Notes

- I. While there is no limit on the number of times a student may apply for this Award, it is not intended to fund a complete degree, but to provide short term relief for students experiencing financial hardship.*
- II. Financial need will be determined by a range of factors including current or past eligibility for a StudyLink Student Allowance and personal and financial circumstances. Candidates need to demonstrate that they are experiencing financial hardship and that they are struggling to meet basic living costs. Incurred debt is not evidence of financial hardship.*
- III. For the purpose of this Award, academic achievement for students enrolled in the first year of an undergraduate degree will be assessed as the Admissions grade point average (GPE). Academic achievement for students enrolled in the second year of an undergraduate degree will be assessed as the grade point average (GPA) obtained over all courses completed by the time of application. Academic achievement for students enrolled in the third or subsequent year of an undergraduate degree will be assessed as a Scholarships GPA/GPE obtained over the applicant's most recent two years of full-time graded study (or equivalent). Academic achievement for students enrolled in a postgraduate programme will be assessed as the GPA/GPE calculated over the most recent qualifying programme (see Note IV).*
- IV. The most recent qualifying programme is defined as the most recently completed programme of study that qualifies the applicant for entry to the postgraduate programme for which they are studying.*
- V. Payments under the terms of this Award remains tax-free as long as they are used directly for the payment of costs associated with an awardee's programme of study and to assist the awardee with living costs while studying. Failure to comply with this regulation will result in the termination of the award.*
- VI. Recipients of the Faculty of Engineering Student Support Award will be required to give undertakings that they will comply with the regulations for the Award and will notify the Scholarships Office of any change in their enrolment or funding status. The University of Auckland may, in the event that it can be established that a recipient of a Faculty of Engineering Student Support Award is not complying with these regulations, terminate the Award and require repayment of the funds received.*
