Still in school?

Join the Young Scholars Programme in 2025

If you're looking to challenge or extend yourself while still in secondary school, the Young Scholars Programme may be for you.

- Get a taste of university life before coming to the University of Auckland
- Complete one or two Stage I courses that:
 - Gives you a jump start on your degree
 - Exposes you to different kinds of learning, including lectures and tutorials.
 - Gives you access to an exciting, stimulating academic environment to learn
- Meet like-minded students from a variety of high schools
