PhD Study

Pursue your PhD at the University of Auckland and pay the same tuition fees as New Zealand doctoral candidates – just NZ\$8,847.60¹ or around US\$5,200².

Find a research supervisor

Discover a wide variety of research opportunities in over 100 subjects across all our faculties, large-scale research institutes, and research centres. Find a supervisor to match your research focus by exploring auckland.ac.nz/profiles and auckland.ac.nz/findasupervisor.

Scholarships

Scholarship options are available for international PhD candidates, including country-specific funding provided by your home government. The University of Auckland Doctoral Scholarships (UoADS) are also an option for all applicants. These are highly competitive and only available as part of the admission process.

auckland.ac.nz/phd-scholarships

How to apply

Step 1. Check your eligibility

- › auckland.ac.nz/doctoralentry

Step 2. Choose your area of interest

Decide on your potential research topic, then check our active research in that area by exploring:

- › **Find a supervisor:** profiles.auckland.ac.nz
- › Faculty and department websites

Step 3. Check application closing dates

- › You can submit an Application for Admission at any time.
- › To be considered for the University of Auckland Doctoral Scholarship (UoADS), note that there are several closing dates for applications. See auckland.ac.nz/phd-scholarships

Step 4. Prepare your documentation

You will need electronic copies of:

- › Undergraduate and Postgraduate academic transcripts
- › Initial Statement of Research Intent
- › Curriculum vitae (résumé)
- › English language test results
- › Evidence of your prior research experience: thesis/dissertation and/or publications

Step 5. Apply online

auckland.ac.nz/doctoralapplications

You will receive an acknowledgment email with your Application for Admission login details. You can use these details to keep track of your application status.

Note: in your online application you will be asked to nominate your proposed main supervisor. You should already have been in contact with this person and secured their agreement that you can name them in your application. If you do not name a proposed main supervisor your application process will take longer.

The support of a supervisor does not guarantee you a place in our programme. The University's Graduate Research Committee makes the final decision regarding all PhD admissions.

1. The 2027 tuition fee had not been set at the time of publication. To be eligible for the domestic fee, you must reside in New Zealand for the duration of your PhD programme. However, you may undertake research activities and conferences overseas during your doctoral programme (for a cumulative total of no more than 12 months).

2. July 2026

Programme Entry Requirements

Our programmes have different entry and English language requirements.

You can find out more on the programme pages online.

auckland.ac.nz/programmes

You can see more about requirements online for different study levels.

Calculate your GPE

Grades or marks achieved at the University of Auckland are calculated as a Grade Point Average (GPA). Grades or marks achieved through prior study at other institutions are converted into a Grade Point Equivalent (GPE) at the University of Auckland.

To convert your grades into a GPE, use our GPE Calculator:*

auckland.ac.nz/gpe-calculator

**The online calculator provides an indicative guide only and does not guarantee admission to the University.*

English language proficiency

The table below shows the minimum scores for admission to the University. However, some of our undergraduate and postgraduate programmes have higher requirements.

Pathways

University of Auckland International College

A foundation programme is a great alternative pathway to a bachelors degree – for students who don't meet direct entry requirements, want to start university early, or prefer a smoother transition from high school.

Students who meet the required standards are guaranteed entry into University of Auckland bachelors degrees. Outstanding students are eligible for scholarships.

As a foundation programme student, you will have access to the same services as an undergraduate student. You'll benefit from

comprehensive academic support, including small class sizes and dedicated tutorials.

We offer flexible study durations from 6 to 12 months to accommodate different English proficiency levels.

English Language Academy

If you have not yet met the English language requirements for the University of Auckland, the English Language Academy (ELA) offers programmes that can help you achieve your language goals. We are also an accredited PTE Academic testing centre.

ELA pathway programmes are for conditional offer holders and are designed to help you prepare for university studies. If you achieve the required grade, you will meet the University's English language requirements and will not be required to take IELTS or any similar test.

Our courses range from 10 to 30 weeks, depending on your current level of English.
