1. The Award shall be known as the Victoria League Nursing Doctoral Fees Award.

3. a) For awardees enrolled in a PhD and awardees enrolled in a Doctor of Health Sciences (DHSc) without a compulsory part-time component, and provided the awardee continues to meet the requirements of these regulations including but not limited to eligibility to pay domestic tuition fees for the doctoral programme (see Note 1), the Award consists of i) the Student Services Fee and compulsory tuition fees for prescribed study for the doctoral programme for up to 36 months full-time equivalent (FTE), and ii) the single student Health Insurance compulsory charge (as detailed on the tuition fees invoice) for the duration of the Award for international students. Part-time students will be paid pro-rata for up to 72 months. b) For awardees enrolled in a DHSc with a compulsory part-time coursework component, and provided the awardee continues to meet the requirements of these regulations including but not limited to eligibility to pay domestic tuition fees for the programme (see Note 1), the Award consists of i) the compulsory tuition fees and the Student Services Fee for the 120 point enrolment in the coursework component of the degree, and ii) compulsory tuition fees and the Student Services Fee for up to 24 months FTE in the thesis component of the degree (part-time awardees will be paid pro-rata for up to 48 months).
4. To be eligible for Award consideration, applicants must i) have applied for admission to a PhD or Doctor of Health

The Award as detailed at Regulation 3(a) may also be awarded (pro-rated) to domestic applicants enrolled part-time in the PhD in the School of Nursing or a DHSc without a compulsory part-time component in the School of Nursing. The Award as prescribed by 3(b) may be awarded to domestic applicants for compulsory part-time enrolment in the coursework component of the DHSc and for full-time or part-time enrolment in the thesis component of the DHSc in the School of Nursing.
6. The Award is tenable by domestic students and by international students who are eligible to study under the PhD domestic tuition fees policy (see Note I).

Matters that may be considered in relation to academic merit include, but are not limited to, academic record, standing of awarding institution, academic references, CV, research and publication record. The following criterion may also inform selection: support for candidates who wish to work in i) areas of research where other sources of funding are difficult to find, and/or ii) on research projects of strategic importance to the Faculty of Medical and Health Sciences and the University's Strategic Goals.
8. These durations will be pro-rated for part-time awardees.
