

## Welcome to Newsletter 14 for the C\*STEROID Trial

Can we safely reduce the risk of breathing problems for newborn babies by giving corticosteroid injections to their mothers before a planned caesarean section?

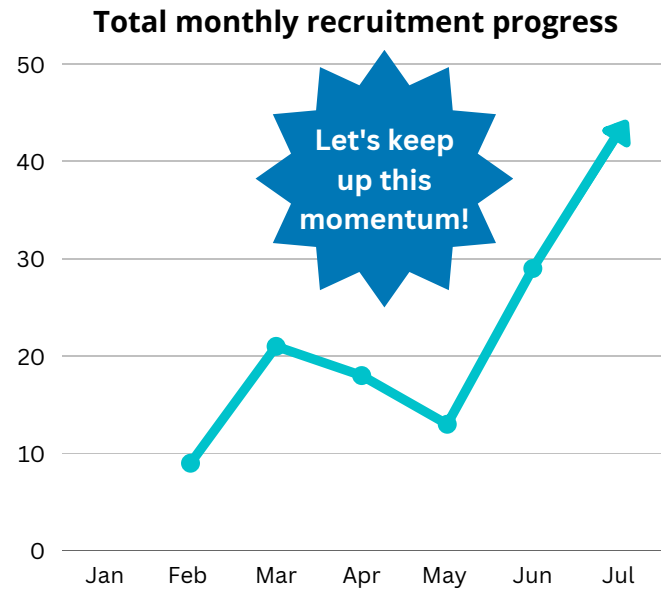

### RECRUITMENT UPDATE

As we are now over half way through the year, it is great to reflect on our recruitment progress.

In recent months, our new monthly total has been growing and we hope to see this trend continue for the remainder of the year.

It has been great to get Australian sites on board this year and we are excited for many other sites to join us in the months to come.

Check out our monthly recruitment leaderboard on the next page for all the latest updates and other recruitment achievements.

### LOCAL SITE VISIT

Elisa and Katie had a whirlwind trip to Wellington in early July.

They had fun meeting up with the local C\*STEROID team and enjoyed the opportunity to provide an update on corticosteroid use and the C\*STEROID Trial at the departmental monthly MDT meeting.

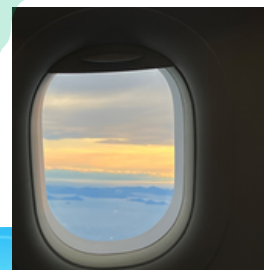

We love your boots Judy 😊

Thank you so much for organising the visit and being so welcoming Judy and Hazel!

We always love connecting and engaging with all our C\*STEROID sites.

**If you would like us to come and provide some education and enthuse recruitment for your local team, please let us know.**

 = New Australian sites  = Moved up the leader board

What another amazing month team!! We reached yet again a new monthly record for recruitment...

**43 participants**

**all Australian sites too!!**

**A massive congratulation to Sunshine/Bacchus Marsh, Royal Women's, Royal Hospital for Women, Monash Health, Mercy Hospital for Women, St George, and Royal North Shore for moving up the ranks in the leaderboard.**

Well done **Christchurch** for meeting and exceeding your target by recruiting 6 new participants this month. Keep up the great work!

Also, welcome to our newest site Ipswich Hospital who have joined us from Queensland.
