

Hiway Prize in Pavement Engineering

Code: Faculty: Applicable study:	P851 Engineering and Design CIVIL 303 By pomination
Closing date: Tenure: For:	By nomination Prize
Number on offer: Offer rate: Value:	One Annually \$1,000

Description

The Prize was established in 2003 by Hiway to encourage interest in the area of pavement stabilisation, road construction, road maintenance, pavement rehabilitation and soil modification, as well as ground improvement techniques.

Selection process

- Nomination is made to the Scholarships Office
- The Prize will be awarded by the University of Auckland Council on the recommendation of the Head of the Department of Civil and Environmental Engineering (or nominee)

Regulations

- 1. The Prize will be known as the Hiway Prize in Pavement Engineering.
- 2. One Prize will be awarded annually and will be of the value of \$1,000.
- 3. The Prize will be awarded annually to the Bachelor of Engineering (Honours) student who achieved the highest grade in CIVIL 303 Transport Operations and Pavements (or its equivalent successor course). As a minimum standard the student must have achieved at least an A- grade.
- 4. The Prize will be awarded by the University of Auckland Council on the recommendation of the Head of the Department of Civil and Environmental Engineering (or nominee), after consultation with a representative of Hiway, where practicable.
- 5. In the event of a tie, the Head of the Department of Civil and Environmental Engineering (or nominee) shall determine, in consultation with Hiway, if the Prize may be shared.
- 6. The University of Auckland Council is not obliged to make an award if it is determined there is no candidate that meets the criteria and/or no candidate of sufficient merit.
- 7. The University of Auckland Council can amend or vary these regulations, in consultation with Hiway, provided there is no departure from the main purpose of the Prize.
