professor Emeritus' to a retired member of the academic staff who held the office of a Distinguished Professor of the University immediately before their retirement
 - c award the title 'University Librarian Emeritus' to a retired member of staff who held the office of University Librarian immediately before their retirement and who has a record of long and distinguished service to the University as the University Librarian.
- 7.1 University Honours Committee may recommend to Council, for the conferment of an Honorary Doctor's degree:
 - a Any person who:
 - (i) is academically distinguished, or has made a distinguished contribution in fields relevant to the University, and has, or has had, some intimate connection with the University
 - or
 - (ii) has shown strong interest in the well-being of the University by benefactions, or in other appropriate ways
 - or
 - (iii) is of international repute and is visiting, or has visited the University in an official capacity.

- 7.2 The contribution a current or retired staff member has made to the University in the course of their employment shall not be grounds for the award of an Honorary Doctor's degree.
- 7.3 University Honours Committee may recommend to Council, for the conferment of a Fellowship, a person who:
- a has made a unique and valuable contribution to the University
 - and
 - b is not a permanent member of staff.
- 8 A nomination for the conferment of an honorary degree or a fellowship may be made by any three persons each of whom is a member of Council or of Senate or of both these bodies; and shall be made confidentially to the Vice-Chancellor in accordance with the relevant provisions of the guidelines in force under Clause 5 of this Statute.
- 9 The Honorary Degrees and Awards Statute 1998 is hereby repealed.

Guidelines for the Award of Honorary Degrees and Fellowships

- 1 A nomination for an honorary degree or for the award of a fellowship shall be made confidentially in writing to the Vice-Chancellor and signed by three persons each of whom shall be a member of the Council or of Senate or of both these bodies.
 - 2 Each nomination shall be accompanied by a statement outlining in sufficient detail the career, standing and qualifications of the nominee and the grounds under Clauses 7.1, 7.2 or 7.3 for conferring the degree or awarding the fellowship.
 - 3 After consideration, the Vice-Chancellor shall refer each nomination that meets the requirements specified in the Honorary Degrees and Awards Statute together with its accompanying statement to the University Honours Committee of Council.
 - 4 If Council approves a recommendation from the University Honours Committee that an honorary degree be conferred or a fellowship be awarded, the Vice-Chancellor shall invite the nominee to accept the award.
 - 5 The conferring of honorary doctorate degrees shall not be confined to a graduation ceremony but shall be arranged at the discretion of the Council.
 - 6 The award of a fellowship shall be arranged at the discretion of the Council.
-

Updates

The table below provides a summary of updates made subsequent to the initial publication of the *Calendar*, with the most recent additions at the top.

Calendar item	Date	Notes
Limitations Schedule	30 January 2026	Revised some requirements in the criteria section of BGlobalSt.
University Committee Meeting Dates	28 January 2026	October Equity Leadership Committee date revised.
University Committee Meeting Dates	23 January 2026	November Finance Committee date revised.
University Committee Meeting Dates	14 January 2026	February Rūnanga meeting cancelled.
Glossary	17 December 2025	Restriction (restricted course) entry revised.
Semester and Quarter Dates	12 December 2025	Tai Tokerau and Autumn Graduation dates added.
Enrolment and Programme Regulations	12 December 2025	Provisions relating to decision-making, late deletions, fees and academic standing amended.
Undergraduate Waipapa Taumata Rau Course Requirement Regulations	12 December 2025	Regulations rescinded.
University Committee Meeting Dates	20 November 2025	Human Participant Ethics B January meeting added.
Glossary	18 November 2025	Waipapa Taumata Rau course entry revised.
General Education Regulations and Schedule	7 November 2025	Waipapa Taumata Rau course provisions added, Schedules renamed and courses added.
Limitations Schedule	6 November 2025	FMHS: BMedImag(Hons), BOptom, BPharm minor criteria updates.
Limitations Schedule	6 November 2025	Science faculty: BSc Biomedical Science TFC applications criteria revised; BSc Food Science and Nutrition limitations and criteria added; MClInExPhys limitations and criteria revised.
Limitations Schedule	3 November 2025	Arts and Education course schedule amended with WTR 100 Summer Semester criteria.
University Committee Meeting Dates	31 October 2025	Research Committee dates revised, Capital Expenditure Committee dates added.
