2. One Award will be made annually, for a period of up to one year and will be of the value of \$2,000 (see Note I).
3. The Award may be made to a full-time student enrolled in the thesis year of a Master of Science (MSc) in Environmental Science or a Master of Environmental Science (MEnvSci) in the School of Environment whose research activities in a topic in environmental science would receive the most benefit from such an Award. 4. The award is tenable by domestic and international students.
5. The basis of selection will be academic merit as assessed by the grade point average (GPA) or grade point equivalent (GPE) calculated over the most recent qualifying programme, and the quality and nature of the applicant's research proposal (see Note II).
6. The Award will be made by the University of Auckland Council upon the recommendation of a Selection Committee consisting of the Head of the School of Environment (or nominee) and two members of academic staff from the School of Environment.

- IV. Recipients of a Norman Thom Award will be required to give undertakings that they will comply with the regulations for the Scholarship and will notify the Scholarships Office of any change in their enrolment or funding status.
