Evidence of your visa

- You must provide the University with a copy of your passport and visa when you first enrol and whenever you renew your passport or obtain a new visa.
- This is a requirement of Immigration New Zealand and the Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021.
- All international students must have **a valid visa to study** at the University of Auckland
- It's important that your student visa accurately reflects the program in which you are currently enrolled, specifying the University of Auckland as the education provider. **Please be aware that if you decide to change your program, it is necessary to apply for a new student visa, even if your existing visa might cover your future enrolments.**
- If you study a programme that is longer than three or six months in total (this applies to most University programmes), you will not be able to start your studies on a Visitor or Working Holiday Visa until you have a visa with the appropriate study conditions.
- If you fail to provide your correct visa to the University, your enrolment may be withdrawn, and you lose access to all University services and portals, including CANVAS and Student Services Online.
- When you get your visa, you can upload a copy through our website → [Evidence of your visa](#)

A person in a light blue shirt and khaki pants stands with their back to the camera, holding a suitcase. They are looking at a large flight information board in an airport terminal. The board displays a list of flights with columns for Gate, Departures, Time, and Flight no. The background shows a large window with a view of the airport tarmac and other buildings.
