THE DAYS AND NIGHTS IN THE WOODS AND A CONSTANT SIGN OF LIFE IN THE LAND

I was very moved by the Robin when I visited the Auckland art gallery...

Sea Hawk

side view

- + New Zealand bird busting babe
- vibed exterior
- + Hawke pellet

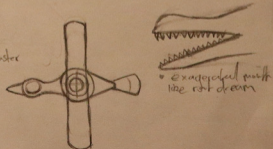

• Gothic Spire
a tesla tower
Covered in
nipples =

+ Don Sinney
sidehite
animation
(over stick Park, Telaga)

Top view

Torpedo

The bird darts around clouds, in a stratum of pure books
and tv guides (not geo Mag's) strung together by Venetian Pastor
Painted (you know that vibe). The brain slashes within a bowl literature stale.
An Avian whose heart is not a heart at all but our protagonist at the
Sacred wheel (Mad Max). Conscious like in being On kaivara. Switch keys
for arteries, Probing the philanthropist and a saint to keep.

• exaggerated mouth
like rat dream
