2025 EVENTS

Te Herenga Auaha | Faculty of Engineering and Design

MARCH

12

Fast Forward Lecture Series

Architecture: Ideas, Themes, and Obsessions

Join us on Wednesday over the next five weeks and hear from speakers in architecture and urban planning. Architect Pete Bossley will discuss the role of ideas in architecture, drawing on themes from his award-winning career.

19

Fast Forward Lecture Series

Emerging Practices: ĀKAU | First Light Architects

Discover how ĀKAU integrates Māori principles with architecture and design. First Light Studio will present projects demonstrating how thoughtful designs create stronger communities.

19/20

Engineering and Design Faculty Tours

Explore our campus with a student-led tour of our Engineering, Architecture, Urban Planning, and Design facilities!

- 19th Engineering and Design Tour
- 20th Architecture and Urban Planning Tour

26

Fast Forward Lecture Series

PAC Studio

Senior Lecturer and Director at PAC Studio Sarosh Mulla will be exploring their current designs, highlighting their defining characteristics, creative approach and unique studio environment.

APRIL

2

Fast Forward Lecture Series

Creating and Meeting Demand

Andre de Graaf and Helen Kerr, Principals at Isthmus, will share the positive impacts of the regeneration of Aotearoa through connecting the land, people, and culture.

9

Fast Forward Lecture Series

The Path to Parlour

Dr Gill Matthewson, co-founder of the world-leading organisation Parlour, will share her latest research and advocacy work.

MAY

13

Engineering and Design Info Evening

Auckland #1 (In-person & Livestream)

Calling all prospective students and their whānau! Discover where engineering, architecture, urban planning, and design can take you. Learn first-hand about the programmes, entry requirements, student life and more.

22

Engineering and Design Info Evening

Wellington (In-person only)

29

Engineering and Design Info Evening

Auckland #2 (In-person & Livestream)

JUNE

4/5

Engineering and Design Faculty Tours

- 4th Engineering and Design Tour
- 5th Architecture and Urban Planning Tour

10

Mānawa Mai Information Evening

Join us online for this University-wide event to find out more about our Engineering, Architecture, Urban Planning, and Design programmes and answer any questions you might have about your first year with us.

12

Postgraduate Live Webinar

Join us for a lunchtime webinar covering the postgraduate programmes we offer. This week we'll be featuring the Master of Aerospace Engineering.

26

Enginuity Day

Enginuity Day offers high school girls in Years 12-13 a hands-on day of activities at the University to explore the possibilities of a career in engineering.

JULY

10

Postgraduate Live Webinar

Master of Robotics and Automation Engineering, Thursday, 12:30pm.

22

Emerging Technologies Forum

Explore research, innovation, and career insights with an evening of expert speakers where you can connect and collaborate at the Faculty of Engineering and Design.

23/24

Engineering and Design Faculty Tours

- 23rd Engineering and Design Tour
- 24th Architecture and Urban Planning Tour

AUGUST

7

Postgraduate Live Webinar

Master of Design, Thursday 12:30pm.

30

Mānawa Mai Open Day

Join us in person for the University's biggest event of the year! Meet our students, explore our facilities, participate in activities, and learn first-hand about our programmes.

SEPTEMBER

4
