Total 720 points.

1. Of the 720 points required for this degree, a student must pass Parts I, II, III, IV, V and VI, as listed in the Bachelor of Medicine and Bachelor of Surgery Schedule, including either WTRMHS 100 or WTRSCI 100.
2. A student must complete the Academic Integrity course as specified in the Enrolment and Programme Regulations, Academic Integrity, of the University Calendar.
3. A student who is required to meet the Academic English Language Requirement, may be required by the Programme Director to substitute a course with an approved academic English language course.

It is the student's responsibility to check that the final programme complies with University Regulations. Please visit the Student Hubs for any assistance with your degree planning.
