

# INTERNATIONAL EDUCATION STIMULATES CREATIVITY *and* INNOVATION, *and drives our* ECONOMY

## RESEARCH *and* REPUTATION

45% (1250) of the Doctoral candidates at the University of Auckland are International students.<sup>1</sup>

On average each international PhD student produces 2.7 authored or co-authored papers, 1.1 authored or co-authored book chapters; and 3 authored or co-authored conference papers.

These students increase our research productivity, open up international research and funding opportunities and assist our academics to engage with international experts in their field. This in turn, helps support our high international rankings and reputation as the University's research profile grows around the world.

## LINKS *and* UNDERSTANDING

We welcome over

# 6,500

## International Students

to our campus each year bringing perspectives from over 110 countries to our classrooms.

## GROWTH *and* PROMOTION

Over one third of international students remain in New Zealand five years post study, while the remainder carry our flag around the world.<sup>2</sup>

International education is a significant contributor to the Auckland economy, accounting for

# \$2.2 billion<sup>3</sup>

per annum and funding over 15,000 jobs in our region.<sup>4</sup>
