## Description

---

The Mathematics Education Prize was established in 2002 by the Mathematics Education Unit in the Department of Mathematics. The main purpose of the Prize is to recognise the top student at postgraduate level studying Mathematics Education in the Department of Mathematics.

## Selection process

---

- Nomination is made to the Scholarships Office

The Prize will be awarded by the University of Auckland Council upon the recommendation of the Head of the Department of Mathematics

## Regulations

---

1. The Prize will be known as the Mathematics Education Prize.
2. One Prize will be awarded annually and will be of the value of \$500.
3. The Prize will be awarded to the student who achieved the highest mark in a 700-level Mathematics Education course offered in the Department of Mathematics. As a minimum standard the student should have achieved at least an A-grade. In the event of a tie, the Prize will be awarded to the student with the highest GPA across 700-level Mathematics Education courses.
4. The Prize will be awarded by the University of Auckland Council upon the recommendation of the Head of the Department of Mathematics.
5. The Prize may not be shared.
6. The University of Auckland Council is not obliged to make an award in any year if there is no candidate of sufficient merit.
7. The University of Auckland Council has the power to amend or vary these regulations, in consultation with the Department of Mathematics, provided that there is no departure from the main purpose of the Prize.
