2027 Course Limitations

Pursuant to the Limitation of Entry Statute 1991, the relevant Dean proposes the following limits to the maximum number of students who can be enrolled in its courses in 2027 because of an insufficiency of accommodation or staff to provide adequate teaching to all students expected to seek a place.

1. Identified courses with specific prerequisite academic standards and/or other selection criteria: Students will be selected for enrolment into the following courses, up to the specified maximum number of places available, on the basis of the selection criteria prescribed below.

2. Identified courses without specific prerequisite academic standards or other selection criteria: Students will be selected for enrolment into the following courses, up to the specified maximum number of places available, on a first in, first enrolled basis.

3. All other scheduled courses: All other scheduled courses offered by the Faculty shall also be deemed to be limited due to an insufficiency of accommodation. The limit will be determined by the maximum capacity of the room(s) allocated to the class(es) associated with each course through the University's timetable process in accordance with the Academic Timetable Policy. Where laboratory sessions or compulsory tutorials are scheduled, the ability to accommodate these sessions for the course or the overall enrolment number will be the limiting factor, depending on which presents the tightest constraint. It is not possible to set the numerical limits for these courses in advance, but the University will seek to accommodate as many students as possible. Students will be selected for enrolment on a first in, first enrolled basis, until the maximum capacity has been reached. Oversight of the process will be provided by the Associate Dean (Academic) in the first instance.

1. Identified courses with specific prerequisite academic standards and/or other selection criteria

Course	2027 Limit	Selection criteria: In all cases students also need to have met any relevant programme regulations or course requirements such as prerequisites or corequisites. All references to a degree include situations where the degree is a component degree within a conjoint degree programme.
BIOMED 101	**1409**	Enrolment is restricted to those students in the BBiomedSc programme.
HLTHPSYC 122 Behaviour, Health & Development	**S1 560** **S2 40**	In Semester 1, enrolment is guaranteed for BNurs students. Students from BHSc, BSc (Nutrition and other Health Majors) and BPsych programmes will be enrolled on a first-in, first-enrolled basis. Following this, students from other programmes may be enrolled on the basis of academic merit as measured by NCEA/CIE rank score or GPA, subject to places being available. In Semester 2, enrolment is guaranteed for BMedImag(Hons) students and is restricted exclusively to that programme.
HLTHPSYC 714 Health Psychology	**20**	Enrolment is guaranteed for students enrolled in the MHealthPsych programme. Following this, if places remain, students who have completed prior study in Health Psychology, Psychology, or comparable social sciences courses will be ranked and enrolled on the basis of GPA.
HLTHPSYC 715 Research Methods in Health Psychology	**20**	Enrolment is guaranteed for students enrolled in the MHealthPsych programme. Following this, if places remain, students who have completed prior study in Health Psychology, Psychology, or comparable social sciences courses will be ranked and enrolled on the basis of GPA.
HLTHPSYC 717 Emotion, Emotion Regulation, & Health	**20**	Enrolment is guaranteed for students enrolled in the MHealthPsych programme. Following this, if places remain, students who have completed a UG degree in Health Psychology, Psychology, or comparable social sciences courses will be ranked and enrolled on the basis of GPA (assuming GPA is above the MHealthPysc program "B-B+ average at 3rd year" requirement.
HLTHPSYC 719 Health Psychology Assessment	**20**	Enrolment is guaranteed for students enrolled in the MHealthPsych programme. Following this, if places remain, students who have completed a UG degree in Health Psychology, Psychology, or comparable social sciences courses will be ranked and enrolled on the basis of GPA (assuming GPA is above the MHealthPysc program "B-B+ average at 3rd year" requirement.
HLTHPSYC 720 Health Psychology Interventions	**20**	Enrolment is guaranteed for students enrolled in the MHealthPsych programme. Following this, if places remain, students who have completed prior study in Health Psychology, Psychology, or comparable social sciences courses will be ranked and enrolled on the basis of GPA.
HLTHPSYC 758 Technology and Health	**20**	Enrolment is guaranteed for students enrolled in the MHealthPsych programme. Following this, if places remain, students who have completed prior study in Health Psychology, Psychology, or comparable social sciences courses will be ranked and enrolled on the basis of GPA.
MAORIHLTH 301 Maori Health and Practice	**90**	Enrolment is guaranteed for students enrolled in the BHSc programme and students with a GPA/GPE of ≥3.0. Students with a score below this may be considered on the basis of academic ability, as measured by GPA, subject to places being available.
MAORIHTH 701 Foundations of Māori Health	**S1: 85; S2: 60**	Enrolment is guaranteed for enrolled students required to pass MAORIHTH 701 as part of their postgraduate programme including: the Postgraduate Diploma in Public Health, Master of Health Sciences in Nutrition & Dietetics; Master of Public Health, Master of Health Leadership, Master of Nursing, and postgraduate research students supervised by Te Kupenga Hauora Māori. If any places remain, other students may be considered on the basis of academic ability as measured by GPA.

MEDSCI 142 Biology for Biomedical Science: Organ Systems	**2,298**	Students enrolled in the BBiomedSc, BE(Hons) in Biomedical Engineering, BHSc, BNurs, or BSc with a major in Cell and Molecular Bioscience, Exercise Science, Medicinal Chemistry, Nutrition, Pharmacology, or Physiology are guaranteed a place on their first attempt at the course. Students for whom the course is a core requirement and who need to repeat it must seek and receive academic advice before enrolling if their GPA is below 3. Students from other programmes will not be able to enrol directly in the course. If places remain after all students noted above have enrolled, students from other programmes may be considered. Selection will be based on academic performance, as measured by GPA, and will be subject to availability. Students from other programmes must submit an enrolment concession.
MEDSCI 201 Human Biology – Structure and Function	**200**	Enrolment is guaranteed for students enrolled in the BMedImag(Hons) programme & BSc in Biomedical Science (Anatomical Imaging Sci, Neuroscience and Reproduction & Development pathways). Other students will be guaranteed a place if their GPA/GPE is ≥3.5. Students with a score of <3.5 need to seek academic advice. Enrolment will be considered subject to availability of places.
MEDSCI 202 Microbiology and Immunology	**240**	Enrolment is guaranteed for students enrolled in the BOptom, BSc in Food Science and Nutrition (Nutrition pathway) & BSc in Biomedical Science (Infection & Immunity pathway) programmes. Other students will be guaranteed a place if their GPA/GPE is ≥3.0. Students with a score of <3.0 who are not guaranteed a place need to seek academic advice. Enrolment will be considered on the basis of GPA subject to availability of places.
MEDSCI 203 Mechanisms of Disease	**500**	Enrolment is guaranteed for students enrolled in the BMedImag(Hons), BOptom, BSc in Food Science and Nutrition (Nutrition pathway), BSc in Biomedical Science (Anatomical Imaging Sci, Cancer Biology & Therapeutics, Infection & Immunity and Nutrition & Metabolism pathways) and BSc in Pharmacology programmes. Other students will be guaranteed a place if their GPA/GPE is ≥3.0. Students with a score of <3.0 who are not guaranteed a place need to seek academic advice. Enrolment will be considered on the basis of GPA subject to availability of places.
MEDSCI 204 Pharmacology & Toxicology	**216**	Enrolment is guaranteed for students enrolled in the BSc in Biomedical Science (Cancer Biology & Therapeutics, Cardiovascular Biology and Neuroscience pathways), Medicinal Chemistry and Pharmacology programmes. Other students will be guaranteed a place if their GPA/GPE is ≥3.0. Students with a score of <3.0 who are not guaranteed a place need to seek academic advice. Enrolment will be considered on the basis of GPA subject to availability of places.
MEDSCI 205 Physiology of Human Organ Systems	**400**	Enrolment is guaranteed for students enrolled in the BE(Hons) in Biomedical Engineering, BMedImag(Hons), BSc in Biomedical Science (Cancer Biology & Therapeutics, Cardiovascular Biology, Neuroscience, Nutrition & Metabolism and Reproduction & Development pathways), Exercise Sciences, Food Science and Nutrition (Nutrition pathway), Physiology and Medicinal Chemistry programmes. Other students will be guaranteed a place if their GPA/GPE is ≥2.5. Students with a score of <2.5 who are not guaranteed a place need to seek academic advice. Enrolment will be considered on the basis of GPA subject to availability of places.
MEDSCI 206 Introduction to Neuroscience	**250**	Enrolment is guaranteed for students enrolled in the BSc in Biomedical Science (Anatomical Imaging Sci, Cardiovascular Biology and Neuroscience pathways). Other students will be guaranteed a place if their GPA/GPE is ≥2.5. Students with a score of <2.5 who are not guaranteed a place need to seek academic advice. Enrolment will be considered on the basis of GPA subject to availability of places.
MEDSCI 300 Analytical Anatomy and Visualisation	**20**	Enrolment is guaranteed to students enrolled in the BSc in Biomedical Science (Anatomical Imaging Science pathway). Other students will be guaranteed a place if their GPA/GPE is ≥5.0. Students with a score of <5.0 who are not guaranteed a place need to seek academic advice. Enrolment will be considered on the basis of GPA subject to availability of places.
MEDSCI 301 Molecular Basis of Disease	**72**	Enrolment is guaranteed for students enrolled in the BSc in Biomedical Science (Infection and Immunity pathway). Other students will be guaranteed a place if their GPA/GPE is ≥3.0. Students with a score of <3.0 who are not guaranteed a place need to seek academic advice. Enrolment will be considered on the basis of GPA subject to availability of places.

MEDSCI 302 Cancer Biology	**65**	Enrolment is guaranteed for students enrolled in the BSc in Biomedical Science (Cancer Biology & Therapeutics pathway). Other students will be guaranteed a place if their GPA/GPE is ≥3.0. Students with a score of <3.0 who are not guaranteed a place need to seek academic advice. Enrolment will be considered on the basis of GPA subject to availability of places.
MEDSCI 309 Biophysics of Nerve and Muscle	**72**	Enrolment is guaranteed for students enrolled in the BE(Hons) in Biomedical Engineering and the BSc in Biomedical Science (Cardiovascular Biology and Neuroscience pathways) and Physiology programmes. Other students will be guaranteed a place if their GPA/GPE is ≥4.5. Students with a score of <4.5 who are not guaranteed a place need to seek academic advice. Enrolment will be considered on the basis of GPA subject to availability of places.
MEDSCI 311 Cardiovascular Biology	**64**	Enrolment is guaranteed for students enrolled in the BSc in Physiology and Biomedical Science (Cardiovascular Biology pathway) programmes. Other students will be guaranteed a place if their GPA/GPE is ≥4.5. Students with a score of <4.5 who are not guaranteed a place need to seek academic advice. Enrolment will be considered on the basis of GPA subject to availability of places.
MEDSCI 312 Biology of Growth and Metabolism	**64**	Enrolment is guaranteed for students enrolled in the BSc Food Science and Nutrition (Nutrition pathway), Biomedical Science (Nutrition & Metabolism and Reproduction & Development pathways) and Physiology programmes. Other students will be guaranteed a place if their GPA/GPE is ≥5.0. Students with a score of <4.5 who are not guaranteed a place need to seek academic advice. Enrolment will be considered on the basis of GPA subject to availability of places.
MEDSCI 313 Reproductive Biology	**80**	Enrolment is guaranteed for students enrolled in the BSc in Biomedical Science (Reproduction and development pathway). Other students will be guaranteed a place if their GPA/GPE is ≥2.5. Students with a score of <2.5 who are not guaranteed a place need to seek academic advice. Enrolment will be considered on the basis of GPA subject to availability of places.
MEDSCI 314 Immunology	**60**	Enrolment is guaranteed for students enrolled in the BSc in Biomedical Science (Infection and Immunity pathway). Other students will be guaranteed a place if their GPA/GPE is ≥3.0. Students with a score of <3.0 who are not guaranteed a place need to seek academic advice. Enrolment will be considered on the basis of GPA subject to availability of places.
MEDSCI 315 Nutrition, Diet and Gene Interactions	**100**	Enrolment is guaranteed for students enrolled in the BSc in Food Science and Nutrition (Nutrition pathway) and the BSc in Biomedical Science (Nutrition and Metabolism pathway) programmes. Other students will be guaranteed a place if their GPA/GPE is ≥2.0. Students with a score of <2.0 who are not guaranteed a place need to seek academic advice. Enrolment will be considered on the basis of GPA subject to availability of places.
MEDSCI 316 Sensory Neuroscience: From Molecules to Disease	**115**	Enrolment is guaranteed for students enrolled in the BSc in Physiology and Biomedical Science (Neuroscience pathway) programmes. Other students will be guaranteed a place if their GPA/GPE is ≥4.5. Students with a score of <4.5 who are not guaranteed a place need to seek academic advice. Enrolment will be considered on the basis of GPA subject to availability of places.
MEDSCI 317 Integrative Neuroscience: From Fetus to Adult	**115**	Enrolment is guaranteed for students enrolled in the BSc in Physiology and Biomedical Science (Neuroscience pathway) programmes. Other students will be guaranteed a place if their GPA/GPE is ≥4.5. Students with a score of <4.5 who are not guaranteed a place need to seek academic advice. Enrolment will be considered on the basis of GPA subject to availability of places.
MEDSCI 318 Pharmacokinetics and Drug Toxicity	**96**	Enrolment is guaranteed for students enrolled in the BSc in Pharmacology or Medicinal Chemistry programmes. Other students will be guaranteed a place if their GPA/GPE is ≥3.5. Students with a score of <3.5 who are not guaranteed a place need to seek academic advice. Enrolment will be considered on the basis of GPA subject to availability of places.
MEDSCI 319 Molecular Pharmacology	**96**	Enrolment is guaranteed for students enrolled in the BSc in Pharmacology or Biomedical Science (Cancer Biology and Therapeutics pathway). Other students will be guaranteed a place if their GPA/GPE is ≥3.5. Students with a score of <3.5 who are not guaranteed a place need to seek academic advice. Enrolment will be considered on the basis of GPA subject to availability of places.

MEDSCI 320 Pharmacology of the Brain and Body	**96**	Enrolment is guaranteed for students enrolled in the BSc in Pharmacology or Biomedical Science (Cardiovascular Biology and Neuroscience pathways). Other students will be guaranteed a place if their GPA/GPE is ≥3.5. Students with a score of <3.5 who are not guaranteed a place need to seek academic advice. Enrolment will be considered on the basis of GPA subject to availability of places.
MEDSCI 703 Advanced Biomedical Imaging	**30**	Students must have been admitted to the BE(Hons) in Biomedical Engineering, MEngSt in Medical Devices and Technologies, BSc(Hons) in Physiology, PGDipSci in Physiology, MSc in Physiology, BBiomedSc(Hons), BMedSci(Hons), MBiomedSc, PGDipBiomedSc, MHSc or PGDipHSc/PGCertHSc in Health Sciences programmes and will be enrolled on a first in, first enrolled basis. Other students will be considered on the basis of academic merit, as measured by GPA, subject to places being available.
MEDIMAGE 300 Medical Imaging for Biomedical Science	**20**	Enrolment is guaranteed to students enrolled in the BSc in Biomedical Science (Anatomical Imaging Science pathway). Other students will be guaranteed a place if their GPA/GPE is ≥ 5.0. Students with a score <5.0 who are not guaranteed a place need to seek academic advice. Enrolment will be considered on the basis of GPA subject to availability of places.
MEDIMAGE 302 Sectional Imaging Anatomy and Pathology	**50**	Enrolment is restricted to those students enrolled in the BMedImag(Hons) programme & BSc in Biomedical Science (Anatomical Imaging Science pathway).
PHARMCOL 399 Capstone: Integrated Pharmacology	**48**	First priority - students in a BSc in Pharmacology who have met the prerequisites and are seeking to enrol in the course in the final semester of their degree. Following this, other students who meet the prerequisites will be enrolled in order on the basis of GPA subject to availability of places.
PHYSIOL 399 Capstone: Physiology	**50**	First priority - students in a BSc in Physiology who have met the prerequisites and are seeking to enrol in the course in the final semester of their degree. Following this, other students who meet the prerequisites will be enrolled in order on the basis of GPA.
POPLHLTH 111 Population Health	**2,238**	Students enrolled in the BBiomedSc, BHSc, BNurs, or BSc with a major in Cell and Molecular Bioscience, Exercise Science, Medicinal Chemistry, Nutrition, Pharmacology, or Physiology are guaranteed a place. If places remain after these students have enrolled, students from other programmes may be considered. Selection will be based on academic performance, as measured by GPA, and will be subject to availability. Students from other programmes must submit an enrolment concession.
POPLPRAC 707 Theory and Skills in Counselling Practice	**40**	Students who have been admitted to the PGCert/PGDipHSc in Alcohol and Drug Studies or MHlthPrac in Addiction Studies will be guaranteed enrolment. Students from other programmes may be enrolled on the basis of academic merit as measured by GPA, subject to places being available.
POPLPRAC 708 Assessment and Intervention with Addiction	**40**	Students who have been admitted to the PGCert/PGDipHSc in Alcohol and Drug Studies or MHlthPrac in Addiction Studies will be guaranteed entry. Students from other programmes may be enrolled on the basis of academic merit as measured by GPA, subject to places being available.

2. Identified courses without specific prerequisite academic standards or other selection criteria

Course	**2027 Limit**	**Selection criteria: In all cases students also need to have met any relevant programme regulations or course requirements such as prerequisites or corequisites. All references to a degree include situations where the degree is a component degree within a conjoint degree programme.**

3. All other Scheduled courses: All other scheduled courses offered by the Faculty of Medical and Health Sciences shall be deemed to be limited due to an insufficiency of accommodation. The limit will be determined by the maximum capacity of the room(s) allocated to the class(es) associated with each course through the University's timetable process in accordance with the Academic Timetable Policy. Where laboratory sessions or compulsory tutorials are scheduled, the ability to accommodate these sessions for the course or the overall enrolment number will be the limiting factor, depending on which presents the tightest constraint. It is not possible to set the numerical limits for these courses in advance, but the University will seek to accommodate as many students as possible. Students will be selected for enrolment on a first in, first enrolled basis, until the maximum capacity has been reached. Oversight of the process will be provided by the Associate Dean (Academic) in the first instance.
