PhD Study

Pursue your PhD at the University of Auckland and pay the same tuition fees as New Zealand doctoral candidates – just NZ\$8,347.20¹ or around US\$5,000².

Find a research supervisor

Discover the wide variety of research throughout our faculties and find a supervisor to match your research focus. Find information about our research experts and explore supervision opportunities on our online database, Discovery Profiles: auckland.ac.nz/profiles. You can also find information on supervisors at: auckland.ac.nz/findasupervisor

How to apply

Step 1. Check your eligibility

- › auckland.ac.nz/doctoralentry

Step 2. Choose your area of interest

Decide on your potential research topic, then check our active research in that area by exploring:

- › **Find a supervisor:** profiles.auckland.ac.nz
- › Faculty and department websites

Step 3. Check application closing dates

- › If you are applying for the Doctor of Clinical Psychology or Doctor of Education, see auckland.ac.nz/pg-closing-dates
- › For other doctoral programmes, you can submit an Application for Admission at any time.

Step 4. Prepare your documentation

You will need electronic copies of:

- › Undergraduate and Postgraduate academic transcripts
- › Initial Statement of Research Intent
- › Curriculum vitae (résumé)
- › English language test results
- › Evidence of your prior research experience: thesis/dissertation and/or publications

Step 5. Apply online

auckland.ac.nz/doctoralapplications

You will receive an acknowledgment email with your Application for Admission login details. You can use these details to keep track of your application status.

Note: in your online application you will be asked to nominate your proposed main supervisor. You should already have been in contact with this person and secured their agreement that you can name them in your application. If you do not name a proposed main supervisor your application process will take longer.

The support of a supervisor does not guarantee you a place in our programme. The University's Board of Graduate Studies makes the final decision regarding all PhD admissions.

Pathways

University of Auckland International College

A foundation programme is a great alternative pathway to a bachelors degree – for students who don't meet direct entry requirements, want to start university early, or prefer a smoother transition from high school.

Students who meet the required standards are guaranteed entry into University of Auckland bachelors degrees. Outstanding students are eligible for scholarships.

As a foundation programme student, you will have access to the same services as an undergraduate student. You'll benefit from

comprehensive academic support, including small class sizes and dedicated tutorials.

We offer flexible study durations from 6 to 12 months to accommodate different English proficiency levels.

English Language Academy

If you have not yet met the English language requirements for the University of Auckland, the English Language Academy (ELA) offers programmes that can help you achieve your language goals. We are also an accredited IELTS and PTE Academic testing centre.

ELA pathway programmes are for conditional offer holders and are designed to help you prepare for university studies. If you achieve the required grade, you will meet the University's English language requirements and will not be required to take IELTS or any similar test.

Our courses range from 10 to 30 weeks, depending on your current level of English.
