Ivan Reilly Prize

Description

The Ivan Reilly Prize was established in 2007 by the Department of Mathematics.

The main purpose of the Prize is to recognise the top performing student in MATHS 250 in any one year.

Selection process

- Nomination is made to the Scholarships Office
- The Prize is awarded by the University of Auckland Council on the recommendation of the Head of the Department of Mathematics

Regulations

1. The Prize will be known as the Ivan Reilly Prize.
2. One Prize will be awarded annually and will be of the value of $500.
3. The Prize will be awarded to the full-time student who achieved the highest mark in MATHS 250 Advancing Mathematics 2. As a minimum standard the student should have achieved at least an A- grade. In the event of a tie, the Prize will be awarded to the student who achieved the highest examination mark.
4. The Prize will be awarded by the University of Auckland Council upon the recommendation of the Head of the Department of Mathematics.
5. The Prize may not be shared.
6. The University of Auckland Council is not obliged to make an award in any year if there is no candidate of sufficient merit.
7. The University of Auckland Council has the power to amend or vary these regulations, in consultation with the Department of Mathematics, provided that there is no departure from the main purpose of the Prize.
