

Red Stag TimberLab Prize in Timber Engineering

Code:	P999
Faculty:	Engineering and Design
Applicable study:	CIVIL 750
Closing date:	By nomination
Tenure:	
For:	Prize
Number on offer:	One
Offer rate:	Annually
Value:	\$1,000

Description

The Prize was established in 2006 and is funded by Red Stag Investments

The main purpose of the Prize is to recognise excellence in the field of timber engineering.

Selection process

- Nomination is made to the Scholarships Office
- The Prize will be awarded by the University of Auckland Council on the recommendation of the Head of the Department of Civil and Environmental Engineering (or nominee)

Regulations

1. The Prize will be known as the Red Stag TimberLab Prize in Timber Technology.
2. One Prize will be awarded annually and will be of the value of \$1,000. The Prize will be accompanied by a certificate.
3. The Prize will be awarded to the full-time student who achieved the highest aggregate marks in completed coursework in CIVIL 750 Timber Engineering. As a minimum standard, the student must have achieved at least an A- grade.
4. The Prize will be awarded by the University of Auckland Council on the recommendation of the Head of the Department of Civil and Environmental Engineering (or nominee).
5. In the event of a tie, the Head of the Department of Civil and Environmental Engineering (or nominee) shall determine if Prize may be shared.
6. The University of Auckland Council is not obliged to make an award if it is determined there is no candidate that meets the criteria and/or no candidate of sufficient merit.
7. The University of Auckland Council can amend or vary these regulations provided that there is no departure from the main purpose of the Prize.
