

Queen's University - Arts and Science Exchange Fact Sheet

Canada's Definitive Student Experience

Founded in 1841, Queen's University is one of Canada's leading universities. Based in Kingston, Ontario, Queen's is a member of the prestigious U15 group of research-intensive universities and holds an international reputation for the outstanding academic quality of its faculty and students. In 2023 Queen's placed **#1 in North America** and **#3 in the world** in the *Times Higher Education* Impact Rankings.

Situated on the shore of Lake Ontario, Kingston provides the perfect place to call home, while still being within easy reach of Toronto and Montreal - two of Canada's largest cities.

Our campus-based university and large number of student clubs contribute to a warm and welcoming atmosphere, making it easy to get involved, make friends and become part of the Queen's community.

Queen's University is situated on the territory of the Haudenosaunee and Anishinaabek.

Kingston, Ontario

Founded in 1673 on a First Nation site called Katarokwi, the settlement was eventually referred to as "the King's Town" in honour of King George III, with the name shortening to "Kingston" by 1788. Kingston is also nicknamed the "Limestone City" because of the many historic buildings built with local limestone.

Kingston was chosen as the first capital of Canada on February 15, 1841, and served in that role until 1844. Kingston was also the home of Canada's first Prime Minister, Sir John A. Macdonald.

There are 21 National Historic Sites of Canada located in Kingston, and in 2007, the Rideau Canal, along with the fortifications at Kingston, was designated a UNESCO World Heritage Site.

Anywhere you go in downtown Kingston – and on campus – you're only minutes from the waterfront. Equally close to campus (about a 10-minute walk), is Kingston's bustling downtown, which is home to many unique-to-Kingston shops, big brands you'll recognize, and some of the best restaurants in Canada.

Add to this Kingston's many community events and friendly, charming vibe and it's easy to see why the BBC named Kingston one of the top five university towns in the world!

Eligibility and Application Instructions

Partner exchange offices will be emailed the link to the Queen's website to nominate their students for the exchange program.

After receiving the nomination, the Queen's Admissions Office will contact the student at their home university email address, provided in the nomination, to direct the student to the Queen's exchange online application.

Please note, application instructions will not be emailed to external addresses (e.g., Gmail).

Orientation and Student Life

At Queen's we want to make sure that you are well-supported and so we offer 3 orientations!

International Programs Office (IPO)

The IPO offers an academic orientation session at the start of each term for incoming Arts and Science exchange students. The session provides information about academic programs in the Faculty of Arts and Science, course registration, the academic culture at Queen's, opportunities outside of the classroom at Queen's, and services available to students.

Queen's University International Centre (QUIC)

QUIC runs an orientation session that covers students' rights and responsibilities, opportunities to make the most of their time at Queen's, the numerous student services available to make their sojourn successful, as well as travelling in Canada and the United States. Find more information about the QUIC International Student Orientation².

²<http://quic.queensu.ca/arrival/orientation/>

The Arts and Science Undergraduate Society (ASUS)

ASUS, the student government representing Arts and Science students at Queen's, runs the Exchange Buddies Program, which groups incoming exchange students with upper-year Arts and Science students. Incoming exchange students will receive an invitation to join the ASUS Exchange Buddies program once they have confirmed their acceptance to attend Queen's.

NEWTS Orientation

NEWTS (New, Exchange, Worldly & Transfer Students) Orientation is a student-run program run by The Alma Mater Society (AMS). Each year in September, NEWTS Orientation welcomes upper-year international students, exchange students, students from other universities, and students who have spent their first year at Bader College to Queen's University. **You can find more information about NEWTS Orientation here³.**

Student Clubs

At Queen's University, a vibrant community awaits, catering to diverse interests through over 250 student clubs. Affiliated with both The Alma Mater Society (AMS) these clubs provide an excellent opportunity for you to connect with fellow students and build a sense of community throughout your time at Queen's. Examples of the active clubs at Queen's include: ACSA – African and Caribbean Students' Association, Queen's Film Appreciation Club, and Queen's Feminist Collective. View the clubs directory.⁴

Academic Information

Language of Instruction

- All courses at Queen's are taught in English.

Course Load

- Exchange students are recommended to take a minimum of 12.0 units and a maximum of 15.0 units per term; 24.0 units to maximum of 30.0 units for the full year. Please note that 12.0-15.0 units typically represent 4-5 courses per semester. Full-year students take a maximum of 15.0 units per semester.

Course Weight

- Full-year 6.0 unit courses extend throughout the Fall-Winter session. 3.0 unit courses are offered within the Fall or Winter terms. A 6.0 unit course normally involves 220-260 hours of learning hours (laboratories and tutorials may also be required); a 3.0 unit course involves 110-130 hours of learning hours.

Course Types

- L= Lecture; S = Seminar; T = Tutorial; P = Practical (e.g. laboratory, workshop, studio)

Grading

- Queen's has a letter-based grading system and a 4.3 scale grade point average (GPA), ranging from 4.3 (A+) to 0.0 (F). For more details about Faculty of Arts & Science Policy on Grading, click [here](#)⁵.

Course Choices

- Arts and Science courses are open to exchange students provided that they have the appropriate prerequisite courses. Students may have the option to take courses from another Faculty; however, the majority of courses must be at the undergraduate level in the Faculty of Arts and Science. Students are permitted to enroll in only select courses offered by the Faculty of Law, Smith School of Business, Smith Engineering, and the Faculty of Health Sciences.
- **Please note: Enrolment in courses is not guaranteed.** The International Programs Office will contact fall, full-year, and early-nominated winter students in June to request their course selections, and only after the academic offerings for the next year have been confirmed. The IPO will contact all winter term students in November regarding course enrollment for their exchange.
- Please note, the following subjects are currently in high demand in the Faculty of Arts and Science at Queen's and courses have limited spaces:
 - Computing
 - Drama and Music
 - Economics
 - Film and Media
 - Kinesiology
 - Life Sciences
 - Political Studies
 - Psychology
 - While every effort is made to place students in the courses requested, it is not always possible to fulfill all requests. **To maximize entry to courses, partners should continue to select students who may have greater flexibility in their academic program while on exchange.** Students are encouraged to explore all options in the creative arts, humanities, life and physical sciences, languages, and the social sciences when selecting courses.

Examinations

- Requirements vary for each course. An extra half hour during final examinations is available to exchange students whose first language is not English.

⁵http://www.queensu.ca/artsci/sites/faswww/files/policy_on_grading.pdf

- Students are encouraged to delay booking their return travel tickets until the final examination schedules are posted. The fall term examination schedule is typically released mid-October. The winter term examination schedule is typically released mid-February.

Transcripts

- At the end of a student's exchange and after all final grades are released, they will receive one transcript free of charge sent via FedEx to their home university.
- This transcript cannot be released directly to students nor be sent digitally.
- Please note that transcripts will not be released if students have any charges (\$) owing on their account (UHIP, etc).

OnQ Exchange Course

- OnQ is a Learning Management System used at Queen's across all faculties to deliver course content. All exchange students will be enrolled in a special OnQ course where they will be able to access all relevant information related to their exchange including academic services, support services, course enrollment, housing tips, and many other resources. It is crucial that students access this course frequently throughout the duration of their time at Queen's to ensure a successful and informed exchange.

Accommodation Options

On Campus

Unfortunately, in the 2024-2025 academic year, there will be no spaces available in on-campus residences for incoming exchange students. Students are encouraged to look for off-campus housing using the resources below.

Off-Campus

Many exchange students elect to live off-campus. The Queen's University International Centre provides resources to assist students to locating housing. See the QUIC's Housing Search page⁸ for more details.

Finding living arrangements in Kingston can be a challenge – especially in the Fall term. We recommend students should come to Kingston at least one week in advance to find adequate accommodation.

⁷<https://www.queensu.ca/jpo/incoming-exchange/academics#join>

⁸<https://quic.queensu.ca/living-in-kingston/housing/>

We recommend that you do not sign a lease or send rent money to a landlord before you arrive in Kingston.

For more information about off-campus living, you can contact our Off-Campus Living Advisor⁹.

Permits and Visas

Study Permit

The International Programs Office is unable to advise on study permits and visas.

Study Permit and Visa Requirements can change frequently. Contact the International Student Advisors at the Queen's University International Centre (QUIC) for more information at isa@queensu.ca¹⁰.

Entry Visa

Citizens of certain countries and territories will require either a Visa or an Electronic Travel Authorization (eTA) to visit Canada.

Visit the Government of Canada's "Find Out If You Need A Visa¹¹" page for more information.

Questions?

- The Queen's University International Centre (QUIC) has created a Permits and Visas Information Page¹² and a Frequently Asked Questions Page¹³ for international students.
- If you have questions about applying for your study permit/work permit you can contact one of the QUIC International Student Advisors. The ISAs are Regulated International Student Immigration Advisors, and can advise on study permits and other immigration matters as it relates to student status, however they are not able to complete applications for students.

Living Costs and Health Insurance

The Office of the University Registrar provides a list of estimated living and educational expenses²¹ on their website. All costs are in Canadian Dollars (CAD\$). Please note the expenses quoted are a guide only. They will vary depending on location, lifestyle and personal choices.

You can also find out more about costs and budgeting on our website²².

Health Insurance

Please note that all exchange students will be automatically enrolled in the mandatory University Health Insurance Plan (UHIP). See the UHIP website²³ for more information. Failure to pay this fee will result in your final transcript being withheld at the end of your exchange.

Student Services

Student Card

Exchange students receive a Queen's student card and have the same rights and privileges using this card as a full-time, domestic Queen's student. This includes access to the facilities listed above and access to the Kingston Transit system²⁴.
