

Master of Applied Finance (MAppFin)

University Affiliation
Program

CFA Institute®

Grow the knowledge and skills to get work-ready as a finance professional in local and global business.

Quick facts

Programme type: Postgraduate

Points: 180

Duration: Full-time: 15 months, part-time available

Location: City Campus

Intake: September

What will I learn?

In the MAppFin, you will learn the fundamental concepts of finance that shape our capital markets. You will develop the practical skills to solve financial challenges and make complex decisions.

You will also develop a strong portfolio of professional skills that will enable you to communicate effectively to a non-technical audience.

Specialisations & Industry Project

In the second half of the programme, you will be able to choose any two courses out of a range of specialisation courses being offered.

You will also engage in an industry-based consultancy project which provides experience in solving financial challenges in a live business context.

Is this programme for me?

Entry requirements:

- An undergraduate degree in business or a non-business degree from a recognised university.
- A GPA/GPE of 5.0 in the most advanced courses taken.
- Pass in an undergraduate level course in business statistics (STATS 108), general mathematics (MATHS 108) or equivalent.

International students must have an IELTS score of 6.5 with no bands below 6.0, or equivalent.

A Postgraduate Certificate in Applied Finance is also available. It is a shorter qualification and can be used as a pathway to the MAppFin.

Email us with enquiries using the details below.

Career opportunities

You will be equipped with the specialist knowledge and skills to move into a finance-oriented role or a career in financial services. Relevant roles include:

- Financial Adviser
- Financial Analyst
- Financial Consultant
- Investment Analyst
- Treasury Analyst
- Investment banker
- Banker
- Investment manager
