

2017 Metrogain Race Instructions Sheet

Please follow the below instructions when registering your mobile phone for the event and submitting a checkpoint answer.

Step 1: Prior to the race, ensure you have registered your team's phone to the live scoring system by following the instructions on the 'Live Scoring Card'.

Step 2: For each question, text the question/checkpoint number, followed by the correct multiple choice answer. For example, "52A".

Each answer must be sent in a separate text message. You are only able to change an answer once, so ensure your team is in agreement with the answer prior to sending the text message.

If an answer is unclear or missing, text the question number followed by a question mark. You will only be awarded with points for that checkpoint if more than 50% of teams submit a question mark.

Step 3: At the event finish line you will be provided with a finishing password by the attendant. This will be your last answer to submit and will confirm your finishing time.

Checkpoint values are determined by the checkpoint's number. For example, any checkpoint numbered 20-29 are worth 20 points, and checkpoints numbered 50-59 are worth 50 points etc.

You will be penalised 10 points for every part minute you are late and there are no bonuses for arriving to the finish line early, so use your race time wisely.

See over the page for your race checkpoint questions and answers.

Checkpoint Questions and Multiple Choice Answers

Checkpoint	Question	A	B	C	D
10	Number 24 Mountain Rd - '_____ House'	Country	Auckland	Regional	Brick
