Academic English Studies

Academic English Studies offers credit courses for international students and New Zealand residents whose first language is not English.

A range of courses is offered with the aim of improving academic English skills and increasing proficiency in reading and writing for academic purposes. Students gain credit points for successfully passing each course.

ACADENG 100 develops skills in English grammar and vocabulary for academic reading and writing. ACADENG 101 focuses on academic writing, and the skills needed for basic academic essays. ACADENG 104 focuses on academic English skills to help Business students understand and express business-related concepts. At Stage II level, ACADENG 210 is an advanced academic writing course for students who need to write academic research reports.

ACADENG 100, ACADENG 101 and ACADENG 104 are approved courses for students who have not met the Academic English Language Requirement (AELR). ACADENG 104 can be taken as an elective but priority is given to Business students who need the course to meet the AELR.

Further information may be obtained from the Faculty of Arts and Education.

General Regulations – Bachelors Honours Postgraduate Degrees

The following regulations take precedence over the specific regulations for each Bachelors Honours Postgraduate degree published in this Calendar. As far as possible they are to be read in conjunction with the specific degree regulations for each Bachelors Honours Postgraduate degree. The Bachelors Honours Postgraduate degree will not be awarded until the requirements for the qualifying Bachelors degree have been completed.

Note: For the purpose of these regulations:

- (i) a Bachelors Honours Postgraduate degree is a stand-alone 120-point qualification with Honours in the title that follows a cognate bachelors degree and where entry is based on specific achievement in that bachelors degree
- (ii) a research component consists of a dissertation, research portfolio, research essay, research project or thesis worth between 30 and 120 points
- (iii) a research essay or research project will normally be worth no more than 45 points
- (iv) a dissertation will be worth at least 40 points and less than 90 points
- (v) a research portfolio or thesis will be worth 90 or 120 points
- (vi) the 'academic unit' is the Department or School or other academic unit in which the student is enrolled.

General Requirements

- 1 A student enrolled for a Bachelors Honours Postgraduate degree at this University must pass the full points value specified in the degree regulations. The total enrolment may not exceed the minimum points requirement for the degree by more than 40 points.

Duration of Enrolment

- 2 The requirements for a Bachelors Honours Postgraduate degree must be completed within:
 - a one year of initial enrolment for the degree if enrolled full-time
 - or
 - b two years of initial enrolment for the degree if enrolled part-time.
- 3 In all cases, the term of initial enrolment is deemed to be the first term in which the student enrolled for a course which is assigned or reassigned to the programme.

Completion of Requirements

- 4
 - a A student enrolled for a Bachelors Honours Postgraduate degree must complete all work in taught courses by the last day of the term in which the course is taught.
 - b A student enrolled in a thesis or research portfolio as part of their Bachelors Honours Postgraduate degree must complete at least one progress review during their research. Failure to complete a progress review by the required due date may result in enrolment in the thesis or research portfolio being suspended.
 - c The specified date for submission of a dissertation, research essay, research portfolio, research project or thesis of 30 points or more that is included in a Bachelors Honours Postgraduate degree is the last day of the final term of enrolment in the dissertation, research essay, research portfolio, research project or thesis.
 - d
 - (i) If, in exceptional circumstances beyond the student's control, the dissertation, research essay, research portfolio, research project or thesis has not been able to be completed by the last day of the final term, on consideration of an application from the student and appropriate supporting evidence, the Supervisor may approve a limited extension of time, not exceeding one month in total, and the Associate Dean Postgraduate Research may approve a limited extension of time, not exceeding two months in total (including any extension approved by the Supervisor). The Supervisor may not decline an application but may refer it to the Associate Dean Postgraduate Research with a recommendation that it be declined.
 - (ii) If an extension application is declined by the Associate Dean Postgraduate Research, the student may make an application for a review of that decision. An application for review must be made in writing to the Pro Vice-Chancellor Education within one month of the decline being officially communicated to the student. The application must clearly set out the grounds for the review, and all relevant documents relied upon must be submitted with the application for review. The decision of the Pro Vice-Chancellor Education will be final.
 - (iii) If an application is received for an extension of beyond two months, or the application is received more than two weeks after the deadline for submission of the research component to which it applies, then the application must be forwarded, with a recommendation from the Associate Dean Postgraduate Research, to the Pro-Vice Chancellor (Education) for a decision.
 - (iv) The Pro Vice-Chancellor Education may approve a limited extension of time of up to two months or more than two months. The decision of the Pro Vice-Chancellor Education will be final.

- e A student who has failed a course or courses of no more than 40 points may be approved by the Associate Dean Postgraduate Research to enrol for no more than one further consecutive term beyond the duration of enrolment specified in Regulation 2 in order to complete the degree.
- f In extraordinary circumstances, the Pro Vice-Chancellor Education may approve extensions of time beyond those permitted in 4d, for an individual or nominated group of students.

Dissertations / Research Essays / Research Projects / Research Portfolios / Theses

- 5 a Dissertations, research essays, research projects, research portfolios and theses are to be submitted to the academic unit in accordance with Regulation 4.

- c Copies of dissertations, research essays, research projects and research portfolios are not deposited with the University's digital repository.
- d Where the outcome of the examination of a thesis is to award a thesis a passing grade:
 - (i) Within one month of being advised of the outcome of the examination, the student must complete any minor corrections required to the satisfaction of the supervisor and deposit a digital copy of the thesis in ResearchSpace in the University Library. The relevant faculty will confirm that the thesis has been deposited in ResearchSpace.
 - (ii) The thesis will be accessible through the University's digital repository unless embargoed under Regulation 26 of the Examination Regulations.
- e Where the outcome of the examination is to award a thesis a fail grade the thesis will not be held in the University's digital repository.

Appeal of Thesis, Research Portfolio, Dissertation, Research Essay or Research Essay examination outcome

- 6 a A student may appeal the outcome of a thesis, research portfolio, dissertation, research essay or research project examination only on the grounds that the result was materially impacted by a procedural flaw in the examination process.
- b Any application for appeal must be lodged within three months of the result of the examination being officially communicated to the student.
- c Appeals will be considered in accordance with the Examination of Sub-Doctoral Postgraduate Research Components of 30 Points and Above Procedures.

Tuition Fees for Extensions of Time

- 7 a Where an extension of time for the submission of a dissertation, research portfolio, research essay, research project or thesis is approved under Regulation 4d, students will be required to be enrolled and pay tuition fees at the rate of 5 points for each one-month period or part thereof. This will only apply when the student's current enrolment period in the course has ended.
- b In extraordinary circumstances, the Pro Vice-Chancellor Education may waive part or all of any tuition fees for extension courses related to dissertations, research projects, research essays, research portfolios or theses for an individual or nominated group of students.

- 8 a A Bachelors Honours Postgraduate degree will only be awarded when the student has passed a research component of at least 30 points, comprising a single identifiable course.
 - b Honours will be awarded in one of three classes: First Class Honours, Second Class Honours, or Third Class Honours. Second Class Honours are awarded in either First Division or Second Division.
 - c First Class Honours may be awarded where a student has achieved an overall Grade Point Average of 7.0 or higher. Second Class Honours First Division may be awarded where a student has achieved an overall Grade Point Average between and including 5.5 and 6.9. Second Class Honours Second Division may be awarded where a student has achieved an overall Grade Point Average between and including 4.0 and 5.4. Third Class Honours may be awarded where the student has achieved an overall Grade Point Average of 3.9 or below. The overall Grade Point Average will be rounded to one decimal place for the purpose of this Honours calculation.
- 9 Only courses completed at the University of Auckland will be included in the calculation of Honours. Fail grades and Did Not Sit and Did Not Complete grades will count as zero.

Suspension

- 10 a (i) Enrolment for a Bachelors Honours Postgraduate degree will normally be continuous. In exceptional circumstances the Associate Dean Postgraduate Research may approve a period of suspension from enrolment not exceeding two consecutive terms. In such cases the period of suspension will not count towards the time limits for the degree.
- (ii) If a suspension application is declined by the Associate Dean Postgraduate Research, the student may make an application for a review of that decision. An application for review must be made in writing to the Pro Vice-Chancellor Education within one month of the decline being officially communicated to the student. The application must clearly set out the grounds for the review, and all relevant documents relied upon must be submitted with the application for review. The decision of the Pro Vice-Chancellor Education will be final.
- b In exceptional circumstances the Pro Vice-Chancellor Education may approve a period of suspension of enrolment exceeding two consecutive terms on the recommendation of the Associate Dean Postgraduate Research. In such cases the period of suspension will not count towards the time limits for the degree.
- c If a suspension application is received from a student after an extension application for the same research component has been approved, or for a term prior to the current term of enrolment, the application must be forwarded to the Pro-Vice Chancellor (Education) for a decision. If approved the period of suspension will not count towards the time limits for the degree. The decision of the Pro Vice-Chancellor Education will be final.

- 5 a A student seeking admission to a conjoint degree programme must gain admission to each of the component degrees
and
- b achieve a standard equivalent to a Grade Point Average of at least 3.9, except for the Bachelor of Advanced Science (Honours) and the Bachelor of Engineering (Honours) which require a Grade Point Average of at least 5.5 in the previous year of full-time study.

Continuation

- 6 In order to continue in a conjoint degree programme, a student needs to achieve a Grade Point Average of at least 3.5 each year, except for the Bachelor of Engineering (Honours) conjoint degrees which require a GPA of 4.0 each year, and Bachelor of Advanced Science (Honours) conjoint degrees which require a Grade Point Average of 5.0 each year.
- 7 A student who has been discontinued from a conjoint degree programme due to the continuation requirement specified in Regulation 6 may re-apply for admission under these regulations. To be eligible for readmission:
 - a the student must have achieved a Grade Point Average of at least 3.5, 4.0 for the Bachelor of Engineering (Honours) or 5.0 for the Bachelor of Advanced Science (Honours), in the most recent 120 points of study towards one or more of the component degrees following the student's discontinuation. In exceptional circumstances the required Grade Point Average may be waived by Senate or its representative. If a student has fewer than 120 points to complete then they may apply for readmission immediately.
 - b neither of the component degrees can have been awarded.
- 8 A student must state the reasons for re-admission, and include evidence where applicable. Where such application is made, the Deans or nominees of the respective faculties may:
 - a permit the student to be readmitted to the conjoint degree programme

General Regulations – Named Doctorates

These Regulations apply to doctoral enrolments that commenced prior to 1 January 2022, except enrolments in the Doctor of Philosophy and Higher Doctorates, and should be read in conjunction with the relevant degree regulations. The ‘Department’ is the Department or School or other academic unit in which the candidate is registered, and the ‘Head of Department’ is the head of that academic unit.

Admission

- 1 Every candidate for a named-doctoral degree must have applied for admission and been admitted to the University of Auckland.

Registration

- 2 a Every candidate for a named-doctoral degree must be registered by the Board of Graduate Studies.
- b Registration is provisional for all candidates for the first 12 months of equivalent full-time study following the Date of Registration as defined in Regulation 2.
- c Application for registration must be made to the Head of Department, Division, School, Chair of a Board of Studies or Director of the Research Centre or Institute (“the Head of Department”) in the discipline in which the candidate is to be registered and must include, where appropriate to the composition of the doctoral degree, a preliminary research proposal.
- d The Head of Department will make a recommendation to the Faculty Associate Dean (Postgraduate) as to whether the candidate:
 - (i) meets the eligibility criteria and has the ability to follow the proposed programme of study
and
 - (ii) has submitted a satisfactory preliminary research proposal as stipulated by the Head of Department.
- e Where the Head of Department is satisfied, this recommendation must include:
 - (i) the proposed date of registration
 - (ii) nominations for supervisors
 - (iii) confirmation that the School/Department accepts responsibility for making satisfactory supervision arrangements and providing research resources and facilities over the whole enrolment for the degree
 - (iv) an appropriate set of goals for the provisional period of registration agreed to by both the candidate and nominated main supervisor; these must include, but are not limited to, those goals prescribed in the regulations for the relevant named doctorate and any standard goals required by the Board of Graduate Studies such as attendance at induction events, English language screening, and the satisfaction of academic integrity and health and safety requirements.
- f Where an intending candidate is not resident in Auckland, the Head of Department must also provide the Associate Dean (Postgraduate) and the Board of Graduate Studies with evidence that the candidate will be provided with research resources and supervisory support at the location in which the research is to be carried out.
- g On receipt of the recommendation of the Head of Department, the Faculty Associate Dean (Postgraduate) will make a recommendation to the Board of Graduate Studies as to the matters set out in Regulation 2d.
- h On receipt of the recommendation of the Faculty Associate Dean (Postgraduate), the Board of Graduate Studies will decide whether or not to register the candidate and, if so, the conditions that will apply to the registration. The Board of Graduate Studies may call for any further information it considers relevant before making its decision.
- i Registration takes effect on the date (the “Date of Registration”) approved by the Board of Graduate Studies. Where a candidate has already started supervised research on the doctoral topic, the Date of Registration may, subject to approval by the Board of Graduate Studies, be backdated by not more than six months.
- j The Board of Graduate Studies will appoint the supervisors for each candidate. The supervisors must be actively involved in research in the candidate’s general field, and must either hold a doctoral degree or be appropriately qualified and experienced. Persons who are themselves candidates for the same named doctorate may not be appointed as supervisors, although they may be appointed as advisers.
- k For each candidate the Board of Graduate Studies will appoint a suitably qualified main supervisor who takes overall responsibility for the supervision of the candidate and for assistance in the provision of research resources. The main supervisor must be a staff member of the University of Auckland.
- l In addition, the Board of Graduate Studies will appoint for each candidate:
 - (i) at least one suitably qualified co-supervisor

and/or

(ii) an advisory committee or adviser/s.

- m Candidates wishing to present and defend a thesis in te reo Māori must, before applying to the Head of Department to be registered, obtain the permission of the Pro Vice-Chancellor (Māori). When such permission is granted, the Pro Vice-Chancellor (Māori) will make a recommendation in writing to the Board of Graduate Studies as to:

(i) whether the candidate has adequate fluency and literacy in te reo Māori in the subject area of the thesis

and

(ii) the likelihood of being able to find appropriately qualified examiners for the thesis.

Reviews of Registration

- 3 a During provisional registration, a candidate must achieve the goals prescribed by the Board of Graduate Studies and satisfy any other applicable programme requirements specified in the regulations for the relevant named doctorate.
- b Where a thesis proposal is required as a provisional goal, it should be submitted for approval to the appropriate committee or subcommittee of the department, institute and/or faculty in which the candidate is registered. The committee may accept the proposal, or indicate changes needed to the candidate and supervisor(s) and request a resubmission, or it may decline the proposal. It will inform the Head of Department of its decision.
- c At the end of the provisional registration period, the candidate, the supervisor/s and the Head of Department are to submit a formal report to the Board of Graduate Studies on the progress of the candidate. This report may also be discussed by the appropriate postgraduate committee of the department, institute and/or faculty in which the candidate is registered. The report should clearly state whether or not the progress of the candidate has been satisfactory, whether or not any programme specific requirements for the period have been satisfied, and whether or not the goals laid down for the provisional period of registration have been achieved. The report should include a recommendation that the candidate's registration be:
- (i) confirmed
- or
- (ii) continued on a provisional basis for a period of three to six months
- or
- (iii) discontinued and the candidate recommended for enrolment in another programme, where a suitable programme exists
- or
- (iv) terminated.
- d At the end of each year of registration following the provisional period, the main supervisor, the candidate and the Head of Department are to submit, through the Associate Dean (Postgraduate) of the faculty, a joint report to the Board of Graduate Studies on the candidate's progress. This report may also be discussed by the appropriate postgraduate committee of the department, institute and/or faculty in which the candidate is registered. As part of this report, the main supervisor and the Head of Department are to make one of the following recommendations:
- (i) that the candidate's registration be continued
- or
- (ii) that the candidate's registration be continued subject to specified conditions
- or
- (iii) that the candidate's registration be terminated.
- e Where a recommendation is made under Regulation 3c(ii) or 3d(ii), the Head of Department will also recommend to the Board of Graduate Studies any specific goals and/or conditions to be met by the candidate and the time in which these are to be completed. At the end of this period the Head of Department and main supervisor will advise the Board of Graduate Studies whether or not these requirements have been met. Registration will be terminated if the specified conditions have not been fulfilled to the satisfaction of the Board of Graduate Studies.
- f No decision to terminate registration may be made by the Board of Graduate Studies unless the candidate has been notified in writing and given reasonable opportunity to respond.

Changes to the Conditions of Registration

- 4 a The Head of Department may, after consultation with the candidate, make a written recommendation to the Board of Graduate Studies via the Faculty Associate Dean (Postgraduate) for changes in the conditions of registration for the candidate. After considering a recommendation from the Head of Department, the Board

of Graduate Studies may, after considering any submissions made by the candidate, change the conditions of registration for any candidate.

- b Where a resident candidate intends to be absent from the University in pursuit of their research for more than two months, supervisors are to submit for approval by the Board of Graduate Studies, through the Head of Department and before the candidate's departure, suitable plans for the supervision of the candidate during the period of absence.
- c When necessary, the Head of Department will make a recommendation to the Board of Graduate Studies regarding changes to the supervision of the candidate. This will normally be required when a supervisor is granted leave, resigns or retires.

Whilst the Board of Graduate Studies will take into consideration the candidate's views on any recommended changes to supervision, it reserves the right to determine the appointment of supervisor/s according to the availability of suitably qualified staff.

- d When the Board of Graduate Studies is satisfied that there is sufficient reason, it may extend a candidate's submission date. Before approving an extension of submission time the Board of Graduate Studies will require the candidate, the supervisor(s) and Head of Department to agree on the programme of supervision and schedule of research considered necessary for submission by the new date proposed.
- e Where a candidate is unable to continue with their research programme because of circumstances beyond their control, the Board of Graduate Studies may suspend their registration for a specified period of time. The conditions of Regulation 7g of the Statute for the Degree of Doctor of Philosophy 2016 will apply.
- f Enrolment and Programme Regulations regarding discontinuation apply to candidates for named doctorates.
- g The Board of Graduate Studies may terminate the registration of any candidate who:
 - (i) fails to enrol for any academic year corresponding to a year of registration
 - or
 - (ii) fails to make payment of any tuition fees related to the registration
 - or
 - (iii) applies to cease being registered
 - or
 - (iv) has not made satisfactory progress while under provisional registration
 - or
 - (v) has received an unsatisfactory annual report
 - or
 - (vi) has not submitted a required provisional year or annual report
 - or
 - (vii) has not met any conditions specified under Regulation 3e
 - or
 - (viii) has not satisfied a requirement as stipulated in the structure and content regulation of the relevant named doctorate regulations
 - or
 - (ix) has not submitted or re-submitted the examinable work in time
 - or
 - (x) has had the termination of their registration recommended by a decision of a Disputes Committee constituted pursuant to Regulation 6
 - or
 - (xi) is prohibited under the Disciplinary Statute of the University from enrolling.

Before making a decision to terminate a candidate's registration pursuant to this Regulation or otherwise, the Board of Graduate Studies will allow the candidate a reasonable opportunity to respond.

Enrolment and Fees

- b On enrolment in each academic year every candidate must pay the prescribed fees for that academic year, including the Student Services fee.
- c A candidate who submits all examinable work or terminates their registration will receive a refund of one-twelfth of the tuition fee and the Student Services fee paid for each complete month of the period between the date of submission of the examinable work or termination of registration and the end of the academic year for which fees have been paid.

- d Notification of the award of the degree will be withheld until all outstanding fees have been paid for the academic year in which a candidate is registered. Candidates will not be able to graduate until all outstanding fees have been paid.

Appeals

- 6 a If a doctoral candidate believes that they have been significantly disadvantaged by the examination process, or by any part of the examination process, then a written appeal may be made to the Board of Graduate Studies, setting out the grounds of the appeal. All relevant documents relied upon must be submitted with the appeal. Regulations 11d and 11e of the Statute for the Degree of Doctor of Philosophy 2016 shall then apply.
- b Candidates, supervisors or Heads of Department may appeal against any decision, other than one bearing on examination matters, of the Board of Graduate Studies normally within three months of the making of the decision, on the grounds that:
 - (i) relevant information which was not available to the Board of Graduate Studies at the time of its making the decision has since become available
 - and/or*
 - (ii) the procedure adopted in arriving at the decision was unfair.

The appeal must state clearly all grounds relied on by the candidate and attach all relevant documentation. Regulation 11b of the Statute for the Degree of Doctor of Philosophy 2016 shall then apply.

Dispute Resolution Procedures

- 7 Disputes are to be resolved according to the Resolution of Student Academic Complaints and Disputes Statute.

Transitional Arrangements

- 8 a These regulations came into force on 1 January 2016 and revoked the previous General Regulations for Named Doctorates.
 - b For candidates initially registered under previous regulations, the Board of Graduate Studies may agree to vary the application of the provisions of these regulations to ensure consistency with the provisions of the regulations under which the candidate was enrolled, where it is satisfied that the candidate would otherwise be at a disadvantage.
