# Learning and Teaching Survey 2019:
# What is the University doing in response in 2020?

- ❑ Strategies to enhance **student engagement and services** across the University

- ❑ Piloting the new '**Campus Care**' model to support pastoral care and wellbeing

- ❑ Development of a central learning design service to support academic staff in **course design and delivery**

- ❑ Implementing a **new assessment policy** which helps address feedback issues and introduces an individual aspect to group project assessment

- ❑ A project to **digitize course outlines** to make information on courses more accessible and consistent

- ❑ Introducing FlexIT allowing students to **access lab software** anytime and anywhere

- ❑ **Lecture capture for all lectures**

- ❑ Making **course information more consistent** in Canvas
