2. The programme is marketed as Foundation Connect and the programme name is registered as "Intensive General English Course" with NZQA.

Nau mai, haere mai

A warm welcome to Waipapa Taumata Rau, the University of Auckland, New Zealand’s highest-ranked and largest higher education institution.

For nearly three decades, we have proudly partnered with UP Education to deliver high-quality foundation education to international students through Waipapa Taumata Rau Kareti ki te Ao – the University of Auckland International College.

This strong and trusted collaboration provides international learners with the academic and personal foundation they need to thrive at our University and beyond.

We offer a learning and research environment that supports and celebrates excellence and inspires students to explore beyond their chosen field of study. All students are offered the opportunity for hands-on experiences at the Centre for Innovation and Entrepreneurship. The University is ranked 1st in New Zealand for Graduate Employment.

At one of our dynamic city campuses, you will have the opportunity to study and conduct research in a comprehensive range of disciplines, 27 of which are ranked in the top 100 in the world.

The University of Auckland’s long commitment to the environment sees us deploy sustainability principles across all

we do – through our curriculum, research, operations and partnerships. We are proud that these achievements have been recognised internationally, serving as a key decision point for students.

Many international students begin their academic journey at the University of Auckland International College, where they build the skills and confidence to succeed. Their achievements are a testament to the quality of education provided through our partnership with UP Education.

We look forward to you joining us and encourage you to explore the scholarship and funding options we offer international students to support your journey to Auckland.

Mā te wā – Goodbye for now, see you soon!

Aotearoa New Zealand, a great place to study, live and work

New Zealand is world-famous for its friendly people, spectacular landscape and relaxed lifestyle. Discover what it's like to be a student here. Learn about the different types of accommodation. Explore our cities and regions, and find out about the cost of living.

World-class education

The University of Auckland ranks among the world's top universities, with 27 subjects placed in the global Top 100 in the QS World University Rankings by Subject 2025. This means you'll study with leading academics in globally recognised programmes, enhancing your career prospects worldwide.

Feel safe and secure

New Zealand is recognised as one of the most peaceful, least-corrupt countries in the world, giving you a sense of security and confidence while you concentrate on your studies or as you explore our beautiful country.

Work-life balanced lifestyle

New Zealand is known for its strong culture of family and community, along with a healthy balance between career and personal life. Companies often offer flexible working hours and generous holiday leave, allowing employees to pursue interests outside of work.

Post-study work opportunities

Take your next step after graduation with a post-study work visa¹. Eligible international students may remain in New Zealand for up to three years to gain relevant work experience and transferable skills.

1. For more information about the post-study work visa, scan or click the QR code on the top left corner.

Globally-recognised qualifications

A New Zealand qualification is a valuable asset that can give you a head start in the international job market. It is recognised by over 50 countries. These include the United States, the United Kingdom and Australia.

Embracing all peoples

New Zealanders, or Kiwis, embrace people from diverse backgrounds with warmth and respect. Our friendly culture, our rich history, our laidback, open-mindedness and our diverse traditions respect everyone's rights, beliefs, and choices.

A high standard of living

New Zealand boasts a high standard of living, with excellent education, healthcare, transport, and infrastructure. Our economy is strong, and our political system is stable. The country's transparent legal and governmental systems safeguard the rights of both citizens and visitors.

New Zealand, a hub of innovation

Rocket Lab

Reshaping access to space

Founded in 2006 in Auckland, Rocket Lab makes space accessible with innovative launch and satellite tech.

- Rocket Lab is a global leader in satellite deployment.
- With 60+ launches and 190+ satellites deployed, Rocket Lab is the fastest small launch provider to hit 50 missions.
- Partners include NASA, the U.S. Department of Defense, BlackSky, and Kinéis.

Tech is NZ's 2nd
largest export sector

Source: Statistics New Zealand, 2023

LanzaTech

Turning industrial emissions into clean fuel

Founded in 2005 and based in Auckland, LanzaTech is transforming the energy sector with carbon recycling technology that helps industries adopt cleaner, more sustainable production.

- LanzaTech's biotech converts steel mill emissions into clean fuel like ethanol.
- Deployed worldwide, it has reduced millions of tonnes of CO₂, partnering with Unilever, Zara, and Virgin Atlantic on sustainability.

Wētā FX

Where Oscar-winning visuals come to life

Founded in 1993 in Wellington, Wētā FX blends creativity and tech to reshape storytelling across film and media.

- From Avatar and The Lord of the Rings to The Avengers, Wētā FX brings magic to the big screen.
- With 2,000+ staff, the company is a multi-Oscar and BAFTA winner.
- A pioneer in AI-powered facial animation and virtual production.

7th
in Asia and Oceania
for innovation

Source: World Intellectual Property Organization, Global Innovation Index, 2024

Engender / Orbis

Engender Technologies and Orbis Diagnostics are deep-tech spinouts from the University of Auckland 2011. These ventures apply advanced photonics and microfluidics to tackle real-world challenges in agriculture, diagnostics, and sustainability.

- Engender used laser tech for sperm sorting and was acquired in 2018.
- Orbis Diagnostics, adapted from dairy tech to COVID testing, raised NZ\$5.2M in funding.

More than nature, the untold story of New Zealand

Sustainability & renewable energy

New Zealand is not only famous for its breathtaking landscapes — we’re also a global leader in sustainable practices. From organic vineyards to one of the world’s highest shares of renewable energy, we’re shaping a greener future together.

Study and thrive in Auckland

Located in the heart of Auckland, our campus offers the best of a vibrant, energetic city lifestyle where you can find nature just down road.

Excitingly multicultural

Auckland is a true representation of New Zealand, but with a unique mix of cultures that gives the city a global feel. Our diverse cultural blend is seen in our public spaces, restaurants, and events. There are also many active expat communities, offering you the chance to meet, socialise, and connect with people from various countries.

Explore Māori and Pacific culture

From a traditional Māori pōwhiri (welcome) to festivals, ceremonies and language immersion, you can engage with Māori and Pacific culture in daily life. These are unique opportunities that can broaden your perspective beyond the classroom.

Surrounded by nature

Whether you're looking for an adventure or a relaxed weekend, you're never far from a beach or a glimpse of the harbour with its many islands to explore. Nestled around the inner-city campuses are urban greenspaces for a quick breather, while forests and waterfalls await just at the city's edges.

About University of Auckland

Global, Impactful, and Future-Focused Research

Researchers at the University of Auckland collaborate globally to address some of the world's most compelling issues and opportunities. All students benefit from the global perspectives and the opportunity to make a positive impact in the world.

Build your global career

Study at New Zealand's highest-ranked university and obtain the skills and qualifications in demand with global employers. Learn new ways of thinking and enhance your future career while gaining a world-class education.

World Top 5 for Sustainability³

The University of Auckland is ranked 1st in Oceania and 5th globally for sustainability³. This reflects its commitment to the Sustainability Strategy and Net Zero Carbon Strategy, supporting the United Nations' Sustainable Development Goals.

Innovation Made Real

As New Zealand's most innovative university⁴, the University of Auckland is renowned for entrepreneurship education. The Business School's Centre for Innovation and Entrepreneurship (CIE) offers free co-curricular learning opportunities and has won 11 international awards since 2020. It provides programmes like Velocity and facilities at its innovation hubs and makerspaces.

Preparing you for the future

Gain a world-class education at New Zealand's top university and develop the expertise and credentials that are highly valued by global employers.

Comprehensive career support for every student

UoA's award-winning Career Development and Employability Services (CDES) offers personalised support and practical resources — free for all students, including three years after graduation. Two dedicated International Career Consultants are also available to provide international students with tailored advice and opportunities.

cdes.auckland.ac.nz

Build connections with employers

Gain real-world experience through internships, work placements, and exchange opportunities with leading companies in New Zealand and abroad — available through your faculty and some courses. The connections you make can be a major boost to your future career.

Industry-ready learning environments

Learn in spaces that mirror real workplaces. Many faculties offer simulation labs and studios equipped with the same technology used in industry, preparing you for the fast-changing, digital-first job market.

Innovation and entrepreneurship

The Centre for Innovation and Entrepreneurship (CIE) empowers students from all faculties to turn big ideas into impactful ventures. Through free workshops, mentorship, and startup support, you'll have the chance to create meaningful change and explore entrepreneurial pathways.

Degree options

Transition to the University

The University of Auckland offers a wide range of undergraduate courses for you to choose from for your packaged offer. Our Learner Success Team is available to offer their expertise if you want to learn more about your chosen undergraduate degree.

There will be regular opportunities for you to get a glimpse of

university life through campus tours. You will also hear from staff, current students and alumni of the University so you get early insights into your faculty and degree options.

Towards the end of your Foundation course, there will be a transition session conducted by the International College and university. The session will cover the next steps you should take to accept your degree offer, and advice to stay on track with your progression plan to the University.

Your career path starts from here

Jeff

“My name is Jeff. In 2001, I came to New Zealand, confused and unsure after struggling with unbalanced academic performance in China. The small class sizes in the Foundation Programme here made me feel truly seen and supported for the first time. A trip to Waiheke Island, organised by our English teacher, showed me the warmth and kindness of life in a foreign land. After entering the University of Auckland, I made a bold decision to cut off the credit card my family had given me. To pursue the subject I truly loved, I supported myself through part-time work and transferred into a statistics major. It was a turning point in my life.

From Air New Zealand to Vodafone, and now as an Associate Director at KPMG, every step of my journey has affirmed the choices I made back then. Studying abroad didn’t just earn me a degree—it taught me the most valuable lesson: to understand myself and take control of my life.”

Shaun

“In 2019, I came to New Zealand at the suggestion of my family and began my foundation studies online during the pandemic. Professor Mark’s passion for teaching became an academic role model for me and strengthened my resolve to pursue a career in medicine. With straight A’s throughout my three years of Biomedical Science, I finally earned a place at the highly competitive University of Auckland Medical School.

Now in my final year of clinical medicine, I’m working towards my goal of becoming a neurosurgeon. This journey abroad has not only taught me how to live independently, but also deepened my understanding of my parents’ sacrifices. From a teenager once reliant on family care to a future doctor patients can rely on, New Zealand has witnessed my transformation and growth.”

*There is no direct entry into Bachelor of Medicine and Bachelor of Surgery. First year applicants should complete Bachelor of Health Sciences (BHSc) or the Bachelor of Science (BSc) Biomedical Science.

Ziyue

“My name is Ziyue, and I’m from China. After completing the college entrance exam in 2019, I came to New Zealand to study Foundation Studies at the University of Auckland International College.

In 2021, I started my Business degree at the University of Auckland. By carefully planning my summer courses, I graduated early with a GPA of 6.6 and received master’s offers from several top universities. Eventually, I chose the Master of Finance and Management at the Australian National University.

In 2025, I became a management trainee at Jiangsu Rural Commercial Bank. This journey—from Anhui to the Southern Hemisphere—transformed me from a girl who once relied on her parents into a confident and independent professional. Studying abroad taught me resilience and broadened my view. Although I chose to return to China for my career, this overseas experience will always be a valuable part of my life.”

Vivi

“My name is Vivi, and I’m from China. In 2011, after an unsatisfactory result in China’s college entrance exam, I came to New Zealand to continue my studies. The Foundation Studies at UoA International College helped me transition academically, live independently, and build lifelong friendships.

In 2012, I began studying Accounting and Finance at the University of Auckland. The new learning environment helped me develop strong self-management skills. After graduating in 2015, I joined Avis Budget Group as a Financial Analyst, where I gained valuable professional experience. In 2018, I moved to Spark New Zealand, where I currently serve as a Finance Lead, steadily progressing toward my career goals.

I’m deeply grateful for my parents’ support—and to the version of myself who never gave up. Every effort made along the way has helped light the path forward.”

Welcome

to the University of Auckland International College,
your **guaranteed pathway** to New Zealand's **No.1** university

The University of Auckland is all about providing quality educational opportunities to help students tackle future problems – and the University of Auckland International College is no different. Our three programmes (Standard Foundation, Fast-Track, and Accelerate) are tailor-made to meet students where they are at and to provide them with the tools to be successful in their programmes both at UoAIC and at UoA, and into the future.

Year after year, our highly qualified, creative and caring teachers provide excellent learning opportunities to students both onshore and offshore, and students who work hard and seize these opportunities reap the benefit of being admitted into New Zealand's top university. I am incredibly proud of what we have achieved – and the best is yet to come.

JULIAN LATIMER
Principal,
University of Auckland
International College

Hear from
our Principal

University of Auckland International College*

*The enrolment in the University of Auckland Certificate in Foundation Studies is with the University of Auckland. This programme is delivered by UP International College New Zealand. University of Auckland International College is the trading name of UP International College New Zealand.

Official Pathway to the University of Auckland

As the University of Auckland's only officially authorised international college in New Zealand, the University of Auckland International College delivers the Foundation Studies Programme exclusively to international students in Auckland.

Our enduring partnership is one of the longest of its kind in New Zealand and globally. By 2025, more than 20,000 students from over 60 countries will have progressed to undergraduate study at the University through our support.

Programme delivery

The University of Auckland Foundation Studies Programme is jointly developed by University of Auckland International College and the University's academic board, and is overseen by first-year course coordinators to ensure full alignment with undergraduate study.

*UoAIC students
consistently
perform at a higher
level than domestic
students at UoA in
their first year.*

In class, your teachers will guide you through course materials, using university teaching methods, including lecturing, collaborative activities, and engaging digital tool, and the development of essential academic English skills.

Outside of these lessons, you will be given clear instructions to guide you through flexible learning activities. These activities involve a combination of digital tools and other resources to deepen your learning – whenever and wherever you want to learn. You will watch interactive videos, complete online quizzes, read digital texts and more. Your progress will be monitored and you will receive personalised feedback based on your understanding and performance.

Endorsement from New Zealand Government

The University of Auckland Certificate in Foundation studies, delivered by the University of Auckland International College, is proudly a Licensee of the FernMark Licence Programme, a country of origin trademark programme endorsed and recognised by the New Zealand Government.

It's a symbol people recognise and trust - a trademark that embodies our values of kaitiaki, integrity, ingenuity - the values of our New Zealand Story.

Pathway to the University of Auckland and beyond

Progress straight to university

Upon successful completion of your programme, you are guaranteed entry to your packaged degree at the University with no further English language evidence required.

University-level education from day one

Our programmes include the latest content from courses at the University of Auckland, providing you with a university-level education to prepare you for your studies.

Improve your English before university

Develop your academic reading, writing, speaking, and thinking skills while improving your pronunciation and critical thinking. With enhanced English and learning skills, you will be well-prepared to continue your education at the university.

Global classrooms

Every year, hundreds of students from countries including China, South Korea, Singapore, Hong Kong, Malaysia, India, Vietnam, Indonesia, Japan, and more progress to the University of Auckland. The preparation received at the College has been crucial to their successful transition to university study.

Genuine support

Our students thrive in the supportive environment we offer. From academic matters to personal concerns, our academic staff and Learner Success Team are dedicated to providing comprehensive support and resources.

Prepare for the next step

Our Learner Success Team offers valuable course and progression advice. It's not just about achieving good grades; it's also about receiving the best guidance to help you prepare for the future.

Expand your professional network

In addition to making friends with fellow students, you'll expand your network to include UoAIC alumni around the world in more than 60 countries.

90%
Student satisfaction rate

Hear from Vasso Koutsos

"I certainly know from speaking with the UoAIC team and some of my colleagues that UoAIC students who pathway into our undergraduate programmes are really set up to succeed. They understand the environment they're learning in and are academically prepared, setting them up for success. We see that they are high performers, doing very well across a number of different faculties and academic programmes."

VASSO KOUTSOS
Deputy Director International Marketing and Recruitment
University of Auckland

It can be a big adjustment entering New Zealand's largest, most comprehensive, and highest-ranked university. UoAIC provides a strong foundation that supports students both academically and in life overall."

"Engineering is challenging, but the support system here is excellent, and there are great job opportunities after graduation. The faculty also provides internships, which give you valuable hands-on experience before you even graduate."

Siya from China

Semester 2, 2025

The University of Auckland Certificate in Foundation Studies*

Who is this programme for?

Students who are currently studying at New Zealand secondary school Year 12 (NCEA Level 2), or

- Grade 11/12 (Asia), or
- Second/third year of senior high school, or equivalent

For students who do not meet the requirements above, there is a Foundation Connect option. Refer to the page 32.

Prepare to study at university

- Study the academic subjects you need for your degree programme, in English
- Upskill in academic English
 - Understand lectures clearly
 - Write stronger essays
 - Read written content more effectively
 - Take useful notes
 - Improve pronunciation and confidence when speaking/presenting
- Develop critical thinking skills
- Learn independent study skills

Subjects

- Core
 - English for Academic Purposes (EAP)
- Elective (Choose four)
 - Accounting
 - Art History
 - Biology
 - Chemistry
 - Design
 - Economics
 - Geography
 - Physics
 - Mathematics – Calculus
 - Mathematics – Modelling
 - Statistics
 - Communications

Note: Subject availability is dependent on the intake.

Assessment method

- 30-50% final examinations + 50-70% internal assessment
- Pass mark for elective courses is 50%

Our courses often include a variety of university assessment modes, including:

- Digital assessments
- Collaborative assessments
- Research-based assessments
- Practical assessments
- Assessments that include a presentation (e.g. face-to-face, video)
- Assessments that give students choices
- Process assessments that are larger, spread over a longer time, and allow for drafting/checking in throughout

Enrol in a Foundation Studies programme and receive:

1. An offer of place for the Foundation Studies programme
2. A conditional offer of place for an undergraduate degree programme at the University of Auckland

To enter a University of Auckland undergraduate programme

- Complete the Foundation Studies programme successfully.
- Score the required aggregate mark set by the faculty of your degree choice across four academic subjects in Foundation Studies. See page 30 for more details.
- Achieve a minimum English (EAP) score of 65% (B- grade), or 50% (C- grade) in EAP with IELTS 6.0 overall and no bands below 5.5 (or equivalent).

*The University of Auckland Certificate in Foundation Studies (Level 3) is delivered by UP International College New Zealand Limited trading as University of Auckland International College on behalf of the University of Auckland.

GPA calculation method

The following table explains aggregate mark conversions:

% Score	Letter Grade	Grade Point
0 – 49.5	F	N/A
49.5 – 54.5	C-	1
54.5 – 59.5	C	2
59.5 – 64.5	C+	3
64.5 – 69.5	B-	4
69.5 – 74.5	B	5
74.5 – 79.5	B+	6
79.5 – 84.5	A-	7
84.5 – 89.5	A	8
89.5 – 100	A+	9

Example

Student X obtains the following results (Points) in her subjects. These are then converted to a Letter Grade at the end of the course, which is then turned into Grade Points, and then a Grade Point Average by University of Auckland.

Subject	% Score	Letter Grade	Grade Point
Statistics	62.3	C+	3
Geography	51.6	C-	1
Accounting	77.0	B+	6
Chemistry	79.5	A-	7

Student X's GPA is $\frac{3+1+6+7}{4} = 4.25 = \mathbf{4.3}$

So Student X would be able to enter a Bachelor of Arts (assuming that she also met the literacy requirements).

4.5

	Conjoint Degrees (with Engineering)	6.0	Must meet minimum English requirements for both degrees.	Dependent on faculty	See the additional requirements listed for both degree programmes.	5+ ¹¹

To be awarded the University of Auckland Certificate in Foundation Studies, students must pass a minimum of four academic subjects and achieve 65% (B- grade) or higher in EAP or 50% in EAP with an IELTS overall score of 6.0 and no bands below 5.5.

Entry to a University of Auckland Bachelor's degree requires completion of the University of Auckland Certificate in Foundation Studies and the required minimum GPA and EAP score as listed above.

NOTES:

- 1. GPA includes all subjects taken except English (EAP).
- 2. If 65% (B- grade) in EAP is not achieved an acceptable alternative is 50% in EAP with a valid IELTS overall score of 6.0 and no bands below 5.5.
- 3. If 70% (B grade) in EAP is not achieved an acceptable alternative is 50% in EAP with a valid IELTS overall score of 6.5 and no bands below 6.0.
- 4. Faculties with programmes that specify 'Selection' have additional entry requirements such as a portfolio or interview, and entry is subject to faculty approval. The scores listed are alone not sufficient for entry.
- 5. The July intake is only available for students enrolling in the Primary specialisation at the City Campus.
- 6. A minimum of one of the following science subjects is required to be passed: Biology, Calculus, Chemistry, Geography, Physics,Modelling and Statistics.
- 7. One-year BSc (Biomedical Science) or BHSc, plus five additional years in the MBChB programme if admission is gained.
- 8. One-year BSc, plus four additional years in the BOptom or programme if admission is gained.
- 9. One-year BSc or BHSc, plus three additional years in the BPharm programme if admission is gained.
- 10. One-year BSc plus three additional years in the BMedImag (Hons) programme if admission is gained.
- 11. Duration of conjoint programmes varies.

The above information is correct as of September 2024 and is subject to change.

Learn more about degree progression requirements

Foundation Connect

Delivered by UP Education, Foundation Connect provides a comprehensive, English-rich curriculum to prepare students for The University of Auckland Certificate in Foundation Studies (level 3). This six-month programme allows students to develop their English skills and confidence, and to apply these English skills in an academic setting. Foundation Connect includes engagement in Mathematics and other academic courses to give students a broader foundation for future learning.

The programme is marketed as Foundation Connect and the programme name is registered as 'Intensive General English Course' with NZQA.

Course structure

There are two compulsory subjects (English and English for Mathematics) and two academic subjects per term. These academic subjects will be used to prepare students for their future academic studies and contextualise their academic English usage.

- English – 11 hours per week
- English for Mathematics – 3 hours per week and 1 Flexible Learning Activity (FLA)
- Academic subjects – 3 live lessons and 1 FLA - students do four academic subjects with two in the first term and two in the second term

The academic subjects available are usually:
Business, Marketing, Biochemistry and Physical Sciences

Each term:

- English - 9 live lessons per week
- Maths - 3 live lessons and 1 FLA per week
- 2 Academic subjects - 3 live lessons - 1 FLA

“Here, the University of Auckland International College is a safe and supportive place to study. The education system here is fantastic, with teachers who genuinely care about your success.”

Hannah from South Korea

Hannah's journey

Progression requirements

To accept your conditional offer for the University of Auckland Certificate in Foundation Studies, you must meet the minimum progression requirement of a **50% pass** in all subjects.

Some important notes:

In exceptional cases, students with outstanding work ethic and academic results may be considered for a fast-track program, subject to academic staff discretion.

If a student needs to re-sit subjects to meet progression grades, an individual study plan will be provided by the academic team. A student failing a Foundation Connect course more than twice cannot re-enroll.

Assessments

Foundation Connect will have a combination of internal assessments and exams with a minimum of 40% of the assessment weightings being exams.

Visas and offers

Foundation Connect students apply for their visa through UP International College. Upon completion, they receive a firm offer for the Standard-length Certificate in Foundation Studies from the University of Auckland, with a visa issued by the university.

Students can also opt for a pathway visa covering all 3 courses:

- Foundation Connect
- The University of Auckland certificate in Foundation Studies
- University of Auckland degree

Pathways Link Programme

This programme aims to equip you with essential foundational knowledge, skills, and the confidence necessary to excel in your future Foundation studies. The accelerated one-year programme will offer successful students entry into the University of Auckland Foundation Studies programmes. PLP is an innovative educational initiative designed specifically for international students aged 14-17 who have recently finished their junior high school education and aspire to study abroad.

Pathways Link is registered as 'Pathways Link - L1A and L1B (Level 1)' (Training Scheme) with NZQA.

Sample course progression

Intake/ Month	2026												2027												2028											
	J	F	M	A	M	J	J	A	S	O	N	D	J	F	M	A	M	J	J	A	S	O	N	D	J	F	M	A	M	J	J	A	S	O	N	D
Feb Intake		Pathways Link												Foundation Studies												>Degree										
Jul Intake						Pathways Link								Foundation Studies												>Degree										

Course structure

The Pathways Link Programme caters specifically to the unique needs of younger international students, providing them with a supportive and nurturing environment to excel academically and culturally.

Students will receive a broad and varied curriculum, to help them learn English, prepare for Foundation Studies, and find their preferences for degree study.

Example subjects studied are:

- PLP1A: English, Maths, Biology, Economics, Global Studies
- PLP1B: English, Maths, Physics, Business, Media Studies

There will be regular opportunities for individual and team games and sports, using different locations across Auckland. Students should bring physical education clothing and shoes.

A package offer and visa

A package offer will be issued to students, which includes the Pathways Link Programme, the University of Auckland Certificate in Foundation Studies, and the University of Auckland Bachelor's degree. Students may then apply for a pathway student visa, subject to Immigration New Zealand requirements.

Progression requirements

To accept your conditional offer for the University of Auckland Certificate in Foundation Studies, students must meet the minimum progression grades:

- English 60%
- Minimum score in all academic subjects 50%
- Pass all Learning Outcomes

Life on campus

Recreation and sports

Sport and Recreation provide a wide range of facilities and services to students. If you're keen on sport you could sign up for one of the UNIM8S Social Sports Leagues, or represent your faculty in the Interfaculty Sports Championship.

Recreation membership includes access to a wide range of group fitness classes, weights and cardio equipment. We also offer additional programmes and services such as boxfit, selfdefence, personalised programmes and much more.

Student common room

The social hub of our International College campus – gather here to watch movies, play board games, study and socialise.

Open Hours: Monday to Friday – 08.30am until 5:30pm

Library

Library serves as a dynamic academic hub, supporting students' studies and personal growth. With its extensive collection of learning resources—including textbooks and academic journals—the library provides everything needed to deepen subject knowledge and excel in research.

Students can access to modern study spaces, complete with quiet individual work areas and collaborative group zones, all equipped with high-speed Wi-Fi and computer facilities.

Clubs and societies

Joining a club is a fantastic way to make friends at the university. Participate in activities and learn things outside of the lecture theatre, making your student experience richer and more rewarding. Keen on kayaking? Delight in desserts? Focused on photography? There are more than 200 clubs at the University of Auckland – make sure you check them out at the Clubs Expo held during Orientation Week.

auckland.ac.nz/clubs

Cafeteria

Here is your go-to energy hub between classes. More than just a dining space, our cafeteria serves as a lively social spot where friendships are forged. From barista-made coffee to keep you alert during study sessions, to wholesome sandwiches and hot lunches that fuel your academic journey, we offer a variety of affordable, quality options for every taste.

Music room

Music room offers a creative sanctuary for students to explore their passion for music—whether through individual practice, collaborative jams, or official club rehearsals.

Fully equipped with professional instruments and sound systems, the space welcomes musicians of all levels.

“One of the best parts of studying architecture at the University of Auckland was access to incredible facilities, like the design workshops and digital studios. The creative environment at the university was also inspiring, allowing me to network with other students and professionals from various fields.

*Please note that this table is only applicable to Homestay prices. Costs can vary depending on lifestyle, accommodation, and hobbies and interests. However, for a reasonable standard of living, the estimated living cost per year is \$20,000 to \$27,000 NZD.

Additional Costs

- Flights to and from New Zealand
- Tuition fees
- Clothes

Student support

Getting started

Pre-arrival workshop

This Online Workshop is designed to help you feel confident and well-prepared before you begin your study journey in New Zealand. It covers everything from what to pack to the different accommodation options available, an overview of your academic journey, and the support services you can access throughout your studies.

Airport pick-up service

To help you arrive in New Zealand smoothly, we offer a convenient airport pickup service. A dedicated driver will meet you at Auckland Airport and take you to your accommodation. This service is especially recommended for first-time travellers to New Zealand.

Download Pre-Arrival Information Sheet

Medical and travel insurance

The Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021 requires all international students studying in New Zealand to have appropriate health and travel insurance during their period of study.

Allianz Partners is our preferred insurance provider. Enrolled international students will be charged Allianz's Studentsafe Inbound University insurance premium when enrolment is completed. You must pay this fee unless the University approves the use of an alternative insurance provider.

You must have approved insurance for the duration of your study and covering the duration of their visa or until they depart New Zealand, whichever comes first.

Note: Your University of Auckland student ID number is also your insurance policy number. You are not automatically covered for pre-existing medical conditions. However, cover can be arranged in certain circumstances on application to Allianz before your programme starts.

Settling in

Orientation

Orientation week is the perfect introduction to the University of Auckland International College. It is a chance for you to meet other students and be introduced to the College Principal and other staff.

You will complete your subject selection. You will also have a tour of the University of Auckland and meet some UoA staff.

Watch what happens during orientation

Accommodation

Homestay

If you are under 18, it is mandatory that you reserve your accommodation through the International College. This option is available to students over 18 as well.

Homestay accommodation includes a room for you with a bed, desk, adequate heating and internet access. All meals are included for full-board Homestay option.

- A 24/7 number is provided in case of emergency
- All accommodation is thoroughly checked – each homestay family is interviewed and the home inspected before a student is placed.
- All homestay providers sign a contract agreeing to specific rules and standards and undergo a vetting procedure by New Zealand Police.
- All students under 18 are visited in their accommodation by our accommodation agency quarterly until students turn 18.
- UP Education will arrange payment to be made to the homestay provider.

Student apartment

Students over 18 may wish to live in private student apartment accommodation. Note this is the responsibility of the student/parent(s)/agent to arrange.

University accommodation

Students over 17 can access University accommodation while studying the Foundation course.

auckland.ac.nz/accommodation

These photos were taken at the University of Auckland accommodation halls.

Academic and wellbeing support

Visa checking and monitoring

Visa status is regularly checked and monitored to ensure students remain compliant with immigration requirements. Students will receive timely reminders when their visas are close to expiring, and assistance is provided in communicating with Immigration New Zealand if any errors are identified on the visa.

Attendance and academic progress monitoring

We regularly track each student's attendance and academic progress to ensure they are meeting programme requirements. If we notice any signs of concern—such as low attendance or declining grades—we will reach out early to offer support and help you get back on track.

One-on-one support for practical or personal challenges

You can speak with our Learner Success Coordinators in person or via email if you're facing any difficulties, such as time management, adapting to a new study system, personal issues, or balancing work and study. No matter the issue, we're here to provide practical advice or connect you with the right resources.

Mental health & wellbeing support

Your mental health matters. Adjusting to a new environment can be challenging. Our team offers regular wellbeing check-ins to ensure you're coping well both mentally and emotionally.

You can also access a wide network of external support service through our Learner Success Team.

Help is always available, and you are encouraged to reach out.

Scholarship

Scholarships designed to recognise student achievement and help ease the financial burden of study. At the University of Auckland International College, a range of scholarships is available to support students at different stages of their learning journey.

Undergraduate scholarship

Upon successful completion of the Foundation course, the University of Auckland awards **Top 25** students of each semester with a Top Achievers Award, which is a **\$20,000 NZD** scholarship on first-year tuition fees.

Foundation scholarship

High Achiever Awards are available and this will go towards the fees for the Foundation course.

Foundation Connect scholarship

Student who successfully progress from Foundation Connect programme to Standard Foundation programme will be awarded a scholarship if they achieve top results. The scholarship will be awarded depending on their final grades.

Pathways Link scholarship

The scholarship is available for the students who apply and are accepted into the University of Auckland Pathways Link programme in 2026.

Upon successful progression to Foundation Studies Programme, there will be scholarships available.

Please note: All scholarships are only applicable to students who pay international fees.

^Teachers’ comments and attendance rate are considered to determine entry. An interview may be applicable if previously study in New Zealand.
*Note that GPA will be based on the average of all subjects for the study period of high school.
**Students who apply for the July intake can do so with the first half of Senior 2 but must continue their study in Term 2. The Admissions Team will request for the final report when it is available.
This information is to be used as a guide only to determine entrance. UP Education reserves the right to change the requirements at any time without prior notice.

English language requirements

Programme option	IELTS
Accelerated	6.0 and no band less than 5.5
Fast-track	5.5 and no band less than 5.0 (preferred overall score: 6.0)
Standard	5.0 and no band less than 4.5
Foundation Connect	4.5 and no band less than 4.0
Pathways Link Programme	4.5 and no band less than 4.0

Admissions reserve the right to request the student to re-sit a particular section if the subscore is deemed too low.

All students need to provide evidence of their English proficiency upon application.

- If you are an international applicant and your first language is not English, you will need to provide satisfactory evidence of your English proficiency.
- English is considered the first language of citizens of Canada, Ireland, Singapore, the United Kingdom and the United States of America.
- If you are a domestic applicant and your first language is not English, you will be asked to provide evidence of your competence in written and spoken English.

UP English Language Test (UPELT)

Learn more about UPELT

The UP English Language Test (UPELT) has been developed to provide prospective students with an opportunity to quickly obtain an English language score prior to enrolment into a programme of their choice.

The test is facilitated online by highly qualified and experienced staff. It consists of computer-based, hand-written, and examiner-led tasks. Test description and instructions for test preparation are made available to all prospective candidates in advance, and a practice test is provided. Measures are taken to ensure the integrity of the test.

The UPELT is facilitated every Wednesday afternoon (12pm NZ Standard Time). Bookings can be arranged through the UP Admissions Team, admissions@up.education.

UP English Lanaguage Test Summary

Part	Tasks	Time (Online)
Reading	3 short passages (approx. 300-400 words each) from: • a textbook chapter or report • an academic article or essay • an academic abstract	45 minutes
Listening	2 tracks: • a conversation in an academic setting • a part of a lecture	20 minutes (Plus time to record answers)
Writing	1 essay, 220-250 words • problem and solution • cause and effect • advantage and disadvantages • compare and contrast	40 minutes (Plus time to upload the essay)
Speaking	2 tasks led by an examiner: • a conversation on familiar topics • a discussion of a topical issue	10 minutes (Plus time for preparation)

One day before the test, candidates will be sent:

- information about the UPELT and technical requirements
- the test security procedure
- instructions on how to set up the room and desk for the test
- demonstration of how to use two devices with cameras during the test
- login instructions
- a practice test
- a Microsoft Teams link for joining the test

How to apply

Visit Enroller, our online enrolment portal, where you will be able to set up your account and manage the entire enrolment process from application through to arrival.

> www.internationalcollege.ac.nz/enroller

Apply now

Step 1. Application

Create a secure account and complete the application form with the guidance of a step-by-step process. Ensure that you have the following documents ready to be uploaded:

- Certified copy of your passport*
- Copy of your most recent school reports or other qualifications
- Evidence of achieving the minimum English proficiency requirement

**Your identity document will have to be certified or verified by an approved person before you can submit it online.*
For more information go to:
auckland.ac.nz/en/study/applications-and-admissions/how-to-apply/supporting-documents/certifying-copies-of-your-documents-for-admissions.html

Step 2. Accept the Offer

Once your application has been received and assessed, you will:

- Receive an offer letter for the Foundation programme
- Be able to review and update the required documents up until accepting the offer
- Once conditions of entry have been met, you will receive:
 - An unconditional offer letter for the Foundation programme
 - A conditional offer for your degree
 - Details on how to create your student account with the University

Step 3. Payment

- Sign into Student Services Online. Click on the 'Fees and Payments' icon to open the 'Account Summary' page.
- Click 'Pay by Flywire -International' tab and enter the Total amount, on the Fees Estimate of your offer letter, in the Payment Amount (NZ Dollars) field, you may need to 'Unblock your Pop-ups' in order to 'Transfer to pay by Flywire' so that Flywire site can open in a new window.
- Click the 'Transfer to pay by Flywire' icon and follow the on-screen instructions to complete your payment. You can visit Flywire fees payment method for international students for more information. At the same time as you receive your unconditional (firm) offer from the University, you will also receive an invoice and payment instructions for the UP Education Enrolment fee.
- You should also pay the relevant Enrolment fee to UP Education directly through Flywire. Please go to upic.flywire.com. If you need help with your payment, go to flywire.com/support. The fees to pay UP Education directly will be: Enrolment fee/Airport Pick Up Fee (if applicable)/ Accommodation fees (if applicable).

Step 4. Visa Application

Apply for your student visa online at immigration.govt.nz/new-zealand-visas/apply-for-a-visa

Step 5. Enrolment

Once your payment is received, you will receive an email from admissions@up.education with your confirmation letter.

Please pay attention on your email inbox, including spam and trash box for emails from adminservices@up.education, they include important information such as orientation schedules, subject selection link and deadline. Read the emails carefully and reply to their emails with requested information to complete your enrolment process.

If you have any questions about the application process, contact the Admission Team at admissions@up.education

Meet our student ambassadors

Real advice, real stories, from real students.

Our ambassadors are current UoAIC Foundation students or graduates now studying at the University of Auckland — in Engineering, Architecture, Business, and more.

Chat with us

Ask anything about life at UoAIC — courses, accommodation, study tips, or making friends.

Watch student life

Follow their everyday journey through videos, photos, and stories.

The Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021

The University of Auckland Certificate in Foundation Studies is delivered by UP Education on behalf of the University of Auckland under the brand name University of Auckland International College.

UP Education, and its schools, is a signatory to The Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021. Published by the New Zealand Ministry of Education and administered by the New Zealand Qualifications Authority (NZQA), the Code is designed to ensure international students are well informed,

safe and properly cared for. Visit: nzqa.govt.nz/the-code

UP Education partners with leading universities in New Zealand and Australia to provide learning pathways to international students, equipping them with the knowledge, skills and confidence to excel at English-language universities.

Every effort was made to present accurate information in this publication at the time of printing. (19 September 2025)

UP Education reserves the right to change information without notice where this is considered necessary or desirable.
